Updated: 07/2014
Superintendent Certification Program
Admission Process

The process for admission to the superintendent certification program at Texas A&M University-Commerce should occur no later than July 1 for the cohort beginning in August of that year. The program begins in August with the first seminar for block of year-long superintendent adaptive core courses (EDAD 628 and EDAD 611), and three technical core courses. Students must be admitted into the certification program before taking the superintendent adaptive core block courses (EDAD 628 and EDAD 611). Students admitted after the fall semester may take technical core courses beginning in the spring, but must complete the superintendent block the following academic year. Students with mid-management/standard principal certification admitted into the doctoral program may take the three technical core certification program courses without admission into the superintendent’s program. See the graduate catalogue for further information.

Application Packet

The application packet must be completed and submitted by July 1. To be admitted to the Superintendent Certification Program, the applicant must make application and submit the following items to the Center for Educator Certification & Academic Services, Texas A&M University – Commerce, PO Box 3011, Commerce, TX 75429.

1. Signed Application Confirmation Page - Go to [www.tamuc.edu/teacher](http://www.tamuc.edu/teacher), click on “Programs,” “Professional Certification,” then “Superintendent” to make application. Once the application has been submitted the confirmation page can be printed.

2. One OFFICIAL copy of all graduate transcripts (if applicable); transcript must document a conferred Master’s degree (if applicable).

3. Copy of Texas teaching certificate.

4. Copy of Teacher Service record from district personnel office indicating two years of classroom teaching experience in a TEA accredited district.

5. Copy of master’s degree plan.

7. $50.00 non-refundable application fee (may be paid electronically when submitting application to the Center for Educator Certification & Academic Services Department, Texas A&M University – Commerce).

Note: This admission to the Superintendent Certification Program requires an application and fee to the Center for Educator Certification & Academic Services Department, which is different than the Graduate School application and fee. Incomplete packets are not accepted. Contact the Center for Educator Certification & Academic Services Department at [www.tamuc.edu/teacher](http://www.tamuc.edu/teacher) or (903)886-5182 if you have questions.
Screening

The initial screening of applicants will be completed utilizing the material submitted with the application packet to determine whether or not the applicant meets the department’s eligibility criteria for admission to the Superintendent Certification Program. Those selected from initial screening may be invited to interview with the Superintendent Certification Committee before acceptance.

Notification of Acceptance

Applicants will be notified of acceptance into the program in a timely manner. Those not accepted may appeal the decision to the Superintendent Certification Committee, which is composed of the Head of the Doctoral Program, the Certification Advisor, and a teaching professor in the program.

Students who plan to enroll in EDAD 628 and EDAD 611 should contact the Superintendent Certification Program Coordinator at 903/886-5520 to be permitted to register.

Program requirements

The superintendent certification program consists of 15 semester hours of credit including the superintendent block. The superintendent block is a year-long experience including an internship taken simultaneously with the course entitled “Superintendent.” These courses meet periodically for seminars during the two semesters. Internship field visits are conducted according to the Texas Administrative Code, Title 19, Part 7, Chapter 228, §Rule 228.35.

The entire program includes:
EDAD 628 School District CEO Leadership: The Superintendent, and
EDAD 611 School District CEO Leadership: The Internship
EDAD 620 School District Instructional Leadership: Human Resources
EDAD 627 School District Organizational Leadership: Finance
EDAD 651 School District Organizational Leadership: Facilities

Superintendent Certification Program Credit for Experience

Candidates seeking certification for the superintendent—may apply for credit based on experience in lieu of required coursework. A portfolio that shows evidence of depth and breadth of experience in the relevant professional knowledge must accompany applications. The portfolio will provide authentic documentation of the complex work of candidates within specific curricular areas and for which the candidate was responsible for primary leadership. A separate portfolio must be submitted for each course challenge. Applications for credit must be received no later than April 1 prior to the fall enrollment. Contact the department for more details on this process.
TExES Departmental Eligibility-Criteria
for the 195 Superintendent Certification

A student requesting permission to register for the Superintendent TExES must have completed all five courses and meet or exceed the following criteria:

1.  
   Certification Plan. Applicants must have an approved Superintendent’s Certification Plan on file with the Department of Educational Leadership and the University’s Educator Preparation Office.

