COURSE INFORMATION

Course Description: The purpose of this course is to identify the social/emotional and academic needs of students with special needs in field-based inclusive settings. Management strategies, social skill development and academic modifications will be developed. A key purpose of the course is to identify collaborative strategies, tools and approaches that will assist in making the general education classroom more inclusive for all students. The following topics will be discussed: individual differences and characteristics of disabilities, modifying in content areas, collaboration modes and tools, Response to Intervention, and a guide to the special education processes. As a resident, you will be expected to actively participate in seminar activities and course assignments in ways that demonstrate your development as professional educators.

Student Learning Outcomes:

03 understands procedures for designing effective and coherent instruction and assessment based on appropriate learning goals and objectives,

04 understands learning processes and factors that impact student learning and demonstrates this knowledge by planning effective, engaging instruction and appropriate assessments,

05 knows how to establish a classroom climate that fosters learning, equity, and excellence and uses this knowledge to create a physical and emotional environment that is safe and productive,

08 provides appropriate instruction that actively engages students in the learning process, understands and adheres to legal and ethical
requirements for educators and is knowledgeable of the structure of education in Texas.

<td><strong>Instructional / Methods / Activities Assessments:</strong> During class discussions, you will be expected to be able to discuss the subject matter in the chapters listed on your class schedule. Class assignments will require knowledge of the information from the textbook.</td>

| **Campus Survey:** To be the most effective collaborating team member, it is important that you are aware of the resource/support personnel and programs that are available on your campus. Complete the attached campus survey and submit on **9/18/2012**. Try to discover the roles and functions for each resource person or program. *If several of you are working on the same campus, you may work together and share the information you each gather, but I will need individual copies from each of you.* |

<th><strong>Prompt Reflections</strong></th>

<tbody>
<tr>
<td><strong>Reflection prompts are listed for each of the three assignments. Plan to submit your reflections on the dates indicated on the schedule. For each reflection, support your response with information from the BOOK. Each prompt should be approximately 1 page in length. * Spelling and grammar check should be used since points will be deducted for errors. 5 errors= 10 point reduction, 10 errors = 20 point reduction.</strong></td>

<tr>
<th><strong>Prompt 1</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>• Because of No Child Left Behind (NCLB) and the Individuals with Disabilities Education Act (IDEA) there is increased emphasis put on inclusive schooling for students with disabilities. Talk about the benefits of and challenges to inclusion and how you are preparing to serve students with disabilities in your classrooms. Use your book as a resource. <strong>Due 9/18/2012</strong></td>
</tr>

<table>
<thead>
<tr>
<th><strong>Prompt 2</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>• Educators are always under pressure to cover the instructional goals of the curriculum while considering the different ability and interest levels of the students served. Based on the information in the book, talk about how you can or will apply your knowledge of planning and grouping practices to address this challenge. <strong>Due 10/23/2012.</strong></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Prompt 3</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>• A critical part of teaching is creating and maintaining a classroom climate that is conducive to the learning of all students. Considering the diversity that exists in public school classrooms today and the importance of well-managed classrooms, talk about what you can/would do to accomplish this goal focusing primarily on the student with an emotional disorder/disturbance or ADHD in the general education classroom. Use your book as a resource. <strong>Due 11/06/2012.</strong></td>
</tr>

| **IEP Meeting (ARD) Attendance/Interview:** Observe at least one ARD meeting before **10/23/2012.** The goal is for you to **observe or become knowledgeable of this process** prior to participating as a teacher of record. You will need to contact the ARD Coordinator on your campus to arrange for this. After attending the ARD, you will submit a reflection piece and include the following information: |
1) Who attended the ARD and what is each member’s purpose at the ARD? 
   (identify by role only, not by name)
2) Who appeared to be the ARD facilitator or coordinator?
3) What was the purpose of the ARD (Admission, Review, or Dismissal)?
4) What kind of information (assessment, instructional, behavioral, etc.) was shared 
   by each committee member?
5) Particularly, what appeared to be the general educator’s role and responsibility 
   as a committee member?
6) How were educational goals and objectives determined? How were 
   accommodations and modifications determined?
7) How did the committee arrive at decisions concerning the student's least 
   restrictive environment (LRE)?
8) As a general educator, what would you need to do to prepare to participate in an 
   ARD meeting? What do you feel is necessary for you to be the most effective 
   ARD team member possible?

***Each school district is different. If your school does not allow residents/interns to attend ARD 
meetings, then you will need to interview your mentor in order to complete this assignment. 
This will be discussed in class as well as part of your notebook.

