The Serving Engaged Empowered & Diverse Students (S.E.E.D.S.) office is an inclusive space created intentionally for the students at A&M-Commerce. S.E.E.D.S. is a space where ALL students are valued and respected. S.E.E.D.S. strives to develop a spirit of inclusion and appreciation for diversity in a multifaceted campus community. We work collaboratively with various campus and community partners to provide support, resources, educational opportunities, and events that build inclusion focusing on diversity and inclusion. Programs and events include but are not limited to workshops and trainings, Courageous Conversations on current events, celebration of cultural and heritage months, and keynote speakers.
