Graded Papers and Grade Determination

There are two types of written graded assignments: (a) nine (9) short one half to one page papers dealing with assigned chapters of your text (see below for more details), (b) one two and a half (2.5) to five (5) page research prospectus (see below for more details).

Fifty percent (50%) of your grade is determined by the average of the highest five short papers. The remaining 50% of your grade is determined by the research prospectus. I use the standard 80 to 89 scale for your grades.

ALL WORK SUBMITTED TO THIS PROFESSOR WILL BE VERIFIED BY TURNITIN.COM. TO BE CHECKED FOR SIMILARITY INDEX. AFTER YOU ARE SATISFIED WITH YOUR WORK, THEN SUBMIT THE PAPER TO THE DROPBOX WHICH INCLUDES TURNITIN. YOU SHOULD HAVE NO MORE THAN 20 PERCENT OF THE MATERIAL SHOWN AS “COPIED.” IT IS IMPORTANT TO REMEMBER THAT NOT ONLY IS THE PERCENTAGE IMPORTANT, BUT WHERE THE PERCENTAGE COME FROM. YOU CANNOT TAKE MATERIAL AND COPY IT WORD FOR WORD WITHOUT USING QUOTATION MARKS OR INDENTING.

Assumptions for the short papers:

1. Assume you have been asked by a senior VP of the company to prepare these papers.
2. The VP is interested in the topics outlined in our text, but does not have the time to read the book.
3. She asks you to write a one-half to one page single spaced, BUT NO LONGER than ONE PAGE, document which presents the main issues from the chapters of interest.
4. Spelling and grammar matter to her and you should follow standard writing conventions. She is NOT impressed by APA style as the major outcome of your work.
5. At the very least she wants you to cover the following:
   a. What are the main takeaways from the chapter?
   b. Why do they matter?
   c. Are any of these main points controversial or hotly debated?
   d. Are there issues that could make her look ill-informed or cause negative “blowback”?
   e. What issue that you left out from the document most worries you and why?
By the way you might want to compare the above to the discussion on pages 7-9 in the 9th edition of your text.

**Short paper due dates:** Due in Dropbox on your class page.

- Chap 1 paper is due by 1/30, 11:59 pm.
- Chap 4 paper due by 2/6, 11:59 pm.
- Chap 3 paper is due 2/13, 11:59 pm.
- Chap 5 paper is due 2/27, 11:59 pm.
- Chap 7 paper is due 3/6, 11:59 pm.
- Chap 8 paper is due 3/13, 11:59 pm.
- Chap 9 paper is due 4/3, 11:59 pm.
- Chap 13 paper is due 4/17, 11:59 pm.
- Chap 14 paper is due 4/24, 11:59 pm.

**Second Paper: The Research Prospectus:**

The student will select a research problem, prepare and turn in a prospectus indicating the background of the problem, the problem statement, the purpose of the study, the study’s hypothesis (es), the methodology to be employed in the study and a review of the literature pertaining to the problem. In your Prospectus- plan to do research—-you do everything except collect data. However, you must deal with what kind of data you would need, and how you would collect it. Some thought should also be given to data collection and analysis costs.

You are most welcome to discuss with me your choice of a research problem. However, the problem is of less interest than developing a research plan. Certainly, if at your current job there is an issue of interest you are most welcome to select that. Before we go on spring break I will need to know what you have chosen.

The student should consider the following elements when preparing the prospectus (all elements may not be required). You may also wish to look at pages 123-125 of the 9th edition of your text.

- a. Background
- b. Problem Statement
- c. Purpose of Study
- d. Study Hypothesis(es)
- e. Study Delimitations
- f. Study Limitations
- g. Definitions
