COURSE DESCRIPTION:
This course is a study of knowledge management and its organizational impact. Students will be expected to conduct extensive research into how knowledge management affects the contemporary organization. Emphasis on how organizational knowledge is captured, retained, accessed, and used to provide a competitive edge in the global environment. (Note: This course is 100% online). (Students should keep copies of this syllabus for the TMGT 599 Course).

Student Learning Outcomes:
Upon satisfactory completion of the course, the student will:
- have an advanced understanding and concept of knowledge of U.S. business and industry,
- be able to define knowledge management as it applies to contemporary business and industry,
- be able to conduct advanced internet research of sources in order to development a scholarly written paper on the various aspects and practices of knowledge management,
- be able to write a scholarly paper utilizing APA suitable for journal publication, and
- be able to define the future impact of knowledge management in U.S. business and industry.

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments
All of the course and student performance objectives will be assessed using responses from briefing and other deliverable materials. The learners will be expected to articulate appropriate comments, observations, answers, or treatise concerning each of the course objectives, during discussions, the final executive briefing and the deliverable work(s).

In the workplace, you will be expected to produce documents that are clear, error-free, and visually effective. Your written products must also satisfy general requirements of the organization, be appropriate for a specific purpose, and meet the needs of the audiences for the communication. Competencies will be measured by a combination of a student written assignment and a comprehensive examination.

Grading
Discussion boards will be graded based on Content, Feedback, and Writing style. Evaluations of assignments will reflect these basic concerns and each deliverable will be graded in accord with the following criteria guidelines:
- Creative Ability / Originality (25%)
- Scientific Thought (30%)
c. Thoroughness (15%)
d. Skill (15%)
e. Clarity and format (15%)

**Research Paper (350 Points)**

Each student will be expected to read the textbook adopted for this course and additionally conduct extensive and verifiable internet research on the topic of “knowledge management”. Based on the research and its finding, each student will be expected to write a scholarly research paper using the provided Manuscript Format Guide. The paper is to extensively address each of the following:

- Definition(s) of “knowledge management”.
- Overview of “knowledge management” practices as found in contemporary American business and industry.
- Discussion on how organizational knowledge is captured, retained, accessed and used to provide a competitive edge in the global environment.
- Projections of the future of “knowledge management” and summarization of your research findings.

Internet research cited in your paper is to come from only verifiable and legitimate sources. Your cited sources will be checked and verified by your Professor and must be cited properly per APA. Wiki sources are NOT acceptable. Supporting Power Points will be eligible for extra consideration.

The Manuscript Format Guide (found in Doc Sharing) must be followed for your paper-no exceptions! It is the student’s responsibility to familiarize and to be able to apply the Manuscript Format Guide provided. In addition, the Professor may post APA guideline tools in the Doc Sharing folder students may chose to use (or not).

**Research Paper Due: April 28, 2013 by midnight**

**Examination (400 Points)**

There will be one (1) examination during the semester. The examination will be completed “individually” and outside of class, i.e., “take home”. The examination will be based on information found within the course textbook.
It is critical that you read the course textbook thoroughly. Responses to questions will require the student to conduct additional outside readings and research.

All references used in your responses must be properly documented (cited) using the APA Publication Manual as a guide.

The examination will be posted on eCollege in “Doc Sharing” on or about April 29, 2013.

Completed Examination Due: May 6, 2013 by 10:00pm

TECHNOLOGY REQUIREMENTS

The student will need access to high-speed internet connection, with a modern computer (Windows XP or newer, MS Office, Internet Explorer (6.0, 7.0, or 8.0). It is probable that lectures will be conducted via the web, using ClassLive Pro. Students will be given instructions as to how to access this program via the Drop box. Students also will need a microphone and speakers (preferable a headset) in order to hear and talk with the Professor.

Your courses will also work with Macintosh OS X along with a recent version of Safari 2.0 or better. Along with Internet Explorer and Safari, eCollege also supports the Firefox browser (3.0) on both operating systems.

It is strongly recommended that you perform a “Browser Test” prior to the start of your course. To launch a browser test, login in to eCollege, click on the “myCourses” tab, and then select the “Browser Test” link under Support Services.

