9. Check degree evaluation for accuracy, prepared to graduate.

Instructional / Methods / Activities Assessments

The field-based teacher education program has been designed to provide each student with opportunities to learn about students, learning, and teaching in the best possible environment--the real public school classroom and apply the knowledge gained. Therefore, the resident's responsibilities should include:

1. demonstrate a rich knowledge base of pedagogy, technology and effective instructional and management strategies;
2. demonstrate a rich knowledge of the typical stages of cognitive, social, physical and emotional development of your students by developing lessons appropriate for the children you are teaching;
3. demonstrate a rich knowledge of teaching and learning to provide relevant and meaningful learning experiences for students;
4. demonstrate an understanding, sensitivity, and the ability to respond appropriately to diverse groups of learners;
5. demonstrate a rich knowledge of curriculum, content, objectives and essential elements;
6. demonstrate the ability to plan instruction for individuals, small groups, and large groups;
7. demonstrate the ability to teach and manage individuals, small groups, and large groups using relevant and meaningful learning experiences for students;
8. demonstrate the ability to reflect and assess planning, teaching, and learning using technological and other resources;
9. demonstrate knowledge and use of effective assessment and evaluation strategies to promote student learning;
10. demonstrate knowledge in the use of the technology to enhance instruction and classroom management;
11. demonstrate the ability to observe, reflect, assimilate, and incorporate effective teaching, learning and management strategies;
12. demonstrate sensitivity and effective interpersonal communication skills orally and in writing with other professionals and students;
13. display the highest standards of professionalism, professional growth, and a commitment to improve the learning environment and the teaching profession;
14. exhibit a commitment to teaching, learning, and excellence in the profession;
15. assume other responsibilities based upon ILT recommendations;
16. enhance instructional environment for public school students.

ASSESSMENT AND EVALUATION OF RESIDENTS

The purpose of the residency semester is (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner. Thus, the assessment and evaluation of Residents is also two-fold as it addresses performance in both field based and seminar settings.

The primary force in the CPDT is the *instructional leadership team* (ILT) that is coordinated by the mentor teachers and university liaisons with input from the Interns, Residents, and Principals. Most decisions about the activities and experiences each intern or resident will have are determined by the ILT through discussion and consensus. The ILTs are usually composed of at least two mentor teachers, usually from different grade levels or content areas, an intern, and/or a resident, and university liaison.

Assessment Methods:

Lesson Plans and Lesson Evaluations: Six formal evaluations must be completed this semester. Two self-evaluations, followed by two formal evaluations from the school (mentor teachers and/or administrators) and two from the university liaison, one in each rotation.

Formal Lesson Evaluation Requirements:

- Turned into mentor:
 - lesson plan
 - self-reflection using the evaluation tool
- Turned into liaison:
 - lesson plan
 - self-reflection using the evaluation tool
 - mentor's evaluation of lesson
 - a copy of liaison's formal evaluation of lesson

The Reflective Teacher:

Residents will share with liaison and/or mentors the following:

- Frequent reflection journals, seminar news/agenda's
- Growth-to-Professional portfolio. This should be ongoing. Keep it in a ready-to-go state and add to it during the semester. It will be utilized during your mid-term and final conferences. Remember, it's how you communicate and showcase yourself.
- ILT Team Mid-term & Summative Conference and Evaluation Progress for Residents

Final Grading

Grading will reflect a combination of seminar and field work derived from the *Instructional Leadership Team (ILT)*

The following holistic scoring will be utilized:

A= Commendable. Well above average in initiative, thought, organization, reflection, and implementing professional choices. Evidences extensive control of own decision-making and learning progresses. Monitors, adjusts, and manages independently. Excellent attitude, attendance, participation and completion of assignments completed by due date

B = Developing. Functional--but in need of instruction--in initiative, thought, organization, reflection, and implementing professional choices. Evidences some control of own decision-making and learning processes. Monitors, adjusts, and manages--but requires intervention. Good attitude, attendance, participation and completion of assignments completed by due date

C/D = Needs Improvement. Significant lack of initiative, thought, organization, reflection, and responsibility. Evidences little to no control of own decision-making and learning processes. Does not adequately monitor, adjust, and manage even with significant intervention. Poor attitude, attendance, participation and completion of assignments completed by due date.
