COURSE REQUIREMENTS

1. **Develop a personal vision statement as a leader in an Early Childhood Setting (1-3 pages, typed)** (You can Google personal vision statement to find a variety of templates for developing your statement. Choose a format that works for you.) Provide a rationale for all elements included. Write in a style that is easy to read and communicate clearly. Your statement should be free of gender and cultural bias, grammatical, and spelling errors. The statement should describe your vision on being an effective leader and describe competencies that are required for successful leaders in Early Childhood Education.
2. **Program Administration Scale (PAS).** Early Childhood program quality is generally associated with indicators of the classroom learning environment. The management and leadership practices that promote norms of continuous improvement are critical for achieving and sustaining quality at the classroom level. The Program Administration Scale views quality from a broader perspective to measure and improve organizational practices.

Each student will select an Early Childhood setting that serves children between birth and age 8. The student will contact an Early Childhood setting to make arrangement to meet and obtain permission to administer the Program Administration Scale which is designed to measure program quality. Upon administering the PAS, students will write a 3-5 page typed summary of the results and recommendations for improvement of organizational practices. Additional information will be provided by the Instructor of Record.

3. Write a summary and review of the key elements in the following standards that focus on child outcomes or curriculum content:

- a. National Association for Early Childhood Education Program Standards and Accreditation Criteria. In the NAEYC Early Childhood Program Standards and Accreditation Criteria: The Mark of Quality in Early Childhood Education (Washington, D.C., 2005)

<http://www.naeyc.org/files/academy/file/OverviewStandards.pdf>

- c. Daycare and Licensing Standards

http://www.dfps.state.tx.us/documents/Child_Care/Child_Care_Standards_and_Regulations/746_Centers.pdf

4. Students will select chapters from textbooks and lead the class in discussing the key ideas in each chapter. A rubric will be provided by the Instructor of Record to provide feedback on chapter presentations. A copy of the PowerPoint presentation that will be used to lead our chapter discussions will be made available to all students.

Your active and thoughtful participation is expected in course assignments. Regular attendance is necessary and will be expected of all students.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures:

Lecture and readings: Material from course lectures will not always be found in your text. Use of class discussions and class activities will be included in most class sessions. Typically, you will be expected to read 1 to 2 chapters per class meeting. It is advised that you do not wait until the night before to start the reading material. It is recommended that you stay current with chapter readings, and read the assigned chapter/s before each class.

If you would like to review an assignment, come by my office during office hours or set up an appointment. If you are having problems in class, please come and talk to me immediately. I am better able to help you if you come to me early. Please understand that you should not come to me at the end of the semester, unhappy with your grade, asking for a way to change it. Grades will not be changed.

Citizenship: All Students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See Student 92s Guide Handbook, Policies and Procedures, Conduct).

Student Conduct: All students are expected to conduct themselves in a professional manner at all times. You are adults and will be treated as such. Discriminatory, rude, and inappropriate language will not be tolerated in this class and students will be asked to leave or drop the class. If a student continues to act in the same manner during future classes, the instructor reserves the right to drop the student from the course.

Late Work: Assignments are due on specific dates, as assigned. Assignments will be accepted after the due date with the exception of major projects. However, a 10 point deduction will be applied to assignments that are 1 day late, and an additional 5 points for each day thereafter.

Plagiarism: Plagiarism **WILL NOT** be tolerated and will result in an automatic **F** in the course. Various versions of your work and final papers will be run through Turnitin software – this is not meant to “catch” you in the act, but rather assist you in seeing possible areas that may be unintentionally plagiarized and allow for editing your work.

Academic integrity is the pursuit of scholarly work free from fraud and deception and is an educational objective of this institution.

Texas A&M University-Commerce has explicit rules and regulations governing academic dishonesty and academic misconduct. As the University states, “All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.” These policies are stated in detail in the Student’s Guide Handbook. Each student is expected to read this document and abide by the contained policies. These university policies will be followed in this class. The minimum penalty for an act of academic dishonesty will be the assignment grade of 0 or F on the assignment. The maximum penalty is expulsion from the University.

Texas A&M University-Commerce further does not tolerate **plagiarism** and other forms of academic **dishonesty**. Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty. "Academic dishonesty" includes, but is not limited to, plagiarism (the appropriation or stealing of the ideas or words of another and passing them off as one's own), cheating on exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material.

If you are unsure what constitutes plagiarism and how to avoid it. Visit the following websites:

<http://www.plagiarism.org/>

<http://www.indiana.edu/~wts/pamphlets/plagiarism.shtml>

Attendance: Attend all classes. Arrive on time and remain until class is dismissed. Class meets from 04:30 PM until 10:00 PM on alternate Mondays unless noted otherwise by the instructor. If you must miss a class due to a professional responsibility and know ahead of time, discuss this with the instructor on the first night of class to create a make-up plan. If you must miss a class due to an unforeseen excused absence or professional responsibility, email or leave a telephone message for the instructor before class, then give the instructor a written plan for make-up work at the beginning of the next class session. You must discuss this plan with the instructor and gain his approval to receive make-up credit. Each unexcused absence will lower your final average score by 10 points. For a definition of an excused absence, please see the Texas A&M University-Commerce Catalog or Student’s Guidebook.

Cell Phones/Computers: Please respect the instructor and your peers by turning off your cell phones and other technical devices during chapter presentations, unless you have notified me at the beginning of class that you have a critical family situation about which you must be notified. This should constitute only emergencies.

Scholarly Expectations: All works submitted for credit must be original works created by the scholar uniquely for the class. It is considered inappropriate and unethical, particularly at the graduate level, to make duplicate submissions of a single work for credit in multiple classes, unless specifically requested by the instructor. Work submitted at the graduate level is expected to demonstrate higher-order thinking skills and be of significantly higher quality than work produced at the undergraduate level.

Withdrawal Policy: Every student has the right to drop the course without penalty until the drop-date. Students dropping the course during this period will be given a DP (drop while passing). A grade of DP is GPA neutral, but a grade of DF counts as an F on your transcript.

If you choose to stop attending class, you may be dropped from the course due to excessive absences. If you are not satisfied with your grade in the course and wish to drop, it is YOUR responsibility to drop the course. Once a grade of DP or DF has been submitted, it cannot be changed.

A student may drop a course by logging into their myLEO account and clicking on the hyperlink labeled 'Drop a class' from among the choices found under the myLEO section of the Web page.
