Deleting

Use caution!

So you want to delete something? Relax...focus...breathe...happy face...and begin.

To delete a folder:

1. Navigate to the page or folder and select, click the More tab and select Delete from the drop down menu.
2. Carefully confirm what you are deleting and submit. If you made a mistake or have a change of heart within a few days there is hope...we can help you bring back deleted assets that are stored in Cascade.
