

# Psy 300 Summer II 2014

This is a tentative syllabus due dates and assignments are to be determined.

## Welcome!

I am excited about this new semester and the additional students that I will meet over the Internet. I encourage you to view the syllabus to know the class content, quizzes, Dropbox essays, discussions, and course requirements. You should go ahead and begin the first assignment. (Scroll down to find topics.) I will be responding to questions sent to my email ([william.masten@tamuc.edu](mailto:william.masten@tamuc.edu)).

Notice: Online versions of this course have the same requirements regardless of the semester (summer vs. spring) offered. I reserve the right to add to or change this syllabus.

Instructor: William G. Masten, Ph.D. Department of Psychology and Special Education, Texas A&M University-Commerce, Commerce, Texas 75429. E-mail address [william.masten@tamuc.edu](mailto:william.masten@tamuc.edu). Office hours: Tuesday and Thursday 3:00 to 5:00 pm, Friday 3 to 4 pm and by appointment.

### Academic Misconduct

If I detect academic misconduct, you will automatically **FAIL** this course.

**Honesty and Plagiarism:** As an Internet class and there may be an opportunity to cheat (share exams, or perform other acts of academic dishonesty). Unless otherwise indicated, all of your work is completed independently. If you are suspected of academic dishonesty, you may be referred to the Dean of Students for disciplinary actions. I need to emphasize that there is the assumption that answers to Dropbox Essay questions and assignments are your own. I welcome and encourage you to use the journal articles, and books. However, avoid independent websites that are not journal articles as resources to completing the Dropbox Essays, assignments or Discussions. You must provide a reference for every Dropbox Essay that uses any idea borrowed from a source. A simple statement such as "references included" will not be sufficient. No one cares if you get an idea from someone as long as you credit the source. Do not use sources without crediting the source. Another person's idea used without a reference is plagiarism.

**Plagiarism:** Instructors do not tolerate plagiarism and other forms of academic dishonesty. Students are expected to uphold and support the highest academic standards. Penalties for students guilty of academic dishonesty are listed in the Student Code of Conduct (Texas A&M University-Commerce Code of Student Conduct). If it is determined, you committed plagiarism or cheating will get you an F in this course.

**Plagiarism is a complicated issue.** 1. If you use a direct quote without using quotation marks, the page number of the quote and the authors name and year of publication, this is definitely plagiarism. 2. Using someone's idea without crediting the source is plagiarism. This includes information from our textbook. 3. Using an essay you have used before is plagiarism. 4. Using a paper from a "paper mill" is plagiarism (i.e.

term\_papers\_are\_us.com). 5. Using a paper or essay someone wrote for you is plagiarism. Using a paper or essay for 2 courses is plagiarism. You may **not open or use another student's files**.

**How to avoiding plagiarism:** 1) Always cite the source. 2) Never use direct quotes. 3) You may not open or use another student's files.

**Cheating** is the willful giving or receiving of information in an unauthorized manner during an examination, illicitly obtaining examination questions in advance, unauthorized copying of computer or Internet files, using someone else's work for the assignments and presenting it as if it were one's own, coping test items, printing test items or saving test items, or any other dishonest means of attempting to fulfill the requirements of a course. **You may not open, view, download, save or use another student's files or your work from another course.** If you do this is cheating and will fail this course.

**Collusion** is intentionally aiding or attempting to aid another in an act of scholastic dishonesty, including but not limited to, providing a paper or project to another student; providing an inappropriate level of assistance; communicating answers to a classmate during an examination; removing tests or answer sheets from a test site, or allowing a classmate to copy answers.

**On the use of direct quotes:** Do not copy direct quotes from any source. Any use of direct quotes will gain the user a grade of 0.

**The virtual office** is open for your use. You may ask any questions about the course. I will answer the questions so everyone may see the answers. This should save your time and prevent more than one student from asking the same question.

