Financial Calculator: TI BA-II or comparable (not alpha programmable). I will only be teaching from the BA- II. For free guidebook see: http://education.ti.com/guidebooks/financial/baiipluspro/BAIPLUSPROGuidebook_EN.pdf

Scantron Sheets. You will need the small green ones (or brown) for every class period as quizzes can occur on any day and will require a scantron. Get lots of these.

ATTENDANCE/PARTICIPATION:
Attendance is encouraged, but not required. Given the difficulty of this material, you will NOT pass this class without regular reading (prior to class), class attendance, and participation.

TEACHING PROCEDURES:
The class will be conducted in a lecture/discussion format. Be prepared to discuss and ask questions about the material assigned for each class period. This will require that you read the material prior to the class period during which it will be discussed. Although many of the issues covered in the readings will be discussed in class, all the areas covered in the readings will not be part of class discussion. You are encouraged to participate in class. Participation is based on volunteering for class activities and exhibiting a positive attitude, demonstrated by attentive, courteous, and respectful behavior at all times. The nature of this course encourages an interactive forum, and everyone has something valuable to contribute. Disruptive or rude behavior will not be tolerated.

EXAMS:
There will be ONE midterm exam and a comprehensive final. You will be responsible for information from class discussion, required readings, and any guest speakers. There will be no “cheat sheets” allowed during the exams unless otherwise noted by the instructor. No makeup exams will be given unless for a university allowed excused absence. For an excused absence, the make-up exam will be administered prior to the scheduled exam. If you need to miss an exam for an excused absence let me know in advance so we can make arrangements. Anyone missing an exam (unexcused) will fail the course.

ASSIGNMENTS/QUIZZES:
You will receive quizzes/assignments during the semester. The number of quizzes/assignments is not set so your total point value will be an average of all assignments and quizzes. These assignments and quizzes will include text questions and/or supplemental activities. There will be no make ups for quizzes or assignments, however; I will drop the two lowest quiz/assignment grades. This will allow anyone to miss two quiz/assignment without penalty. If you don’t miss any quizzes/assignments I will drop your lowest score instead. This will reward those who complete all quizzes and assignments.

PARTICIPATION:
This course is based on the belief that mastery of the subject matter occurs through taking an active role in the learning process. Students are expected to attend class regularly and punctually. Lectures will be most beneficial when you complete assigned readings before topics are discussed in class. Assignments should be read prior to the appropriate class meeting.
