Course Description:
A field-based course, taught in the Midlothian Center for Professional Development and Technology, in which prospective teachers develop and improve the skill of managing classroom environments, curriculum, space and time, and student behavior with culturally, economically, and educationally diverse student populations. Candidates acquire knowledge, skill, and ability by observing and working with experienced public school teachers in their elementary and/or middle school classrooms. Seminars are conducted in schools by teams of university and Pre-K-8
teachers. Prerequisite: Successful completion of internship in a NETCPDT center, minimum overall GPA of 2.5, and must have passed TSI.

Course Objectives, based on the 13 competencies of the Texas Examination of Educator Standards (TExES) Pedagogy and Professional Responsibilities (PPR) EC-12 http://www.texes.ets.org/assets/pdf/testprep_manuals/160_ppr_ec12.pdf:

Competency 001: The teacher understands human developmental processes and applies this knowledge to plan instruction and ongoing assessment.

Competency 002: The teacher understands student diversity and knows how to plan learning experiences and design assessments.

Competency 003: The teacher understands procedures for designing effective and coherent instruction and assessment based on learning goals and objectives.

Competency 004: The teacher understands learning processes and factors that impact student learning and demonstrates this knowledge by planning effective, engaging instruction and appropriate assessments.

Competency 005: The teacher knows how to establish a classroom climate that fosters learning, equity, and excellence and uses this knowledge to create a physical and emotional environment that is safe and productive.

Competency 006: The teacher understands strategies for creating an organized and productive learning environment and for managing student behavior.

Competency 007: The teacher understands and applies principles and strategies for communicating effectively in varied teaching and learning contexts.

Competency 008: The teacher provides appropriate instruction that actively engages students in the learning process.

Competency 009: The teacher incorporates the effective use of technology to plan, organize, deliver, and evaluate instruction for all students.

Competency 010: The teacher monitors student performance and achievement; provides students with timely, high-quality feedback; and responds flexibly to promote learning for all students.

Competency 011: The teacher understands the importance of family involvement in children’s education and knows how to interact and communicate effectively with families.

Competency 012: The teacher enhances professional knowledge and skills by effectively interacting with other members of the educational community and participating in various types of professional activities.

Competency 013: The teacher understands and adheres to legal and ethical requirements for educators and is knowledgeable of the structure of education in Texas.

Student Learning Outcomes:
By the conclusion of the course the successful Resident will be able to complete the following.

1. The student will construct, implement, and assess developmentally appropriate lessons that meet the state mandated Texas Essential Knowledge and Skills and English Language Proficiencies.

2. The students will associate Early Childhood Education TExES competencies with the course content.

3. The student will be an active and engaged participant in class discussions by analyzing, constructing/creating, and evaluating information presented within the textbook, external readings/resources, field experiences, and class discussion.
4. The student will utilize technology in the preparation and delivery of lessons, communication, and assessment. Actively engage students’ in the application of technology.

5. The student will understand the need for a variety of instructional strategies and demonstrates the ability to model and deliver effective teaching and learning appropriately.

6. The student will design and implement instruction and assessment to promote student learning in a least restrictive environment. (i.e., IEP’s, Gifted and Talented, ELL’s, etc.).

7. The student will demonstrate the ability to be a reflective teacher.

**COURSE REQUIREMENTS Overview**

**Field-Based Components (as recorded in ELED 452 by your Liaison)**

1. Active, regular, timely professional participation in your field-based assignment.
2. Active, regular, timely professional participation in all university-based Seminar activities.
3. Regular reflective journaling (weekly? daily?). Post 5 journal reflections to your Liaison.
4. Six formal lesson plan evaluations (2 by yourself, 1 each by your 2 Mentors, 2 by your Liaison)
5. Six formal lesson presentation evaluations (2 by yourself, 1 each by your 2 Mentors, 2 by your Liaison)
6. Lesson plans of full-time teaching (2 week teach?)
7. Evidence of Technology Integration
8. A Portfolio documenting growth in five Learner-Centered Proficiencies
9. Compliance with every detail in the Intern/Resident Commitment Contract that you signed in your application for Internship, including completing all certification exams.
10. Check degree evaluation for accuracy, prepared to graduate.

**Seminar-Based Components**  
(as recorded in ELED 443 & SPED 480 by your Seminar Instructors)

1. Active, regular, timely professional participation in your field-based assignment.  
   Student Learning Outcomes:

2. Classroom environment report  
   Student Learning Outcomes:

3. Book study  
   Student Learning Outcomes:

4. Reflective essays:  
   a. Strengths and areas for needed growth. Write a paper or make a list showing your strengths and areas of needed growth as a teacher, colleague and lifelong learner. What things would you like personnel directors and hiring committees to know about you? How do you plan to grow in your weaker areas? What are your goals for growth after graduation? Think about areas such as diversity, higher-ordered
thinking, effective teaching, integrated teaching, etc. as areas that you will seek
during your first year as a teacher.

b. What will you add to a school campus? Write a one-page paper telling a
prospective employer why he/she should hire you. What will you give to the
community, parents, children, faculty and staff?

c. Philosophy of education. Write a one-page paper describing your philosophy of
education. Include diversity.

Student Learning Outcomes:

5. Resume. Write a resume that reflects who you are as an educator. This should be no more
than one page. If you can do it on one page, it's better. You may include your photo if
you wish.

Student Learning Outcomes:

6. Teacher Inquiry Project- Student groups will propose and develop a research question
they proposed during their Internship Semester with the guidance and acceptance of the
mentor teachers, Center Team, and assigned research professors. Upon acceptance of
proposal students will examine and utilize informal research techniques. This will begin
with an exploration of relevant professional literature and will include observations,
anecdotal records, possibly assessment results, or others approved by the Center Team
and research professors. Student groups will present their findings in a formally written
paper and presentation (documentation panels, technology, etc.)

Student Learning Outcomes:

7. Growth-to-Professional portfolio. This should be ongoing. Keep it in a ready-to-go state
and add to it during the semester. It needs to be high quality, not high quantity. These are
recommended to be presented through technology (Prezi, website, or other approved
method)