**People First Language** In special education, general education, and psychology, it is important to refer to individuals who have a disability (or a D.S.M. diagnosis) in "people first" language as described in the federal special education law, I.D.E.A. 2004. We do this to focus on the individual first, not the disability. Always refer to the person first, and the disability second. For example, you would not discuss a person as "an A.D.H.D. student", but refer to them as "a student with A.D.H.D."

**Diagnosis in Special Education** We will follow the federal special education law IDEA 2004, to guide our use of use of the various diagnoses in special education. I am aware some individuals do not like this however, I did not write the law! We will follow IDEA to avoid confusion. For example, I.D.E.A. used autism, not autism spectrum disorder. Outside of class, you may use the words you wish.

**Required assignments:** Read and learn all assigned chapters, **study all documents under doc sharing**, complete all assignments, Discussions, Dropbox Essays and quizzes under specific units.

**Discussions, Dropbox Essays and quizzes.** Always refer to this syllabus to know the due dates.

**The quizzes.** There will be three quizzes; the first one will be on A.P.A. style and the syllabus. The other two are on the textbook, PowerPoint and documents in doc sharing. All the quizzes will have multiple-choice questions. The quizzes must be taken at the time designated, **not before, not after** (ecollege does not have the flexibility for students to take a quiz on different dates). At 11:00 pm on the quiz day, your ability to access the quiz will end. After you take a quiz, you will receive your score. The items are not provided because the quiz has not been designed to be a learning experience. Rather,

they as designed to measure learning. If you want a learning activity, make up questions before you begin reading a chapter, go to the textbook web site, or use the study guide. The textbook website and the study guide may have practice quizzes to measure learning. If **you attempt to copy or print any items of the quiz, this is cheating and it is a violation of copyright.** I will set up the quizzes to determine which students do this.

**Late quiz:** if you miss a quiz for reasonable reason, or lose the internet during the quiz and wish to complete it, notify me on the day of the quiz and I will make arrangements for you.

**Study tips:** Reading the assigned chapters, documents and PowerPoint presentations are crucial to academic success in this class.

**Criteria for Dropbox Essays.** Type your Dropbox Essays in MS Word and use the spellcheck. **Do not use websites from the Internet. Use of websites = 0.** Use only journal articles and books.

**On the use of direct (or verbatim) quotes.** Do not cut and paste direct quotes from a book or an article (unless you want a 0). Put the answers in your own words and credit the source (use A.P.A. style: <http://flash1r.apa.org/apastyle/basics/index.htm>).

**On the use of websites:** **Do not use websites from the Internet. No use of *Psychology Today, or Ladies Home Journal* type magazines or websites, blogs, Facebook, etc.** to answer questions. Use of these = 0. Use only journal articles and books.

**Dropbox Essay will be graded** as follows: Every Dropbox Essay for which factual information is required, must have a legitimate reference. No reference = 0. On Dropbox Essays for which factual information is required, **do not put your personal beliefs, experiences, or opinions.** Save for your opinions for the Discussions. I will read the Dropbox Essay and evaluate individual performance. This is a subjective evaluation.

For every Dropbox Essay, be sure to respond to one of your fellow students using Discussion about some aspect of the topic. If you neglect to post a response to at least one of your fellow students for every Dropbox Essay question, expect fewer points.

**Never, never** use direct quotes from the textbook, journals, or books. **Always, always,** put the answer in your own words. It must be a "real" journal, Not *Psychology Today or Time*. Do not use websites from the Internet. Use only journal articles and books. Put the answers in your own words and credit the source (use A.P.A. style: <http://flash1r.apa.org/apastyle/basics/index.htm>).

**Questions** Is it ok to submit an outline instead of an Dropbox Essay?

Answer: No outlines = 0. Always submit a written essay, not an outline.

What are the expectations for the Dropbox Essay responses? The questions should be answered completely, accurately and in the greatest detail possible for the highest score.

