EDAD 611 School District CEO
Leadership: Internship

Course Description

The purpose of the School District CEO Internship is to bridge the gap between theory and practice and students’ academic and experiential learning. In the internship, students will engage in self-assessment of strengths, weaknesses, and areas of particular interest and will increasingly assume responsibility for their continuing professional development. This is accomplished as students plan for and complete a program of field experiences.

Prerequisites:
EDAD 620 School District Instructional Leadership: Human Resources
EDAD 627 School District Organizational Leadership: Finance
EDAD 651 School District Organizational Leadership: Facilities
Concurrent enrollment in EDAD 628

Course Goals and Objectives

The superintendent internship should provide opportunities to work with and learn from a school superintendent. Through field-based experiences, the student has the opportunity to strengthen his or her qualifications and gain experience. Through careful planning, the student should be able to accomplish the following:

1. Experience the realities of the superintendent by applying classroom knowledge to actual administrative situations.
2. Gain practical experience in applying leadership skills, techniques, and theory by working with a practicing superintendent.
3. Refine a philosophy of education as a result of the internship experience.
4. Gain additional experience and confidence in his or her professional abilities.
5. Provide authentic administrative assistance in the work setting.
6. Increase one’s visibility as a potential superintendent in the eyes of others who could be helpful in advancing the intern toward his or her career objectives.

Admission Deadlines

The EDAD 611 Internship is a component of the superintendent certification. The course is a three-semester credit hour course spread over two semesters concurrent with the EDAD 628 course. Complete the Internship Information Form and attach the required documentation to complete the Internship Proposal. The deadline for seeking admission to the internship is July 1. (see Attachments 1 and 11)

Completing the Internship Proposal

The internship is one of the most important experiences you will have during the superintendent certification preparation program. The care with which you prepare the
Internship Proposal is critical.

1. Read, understand, and sign the Ethic, FERPA and Handbook documents and complete the signature page. (See Attachments 8, 9, and 10)

2. Identify a site superintendent and request his/her assistance. (See Attachment 1)

3. Complete a Self-Assessment Profile (Attachment 2) based on the professional standards for the superintendent and resume of your administrative experience. Consider the administrative leadership skills, knowledge, and professional experiences you will bring to the internship experience. As you engage in self-assessment, consider the administrative skills you possess and those areas in which you need additional experience.

   Document your experience and strengths in your resume and portfolio of administrative leadership artifacts. This exercise should provide you, your district site supervisor, and the A&M-Commerce field supervisor a good sense of what you bring to the internship. Now, as you consider your needs, identify activities and skills you need to develop. Consult with your district superintendent sponsor as you plan the internship proposal. You will also complete the self-assessment profile at the conclusion of the internship experience.

4. Complete a proposal of project activities associated with each of the eight superintendent standards based on the TExES competences for the Superintendent. Areas that the student does not have a high level of competency and experience in or are not currently included in his or her job description should be the focus of activities selected, rather than ones that have been previously experienced with a high level of competency or are currently in his or her job description. (See Attachment 4)

5. Request approval for your plan from your superintendent sponsor and share the information on the Role of the Superintendent Sponsor of the Internship. Once you have completed the Self-Assessment Profile, your resume, portfolio, and internship proposal, submit and explain the proposal package to your district sponsoring superintendent. Secure his or her signature on the proposal.

6. Submit the proposal package to Educational Leadership Department, Texas A&M University-Commerce, Commerce, Texas 75429 by July 1. (see Attachment 11)

7. Upon approval to the program, the intern will be assigned to a Texas A&M-Commerce faculty supervisor. After admission to the program has been given and registration is permitted the university supervisor will review the internship proposal and may make changes to the proposal. The Texas A&M - Commerce supervisor may adapt requirements to align with the specific internship situation. Once all parties have agreed on the proposal, the intern will begin to implement the proposal. The proposal should be considered a fluid document that may change during the internship.

Role of the Site Supervisor of the Internship
The role of the site supervisor of the internship is the critical factor in the success of the
internship. The supervisor’s guidance and counsel is of the utmost importance in helping the intern’s activities to be fulfilling and appropriate.

The functions of the site supervisor include, but are not limited to:

1. Agree to act as site supervisor to the intern.
2. Review the internship materials found in the Superintendent Internship Program Handbook.
3. Conference with the intern concerning expectations, activities, areas of skills, and knowledge development found in the Superintendent Internship Program booklet.
4. Meet with the intern to discuss activities, tasks, and experiences, and review progress, discuss successes, and determine additional growth needs for the intern.
5. Approve the final log created by the intern.
6. The site supervisor and the Texas A&M-Commerce filed supervisor will confer on the intern’s growth and achievements during the year-long internship.

Required Internship Activities for EDAD 611:

1. **Log.** Each intern must complete a log (Attachment 3) that documents a **minimum of 160** hours of activities for the internship (Texas Administrative Code, Title 19, Part 7, Chapter 228, §Rule 228.2). Interns shall **complete a log** and submit it periodically to the Texas A&M - Commerce internship supervisor. Activities documented in logs shall be supported by artifacts (e.g. meeting agendas, notes, forms, e-mail, reports). Artifacts shall be shared with supervisors during visits or in a final portfolio or collection.

2. **Reflections.** Each intern shall maintain a reflective journal to reflect upon internship experiences and submit these reflections periodically to the university internship supervisor. Reflections should display the student’s ability to connect theory gained in university coursework with field experiences. Each intern will connect internship experiences to the superintendent domains and competencies. The intern should examine what occurred during the designated timeframe and decide what went well, what did not go well, and what might have been done differently to resolve the issues successfully (i.e. assess your actions and faculty and staff actions with parents, students, and colleagues).

3. **Professional Development.** Each intern shall attend one district staff development activity each semester. These staff development activities should be applicable to school district administration.

4. **Shadowing.** Each intern shall shadow a central office administrator, other than the sponsoring superintendent, in the same (depending on district size) or another district in addition to the sponsoring superintendent.

5. **Interview.** Each intern shall complete interviews of at least three central office personnel with a written report of results to be included in the internship portfolio.

6. **Portfolio.** Each intern shall collect artifacts (e.g. meeting agendas, notes, forms, e-mail, reports) that serve as evidence of several of the activities documented in the logs. These shall be presented to the university supervisor during visits and/or at the final submission date.
7. **Required Standard-based activities.** (see Attachments 4, 6, and 7) Internship activities associated with each of the eight Superintendent and TExES Superintendent Competencies nested within (at least one project associated with each standard) are a minimum requirement as part of the internship proposal and are documented in logs.