2.  
   Time Limitations. All work required on the Superintendent’s Certification Plan must be completed within five calendar years after initial enrollment, including the TExES 195 Superintendent Test that must be taken within three years following the completion of the last course. Those exceeding time limitations must reapply for admission.

3.  
   Required GPA. The applicant must have a 3.25 GPA with no grade below a B in the required coursework.

4.  
   Credit Hours. Students must take at least 9 of the 15 hours of required coursework from Texas A&M University-Commerce. This allows up to 6 hours of credit-for-experience or 3 hours of transfer credit.

5.  
   Transfer Credit. No more than 3 semester hours of the credit, 6 years or less in age, required according to the Superintendent’s Certification Plan will be accepted as transfer credit from another regionally accredited graduate school. Applicants must have successfully completed EdAd 628 and EdAd 611 at Texas A&M University-Commerce. Transfer credit will not be accepted for either course.

EDAD 611 School District CEO Leadership: Internship

Course Description
The purpose of the School District CEO Internship is to bridge the gap between theory and practice and students’ academic and experiential learning. In the internship, students will engage in self-assessment of strengths, weaknesses, and areas of particular interest and will increasingly assume responsibility for their continuing professional development. This is accomplished as students plan for and complete a program of field experiences.
Prerequisites: Concurrent enrollment in EDAD 628

Course Goals and Objectives
This internship should provide opportunities to work with and learn from a school superintendent. Through field-based experiences, the student has the opportunity to strengthen his or her qualifications and gain experience. Through careful planning, the student should be able to accomplish the following:

1. Experience the realities of the superintendent by applying classroom knowledge to actual administrative situations.
2. Gain practical experience in applying leadership skills, techniques, and theory by working with a practicing superintendent.
3. Refine a philosophy of education as a result of the internship experience.
4. Gain additional experience and confidence in his or her professional abilities.
5. Provide authentic administrative assistance in the work setting.
6. Increase one’s visibility as a potential superintendent in the eyes of others who could be helpful in advancing the intern toward his or her career objectives.

Application Deadlines
The EDAD 611 Internship is a component of the superintendent certification. The course is a three-semester credit hour course spread over two semesters concurrent with the EDAD 628 course. The deadline for applying for the superintendent internship and the submission of the internship proposal is July 1.

Complete the Internship Application Form and attach the required documentation to complete the Internship Proposal.

Completing the Internship Proposal
The internship is one of the most important experiences you will have during the superintendent preparation program. The care with which you prepare the Internship Proposal is critical.
1. Identify a **sponsoring superintendent** and request his/her assistance. The sponsoring superintendent must be a sitting superintendent or a Central Administration officer who possesses the superintendent certification.

2. Complete a **Self-Assessment Profile** (Attachment I) based on the professional standards for the superintendent—and resume of your administrative experience. Consider the administrative leadership skills, knowledge, and professional experiences you will bring to the internship experience. As you engage in self-assessment, consider the administrative skills you possess and those areas in which you need additional experience. Document your experience and strengths in your **resume** and **portfolio of administrative leadership artifacts**. This exercise should provide you, your district superintendent sponsor, and the A&M-Commerce supervisor a good sense of what you bring to the internship. Now, as you consider your needs, identify activities and skills you need to develop. Consult with your district superintendent sponsor as you plan the internship proposal. You will also complete the self-assessment profile at the conclusion of the internship experience.

3. Complete a **proposal of project activities** associated with each of the six National Professional Standards based on the TExES competences for the Superintendent. Areas that the student does not have a high level of competency and experience in or are not currently included in his or her job description should be the focus of activities selected, rather than ones that have been previously experienced with a high level of competency or are currently in his or her job description.

4. Request approval for your plan from your superintendent sponsor and share the information on the **Role of the Superintendent Sponsor of the Internship**. Once you have completed the Self-Assessment Profile, your resume, portfolio, and internship proposal, submit and explain the proposal package to your district sponsoring superintendent. Secure his or her signature on the proposal.

5. Submit the proposal package to the **Superintendent Certification Program Coordinator, Department of Educational Leadership, Texas A&M University-Commerce, Commerce, Texas 75429 by July 1**.

6. The intern will be assigned to an **A&M-Commerce faculty supervisor**. After admission to the program has been given and registration is permitted the university supervisor will review the internship proposal and may make changes to the proposal. The A&M-Commerce supervisor may adapt requirements to align with the specific internship situation. Once all parties have agreed on the proposal, the intern will begin to implement the proposal. The proposal should be considered a fluid document that may change during the internship.

