2016 REU Program
Research Experience in Physics and Astronomy for Community College Students

June 6 - August 12, 2016
APPLICATION DEADLINE: March 15

Participants must be U.S. citizens or permanent residents.

Nine community college students will be selected to participate in this National Science Foundation-sponsored 10-week REU program from June 6 through August 12, 2016. Female and minority students are strongly encouraged to apply.

Participants will:

Collaborate on a research project with faculty mentors, graduate students and other REU students

Develop in-demand communication skills by giving research presentations and writing scientific papers

Receive a $5,000 stipend, free housing on campus and travel support to and from Commerce, Texas

Participate in field trips to Texas businesses, research institutions and the McDonald Observatory in west Texas

Remotely access state-of-the-art telescopes, including the SARA (Southeastern Association for Research in Astronomy) 0.9-m telescope located at Kitt Peak National Observatory outside Tucson, Arizona, the SARA 0.6-m telescope located in Chile and several smaller telescopes at the Texas A&M University-Commerce observatory

Research Opportunities

- Astronomy and Astrophysics
- Nuclear Astrophysics
- Nuclear Theory
- Materials Science and Surface Physics
- Physics Education Research
- Computational Physics
- Mathematical Physics

To Apply

Arrange for the following items to be sent directly by email or regular mail to Dr. Bao-An Li or apply online.

1. the application form on the next page

2. transcripts from your community college

3. two letters of recommendation

4. an essay of 3-5 pages describing yourself, your research interest and career goals

Mail To:
