ACADEMIC HONESTY POLICY:

Academic honesty is the foundation of the university community. Cheating, plagiarism, or other acts of academic dishonesty compromise the integrity of the academic process and community and are subject to disciplinary action. For this class, plagiarism will result in automatic failure (final course grade of F).

An academic honesty policy has been posted under the —Doc Sharing tab. You should read this document, initial it, and submit it to me via its corresponding —Dropbox.

SYLLABUS SUBJECT TO CHANGE STATEMENT:

I anticipate that we will follow the schedule I've outlined in this syllabus, but I may make adjustments based on what actually happens in class. I may also change the basis for the course grade (if I need to eliminate an assignment or something of that nature). If I do so, I will so inform you in writing. Remaining in the course after reading this syllabus will signal that you accept the possibility of changes and responsibility for being aware of them.

COURSE DESCRIPTION & COURSE OBJECTIVES:

COURSE FORMAT:

This course is scheduled as a Web Based format. You will find the majority of the information and materials that you will need to complete the course in this syllabus and on the eCollege course management website. Be sure to log onto eCollege and check your university e-mail regularly to see what work you are required to do. PowerPoint slides will be available for each of the Perreault book chapters, under the —Doc Sharing tab. We will also utilize the —Discussion Board feature of eCollege. You will be expected to post discussion comments based on your readings for each of the discussion question. You are encouraged to respond to your classmates’ comments. This is your only way to earn participation points in this course. I will also facilitate an introductory chat sessions at the beginning of the course in order to answer any questions or concerns about the course. Case assignments will also be posted on eCollege, under the Doc Sharing tab. You should submit your work in a format that is compatible with **Microsoft Office 2003/2007** and post it in the appropriate —Dropboxes when they are due. The final exam will open at the end of the semester and can be found under the Week 5 tab.

COURSE POLICIES AND PROCEDURES:

Students are required to meet the expectations listed below.

- **Professional Behavior:** It is important that you maintain a professional demeanor at all times, including during “electronic communication”. Texas A&M-Commerce expects this from you, as do future employers. Since so much communication in the workplace is “electronic” nowadays, this course will be a good place to practice interacting in a manner appropriate to a professional setting. In particular, take special care when posting and responding to discussion board questions.
- **Regular and Timely Attendance:** You are expected to log onto ecollege regularly.

Assignments:

1. Submitted assignments must be correctly formatted and free of grammatical and stylistic errors. Students in MKT 521 should have at least some skill with software for word processing, spreadsheets, databases, graphics, and presentations, and with web browsers and search engines. Spelling and grammatical errors will detract from your grade!

2. Assignments must be submitted on time. (First day of the week listed on the course schedule at 8:00 a.m.) unless it is states in the schedule.

Assignments are due at the **date** and **time** listed. All work and assignments for the entire course will be available on the first day of class. While the syllabus designates specific dates for which work is assigned, you do not have to wait until the —assigned date to start working on it. Start working on each assignment as soon as you possibly can and make sure that you have the case assignments and marketing plan submitted by the specified due dates. I have outlined a —suggested schedule that I think would help you maintain a good pace. However, you **MUST** turn in all assignments including the discussion board **ON TIME**. You will have until **8:00 AM CST** to submit the work that is listed in the far right, —Work Due

column of the course schedule provided at the end of this syllabus. I will accept late assignments. However, there will be a significant penalty. For each day that your assignment is late, I will deduct **10 POINTS** from your grade. If you do not meet the 8:00 AM deadline (even by one or two minutes). I will deduct 10 points. If you do not turn the assignment in by 8:00 AM CST the next day, I will deduct an additional 10 points, and so on. Saturdays and Sundays count towards the total days late.

3. Assignments must be complete. You must complete and submit all components at the specified due date and time to receive credit for the assignment. Please don't turn in work that is only "half-finished".

4. Please submit assignments in a format that is compatible with Microsoft Office 2003 or 2007.

- **Back-ups are required:** You are required to back up all your assignments on a disk that can be submitted to me upon my request. If work is lost due to insufficient back-up, you will not have the opportunity to recreate and submit at a later time.
- **Communication:** Please use the following modes of communication: 1) e-mail, 2) Virtual Office. You may contact me at any time about anything regarding the course, i.e. syllabus, power points, exam, marketing plan, etc. Please use e-mail as your first option for the exchange of personal information, i.e. questions and information that pertain to your individual progress and performance in the course otherwise use virtual office. The subject of your e-mail should be 'Marketing 521.' Students must routinely check e-mail sent to his or her Texas A&M-Commerce account. This is my primary mechanism for communicating to the class. I check my e-mail several times a day, so this is the best way to reach me.

Use Virtual Office for anything that the entire class may benefit from.

- **APA format:** All the assignment should be turned in APA 6th Edition format. For details review "Research Tutorial" on the course home page.

- **Make-up Exam Will Only Be Given If You Obtain University Approved Documentation for Your Excuse.**

Changes to Schedule: While I plan to stick to the class schedule, there might be occasions to modify the schedule. In these cases, all changes will be announced via eCollege and e-mail. It is your responsibility to become aware of any such changes.