**Role of the Superintendent Sponsor of the Internship**

The role of the superintendent sponsor of the internship as a district supervisor and mentor to the intern is the critical factor in the success of the internship. The sponsor’s guidance and counsel is of the utmost importance in helping the intern’s activities to be fulfilling and appropriate.

The functions of the district supervisor include, but are not limited to:

1. Agree to act as supervisor/mentor to the intern.
2. Review the internship materials found in the Superintendent Internship Program booklet.
3. Conference with the intern concerning expectations, activities, areas of skills, and knowledge development found in the Superintendent Internship Program booklet.
4. Meet with the intern to discuss activities, tasks, and experiences, and review progress, discuss successes, and determine additional growth needs for the intern.
5. Approve the final log created by the intern.
6. Confer with the A&M-Commerce supervisor on the intern’s growth and achievements during the year-long internship.

**Required Internship Activities for EDAD 611:**

1. **Log.** Each intern must complete a log (Attachment 3) that documents a **minimum of 160** hours of activities for the internship (Texas Administrative Code, Title 19, Part 7, Chapter 228, §Rule 228.2). Interns shall **complete a log** periodically and submit it to the A&M-Commerce internship supervisor. Activities documented in logs shall be supported by artifacts (e.g. meeting agendas, notes, forms, e-mail, reports). Artifacts shall be shared with supervisors during visits or in a final portfolio or collection. The sponsoring superintendent must sign-off on the final log in order the intern to receive credit for the internship.

2. **Reflections.** Each intern shall maintain a reflective journal to reflect upon internship experiences and submit these reflections periodically to the university internship supervisor. Reflections should display the student’s ability to connect theory gained in university coursework with field experiences. The intern should examine what occurred during the two-week timeframe and decide what went well, what did not go well, and what might have been done differently to resolve the issues successfully (i.e. assess your actions and faculty and staff actions with parents, students, and colleagues).

3. **Professional Development.** Each intern shall attend one district staff development activity each semester. These staff development activities should be applicable to school district administration.

4. **Shadowing.** In addition to the sponsoring superintendent, each intern shall shadow a central office administrator in the same school district (depending on size) or another district.

5. **Interview.** Each intern shall complete interviews of at least three central office personnel with a written report of results. This report will be included in the internship portfolio.

6. **Portfolio.** Each intern shall collect artifacts (e.g. meeting agendas, notes, forms, e-mail, reports) that serve as evidence of several of the activities documented in the logs. These shall be presented to the university supervisor during visits and/or at the final submission date. The final submission of the portfolio will be electronically submitted as one continuous document.

7. **Required Standard-based activities.** (Attachment 4) Internship activities associated with each of the six National Standards for School District Leadership and TExES Superintendent Competencies nested within (at least one project associated with each standard) are a minimum requirement as part of the internship proposal and documented in logs.
SUPERINTENDENT INTERNSHIP APLICATION

Complete and return with the internship packet by July 1 to:
Superintendent Internship Program
Educational Leadership Department Texas
A&M University-Commerce Commerce, Texas 75429-3011

I plan to enroll in EDAD 628 and 611 for a total of six (6) hours credit

I have reviewed the expectations for the internship and understand the activities and time required for this experience. I agree to serve as the sponsoring superintendent for this intern for the school year.

Signature of Sponsoring Superintendent

- Attach a copy of your superintendent competencies evaluation form, internship proposal and resume as indicated in Internship Handbook.
- State the hours you, the intern, can be reached conveniently by telephone and be visited by the university supervisor.

Monday _____ Tuesday _____ Wednesday _____ Thursday _____ Friday _____
DUPLICATE AS NEEDED

Preliminary Self-Assessment
Final Self-Assessment

Use this form to complete the periodic assessment of your level of administrative competency in regard to the ten (10) Texas Certification Competencies. Share your initial assessment with your sponsoring superintendent and university supervisor as you plan for your internship in the Texas A&M University-Commerce Superintendent Preparation Internship. Prior to the completion of the internship, all students will be required to provide documentation regarding activities participated in prior to or during the internship as evidence of level of competency attained.

