EDCI 517.01W Reading and Learning in K-12 Content Areas
RDG 417.01W Reading and Learning in the Content Areas

ONLINE COURSE SYLLABUS: FALL, 2012

Instructor: Dr. Linda McCaghren
Office Location: eCollege, EDS 248J
Office Hours: Monday – Friday Virtual Office eCollege
Preferred Email Address: drmccaghren@gmail.com
University Email Address: linda.mccaghren@tamuc.edu

COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings:

Note: This class does not use Myeducationlab. If you order the textbook online use the following ISBN: 978 0205 48 6618

Course Description:

This course is designed for graduate students in the emergency permit program seeking initial teacher certification. The focus is on reading comprehension, concept development and strategies for interacting with expository materials. The role of the teacher, the text, and the student are examined in the learning process. Text analysis methods, teacher directed strategies, reader-based strategies, and literature are discussed as appropriate for all elementary and secondary grade levels.

Student Learning Outcomes:

By the conclusion of the course, the student will demonstrate a working knowledge of the following outcomes:

1. The learner will evaluate the needs of students and connect them with the goals of the teacher and the curricular demands of subject areas;
2. The learner will analyze curriculum and instruction by using varied resources to enable all students to become successful readers and writers;
3. The learner will demonstrate how to assist students with acquiring the knowledge, skills, and ability to comprehend expository text, and to interact with and use teacher directed and reader-based content reading strategies;
4. The learner will employ techniques to encourage the development and use of higher-order thinking skills in all students;
5. The learner will develop effective instructional strategies through the integration of teaching and technology; and
6. The learner will design reading and literacy instruction in the content areas that will enable all students to reach educational goals and achievements.

COURSE REQUIREMENTS

Instructional / Methods / Tasks / Projects / Assessments

This course occurs in a digital learning environment designed with a module format. All modules will be open the first day of class with due dates for each module's reading task, discussion, quiz and performance task. You will be expected to read assigned material, participate in discussions and group tasks, reflect on your knowledge growth and complete all assigned tasks/projects by the due date. Late work will not be accepted. Therefore you need to demonstrate a level of time management that allows you to meet due dates as posted.

Participate in all online group/class discussions. There will be an opportunity to work as an individual, with a partner or in a group of 3-4 students. Working with a partner or in a group requires you to follow my CCC: collaboration, cooperation, and completion. This means, as an adult learner, you will collaborate with another student or students in a cooperative manner to complete a quality product. I truly believe two minds are better than one so I encourage partnerships or groups. However, I WILL NOT mediate should an issue arise pertaining to CCC; you are expected to find a resolution. You will always have the choice to opt out of the partnership or group and work as an individual. Therefore, you are expected to show a level of professionalism and stay actively engaged with your partner or the group through communication and contributions to complete the project.

Read required textbook. The student will be expected to read the required text and any supplemental materials. This is an online course that presents written information as an alternate mode of lecture. Do not take this lightly; as an online course you are expected to read/reflect for meaning.

Reflections: throughout the course, the student may be asked to consider ideas presented in articles and threaded discussions. Some of the reflections will be assigned and submitted to the instructor, others will be for personal reflection and kept by the student.

Written tasks: Completion of all discussions/reflections and projects should exhibit professionalism in appearance and content at an acceptable level of scholarship. Projects are to be completed and turned in according to the due date posted in eCollege. Late work will not be accepted without an excused absence and/or extenuating circumstances as determined by the instructor with a late due date determined by the instructor. The campus library and/or computer labs are available for use in the event personal technology fails or supplies or assistance is needed.

Grading
I make it a personal goal to grade module assignments within one week after due dates. eCollege provides you with a current grade average so you can monitor your course grade at any time during the semester.

Grading:

<table>
<thead>
<tr>
<th>Score Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
</tr>
<tr>
<td>80-89</td>
<td>B</td>
</tr>
<tr>
<td>70-79</td>
<td>C</td>
</tr>
</tbody>
</table>
TECHNOLOGY REQUIREMENTS

This is an online course and some obvious technological resources will be required.

Access to a computer with

- Internet access (high-speed preferred)
- Microphone for VoiceThread and classlive sessions throughout the semester.
- Speakers so you can hear me and others during our classlive sessions (when scheduled) and other audio enhanced assignments throughout the semester.
- Word processing software (Microsoft Word preferred)

As a student enrolled at Texas A&M University-Commerce, you have access to an email account via myLeo - all my emails sent from eCollege (and all other university emails) will go to this account, so please be sure to check it regularly. Conversely, you can email me via my preferred email: drmccaghren@gmail.com.