**On the use of abbreviated English or slang in Dropbox Essays.** When you write your Dropbox Essays, avoid short hand English (i.e. R for are, U for you, cant for cannot, 5 mth for five months) or slang. This is fine in email messages or text messages to your friends, but not in a formal Dropbox Essay where you are graded. Think of the Dropbox Essays, as formal essays that you would type on white paper and hand in if this were a face-to-face course.

**Grading Plan:** If you go the extra mile on every Dropbox Essay, you will be rewarded. If you have everything “down pat” from the book, documents, PowerPoint, videos, etc. you will gain a higher score on the quizzes. Some students indicate they do not have enough time to study. In that case, wait to take the course until you have enough time.

**Dropbox Essays will be graded as follows.**

**100-90: Great job.** No typos, the essay is beyond minimum requirements, additional references added, excellent knowledge of topic, essay is clearly completed with much forethought, one of the top papers in class, independent of class size, correct A.P.A. style is used appropriately, submitted on time, independent of excused or unexcused absence. No typos, built upon minimum requirements, exceeded reference requirements, excellent knowledge of topic, completed with forethought.

**89-80: Good job,** writing good, although at times not too clear, offered basic understanding of major points, ideas at times choppy, few typos, top 25% in class, A.P.A. style requirements met, all questions answered, met reference requirement.

**79-70: Paper attempted but completed poorly,** several typos, did not followed directions, part or the entire question not answered, if there is more than 1 question, part was just not answered; paragraphs are not paragraphs just sentences, no independent thought, a collection of ideas from others. Did not meet the reference requirement.

**Below 70: Paper not completed with forethought,** numerous typos, student does not meeting minimum requirements, not reflective of college-level performance, Paper turned in, but too many distractions. Did not meet reference requirements. Did not answer both parts of a question.

**0 for assignments not answered** by the due date;

**0 for Dropbox Essays** that have direct quotes from a book, an article, etc.

Each **Dropbox Essays** has a value of 100 points. Your Discussions response to another student is 10 points.

**Final letter grade** = average of percentage of all discussions, Each Dropbox Essays, and quizzes, not the total number of “points”. 100-90% = A; 80-89% = B; 70-79%=C; 60-69%=D; below 60% = F.

**Notes on acceptable Dropbox Essays:** I expect your Dropbox Essays to be written at a college level. You must post your Dropbox Essays under Dropbox, do not send me the essay via email.

Do not attach files in Discussion. All students must be able to see you Discussions. You must submit **Dropbox Essays** using **12 font size, Arial font type,** and 1-inch margins on all four sides. I expect you to proofread, utilize spell-check and grammar-check software prior to submitting your assignment.

**Grades will be based on quality of responses,** not length of responses. Length is not the measure; completeness and accuracy are the measures.

**Factual knowledge versus opinion:** when a **Dropbox Essays** asks for factual knowledge, do not give your personal opinion. Save your personal opinions for the Discussions. Other times, when **Dropbox Essays** ask students to support a specific view, some students think they can support the opposite of the view. Be sure you do not fall into these mistakes.

**Finding the Assignments** Where is Assignment? Look under Course Home and you will see Unit 1. Hit Unit 1. Hit the "Assignment" tab. There will be a "drop down menu" then scroll to the appropriate Assignments. Assignment demarcations will obviously change with the assignment numbers, such as Assignment for units 2, 3, 4, etc. If you need help, first phone call to technical support may be necessary for further clarification. From time to time Ecollege may not work. When this happens, be sure to notify me. You will not lose points if you explain the problem, the time, and date of the problem

**Using Dropbox Essays.** All of your Dropbox Essays will be submitted via the Dropbox.

Your reactions will be submitted using Discussion. Where is Discussion? Look towards the top of this page and you will see Unit 1. Hit the "Discussion" tab. Look for "Unit 1 Discussion" and then scroll to appropriate Discussion. Do not forget to push "post response". Essay demarcations will obviously change with the Discussions, such as units 2, 3, 4, etc.

