F= below 60%
Course Grading Scale:

Course Requirements:

1. Take the Midterm and Final Exams. The Midterm will cover content of Chapters 1-8. The Final will cover content of Chapters 9-16. You may use your notes.

2. Program Evaluation: Observe and evaluate an Early Childhood program in your community based on the list found on page 11 in your textbook. Identify the program’s philosophy and program description. You can find these through their website, program publication, or conversation with their staff. If available, get a copy of their program description and philosophy to bring to class. Discuss to what extent the program is in line with DAP. This should be from 2-3 pages.

3. Teacher Observation: Observe an Early Childhood teacher during group time. Write an evaluation using the criteria discussed on page 105 in your text, as well as throughout Chapter 4. This should be from 2-3 pages.

4. Brochure/Newsletter: For your potential classroom or Early Childhood program, create a brochure or newsletter to give parents describing your personal philosophy of education and what can be expected in your classroom/program. Be sure to include DAP principles where applicable.

5. Field Trip Plan: Using Appendix B-Field Trip on page 495 in your textbook as a guide, plan a field trip for a classroom of 20 four-year-olds. You can choose any place you think is appropriate. Ask yourself the questions in the guide. Plan as many of the arrangements as possible. (This is pretend, so do not actually set one up!) In your write-up, answer the 12 questions. The bullets after each question are just for you to use to plan. They do not have to be included in your write-up. Have fun with this!

6. Discussion Board/Class Participation: Answer the discussion question each week and respond to at least two other classmates. The answer to the question should be a paragraph in length. Your responses need to be more than one or two short phrases in order to count for credit. Being in class and participating in the presentations will also count toward your grade.