The assignment of letter grades will follow TAMU-C policy unless a "curving" of grades is deemed necessary.

Withdrawal - Must be initiated by the student administratively.

ASSIGNMENT DESCRIPTION:

CASES:

Throughout the semester, you will be required to analyze four cases from the Perreault, Cannon & McCarthy (18e) book. Each case is worth 50 points. Specific instructions for each case will be posted on ecollege, under the "Case Assignment" tab in the week the case is scheduled to be assigned. You will prepare written analyses based on application of marketing concepts. Instructions are also provided in ecollege under doc sharing. The analyses should be submitted in dropbox in a document that is compatible with **Microsoft Word (2003/2007/2010)**.

MARKETING PLAN:

This is a group project. So, Instructor would form groups of 5-6 students.(Depends on the class size). All of you would be a part of group working on Marketing Plan assignment. Each group will develop a marketing plan for some existing or planned profit oriented or non-profit business. The list is available under doc sharing. The **marketing plan** should cover all aspects of marketing as it relates to the business, i.e. products, services, packaging, brand name, target market, promotion, price, channels, etc., and, of course, the marketing mix for the product line(s) of the business. The project should be 15-20 pages in length including title page, table of contents, references, nor appendices. The proper format will be provided. I would also provide few examples of the actual marketing plans as a reference. Look for detailed instructions under 'doc sharing' tab. Since this assignment is a group assignment and all of you're a scattered geographically, for the ease of communication I would form discussion board for each group on the course home page to communicate with group members virtually and post your work there. I would not be reviewing this discussion board regularly but once in a while I would review the discussion forum so as to give my input if it's required by the group. This would be an informal discussion especially between the group members to discuss their work. It's a virtual platform to communicate with your group members. It's not a part of your gradebook. This is just a medium to facilitate communication between group members. Also, I would schedule 30 minutes chat session with each group to review the group's progress on marketing plan (If it is required).

CORE COMPETENCY EXAM:

There would be one multiple choice exam which would test your CORE COMPETENCY you learnt during the semester. It is worth 100 points. The exam would be available to you in the final week of the semester (due by 8:00 AM, **08/07/2012**). This exam would test your basic knowledge of concepts of marketing learned during the semester. The questions may come from the texts or/and PowerPoint slides. The exam questions will be posted on ecollege, under the "Exam" tab in the week 8 when the exam is scheduled. The exam would involve 20 questions and timed at 25 minutes i.e., why I call it is competency exam.

DISCUSSION BOARD:

There are 2 discussions which would be based on current marketing concepts from movies. I would post movie clips from 2 movies and there would be 3-4 questions based on the concepts of marketing to facilitate the discussions between students. Students are able to effectively communicate their ideas and opinions in discussion board. I would be very engaged in your course. Therefore, students are expected to be as engaged as well. Postings may be a few sentences or a couple of paragraphs in length. The key to a quality post is that it provides clear analysis and insight into the topic or insight into the topic or questions. The discussion board is worth 10% of overall grade. Each student is required to make thoughtful posts as well as replies to other students' posts for the assigned chapter(s). The discussion board will count for the class participation component of your grade. If you were attending class, you would be expected to contribute to each week's class session, so you should treat the bulletin board as you would treat class participation. As a general guideline, your grade on this portion will be a function of the quality, quantity and consistency of your posts and replies on the bulletin board throughout the semester. Please also note that heavy activity during the last few days cannot compensate for a lack of participation during the term. Plan to participate throughout the semester.

CLASS ATTENDANCE&PARTICIPATION:

Attendance and participation is critical to successful course completion. I suggest that you log onto the ecollege. Any student who will not be able to log into the class web site for more than four days (i.e. family or business emergency, etc.) should contact me in advance to avoid an inadvertent drop from the course. It is not required that you participate in the chats, but it is a great opportunity to communicate with me and your fellow students, to ask questions and gain clarification on topics. Use the “Live” portion of the ecollege site to participate. Please note that you need to click the “Class Live” button to gain entry into the Class Live Pro session. In order to access the class live pro session students need to install “JAVA” on their computers otherwise wouldn’t be able to get access to “LIVE” session with me. Time and date for the chat session would be scheduled based on each group’s requirements. Please review the course schedule for the first chat session. Subsequent class live pro sessions would be scheduled based on class requirement.

❖ **IF YOU EVER FEEL AS IF YOU NEED TO MEET WITH ME OR SPEAK OVER THE PHONE IN ORDER TO CLARIFY ASSIGNMENTS, DISCUSS CONCERNS ABOUT THE CLASS, DISCUSS TOPICS FROM THE CLASS, ETC., E-MAIL ME IN ORDER TO SET UP AN APPOINTMENT.**

ADDITIONAL READINGS:

I strongly encourage students to read Wall Street Journal’s Market Place and Business Week to substantiate the case analysis by citing examples from these sources. It would not only help to provide better case analysis but at the same time it would help students to be current in terms of different and current market strategies used by the corporations.