ACCESS AND NAVIGATION

This course was developed and will be facilitated utilizing eCollege, the Learning Management System used by Texas A&M University-Commerce. To get started with the course, go to https://leo.tamu-commerce.edu/login.aspx.

You will need your CWID and password to log in to the course. If you do not know your CWID or have forgotten your password, contact Technology Services at 903.468.6000 or helpdesk@tamu-commerce.edu. For additional information on how to be a successful student, log in to tamuc; password online, and read the information provided.

Students will access and follow all course instructions found in the weekly content area; they will participate in ClassLive Pro sessions, as well as Discussion Boards, submit assignments via the Drop Box tab, and take the Final Exam.

COMMUNICATION AND SUPPORT

Information on how to contact your Professor is provided on the first page. Email is the preferred method of communication. Every effort will be made to respond to your email within 24 to 48 hours. If personal meetings are desired, an appointment must
first be made and confirmed. As this is a summer class, no set office hours are in effect. The Professor will communicate with students via email, Class Live Pro, and eCollege Announcements. All communications are expected to be of professional nature, with proper spelling and punctuation.

**SUBMITTING ASSIGNMENTS**

**Protocol for Preparing Homework or Other Submittals**

Submitted student work must be prepared using Microsoft Word, and PowerPoint; other word processing formats will not be accepted. Keep your electronic copies for future use in capstone or portfolio courses.

In the workplace, you are expected to produce documents that are clear, error-free, and visually effective in communicating your message. Your work products must also satisfy general requirements of the organization, be appropriate for a specific purpose, and meet the needs of the audiences for the communication. Evaluations of your student work products will reflect these same basic concerns. Neat, professional appearing submittals, which are well organized, communicate your thoughts well, and contain technically correct information will receive higher scores. Additional guidelines for the term paper and PowerPoint slides will be provided in the Doc Sharing section and/or Announcements.

Put your name on the top of your submitted work product. Many submitted documents do not have a student’s name or other needed identifiers. These submittals will not be graded.

You will receive a failing grade for each assignment that does not have the following information at the top of each uploaded submittal; 1) your name, 2) the chapter homework number, and 3) the course name and number.

Use spell-check and grammar-check before submitting your work product.

Required file naming convention: All uploaded files for this course MUST use the following file naming convention **Will Not Be Graded.** E-mail not using the course naming convention will not be returned.

Convention: `LastName,Initial(s),CourseNumber,SubmittalName/Number,Extension`  
Examples: `SmithJB-SMGT-513-01W-HW01.doc`  
(No Spaces Use Dashes)

**STUDENT SUPPORT**

Texas A&M University-Commerce provides students technical support in the use of eCollege. The student help desk may be reached by the following means 24 hours per day, seven days per week:

1. **Chat Support:** Click on “Live Support” on the tool bar within your course to chat with an eCollege representative
2. **Phone:** 1-866-656-5511 (toll free) to speak with an eCollege Technical Support Representative
3. **Email:** helpdesk@online.tamu-c.org
4. **Help:** Click on the “Help” button on the toolbar for information regarding working with eCollege (i.e., “how to submit to the drop box, etc.”)
Course Specific Procedures:

Plagiarism represents disregard for academic standards and is against University policy. Plagiarized work will result in failure of the course and further administrative sanctions according to University policy. Guidelines for properly quoting and citing someone else’s works can be found in a variety of handbooks and online resources.

In addition the College of Business and Technology (CBT) has instituted its own form to prevent plagiarism. All students are required to read the form and send an e-mail to the Professor indicating that they have read, understand, and accept this policy within one (1) week of the start of the semester. Failure to do so will result in being dropped from the course.

University Specific Procedures:

ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See Code of Student Conduct from Student Guide Handbook).

Late Submittals

Avoid them. However, you can receive an extension for good cause if you contact your Professor before the assignment is due by means of an e-mail or memo in which you (1) explain the reason for the delay and (2) propose a reasonable deadline (less than one week), which you then keep. The e-mail or memo is a contract. Failure to keep the new deadline breaks the contract, and your assignment won’t be accepted. Use this option no more than once in a semester.
Incompletes are not available. A student may drop a course by logging into their myLeo account and clicking on the hyperlink labeled “Drop a class” from the choices found.
