Course Requirements

1. Regular access to e-mail and the Internet is a requirement of this course. **First Assignment:** Log-on to the course. “eCollege” can be accessed by going to the TAMU-Commerce homepage (www.tamuc.edu) and clicking on “My Leo”. **Acknowledge that you have read and understand the syllabus and course schedule on “Virtual Office”.** A current copy of the **syllabus** and **course schedule** has been uploaded to the course. Other course materials, chapter power points, charts and minor exams that we use will also be uploaded to this site. Any questions or observations from members of the class can be made here in Virtual Office. I will check this regularly for comments and questions.

Note: Announcements and schedule changes will be posted on the course website located on “eCollege”.

2. **Business Plan Project.** (40% of total Grade) Student teams will develop and present a business plan for the creation, acquisition or expansion of a business. The business idea may include a franchise. The particular business idea to be developed must be approved by the instructor. This project will be guided and supplemented by classroom lectures, the textbook, and class discussion of actual business situations. The business plan will represent a **realistic business situation** that could be implemented if a student, student team, or other entrepreneur chose to do so.

One-half of the business plan grade (50%) will be based on a completed written plan as produced by the team; one-fourth (25%) will be based on peer review of the team presentation; and one-fourth (25%) will be based on instructor evaluation of the team presentation.

Syllabus, Fall 2013
MGT 308-01E - Entrepreneurial Strategy

Two rough drafts of the business plan will be submitted during the course. Please check the [course schedule](#) for due dates.

Note: The rubrics for evaluating the Business Plan Document and the Team Presentation are presented in **Appendix A** of the syllabus.

Note: A brief note on the **contents of a business plan** and the requirements for **business plan draft contents** are included in **Appendix B** of the syllabus.

3. **Minor Examinations:** (10% of Total Grade) Format announced in class. 7-10 exams during the course. The Minor Exam (ME) grade will be the average of the exams taken with the lowest Minor Exam grade removed. Since the lowest ME grade will be removed in computing the ME average grade, **Minor Exams will not be eligible for make-up.**

4. **Mid-term Examination:** (15% of Total Grade) Multiple choice and essay in format.

5. **Final Examination:** (15% of Total Grade) Format will be announced in class.

6. **Case Study Reports:** (10% of Total Grade) There will be 2-3 case studies assigned during the semester. Each case study will provide a general background and description of a particular business situation along with a list of questions. These will be discussed in class and each student will be required to submit a written report describing analyses and conclusions reached in addressing the case study questions. In most **case studies** there is no “right” or “wrong” answer. The important thing is to be able to identify the key issues, form reasoned conclusions as to those issues, and be able to express those conclusions clearly.

7. **Classroom Participation:** (10%) Each student is expected to be present and prepared for class. This grade will derive from the student’s participation in case discussions, project status reports, project rough drafts, team presentations, and the team itself. **The five categories making up this component of the grade are attendance, rough draft A, rough draft B, teamwork (as measured by each team member’s assessment), and classroom participation (based on the project status reports, case study discussions, and assessment of the instructor).** The grades from each of these five categories will be averaged to arrive at the classroom participation grade.

8. **Attendance:** Attendance will be a component of the Classroom participation grade. Each student is **required to sign-in** at the beginning of the class session. A class roster will be available for each student to sign when present. The honor system will be in effect for sign-in. Violations will be treated in the same manner as cheating in class.

Syllabus, Fall 2013
MGT 308-01E - Entrepreneurial Strategy

9. **Student Teams:** Student teams will be formed in the first week of class. There will be 3-5 members per team. Students may form their own teams, within constraints, but these may be altered as needed by the instructor. The primary constraint is that each team should include representation from more than one major when possible. Virtual meeting rooms will be provided for each team on eCollege to assist making team meetings more convenient. If significant “personnel” problems occur within a team, the instructor will act as mediator. This will only occur after the team has made every effort to resolve the issues within the team. In the event team problems cannot be worked out, changes may be made. This situation could have dire results for the team’s performance in the course.

Note: Individual contribution to team performance will be evaluated as part of the overall grade in the course.

Rough Drafts

As noted in the class schedule, each team is required to submit two “rough drafts”. Each draft is to cover only certain portions of the business plan as shown below. The purpose of the rough drafts is to provide some measure of progress being made and to ensure that each team is on course for successful completion. The drafts may be thought of as a status report. If additional information is needed to complete a draft of a section, merely describe the actions that are being taken to gather the information and/or finalize any decisions.

Note: Drafts will receive a grade. In addition, failure to turn in a draft will result in 5 points being taken off the grade given to the final written report (Along with a zero in this component of the classroom participation grade).

Minimum Contents of Drafts:

- Draft A:** Company Overview
Product Description / Services Plan
Market description, Plan for any further analysis
Forecast of capital type and amounts required
- Draft B:** Marketing plan, Update on Market analysis
Summary of key financial assumptions
Status of Financial Projections
Preliminary list of appendices