You may also use eCollege email system or your myLeo email as our spam filters will catch yahoo, hotmail, etc. and I will not check for your email in spam.

ACCESS AND NAVIGATION

eCollege Technical Concerns: Please contact the eCollege HelpDesk, available 24 hours a day, seven days a week. by sending an email directly to helpdesk@online.tamuc.org. You may also reach the HelpDesk by calling (toll-free) 1-866-656-5511, or through the Online Chat by clicking on the "Live Support" tab within your eCollege course.

Course Concerns: If you have questions pertaining to the content of this course (e.g., questions about module assignments, course due dates, etc.), please contact me through the "Virtual Office" under Course Home in eCollege. If you have a personal issue contact me through my preferred email: drmccaghren@gmail.com

Other Questions/Concerns: Contact the appropriate TAMU-C department relating to your questions/concern. If you are unable to reach the appropriate department with questions regarding your course enrollment, billing, advising, or financial aid, please call 903-886-5511 between the hours of 8:00 a.m.- 5:00 p.m., Monday through Friday.

COMMUNICATION AND SUPPORT

Interaction with Instructor Statement:

Participation & Communication: I expect each of you to be active and thoughtful participants within the digital learning environment (eCollege) and your digital learning community. You are to expect the same of me. This includes your successful completion of each module and I will provide a timely grade feedback. If you are having difficulty do not wait until the day before the due date to contact me.
1. All course/content questions should be posted on Virtual Office in order to avoid duplication of questions and answers. I check Virtual Office daily Monday – Friday. Emails of a personal nature should be sent to my Preferred email address: drmccaghren@gmail.com. I check it daily Monday - Friday. A reply will be sent within 12 hours depending upon the time your message was received. Please do not send me panicked last minute emails with the word HELP!!!!!!! in the subject line.

2. Or if you want to talk via the "phone" download a program called Skype - a free internet calling service that you can use to chat live or place a call to me. I have a video camera and can also transmit my video via a skype call. To download the program, go to www.skype.com and search for drlindaum as the contact to add me to your list. There is also the option of using Google+. You can go to the Google.com website and set up your free account.

eCollege Student Technical Support
Texas A&M University-Commerce provides students technical support in the use of eCollege. The student help desk may be reached by the following means 24 hours a day, seven days a week.

- **Chat Support**: Click on 'Live Support' on the tool bar within your course to chat with an eCollege Representative.
- **Phone**: 1-866-656-5511 (Toll Free) to speak with eCollege Technical Support Representative.
- **Email**: helpdesk@online.tamuc.org to initiate a support request with eCollege Technical Support Representative.
- **Help**: Click on the 'Help' button on the toolbar for information regarding working with eCollege (i.e. How to submit to dropbox, How to post to discussions etc...)

**COURSE AND UNIVERSITY PROCEDURES/POLICIES**

**Course Specific Procedures:**

Citizenship: All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See Student 92’s Guide Handbook, Policies and Procedures, Conduct).

Late work: Late work is not accepted. You will have plenty of notification and time to complete all module assignments. If you know you are going to be out of town and unable to access a computer, plan ahead. See course semester outline at the bottom of this syllabus.

Plagiarism: Plagiarism WILL NOT be tolerated and will result in an automatic F in the course. Various versions of your work and final papers will be run through Turnitin software - this is not meant to "catch" you in the act, but rather assist you in seeing possible areas that may be unintentionally plagiarized and allow for editing your work.

Attendance: This is an online class therefore attendance is up to you! You will be given the opportunity to participate with a partner or in a group to complete projects. The quality of your contributions and regular participation activities, including attendance via ClassLive sessions (when scheduled), will be considered attendance. It is strongly encouraged that you attempt to log into the course everyday and/or check Announcements or your email messages in order to not get behind. The synchronous sessions via ClassLive are not required, but it is in your best interest to attend when available during the semester. I will not conduct another ClassLive for missed attendance.
Scholarly Expectations: All works submitted for credit must be original works created by the scholar uniquely for the class. It is considered inappropriate and unethical to make duplicate submissions of a single work for credit in multiple classes, unless specifically requested by the instructor. You are expected to submit documents that have been through drafts and edited.

University Specific Procedures:

ADA Statement

Students with Disabilities:
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services
Texas A&M University-Commerce
Gee Library
Room 132
Phone (903) 886-5150 or (903) 886-5835
Fax (903) 468-8148
StudentDisabilityServices@tamu-commerce.edu

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See Code of Student Conduct from Student Guide Handbook).