Measures of Competence:
1. Beginning status; inadequate competency
2. Limited experience; marginal competency
3. Satisfactory competency
4. Very competent
5. Outstanding competency

Competency 001: Model integrity, fairness, and act in an ethical manner in decision-making activities in promotion of success for all students.

Competency 002: Shape district culture by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the educational community.

Competency 003: Communicate and collaborate with families and community members, respond to diverse community interests and needs, and mobilize community resources to ensure educational success for all students.

Competency 004: Respond to and influence the larger political, social, economic, legal, and cultural context, including working with the board of trustees, to achieve the district’s educational vision.

Competency 005: Facilitate the planning and implementation of strategic plans that enhance teaching and learning; ensure alignment among curriculum, curriculum resources, and assessment; and promote the use of varied assessments to measure student performance.

Competency 006: Advocate, nurture, and sustain an instructional program and a district culture that are conducive to student learning and staff professional growth.

Competency 007: Implement a staff evaluation and development system to improve the performance of all staff members and select appropriate models for supervision and staff development.

Competency 008: Apply principles of effective leadership and management in relation to district budgeting, personnel, resource utilization, financial management, and technology use.
Competency 009: Apply principles of leadership and management to the district’s physical plant and support systems to ensure a safe and effective learning environment.

Competency 010: Apply organizational, decision-making, and problem-solving skills to facilitate positive change in varied contexts.
Attachment 2
Proposal Format

The internship proposal will consist of six projects aligned with each standard including associated competency, activities, timeline, and evaluation of the project activities. Internship logs must be submitted to your A&M-Commerce Internship Supervisor periodically throughout the internship experience.

The intern will delineate objectives and choose activities based on his or her self-assessment of competencies, assessment by the sponsoring superintendent, and collegial assessment with the university supervisor. The following is an example of what the proposal might look like:

<table>
<thead>
<tr>
<th>Competency</th>
<th>Activities</th>
<th>Timeline</th>
<th>Evaluation</th>
</tr>
</thead>
</table>
| Facilitating the development, articulation, implementation and stewardship of a vision of learning that is shared and supported by the educational community. | 1. Analyze the district improvement plan for vivid descriptors of the vision of learning.  
2. Communicate the vision to constituencies.  
3. Assess the accomplishment of district goals and objectives  
4. Facilitate planning processes for updating the district improvement plan. | September     | Vivid descriptors of vision          |
|                                                                            |                                                                                                      | October      | Statement of the vision             |
|                                                                            |                                                                                                      | November     | Analysis of                        |
|                                                                            |                                                                                                      | January      | AEIS Planning                      |
|                                                                            |                                                                                                      |              | agenda                             |
Attachment 3
Log Format

The log is a day-by-day listing of the experiences encountered in the internship. It is designed to document what the intern learned or experienced during this time period.

<table>
<thead>
<tr>
<th>Date</th>
<th>Hours</th>
<th>Running Total</th>
<th>Standards</th>
<th>Activity</th>
</tr>
</thead>
</table>

In the past many students have exceeded the clock hour requirement because they view the internship as a valuable learning experience and because they have an opportunity to complete an ongoing project. It is suggested that you begin the internship in late July or early August before the school year; however, the internship proposal must be completed and sent to the A&M-Commerce Internship Coordinator prior to beginning any internship activity.
Attachment 4
Leadership Standards and Competencies

Ethical Leadership Standard:
Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by acting with integrity, fairly, and in an ethical manner.

**Competency 001:** Model integrity, fairness, and act in an ethical manner in decision-making activities in promotion of success for all students in a way that:
- Serves as an advocate for all children
- Promotes the highest standard of conduct, ethical principles, and integrity in decision making, actions, and behaviors
- Implements policies and procedures that promote district personnel compliance with *The Code of Ethics and Standard Practices for Texas Educators*
- Applies knowledge of ethical issues affecting education
- Applies laws, policies, and procedures in a fair and reasonable manner
- Interacts with district staff and students in a professional manner

Visionary Leadership Standard:
Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by facilitating the development, articulation, implementation, and stewardship of a district vision of learning supported by the educational community.