Each time you post a **Dropbox Essay**, copy and paste the question. In this way, everyone will know which question you are answering. Always save the **Dropbox Essays** on your hard drive just in case you lose the essay in ecollege. The easiest way is to simple paste your response from Word to **Dropbox**. Each one of the "**Dropbox Essays**" has been designed to enhance your skills and abilities in various areas which correspond to the course objectives. I may make comments on the Dropbox Essay answers.

**Technical Troubles:** If you need help, first send a message to technical support. If your problem cannot be solved there, phone for technical support for further clarification. If that does not work, send an email message to me. From time to time Ecollege may not work. When this happens, be sure to notify me.

**Email Policy:** I will attempt to return emails with 48 hours. Please do not send second emails etc. Please, do not request grades be send via email. I will post grades only on Ecollege. From time to time, I will send you email messages so be sure to check your email messages.

**Students with disabilities:** If you have a disability you should notify the instructor at least 6 weeks before the semester begins (considerable time is necessary to prepare the course). The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact Office of Student Disability Resources and Services, Texas A&M University-Commerce, Gee Library, Room 132, Phone (903) 886-5150 (903) 886-5150 or (903) 886-5835 (903) 886-5835, Fax (903) 468-8148, StudentDisabilityServices@tamuc.edu

**Assumptions Related to Successful Completion of this Course:**

1. You have reliable access to a computer with an internet connection. There are a number of computer labs on campus.
2. Ability to use "MS Word" word processing.
3. You have adequate writing abilities. You may seek the assistance of the University Writing Lab. There will be no loss of points for using the University Writing Lab.
4. You are able to read the required reading materials.

5. These questions are listed as every semester students present numerous inquiries along the following lines of thought:
- a. I do not have a computer and I did not know a computer was required for the course! Yes the computers in the library.
  - b. I am not accustomed to writing essays. Can you prepare an alternative task for me? No.
  - c. I am working 40 hours per week, taking 18 semester hours, and have three children. Can you reduce the course workload for my situation? No.
  - d. I just do not have the time to do all the requirements of the course. May I do less? No.
  - e. Can I take this course without reading the book or support materials? No.
  - f. You really do not expect me to read all the assignments, do you? Yes.
  - g. I do not like to read, may I avoid the readings? No.
  - h. I cannot take the test on the days indicated. Take another section of this course; there are many.

The previous quotes are taken from actual emails received in the past. Anything I do for one student, I must do for all students. Each student will receive 3 credits for Psy 300. There will not be an \* next to the course indicating you did less than the requirements. If you are not able to meet the course requirements, then you are encouraged to drop this course.

#### **Study Recommendations:**

1. Study the syllabus and know the due dates.
2. Do not wait until the last minute to post your assignments. Post an assignment early as opposed to the last minute. Remember Murphy's Law: "Anything that can go wrong will go wrong." Murphy's Extended Law: "If a series of events can go wrong, they will do so in the worst possible sequence." The same laws apply to the quizzes.

**Office preference:** Since this is an online course, the expectation is that everything can be completed online. For that reason, if you have a general question about the class, post it under virtual office. For specific questions, use my email address. Thanks.

**Late assignments:** If the assignment is late, you may receive a 0 on that assignment. Assignments will be due at 11 pm on the designated deadline dates, as are the quizzes. I recognize things happen. Even if late, be sure to post your assignment. If your response is there when I grade it, the essay will be graded. Do not wait weeks to post a Dropbox and expect your work to be graded. One student waited until after I posted final grades, and then asked if her late assignments could be graded. If you miss an assignment due to death, military, or reasonable excuse, please email me. If you miss an assignment without a legitimate excuse, you may receive 0 points. If you miss two (2) or more assignments without a valid excuse, you may be dropped from the course. If you cannot get in Ecollege, go to technical support and then contact me.

