TEXT: PRECALCULUS, Sixth Edition
AUTHORS: Stewart, Redlin, and Watson

INSTRUCTOR: Mr. Heath, Binnion 311, Phone 886-5946 or 886-5157 (Sec.)
email: john.heath@tamuc.edu
Material to be covered will be Sections 1.7, 1.8, 1.10, 6.1-6.6, 7.1-7.3, 5.3, 5.4, 7.4-7.5, 8.3 and 11.1-11.5.

Three tests will occur; the first on Tuesday of the second week, the second on Thursday of the third week, and the Final will be Thursday of the fifth week, (August 9).

GRADING: A= 90-100  C= 70-79
B= 80-89  D= 60-69  F= Below 60

GENERAL COMMENTS: After all grades are recorded, there is a chance that the grading scale will be lowered a few points to take into account testing errors. The three tests you take will comprise 90% of your grade and the homework 10%. For example, Sam gets 75, 88, and 74 on his three tests, and his homework average is 92%. His final course grade would be...[79(test average) x 90%] + [92 x 10%] = 71.1 + 9.2 = 80.3, a course grade of B.
You can expect the tests to contain problems similar to those assigned as homework or discussed in class.

You may drop the course anytime on or before July 26 and receive a Q, provided you have been attending class 75% of the time, handed in 75% of the homework, and taken all tests up to that time. The last day to withdraw is August 2.

My office hours will be 3:30-5:30 MTWR. I hope you will make use of these to confer with me should you encounter problems or difficulties.

It is expected that you will be regular and punctual in your attendance. Roll will be taken in every class.

STUDENT LEARNING OUTCOMES:
Students will understand the basic algebraic concepts of inequalities, conics, and formulas for lines. They will comprehend and use the six trigonometric functions to include identities, graphing, problem solving, radians, Law of Sines, Law of Cosines, and DeMoivre’s Theorem.

The Math Lab is usually available during class days.
It is staffed by personnel who are qualified to help students with precalculus. I will give you some specific hours on this lab as soon as I can. It is located in Binnion 328.
Requests for students with disabilities for reasonable accommodations must go through the Academic Support Committee. For more information, please contact the office of Director of Disability Resources & Services, Halladay Student Services Bldg., Room 303D, (903) 886-5835.

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.” (See Student’s Guide Handbook, Policies and Procedures, Conduct)
HOPE YOU ENJOY THE COURSE!
