**Welcome to COB 111!**

#### **REQUIRED TEXTBOOK:**

*Keys to Success - Quick.* Carter, C., Bishop, J. and Kravits, S.L. (2012). ISBN: 978-0-13-254171-8.

#### **Required Materials:**

Spiral notebook, 8 ½ X 11

Student Planner (available at the student center, library, hot spots)

**COURSE DESCRIPTION:** This course provides a study of Theory and Application of Learning and Critical Thinking, designed to ease the transition from high school to university life and provide important academic, intellectual, and social skills to help ensure a successful first year in college. The course is designed to assist students in increasing their knowledge of and skill in critical thinking and acting behaviors. Concepts studied include perception, memory, creativity, and problem solving as they relate to critical thinking. The effects of attitudes, values, logical fallacies, and thinking errors on critical thinking and problem solving are examined. Assignments require students to apply critical thinking skills to real-life situations.

#### **COURSE OBJECTIVES:**

After successfully completing this course, students will be able to:

1. Recognize and appreciate TAMU-C's uniqueness by positively engaging in supporting and encouraging other students.
2. Develop an understanding of the complex issues and choices confronting college students, such as course and career choices and identify problem behaviors that can interfere with student success.
3. Understand the levels of the critical thinking process through problem solving activities.
4. Exhibit higher levels of academic skills that will lead to their success at Texas A&M University-Commerce, such as time management, career exploration, and goal setting through various techniques.
5. Be familiar with the range of university events that are available to students.
6. Clarify how they learn and be able to apply active learning techniques.
7. Express what is expected of students so they can be successful at A&M - Commerce.
8. Understand the importance of excellent written and verbal communication by demonstrating academic honesty and integrity.
9. Access information from the web and library and understand the meaning of plagiarism and how to avoid it.
10. Engage in the dynamics of group activities to increase individual satisfaction and team performance.
11. Construct well written papers with minimum grammar and syntax errors.

12. Develop four-year degree plans that accurately reflect degree requirements.
13. Calculate GPA and the impact grades have on cumulative GPA.

**SERVICES FOR STUDENTS WITH DISABILITIES:** The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

**GENERAL POLICIES FOR CLASSES:** All students enrolled at the University will follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. See Student's Guide Handbook, Rules and Procedures, Code of Student Conduct at <http://web.tamu-commerce.edu/studentLife/documents/studentGuidebook.pdf>.

**Civility Requirement:** The instructor reserves the right to manage a positive learning environment and thus will not tolerate inappropriate conduct in the course. If the instructor feels that you have not attended class adequately, habitually arrive late and unprepared, that you have cut class during speeches; left class in the middle of a session, that you have not contributed appropriately in class, or that you have complained about assignments and grading policies, your final course grade may be reduced accordingly. Additionally, the instructor expects every student to maintain a professional level with respecting opinions of the instructor, students, and guest speakers. In this regard, hand-held devices such as cell phones, iPods, MP3 players, and CD players must be turned off during class. The instructor can and will confiscate any devices that are disruptive to the class. Understand that this factor of your grade is highly subjective. In extreme cases, the instructor reserves the right to drop students from the class.

**Academic Integrity:** In this course the need for collaboration is undeniable if you are to excel, even in cases of individual work. There is a fine line in this process. You are encouraged to seek the help and advice of others. However, you *must* do your own work. My personal policy, which will guide this course, is: I trust you to behave honestly and ethically in all circumstances. Please ask me if you have questions about what is proper and what is not.

**Academic Honesty:** Plagiarism and other forms of academic dishonesty will not be tolerated. Instructors "are expected to uphold and support student integrity and honesty by maintaining conditions that encourage and enforce academic honesty. Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty. "Academic dishonesty" includes, but is not limited to, plagiarism (the appropriation or stealing of the ideas or words of another and passing them off as one's own), cheating on exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material." See 13.99.99.R0.10 Academic Honesty at [http://www.tamu-commerce.edu/administration/Rules%26Procedures/rules\\_procedures.asp?RID=97](http://www.tamu-commerce.edu/administration/Rules%26Procedures/rules_procedures.asp?RID=97).

**PLAGIARISM:** Some people seem to believe that anything found on the Internet is free to use as they please. The "cut and paste" option also makes it quite tempting. However, information on the web must be properly cited just as you would any "hard copy" periodicals.

The following web site provides valuable insight relating to what constitutes plagiarism and how it may be avoided: <http://www.indiana.edu/~wts/pamphlets/plagiarism.shtml>. To avoid plagiarism an individual must give credit wherever he or she uses:

- 1) another individual's idea, opinion, or theory
- 2) facts, statistics, graphs, and drawings that are not common knowledge
- 3) quotations of another individual's spoken or written words
- 4) paraphrase another individual's spoken or written words

Any deviation from the guidelines concerning quotes and citations constitutes plagiarism, as it suggests that you are trying to submit someone else's work and creativity as your own. In accordance with the Texas A&M University-Commerce Code of Student Conduct Section 5.b [1, 2, 3], the penalties for students guilty of academic dishonesty include disciplinary probation, suspension, and expulsion.