Evidence of Accommodations/Modifications and Collaboration: Review the IEPs of the 
students served in your general education setting and refer to the ARD meeting you attended. 
Note the format of the documents and how mandated components are addressed. Particularly, 
what accommodations or modifications are specified for use in the general education? Develop 
a table (or other tool) that will allow you to have all of the accommodations or modifications for 
each student you are serving in one, accessible document. If any of your students have a 
behavior intervention plan (BIP) in place, note the reinforcers and consequences outlined and 
how they are to be administered.

Your assignment is to submit the following:
   • A lesson plan (you may use one you are developing for another current class) 
     for a general education class.
   • Attach a copy of the accommodations/modifications (no names included on 
     this assignment) the student needs to be successful in completing the 
     assignment/project.
   • Also include in this assignment an extension for the higher level learner.

Note: If there is not a student with an identified disability in your classroom, check with the 
special educator or educational diagnostician on your campus to review forms that are used to 
create the student accommodations. Document what you are doing to ensure the success of all 
students. This assignment is due 11/06/2012.

Response to Intervention: Consider the students in your class and determine those that are 
possible candidates for the RTI process. Particularly consider the student that needs 
"something" but has not qualified for special education.
   * Select one student and write a plan to help that child be successful in school. 
     You will need to become familiar with your school’s RTI process and each tier. 
     Design interventions for each tier in order to help this student become successful 
     through the 3 tier process. This assignment will be an ongoing assignment 
     throughout the semester.
*If this is a child with behavior problems, what type of Behavior Intervention Plan will you adopt? Design interventions to address the misbehaviors and how to help the student improve his/her behavior.
* Spelling and grammar check should be used since points will be deducted for errors. 5 errors= 10 point reduction, 10 errors = 20 point reduction.
* Include in this plan Tier I interventions, Tier II interventions, and Tier III interventions. Due 11/13/2012.

**Final Assessment:** You should begin preparing for your final exam the first week of classes. Come prepared to class, read all chapters and participate in class discussions. Take good notes.

- Access to University Library site
- Access to an email

**ACCESS AND NAVIGATION**

**COMMUNICATION AND SUPPORT**
Interaction with Instructor Statement:

**Evaluation of course requirements**

Evaluation will be adapted from the holistic scoring used for the residency. Your attitude in class will be considered as well as your participation and all assignments. There will be a final assessment covering the child-centered process and the responsibilities of the general education teacher. The instructor reserves the right to consider absences, tardies, evidence of professional behavior shown through effort, respect for both the instructor and peers, and understanding of confidentiality when making evaluation judgments.

Both content and presentation of content will be considered when scoring written products. It is important that you use professional language, and edit/proofread your work before turning it in for grading. All written papers must be typed and double spaced. Use a font (Arial or Times New Roman) no smaller than 10 or larger than 12. * Spelling and grammar check should be used since points will be deducted for errors. 5 errors= 10 point reduction, 10 errors = 20 point reduction.

Confidentiality is imperative when dealing with students with special needs. **DO NOT INCLUDE STUDENT NAMES ON ASSIGNMENTS THIS FOR THIS CLASS.** Discussion of student names is also prohibited.

**COURSE AND UNIVERSITY PROCEDURES/POLICIES**

**Course Specific Procedures:**

"All students at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment" (See Student's Guide Handbook, Policies and Procedures, Conduct)

**Pagers and cell phones must be turned off during class.** If there is an emergency warranting the use of cell phones, information must be presented to the instructor prior to the class. The use of pagers and cell phones (for calls or texting) disrupts the entire class and limits the learning taking place. You will be asked to leave the class and counted absent should you choose to disregard this information. You will not be allowed to turn in any assignment due that date.

Students are expected to attend all classes and participate in class discussions and activities unless they have excused absences (as determined by the Student's Guidebook). **Excuses must be submitted in writing within 24 hours of the missed class.**

All assignments are due on the listed due dates. Submitting assignments past due dates will affect the number of points earned.

**Academic Honesty Policy**

Texas A&M University-Commerce does not tolerate plagiarism and other forms of academic dishonesty. Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty. "Academic dishonesty" includes, but is not limited to, plagiarism (the appropriation or stealing of the ideas or words of another and passing them off as one's own),
cheating on exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material.

Disciplinary action for these offenses may include any combination of the following:

1. Point deduction on an assignment.
2. Failure for an assignment.
3. A grade of zero for an assignment.
4. Failure for the course.
5. Referral to the Academic Integrity Committee or department head for further action.
6. Referral to the Dean of the College of Education and Human Services, Business and Technology, Arts and Sciences, or Graduate School as appropriate.
7. Referral to the University Discipline Committee.
8. Communication of student's behavior to the Teacher Certification Office and/or Dean of the College of Education as constituting a reason to bar student from entering into or continuing in a teacher certification program. Procedures, A 13.04, 13.12, 13.31, and 13.32

ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
