COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

Attendance and Participation:
I cannot make you come to class. However, the class has been structured in such a way that frequent quizzes are given, nearly every class meeting. Only the two lowest scores on these quizzes are dropped; missed quizzes cannot be made up. Arriving late to class means that you have missed the quiz.
I enjoy teaching and I love the material we are covering. As such, class meetings are fairly informal discussions of fascinating works of art/artists/time periods. I respect and welcome input from everyone in the class as it adds to the quality of class and usually results in a tangent or bit of information I may not have normally made time to present.
I come to class fully prepared; I show up early; I respect thoughtful input. In return, I expect you to show up fully prepared, on time, and respectful of me and your fellow students.

A = Always prepared, frequently participates, rarely absent
B = Always prepared, participates only when called on, rarely absent
C = Usually prepared, rarely speaks, rarely absent
D = Often unprepared, several absences
F = Usually unprepared, frequent absences

The professor reserves the right to give unannounced pop quizzes or homework assignments. These cannot be made up and will count as part of the participation grade.

Assignments:
Quizzes: A five to ten point short quiz will be given at least weekly, at the start of class. The quiz will cover assigned readings and the previous lecture. The lowest two quiz scores over the course of the semester will be dropped in the calculation of your final grade.

Short Writing Assignments: Two short written assignments will be given during the semester. These written assignments will be worth 50 points respectively. I do grade for spelling, grammar, and proper citations.

Grading

Grades will be determined according to the following breakdown:
Quizzes: approx. 250 points
Short Written Assignments: 100 points

The grading scale used for this course is as follows:
315 - 350 = A
280 - 314 = B
245 - 279 = C
210 - 244 = D
209 or less = F

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Classroom Behavior
All students are expected to observe basic tenets of common decency and acceptable behavior conducive to a positive leaning environment (See Student's Guide Handbook, Policies and Procedures, Conduct). During class time, I expect your undivided attention. This means turning off all electronic devices for the duration of the class period (exceptions will be allowed for emergencies with advance permission of the professor). Please come to class on time and plan to stay for the entire period. Coming late and/or disrupting the learning environment shows disrespect for us, your colleagues, and the educational endeavor in which you are engaged.

Academic Honesty
It is the policy of the University and me personally that no form of plagiarism, cheating, collusion, or any other form of academic dishonesty will be tolerated. Plagiarism is defined as taking the words or ideas of someone else and passing them off as your own. Cheating is obtaining unauthorized assistance on any assignment. Collusion is the selling or buying of academic products with the intention that they be submitted to satisfy an academic requirement. Any student found guilty of academic dishonesty will automatically fail the assignment in question, will likely fail the entire course, and will be subject to disciplinary action by the University (See Texas A&M University-Commerce Code of Student Conduct 5.b[1,2,3]).

Writing Center
Students are encouraged to take advantage of the resources of the Writing Center for assistance with drafting their papers. The Writing Center is a resource for you. They will not write your paper; they will help you improve your writing skills. If you use the Writing Center, please plan ahead. They can only help you if you see them in advance and have time to incorporate their suggestions into the final paper. More information can be found at http://www.tamu-commerce.edu/litlang/CSC/.

Students with Disabilities
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this
legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

First Written Assignment, Due Friday, October 19th
Travel Brochure
Please choose one of the following sites covered in class and create a travel brochure. Your brochure should include information on travel to and from the site, opening hours, cost and other art history sites, museums, digs to visit in the area. This last part is very important – you
should be researching other works of art and architecture in the area and creating an outline of places to visit for your world traveler (me).
*Persepolis (Iran)
*Hatshepsut’s Funerary District (Egypt)
*Dolni Vestonice (Czech Republic)
*Ephesus (Turkey)
*Knossos (Greece)
*Delphi (Greece)
*Cerveteri (Italy)

If you have an idea for some other location that you would like to investigate, please email me. I would be happy to review your idea – your location must be something covered in class and fit the time period of 30,000 – 400 bce.

Your brochure should look professional. This assignment is an exercise in not only research and travel but in aesthetics. Programs for laying out brochures can be found in Microsoft Word, Microsoft Works and Scribus (which is open source software you can download). Help can also be found in the library.

This project will be discussed extensively in class.

Second Written Assignment, Due Monday, November 19th
Mosaics of Ravenna, Italy

Any medieval mosaic from any of the medieval structures in Ravenna is fair game for this assignment. The locations are as follows: Basilica of San Vitale, San Apollinare en Classe, San Apollinare en Nuovo, the Arian Baptistry and the Mausoleum of Galla Placidia.

Your job is to investigate a single set of mosaics from within one of these buildings. I would like you to concentrate on deciphering the story being told and the iconography used to tell the story. You do NOT have to detail all of the mosaics from a single structure. I would rather you choose a specific mosaic that appeals to you and investigate it in detail. The more factual information and details you present regarding your chosen mosaic, the higher your score. Your final paper should include images of your chosen mosaic. You may create a PowerPoint presentation or a website and send it to me electronically rather than printed.

This project will be discussed extensively in class.