**Respect for Others** The topics of conversation may be emotional and controversial. Loosely quoting Voltaire, I may not agree with what you have to say, but I will fight to the death for your right to say it. I encourage you to disagree with me and other students. However, there is a difference between academic discourse and rudeness. If you cross the line, I will counsel you on the matter. If you make racial, sexist, or non-scholarly comments or derogatory statements, I will refer you to Dean of Students. I encourage you to offer your opinion, or disagree with me or other students, or even offer your opinion strongly, be respectful to your classmates and your teacher. At the end of

the semester you will be asked, "If you were provided with a safe and caring online "class environment" that was open for learning." I expect all will answer yes, If not, you should contact me during the semester to tell me why you did not see the class environment as safe and caring.

**APA Format:** You are required to use A.P.A. format to cite the source of all ideas (including our textbook and journal articles). If you fail to list references for a **Dropbox Essays**, you will lose all possible points. If you improperly use A.P.A. format, then you will lose some points. If it is not your idea, then you must cite the source by using a reference. Below are sites that discuss the A.P.A. Style. **Conduct:** The University regards the following as illustrations of misconduct by individuals or groups, which may result in review by the appropriate disciplinary agencies:

Academic cheating and plagiarism.

Malicious destruction, damage, unauthorized possession, or misuse of University property, including library and laboratory materials, or of private property on the campus.

Abuse, whether physical, mental, or otherwise, of another person in the University community.

Disorderly conduct, which inhibits or interferes with the educational responsibility of the University community or the University's social-educational activities.

Violation of local, state, and federal laws on or off campus.

Recurring incidents, which are in violation of University policies, and/or other such persistently irresponsible behavior that brings into question the student's serious intent to pursue an education.

Failure to respond to a summons by letter, telephone call, E-mail, or personal messenger from a University administrative official or faculty member.

Sexual or racial harassment.

## **Learning Objectives**

### **1. Learning Objectives for Quality Enhancement Plan (QEP)**

The Quality Enhancement Plan (QEP), for the University is Preparing Students for an Interconnected World.

Learning Outcome 1: Students will be able to demonstrate knowledge of the interconnectedness of global dynamics (issues, processes, trends, and systems).

Learning Outcome 2: Students will be able to apply knowledge of the interconnectedness of global dynamics.

Learning Outcome 3: Students will be able to view themselves as engaged citizens within an interconnected and diverse world.

### **2. Learning Objectives for Psy 300 (course objectives):**

Upon completion of this course, the students will be able to:

(1) Distinguish age-appropriate behaviors as they relate to teaching

(2) Distinguish between measurement, evaluation, and the implications of each for assessing student progress;

- (3) Apply information regarding the theories of the teaching-learning processes to how people learn, what motivated them, and how they retain knowledge
- (4) Apply information on academic honesty and use of A.P.A. style for citing references.

Development:

- (1) Identify stages and developmental characteristics of student (includes cognitive, social, emotional, and physical development).
- (2) Interpret the interrelationships among cognitive, social, emotional, and physical development in students

Measurement and Evaluation:

- (1) Describe principles of testing and measurement. Includes the purpose of testing, the principles of reliability, validity, basic measurement statistics, and interpreting the results of standardized tests.
- (2) Apply principles for developing assessment instruments including advantages and limitations of various types of test questions, basic principles for developing different types of test questions and basic principles for developing student observation measures and other informal assessments
- (3) Apply procedures for scoring and interpreting assessment instruments. Includes types and uses of assessment instruments, scoring procedures for teacher made tests

Learning:

- (1) Apply knowledge of behaviorist learning theory, especially principles of reinforcement, to instruction.
- (2) Apply knowledge of information processing theory to instruction.
- (3) Apply knowledge of cognitive learning theory to instruction

Motivation:

- (1) Apply knowledge of humanistic approaches to instruction.
- (2) Apply principles of motivation to instruction.

Cultural Diversity:

- (1) Describe the effect of ethnicity on learning.
- (2) Describe the advantages of bilingual education.