**Competency 002:** Shape district culture by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the educational community in a way that:
- Establishes and supports a district culture that promotes learning, high expectations, and academic rigor for self, students, and staff
- Facilitates the development and implementation of a shared vision that focuses on teaching and learning and ensures the success of all students
- Implements strategies for involving all stakeholders in planning processes and for facilitating planning between constituencies
- Uses formal and informal techniques to monitor and assess district/school climate for effective, responsive decision making
- Institutes procedures for monitoring the accomplishment of district goals and objectives to achieve the district’s vision
- Facilitates the development, use and allocation of all available resources, including human resources, to support implementation of the district’s vision and goals
- Recognizes and celebrates contributions of staff and community toward realization of the district’s vision
- Maintains awareness of emerging issues and trends affecting public education and communicates their significance to the local educational community
- Encourages and models innovative thinking and risk taking and vies problems as learning opportunities
- Promotes multicultural awareness, gender sensitivity, and the appreciation of diversity in the educational community
Collaborative Leadership Standard

Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by collaborating with families and other community members, responding to diverse community interests and needs, and mobilizing community resources.

Competency 003: Communicate and collaborate with families and community members, respond to diverse community interests and needs, and mobilize community resources to ensure educational success for all students in a way that:

- Serves as an articulate spokesperson for the importance of public education in a free democratic society
- Develops and implements an effective and comprehensive internal and external district communications plan and public relations program
- Analyzes community and district structures and identifies major opinion leaders and their relationships to district goals and programs
- Establishes partnerships with families, area businesses, institutions of higher education, and community groups to strengthen programs and support district goals
- Implements effective strategies for systematically communicating with and gathering input from all stakeholders in the district
- Communicates and works effectively with diverse social, cultural, ethnic, and racial groups in the district and community so that all students receive appropriate resources and instructional support to ensure educational success
- Develops and uses formal and informal techniques to gain an accurate view of the perceptions of district staff, families, and community members
- Uses effective consensus-building and conflict-management skills
- Articulates the district’s vision and priorities to the community and to the media
- Influences the media by using proactive communication strategies that serve to enhance and promote the district’s vision
- Communicates effectively about positions on educational issues
- Uses effective and forceful writing, speaking, and active listening skills

Political Leadership Standard:

Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context.

Competency 004: Respond to and influence the larger political, social, economic, legal, and cultural context, including working with the board of trustees, to achieve the district’s educational vision in a way that:

- Analyzes and responds to political, social, economic, and cultural factors affecting students and education
- Provides leadership in defining superintendent-board roles and establishing mutual expectations
- Communicates and works effectively with board members in varied contexts, including problem-solving and decision-making contexts
- Works with the board of trustees to define mutual expectations, policies, and standards
- Accesses and works with local, state, and national political systems and organizations to elicit input on critical educational issues
- Uses legal guidelines to protect the rights of students and staff and to improve learning opportunities
- Prepares and recommends district policies to improve student learning and
district performance in compliance with state and federal requirements

**Instructional Leadership Standard:**

Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by promoting a positive school culture, providing an effective instructional program, applying best practice to student learning, and designing comprehensive professional growth plans for staff.

**Competency 005:** Facilitate the planning and implementation of strategic plans that enhance teaching and learning; ensure alignment among curriculum, curriculum resources, and assessment; and promote the use of varied assessments to measure student performance in a way that:

- Facilitates effective curricular decision making based on an understanding of pedagogy, curriculum design, cognitive development, learning processes, and child and adolescent growth and development
- Implements planning procedures to develop curricula that achieve optimal student learning and that anticipate and respond to occupational and economic trends
- Implements core curriculum design and delivery systems to ensure instructional quality and continuity across the district
- Develops and implements collaborative processes for systematically assessing and renewing the curriculum to meet the needs of all students and ensure appropriate scope, sequence, content, and alignment
- Uses assessment to measure student learning and diagnose student needs to ensure educational accountability
- Evaluates district curricula and provide direction for improving curricula based on sound, research-based practices
- Integrates the use of technology, telecommunications, and information systems into the school district curriculum to enhance learning for all students
- Facilitates the use of creative thinking, and problem solving by staff and other school district stakeholders involved in curriculum design and delivery
- Facilitates the effective coordination of district and campus curricular and extracurricular programs

**Competency 006:** Advocate, nurture, and sustain an instructional program and a district culture that are conducive to student learning and staff professional growth in a way that:

