Materials – Text

Course Text:

Students will need the below text for this class. Because this course provides a comprehensive and practical introduction to marketing, it necessitates the text. An earlier or next edition of this text is not an acceptable substitute because their organization and coverage of issues, topics, and cases have changed.

REQUIRED TEXTBOOK: Marketing Management, 14th Edition (2012), by Kotler & Keller, Pearson/Prentice Hall. ISBN 9780132102926

eCollege live: Online chat will be scheduled for **EVERY Monday** (UNLESS RESCHEDULED) at 7:00 p.m. (Central). You are EXPECTED but *not* required to attend. I will log on, cover a topic, and be available for live chat. If no one joins after 15 minutes, I will log off. As you know, the purpose of online chat is “active engagement and interaction”, so please bring any question

(e.g., studying question, book materials, exams, career plan, etc.) to talk. If this chat time is not convenient to you, please email me your convenient time. Then we will talk at your convenient time. Thanks.

COURSE GOALS AND OBJECTIVES

COURSE OVERVIEW AND OBJECTIVES: A study of the marketing environment of business with emphasis on major aspects of sociocultural, demographic, technological, global, legal, political, and ethical issues. The study of marketing emphasizes the functional areas of marketing including product and service selection and development, marketing channels, promotion, and pricing. Marketing research, consumer behavior, industrial buying and international implications are also considered.

Course Objectives: This course hopes to keep our students on the cutting edge of today's marketing practices. The course has four primary objectives. These include:

1. To understand the basic principles of Marketing.
2. To demonstrate the uses of marketing mix in corporate strategy.
3. To familiarize students with the basics of creating a marketing plan.
4. To provide students with an opportunity to learn about excellent examples of marketing-driven companies throughout the world.

COURSE FORMAT:

You will find the majority of the information and materials that you will need to complete the course in this syllabus and on the eCollege course management website. Be sure to log onto eCollege and check your university e-mail regularly to see what work you are required to do.

I will always upload new announcements to the home page of this course when I want to announce something to the entire class and would discuss in class. I would try to respond to your e-mails within **24 hours**. If your correspondence falls over the weekend it may be **24-48 hours**.

ALL EMAILS MUST BE PREFACED WITH THE COURSE NUMBER FOLLOWED BY THE SUBJECT (EXAMPLE: MKT501-01W Assignment 1).

TECHNOLOGY REQUIREMENTS

This is a web-enhanced course. The following technology is recommended to be successful: Internet connection – high speed recommended (not dial-up) and Word Processor. Additionally, the following hardware and software are necessary to use eCollege:

Our campus is optimized to work in a Microsoft Windows environment. This means our courses work best if you are using a Windows operating system (XP or newer) and a recent version of Microsoft Internet Explorer (6.0, 7.0, or 8.0). Your courses will also work with Macintosh OS X along with a recent version of Safari 2.0 or better. Along with Internet Explorer and Safari, eCollege also supports the Firefox browser (3.0) on both Windows and Mac operating systems.

It is strongly recommended that you perform a “Browser Test” prior to the start of your course. To launch a browser test, login in to eCollege, click on the ‘myCourses’ tab, and then select the “Browser Test” link under Support Services.

COURSE REQUIREMENTS

COURSE SCHEDULE:

A course schedule is included at the end of this syllabus.

SYLLABUS SUBJECT TO CHANGE STATEMENT:

I anticipate that we will follow the schedule I've outlined in this syllabus, but I may make adjustments based on what actually happens in class. I may also change the basis for the course grade (if I need to eliminate an assignment or something of that nature). If I do so, I will so inform you in writing. Remaining in the course after reading this syllabus will signal that you accept the possibility of changes and responsibility for being aware of them.

ACADEMIC INTEGRITY:

All students are expected to act with civility and personal integrity; respect other students' dignity, rights, and property; and help create and maintain an environment in which all can succeed through the fruits of their own efforts. An environment of academic integrity is requisite to respect for self and others and a civil community.

Academic integrity includes a commitment to **NOT** engage in or tolerate acts of falsification, misrepresentation, or deception. Such acts of dishonesty include cheating or copying, plagiarizing, submitting another persons' work as one's own, using reference sources (including Internet sources) without citation, fabricating field data or citations, "ghosting" (taking or having another student take an exam), stealing examinations, tampering with the academic work of another student, facilitating other students' acts of academic dishonesty, etc. All assignments are individual assignments and must be completed personally by each student.

Academic dishonesty violates the fundamental ethical principles of the University community and compromises the worth of work completed by others. A student should avoid academic dishonesty when preparing work for any class. If charged with academic dishonesty, students will receive written or oral notice of the charge by the professor. Depending on the severity and circumstances of the academic dishonesty, a student's actions could lead to receiving zero credit for the assignment in question or failing the course. An academic honesty policy has been posted under the Doc Sharing tab. You should read this document, initial it, and submit it to me via its corresponding Dropbox.

COURSE POLICIES AND INSTRUCTOR EXPECTATIONS:

Students are required to meet the expectations listed below.

- **Professional Behavior:** It is important that students maintain a professional demeanor at all times, including during electronic communication. Texas A&M-Commerce expects this from students, as do current and future employers. Since so much communication in the workplace

is —electronic nowadays, this course will be a good place to practice interacting in a manner appropriate to a professional setting. In particular, take special care when posting and responding to discussion board questions.

- **Assignments:**

1. Submitted assignments must be correctly formatted and free of grammatical and stylistic errors. Students in MKT 501 should have at least some skill with software for word processing, excel and presentations, and with web browsers and search engines. Spelling and grammatical errors will detract from your grade!

2. Assignments must be turned in on time. Assignments are due at the **date** and **time** listed. All work and assignments for the entire course will be available on the first day of class. While the syllabus designates specific dates for which work is assigned, students do not have to wait until the assigned date to start working on it. Start working on each assignment as soon as student possibly can and make sure that student have the marketing plan assignments submitted by the specified due dates. The chapter readings and discussion boards can be completed at any pace you wish (all in week one, all at the last minute except discussion board). Discussion forum is an ongoing continuous activity. **Discussion boards** are due on **Saturday** of each week by 11:59 PM. I have outlined a suggested schedule that I think would help student maintain a good pace. However, student **MUST** turn assignments **ON TIME**. Work Due column of the course schedule provided at the end of this syllabus.

3. Assignments must be complete. You must complete and submit all components at the specified due date and time to receive credit for the assignment. Please don't turn in work that is only half-finished.

4. Please submit assignments in a format that is compatible with Microsoft Office 2007/2010. I have to reformat docx files before I am able to open them, so please save all documents as doc files.

- **Back-ups are required:** You are required to back up all your assignments on a disk that can be submitted to me upon my request. If work is lost due to insufficient back-up, you will not have the opportunity to recreate and submit at a later time.

- **E-mail:** Students must routinely check e-mail sent to his or her **Texas A&M-Commerce account**. This is my primary mechanism for communicating to the class. I check my e-mail several times a day, so this is the best way to reach me.
