Alternative Certification Program

Mentor Handbook

2012-2013
September 1, 2012

Dear Mentor,

Thank you for serving as a mentor for a Texas A&M University-Commerce Alternative Certification Intern. A mentor is a “trusted advisor who guides the professional development of another teacher.” Your primary task is to serve as a facilitator of learning for the intern. The tendency of the intern will be to focus all of his/her attention on surviving the day-to-day demands of the classroom; however, the internship is designed to serve as a learning experience and a means of furthering the professional development of the intern. Also, a year of supervised internship with a trained mentor is a State Board of Educator Certification requirement of the intern’s certification.

This handbook is designed to help you understand our requirements of you during this internship. It is very important that you register with the online mentor program (Performance-based Academic Coaching Team) website so that you can access the required training and necessary forms.

Please feel free to call or email anytime you have questions or concerns. Thanks again for your help and cooperation in working with these first year teachers.

Sincerely,

Erin Swinson

Once you have completed the content and taken the quiz, it unlocks the activities to be done and the next module. When you click on any of the modules you will see a link at the bottom that says "Go to Detail Page." When you click on that, you will be taken to a page that has activities for each module on the left under "Activities."