## **Learning Objectives (Teacher Competencies Psy 300)**

1. The student uses an understanding of human developmental processes to nurture student growth through developmentally appropriate instruction
2. The student recognizes that students' developmental characteristics affect what and how they learn and that effective decision-making about instructional content and methods takes into account individual students' levels of development in the various domains (e.g., cognitive, social, emotional, aesthetic).
3. The student is aware of expected developmental progressions and ranges of individual variation in each domain, knows how to foster growth in each domain, and understanding how development in any one domain may affect performance in other domains.
4. The student applies knowledge of human development to design instruction that helps students at various developmental levels make connections between their current skills and understandings and those that are new to them.

5. The student considers environmental factors that may affect learning in designing a supportive and responsive classroom community that promotes all students' learning and self-esteem.
6. The student understands how various external factors (e.g., conflict within students' families, peer relationships, gang-or drug- related community problems, malnutrition) may affect students' lives and their performance in school and knows how to create a learning environment that takes advantage of positive factors and minimize the effects of negative factors.
7. The student recognizes signs of stress in students (e.g., a sudden drop in grades, an increase in aggressiveness) and knows how to respond appropriately to help students deal with stress.
8. The student understands factors inside and outside the classroom that influence students' perceptions of their own worth and potential (e.g., grouping practices, parent and teacher expectations, prior experiences in school), recognizes the effects of these perceptions on learning, and knows how to plan instruction to enhance all students' self-esteem and to create an environment in which all students feel safe, accepted, competent, and productive.
9. The student appreciates human diversity, recognizing how diversity in the classroom and the community may affect learning and creating a classroom environment in which both, the diversity of groups and the uniqueness of individuals are recognized and celebrated.
10. The student is aware that each student brings to the classroom a constellation of personal and social characteristics related to a variety of factors such as ethnicity, gender, language background, exceptionalities, etc.
11. The student recognizes the instructional implications of student diversity and knows how to turn the diversity within and beyond the classroom to advantage by creating an environment that nurtures a sense of community, respects differences, fosters learning, and enhances students' understanding of the society in which they live.
12. The student understands how learning occurs and can apply this understanding to design and implement effective instruction.
13. The student understands how students develop knowledge and skills and recognizes instructional strategies that promote student learning (e.g., linking new information to old, fostering a view of learning as a purposeful pursuit, promoting a sense of responsibility for one's own learning).
14. The student is aware of factors that affect learning (e.g., individual talents, learning styles, teaching styles, prior learning experiences) and can design instruction to facilitate learning in different situations and to help students learn how to learn and to monitor their own performance.
15. The student understands how motivation affects group and individual behavior and learning and can apply this understanding to promote student learning.
16. The student understands the importance of motivation to learning, knows how to help students become self-motivated, and is able to recognize factors and situations that are likely to promote or diminish motivation.
17. The student is aware of the characteristics and effects of intrinsic and extrinsic motivation and knows how to use a variety of techniques (e.g., relating lessons to students' personal interests, allowing students to have choices in their learning, giving

students control over their learning experiences, leading individuals or groups of students to ask questions and pursue problems that are meaningful to them) to engage students in learning activities and to help them develop the motivation to achieve.

18. The teacher uses processes of informal and formal assessment to understand individual learners, monitors instructional effectiveness, and shape instruction.

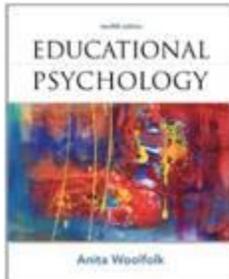

19. The teacher understands the importance of ongoing assessment as an instructional tool and employs a variety of formal and informal assessment techniques (e.g., observation, portfolio, teacher-made classroom test, student self-assessment, peer assessment, standardized test) to enhance his or her knowledge of learners, monitor students' progress in achieving outcomes, and modify instructional delivery.

20. The teacher is aware of the characteristics, uses, advantages, and limitations of different types of assessments; understands assessment-related issues such as those related to bias, reliability, validity, and grading; and knows how to select or construct and use assessment instruments for various purposes.