- Applies knowledge of motivational theories to create conditions that encourage staff, students, families/caregivers, and the community to strive to achieve the district’s vision
- Facilitates the implementation of sound, research-based theories and techniques of classroom management, student discipline, and school safety to ensure a school district environment conducive to learning
- Facilitates the development of a learning organization that encourages educational excellence, supports instructional improvement, and incorporates best practice
- Facilitates the ongoing study of current best practice and relevant research and encourages the application of this knowledge to district/school improvement initiatives
- Plans and manages student services and activity programs to address developmental, scholastic, social, emotional, cultural, physical, and leadership needs
- Establishes a comprehensive school district program of student assessment,
interpretation of data, and reporting of state and national data results

- Applies knowledge of special programs to ensure that students with special needs are provided with appropriate resources and effective, flexible instructional programs and services
- Analyzes instructional resource needs and deploys instructional resources effectively and equitably to enhance student learning
- Analyzes the implications of various organizational factors (e.g., staffing patterns, class scheduling formats, school organizational structures, student discipline practices) for teaching and learning
- Develops, implements and evaluates change processes to improve student and adult learning and the climate for learning
- Ensures responsiveness to diverse sociological, linguistic, cultural, psychological, and other factors that may affect student development and learning and create an environment in which all students can learn

**Competency 007:** Implement a staff evaluation and development system to improve the performance of all staff members and select appropriate models for supervision and staff development in a way that:

- Enhances teaching and learning by participating in quality professional development activities and studying current professional literature and research
- Develops, implements, and evaluates a comprehensive professional development plan to address identified areas of district, campus, and/or staff need
- Facilitates the application of adult learning principles to all professional development activities, including the use of support and follow-up strategies to facilitate implementation
- Implements strategies to enhance professional capabilities at the district and campus level
- Works collaboratively with other district personnel to plan, implement, and evaluate professional growth programs
- Delivers effective presentations and facilitates learning for both small and large groups
- Implements effective strategies for the recruitment, selection, induction, development, evaluation, and promotion of staff
- Develops and implements comprehensive staff evaluation models that include both formative and summative assessment and appraisal strategies
- Diagnoses organizational health and morale and implements strategies and programs to provide ongoing assistance and support to personnel

**Organizational Leadership Standard:**

Candidates who complete the program are educational leaders who have the knowledge and ability to promote the success of all students by managing the organization, operations, and resources in a way that promotes a safe, efficient, and effective learning environment.

**Competency 008:** Apply principles of effective leadership and management in relation to district budgeting, personnel, resource utilization, financial management, and technology use in a way that:

- Applies procedures for effective budget planning and management
- Works collaboratively with stakeholders to develop district budgets
- Facilitates effective account auditing and monitoring
- Establishes district procedures for accurate and effective purchasing and financial record keeping and reporting
- Acquires, allocates, and manages resources according to district vision and priorities, and obtaining and using funding from various sources
• Uses district and staff evaluation data for personnel policy development and decision making
• Applies knowledge of certification requirements and standards
• Applies knowledge of legal requirements associated with personnel management, including requirements relating to recruiting, screening, selecting, evaluating, disciplining, reassigning, and dismissing personnel
• Manages one’s own time and the time of others to maximize attainment of district goals
• Develops and implements plans for using technology and information systems to enhance school district operations
• Applies pertinent legal concepts, regulations, and codes

**Competency 009:** Apply principles of leadership and management to the district’s physical plant and support systems to ensure a safe and effective learning environment in a way that:
• Applies procedures for planning, funding, renovating, and/or constructing school facilities
• Implements strategies that enable the district’s physical plant, equipment, and support systems to operate safely, efficiently, and effectively
• Applies strategies for ensuring the safety of students and personnel and for addressing emergencies and security concerns
• Develops and implements procedures for crisis planning and for responding to crises
• Applies procedures for ensuring the effective operation and maintenance of district facilities
• Implements appropriate, effective procedures in relation to district transportation services, food services, health services, and other services
• Applies pertinent legal concepts, regulations, and codes

**Competency 010:** Apply organizational, decision-making, and problem solving skills to facilitate positive change in varied contexts in a way that:
• Implements appropriate management techniques and group process skills to define roles, assign functions, delegate effectively, and determine accountability for goal attainment
• Implements processes for gathering, analyzing, and using data for informed decision making
• Frames, analyzes and resolves problems using appropriate problem-solving techniques and decision-making skills
