OVERVIEW OF ASSIGNMENTS
All written assignments must be APA style, typed, 12-point font (Times New Roman preferred), double-spaced, with one inch margins, a title page, and stapled. Students are encouraged to submit written work that has been spell-checked and is free of grammatical errors. Students are expected to use APA style when citing sources. Students are advised that points will be deducted if these criteria are not met.

1. Agency Evaluation:
Students are to select and evaluate a social service agency in the community. Students are to consider themselves to be licensed social workers who have been contracted by the Department of Health and Human Services (DHHS) to complete an agency evaluation of a social service agency. The information provided in your analysis may impact future funding and policy.

Updated version 12.12
Therefore, you will want to provide a thorough and objective evaluation of the agency in question. The following outline may help you do just that:

Preliminary Work – Agency selection & analysis summary (due week 2 & 3) – 10 points

I. Introduction – 10 points
   a. Provide a brief agency history and discuss the type of agency.
   b. Briefly discuss the mission statement, target population, & programs

II. Social Systems Analysis – 40 points
   a. Evaluate the agency using the Social Systems Analysis (see Chapter 2)
      i. Suprasystem
      ii. Collateral Systems
      iii. Subsystems
      iv. Inputs
      v. Conversions
      vi. Outputs
      vii. Feedback
      viii. System Boundaries

III. Organization Processes – 20 points
   a. Describe the administrative/governing body
   b. Administrative style within the agency
   c. Organizational structures that coordinate work within the agency (see Chapter 11)

IV. Evaluation Narrative – 20 points
   a. Summary of your findings.
   b. Discuss agency strengths.
   c. Discuss any areas for growth.

Students are encouraged to attend a board meeting or administrative meeting as permitted by the agency. Papers should be 7 – 10 pages in length, not including the cover page or references pages.

2. Grant Writing Assignment:
Students are to create a social service agency and an agency service program. Students will be given a mock Request for Proposal (RFP) from an imaginary government funding source. Students will act as a staff member of their fictional social service agency and submit a grant proposal for funds needed to support their fictitious service program. Students will draft a proposal using the RFP as their guide. Students should submit a well organized and thorough budget in their proposal. The grant application will be graded based on how well students followed the RFP instructions, the logic of the program, and the plausibility of the budget. One student’s proposal per course section will be funded. This assignment is designed to give students a real world experience in writing a competitive grant.
EXAMINATIONS:

Examinations will focus on pertinent information from class discussions, lecture materials, and course readings. Exam questions may consist of short answer, multiple choice, and true/false. Any student who misses a regularly scheduled exam is expected to provide documentation to substantiate the extenuating circumstances that prevented taking the exam. Depending upon the circumstances, the student may be given a comprehensive make up exam during finals week. Otherwise, the student will receive a grade of zero for the missed exam. Regardless of the reason for missing the exam, communication with your instructor is imperative and the student’s responsibility.

CLASS ATTENDANCE AND PARTICIPATION:

Students are expected to attend class, reflecting responsibility which is inherent in the development as a social work professional. Roll will be taken regularly. Students are expected to be on time and prepared to participate when class begins as well as be present throughout the entire class meeting. Classroom exercises, discussions, role plays, guest speakers and other in-class experiential exercises are essential for a student’s professional learning and continued development of self-awareness. Tardiness (or early departure) of more than 15 minutes will count as .5 absence (2 tardies/early departures = 1 absence). A student is considered absent if he/she arrives more than 30 minutes late to class, leaves 30 or more minutes early or does not come to class.

The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

ONLINE OR WEB-ENHANCED CLASSES: Just as students are required to attend face-to-face classes, students are required to log in and participate in online components. To receive credit for attendance online via eCollege, students must log in and complete assignments in a timely manner. Not logging in to eCollege (which can be monitored by the instructor) and completing assignments online during the appropriate time is the equivalent of an absence for each week this occurs.

Final evaluation and grades depend on both presence and participation. Students’ grades will be significantly impacted by inadequate participation or lack of required time commitment each week. Students are expected to spend a comparable amount of time in the online learning environment as they would in class (3 hours a week in the classroom). In addition, just as in traditional F2F classrooms, students are expected to spend time reading and studying class materials.

