**COURSE MEETING DAY/TIME/ROOM**  
Tue & Thur – 9:30 – 10:45 in BA 244

The course is web-enhanced. Students will need sufficient internet access, including usage of TAMU-C email accounts. Students will be responsible for resolving any access issues.

**COURSE DESCRIPTION**  
*Introduces the student to the basic concepts and tools of analysis in microeconomics. Focuses on the operation of markets, with emphasis placed on the analysis of current problems such as health care, the environment, crime, education and regulatory reform. A major concern is how prices of individual goods and services are determined and how prices influence decision making.*

**STUDENT OUTCOMES/OBJECTIVES**  
Upon satisfactory completion of the course, the student will:  
- Understand the core concepts of scarcity, opportunity cost, and how markets function.  
- Understand how firm and household choice is modeled as supply and demand in microeconomics.  
- Understand the conditionals vital to well-functioning markets and those that create market failure.

Remember that there are alternative sources beyond our bookstore for textbooks (see announcement)

COURSE EVALUATION
All grading will be >90% = A; 80-89% = B; 70-79% = C and so on with <60% = F
Please also note that if this is required for your major, you will not graduate with a D -- so plan accordingly when deciding the effort to dedicate to the class.

Tests: 4 exams worth 100 points each = 400 points
MyEconLab =100 points
*The lowest test OR myeconlab grade will be dropped.
Participation quizzes/assignments/discussions: = 150 points
Other opportunities may become available.
Total points* =550 points

It is critically important that you follow the instructions for submission of work. I will not search for your work, if it is not submitted correctly it may not be graded.

TESTS
Four exams will be given, The lowest score on an exam (or the MyEconLab score if it is lower) will be dropped. No makeup exams will be given except for school sanctioned events, but again, the lowest score will be dropped. If there is evidence that you cheated on an exam, you will receive a zero for the exam.

IN CLASS QUIZZES AND ASSIGNMENTS
These assignments and quizzes are mainly to help me and you ascertain your progress and comprehension. They will be graded primarily as pass/fail and may always be returned, but we will collectively discuss answers.

LATE WORK
Tests that will be missed for school sponsored activities must have arrangements made prior to missing the exam.

Late written work must be emailed to me with LATE WORK in the subject line. Every day late (including weekends) will be a ten percentage reduction in the total points possible. I fully understand that issues arise with personal and professional conflicts – if you are aware of a conflict you may contact me to make arrangements for early submission if necessary.

**STUDENT CONSIDERATIONS**
- Students are required to use leo.tamu-commerce.edu email address for email communication.
- Please email me or call during office hours instead of leaving voice mail messages on my phone.
- Cheating on exams or plagiarizing assignments will absolutely not be tolerated. You must read the TAMU-Commerce Academic Honesty Policy posted in the first week. Continuing in the class is an implicit agreement to abide by the terms of the Honesty Policy. If you are caught cheating in this class, you and anyone else involved will receive an F for the class. I take this VERY seriously and do a fair amount of research into any suspicious results or similarities. Online cheating is actually much easier to detect than you would expect. Depending on the severity of the offense, you may be expelled from the University for Academic Dishonesty.
- The deadline for dropping a class is listed under the academic schedule.
- Refer to Student’s Guide Book located at: [www.tamu-commerce.edu/studentlife/guidebook.htm](http://www.tamu-commerce.edu/studentlife/guidebook.htm)

**STUDENTS with DISABILITIES**
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
