Recruitment and retention are key components in students' overall academic success. The mission of the Enrollment Management & Retention Division is to effectively recruit, enroll, and retain a diverse student body. We pride ourselves in providing exemplary student service to our prospective students, current students, and their families. Departments in the division include: Office of Undergraduate Admissions, Office of the Registrar, Office of Financial Aid and Scholarships, Office of First-Year and Transition Programs, and Office of Hispanic Outreach and Retention. Visit our website for information about an important retention initiative: Minority Male Matters, which includes the African American Male Mentorship Program (AAMMP) and the Latino American Mentorship Program (LAMP).