NOTE: PROBLEMS WITH YOUR INTERNET CONNECTION AND/OR COMPUTER ARE NOT CONSIDERED AS REASONS FOR LACK OF PARTICIPATION. You have access to the university’s computer labs (in the social work department AND other campus facilities, including the library) as well as local libraries and other access to computers and ISPs. If you believe that you are unable to fulfill the requirements for the course you should talk with your instructor about the possibility of dropping or withdrawing.

Class participation has three components: (1) Appropriate interactions with classmates, (2) Attentiveness, and (3) Active involvement in class activities. Evaluation of class participation is based on instructor observation. Students will be given feedback if problems are evident.

POLICY ON DUE DATES:
Assignments are due at the beginning of class on the dates indicated in the course schedule. Late assignments will not be accepted. Students are encouraged to plan ahead and duplicate all work onto an alternative electronic device to avoid technological problems or loss of information. Electronic copies enable students to access their assignments on one of the campus computers should their personal computer become inoperable.

POLICY ON PLAGIARISM AND CHEATING:
Every student is expected to do his/her own work. Law, ethical standards, university policy, and departmental policy demand that students refrain from plagiarism and any form of cheating. Plagiarism is the "Act of appropriating the literacy composition of another, or parts of passages from of his [or her] writings, or the ideas or language of the same, and passing them off as the products of one's own mind." (Black's Law Dictionary, Abridged Fifth Edition, 1983). When using others’ words, phrases, or ideas in writing, the original author should be given proper credit.

Cheating may take different forms. These include, but are not limited to, copying others' answers during an exam, using notes or other forms of help during an examination or quiz, except when explicitly permitted by the instructor, giving or receiving help on exams or assignments, or submitting work for one class which has already been submitted for another class for credit. Use of citations from the Internet without paraphrasing content AND proper referencing is regarded as plagiarism. Professors have the right to use electronic review programs (such as Turn It In”) to identify plagiarism.

The department does not tolerate plagiarism or cheating. A student found to be engaging in such illegal and unethical conduct may receive a failing grade in the course and may be subjected to further disciplinary proceedings. Any assignment or exam that lacks honesty will be given a grade of "0".

ACCEPTABLE CLASSROOM BEHAVIOR:

“Students at Texas A&M University-Commerce are expected to obey all federal, state, and local laws, in addition to the regulations of the University. The standards of Student Conduct including disciplinary rules and procedures are designed to provide and conform to the basic tenets of due process, as developed by institutions of higher education. As such, the University distinguishes these procedures and regulations as an educational and growth
process which is not intended to conform to adversary proceedings as in a court of law. (Student’s Guide Book, 2011, p. 35).

CODE OF CONDUCT FOR SOCIAL WORK STUDENTS

Texas A&M University-Commerce, School of Social Work expects all social work students to conduct themselves in an ethical, professional manner. Professional ethics are at the core of social work. The profession articulates its basic values, ethical principles, and ethical standards as set forth in the *NASW Code of Ethics* to guide social workers’ conduct. The Code is relevant to all social workers and social work students, regardless of their professional functions, the settings in which they work, or the populations they serve. Accordingly, we expect social work students to demonstrate courtesy, respect and support for fellow students, instructors, clients, and all other persons.

All students enrolled in BSW or MSW classes are expected to observe the tenets of the NASW Code of Ethics and the Social Work Student Code of Conduct. Our Code of Conduct is reflective of professional and academic expectations – a student who cannot demonstrate appropriate behaviors will not be appropriate for practice in the social work profession. Students who violate these Codes may be asked to meet with appropriate Social Work faculty (instructors or Program Directors). In addition, the department’s Academic and Professional Issues (API) Committee is responsible for dealing with student issues when requested by faculty.

STUDENTS WITH DISABILITIES

It is the policy of Texas A&M University-Commerce and the Social Work Department to do everything we can to accommodate students with disabilities, pursuant to federal and state law, and the University’s commitment to providing equal opportunities. Any student with a disability who needs accommodation, for example, in accessibility, seating placement or in arrangements for examinations should not hesitate to inform the instructor. If required, large type, Braille or cassette recordings of syllabus or assignments can be provided.

Students with conditions that require special attention or accommodation should contact the Director of Disability Resources & Services at 903-468-5150 (located in the Library, Room 132).