### **POLICIES RELEVANT TO COB 111 STUDENTS:**

**Course Evaluation:** The final course grade will be based on the following components:

<b>Component Title</b>	<b>Points</b>
Critical Thinking Writing Assignments (4)	20
Attend at least 4 University/Campus Sponsored Events or Activities	10
Mid-Term Exam	15
Final Exam	15
Activities and Assignments	20
Class Attendance and Participation	20
Total Points Possible	100

#### Course Final Grade Scale

- A = 100-90
- B = 89-80
- C = 79-70
- D = 69-60
- F = 59 & Below

### **Course Requirements:**

- **Critical Thinking Writing Assignment:** Each student will write four 1-paged critical analyses that describe how attending events on campus contributes to the student's success as a college student, as well as other topics as deemed necessary by the instructor. These papers should be organized with Introduction, Main Points, and Summary. Pick a few significant elements from the event to focus on in your critical analysis.
- **Attend at least 4 University/Campus Sponsored Events or Activities:** Each student will attend at least 4 events on campus – which should be used for the Critical Thinking Writing Assignments. 1 event should be a “Cultural Event” or “Multicultural Event” (art show, concert, play, etc. OR a multicultural event held on campus); 1 should be a “University-Wide Event” (guest speaker, breakout entertainment,

colloquium, convocation, etc.); 1 should be an athletic event (varsity sport or intramural sport); and 1 can be of the student's choosing of any university/campus sponsored event or activity.

- **Mid-Term Exam and Final Exam:** Each student will take two online exams through eCollege. Each exam will consist of multiple-choice and true/false questions from the text book and materials related to the course lectures and workshops.
- **Class Attendance, Participation, and Miscellaneous Activities and Assignments:**
  - ❖ Class Attendance and Participation is critical to your success in this course, just as it is critical for your job. The attendance policy is simple: Come to class every day. Come to class on time. Come to class prepared. The instructor reserves the right to implement punitive policies if attendance is not acceptable. You get **one free absence** in this class, so save it and use it judiciously. If you miss more than three classes, you cannot make an A. It is simply impossible. If you miss four classes, you cannot make a B. If you miss five class periods, you cannot make a C. If you miss seven or more days you will automatically receive an F for the course.
  - ❖ Miscellaneous Activities and Assignments are vital to developing a support community at A&M - Commerce. Students will be expected to complete degree audit and plan, calculate GPA, develop resume, maintain a planner, maintain journal/notes, and other assignments as instructor may assign.

<b>Concepts</b>	--Identifies and accurately explains/uses the relevant key concepts	--Identifies and accurately explains and uses the key concepts, but not with the depth and precision of a “4”	--Identifies some (not all) key concepts, but use of concepts is superficial and inaccurate at times	--Misunderstands key concepts or ignores relevant key concepts altogether
<b>Assumptions</b>	--Accurately identifies assumptions (things taken for granted) --Makes assumptions that are consistent, reasonable, valid	--Identifies assumptions --Makes valid assumptions	--Fails to identify assumptions, or fails to explain them, or the assumptions identified are irrelevant, not clearly stated, and/or invalid	--Fails to identify assumptions --Makes invalid assumptions
<b>Interpretations, Inferences</b>	--Follows where evidence and reason lead in order to obtain defensible, thoughtful, logical conclusions or solutions --Makes deep rather than superficial inferences --Makes inferences that are consistent with one another	--Follows where evidence and reason lead to obtain justifiable, logical conclusions --Makes valid inferences, but not with the same depth and as a “4”	--Does follow some evidence to conclusions, but inferences are more often than not unclear, illogical, inconsistent, and/or superficial	--Uses superficial, simplistic, or irrelevant reasons and unjustifiable claims --Makes illogical, inconsistent inferences --Exhibits closed-mindedness or hostility to reason; regardless of the evidence, maintains or defends views based on self-interest
<b>Implications, Consequences</b>	--Identifies the most significant implications and consequences of the reasoning (whether positive and/or negative) --Distinguishes probable from improbable implications	--Identifies significant implications and consequences and distinguishes probable from improbable implications, but not with the same insight and precision as a “4”	--Has trouble identifying significant implications and consequences; identifies improbable implications	--Ignores significant implications and consequences of reasoning

4 = Thinking is exemplary, skilled, marked by excellence in clarity, accuracy, precision, relevance, depth, breadth, logicity, and fairness

3 = Thinking is competent, effective, accurate and clear, but lacks the exemplary depth, precision, and insight of a 4

2 = Thinking is inconsistent, ineffective; shows a lack of consistent competence: is often unclear, imprecise, inaccurate, and superficial

1 = Thinking is unskilled and insufficient, marked by imprecision, lack of clarity, superficiality, illogicality, and inaccuracy, and unfairness @Foundation for Critical Thinking, [www.criticalthinking.org](http://www.criticalthinking.org)