### **Psy 300 Course Overview:**

The following concepts and content are incorporated in this three-hour course designed primarily for prospective teachers, parents, and others working with school age children and adolescents. (1) child and adolescent development - social developmental theory, cognitive development, knowledge of age-level characteristics of children and adolescents; (2) measurement and evaluation of classroom learning; and (3) learning and cognition, behavioral learning, cognitive learning, humanistic aspects of learning, and perspectives on motivation.

**Textbook Psychology 300:** Educational Psychology, 12 Ed, Anita E. Woolfolk, ISBN-10: 0132613166, Pearson, 2013.

This is the edition I requested. However, I never know what book will be in the bookstore.

## Psychology 300

### Assignments, Dropbox Essay questions, Discussions and quizzes.

Review the due dates and do not make plans to be somewhere you cannot complete the assignments or quizzes. **Assignments may be posted early, but once graded one may not repost Dropbox and expect a new grade.**

**Unit 1:** To begin this course there are 4 Assignments: all are posted to Dropbox

- 1) Ecollege tutorial,
- 2) SmartMeasure,
- 3) Avoiding Plagiarism, &
- 4) A.P.A. references.

#### 1) Ecollege tutorial **due to be determined at 11:00pm.**

When finished, post a statement under Dropbox Unit 1, **saying you finished the ecollege tutorial.**

- Go to the ecollege tutorial
- Sign in to ecollege from My Leo
- Click on My courses
- Go down to My Course List

#### My Course List

Special Courses

**.NExT Student Orientation Tutorial** - eCourse.NExT

Under special courses, you will find the tutorials  
NExT Student Orientation Tutorial - eCourse.NExT **SOT Student Orientation Tutorial** - eCourse

#### 2) Complete SmartMeasure due to be determined at

**11:00pm.** Post your SmarterMeasure Summary Report under unit 1. You must complete your own SmartMeasure tutorial and put your name on the SmartMeasure results. Copy the certificate and paste the certificate under Unit 1 Dropbox.

SmartMeasure (Formally known as READI) is a web-based tool, which assesses a learner's likelihood for succeeding in an online course/program. The tool indicates an individual student's skills, attributes, and knowledge of technical skills as well as time-management and motivation. You may not open or use another student's files.

1. Click on this link: <http://tamuc.readi.info/>
2. Log in at "First Time User Login"
3. User name: tamuc

4. Password: online
5. Click Login
6. Upon logging in, you will be required to complete a personal information page, which will send you a unique password "pin".
7. Click on Finish

**3) Complete Avoiding Plagiarism tutorial. Due to be determined at 11:00 pm.** Post your Recognizing Plagiarism Test: Confirmation Certificate: College-Level under unit 1. [How to Recognize Plagiarism \(https://www.indiana.edu/~istd/\)](https://www.indiana.edu/~istd/). You must complete your own Plagiarism tutorial and put your name on the Avoiding Plagiarism certificate. This tutorial is divided into sections. Complete each section, and then take the test. Copy the results and paste the results under Unit 1 Dropbox. You may not view, open, or use another student's files.

Definition

Overview: when and how to give credit; recommendations; decision flowchart

Plagiarism Cases: links to Web sites describing real plagiarism cases

Examples: word-for-word and paraphrasing plagiarism -- 5 examples each

Practice with feedback: identifying plagiarism -- 10 items

Test: send the results (Avoiding Plagiarism, SmartMeasure, ecollege tutorial) in one posting under Dropbox.

Resources: Web sites, books, dictionary links, references

**4) References to be put in A.P.A. style, due to be**

**determined at 11:00 pm.** Put references in A.P.A. style, then copy the references list and paste them under Unit 1 Dropbox.

**On putting the references in APA style:** Put the references below in A.P.A. style. Do not change the order of the authors' names. Do not include [Journal Article] or (Book). These are to help you know what kind of a reference each citation is. Do not use references from someone else or from another course or a past semester. Do not include the "pp". Do not look at or copy another students list of references; this is cheating.
