FALL 2016 TAMUC ELEMENTARY MUSIC WORKSHOP

Teaching Children to Sing

SATURDAY, SEPTEMBER 17, 9 AM - NOON
Texas A&M University-Commerce Music Building

Join us for a morning of singing and learning with Linda Harley! Topics will include:

• Sound: what do we want and how do we teach the children to produce it? Learn ways to guide children as they learn to develop pure, clear, easy, ringing tones through healthy vocal production.

• Selecting literature that is age appropriate and artistically sound is key to a successful upper elementary choral program! Learn what to look for when selecting repertoire.

• The lesson plan is in the music. Each piece is different – every lesson plan is different. Learn what to look for when figuring out how to teach a new song.

• Learning to sing in parts is developmental. Choosing techniques that are sequential will help your young singers succeed as they step into part-singing.

Linda Harley served as the Associate Conductor of the internationally acclaimed Children’s Chorus of Greater Dallas, an organization Currently, Mrs. Harley leads Carol Choir, the upper elementary children’s choir at Park Cities Baptist Church in Dallas. The choir recently performed at the 2014 Baptist Church Music Conference. Mrs. Harley taught public elementary music and middle school choral music. She owned a private piano studio in both the Houston and Dallas areas. She has been a contributing writer for the Macmillan/MacGraw - Hill Music Program and has prepared children to sing and record for various published music textbook series. Mrs. Harley leads clinics and festivals, and adjudicates choral and vocal competitions. Mrs. Harley earned both the Bachelor and Master of Music Education degrees from the University of Texas. She has also completed work in the doctoral music program at The University of North Texas. She is affiliated with Texas Music Educators Association, Texas Choral Directors Association, American Choral Directors Association and Choristers Guild.
