Course Information
ISBN -10: 9780073378275

Course Description
This course is the Study of the structure and function of human organ systems.
Student Learning Outcomes:

1. Students will become familiar with the organs and general functions of 11 organ systems and how they work together to maintain homeostasis.
2. Students will learn fundamental chemical principles and basic chemistry of living systems.
3. Students will learn the detailed structure and function of the integumentary, skeletal, muscular and nervous systems

Course Requirements
Exams: Exams will consist of multiple choice questions and labeling diagrams. Exam material will come from both lecture and lab.

Exams will not be made up unless the absence is excused as described in the Student Handbook, proper documentation for missing an exam includes appropriate letters from school, military, doctors note, or legal summons.

In class quizzes are 10 question tests over material covered in chapters.

Exams and quizzes will not be made up unless the absence is excused as described in the Student Handbook. All absences require specific documentation (school note, doctors note, military note, judicial note, etc.) to be excused.

Lab requirement: You must attend lab to pass the course. The Lab Instructor will issue lab syllabus.
**Course Evaluation**
Exam 1 - 15%
Exam 2 – 15%
Exam 3 – 15%
Quizzes - 15%
Final Exam – 15%
Lab - 25%

**Tentative Schedule of Chapters**
Chapter 1 - Introduction to Human Anatomy and Physiology
Chapter 2 – Chemical Basis of Life
Chapter 3 - Cells
Chapter 4 – Cellular Metabolism

**Exam 1**
Chapter 5 - Tissues
Chapter 6 – Integumentary System
Chapter 7 – Skeletal System
Chapter 8 – Joints of the Skeletal System

**Exam 2**
Chapter 9 – Muscular system
Chapter 10 – Nervous system I
Chapter 11 – Nervous system II
Chapter 12 - Nervous system III

**Exam 3**

**Technology Requirements**
Access to a computer is recommended.

**University Procedures/Policies**

**University Specific Procedures**

*Important Dates:*
September 10 - Last day to Drop with 100% Refund and No Grade (while remaining enrolled)
October 30 - Last day to drop 16 wk course while still remaining enrolled (Q grade/No refund)

**Students with Disabilities:**
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
Office of Student Disability Resources and Services
Texas A&M University-Commerce
Gee Library- Room 132
Phone (903) 886-5150 or (903) 886-5835
You must contact disabilities services at the beginning of the semester to utilize all disabilities services. If I do not have the appropriate paperwork by the prior to the need for it (ie exams, quizzes, etc.), there is nothing I can do.

Student Conduct
All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See Code of Student Conduct from Student Guide Handbook). I will not tolerate any misbehavior directed towards me or any other student. Poor conduct includes harassment (in person, via email, or other), bullying, falsifying information, or rude behavior as deemed by the instructor. Actions in response to poor behavior can include any or all of the following at the discretion of the instructor; a zero on an assignment, a drop in a letter grade, dismissal from class, an automatic F, and further judicial action through the proper channels.

Cell phones/pagers should be silent during class time; please be considerate of your fellow students. Cell phones used during tests or quizzes or exams will result in zeros for the test or quiz or exam and further administrative action.

Texas A&M University-Commerce does not tolerate plagiarism and other forms of academic dishonesty. Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty. "Academic dishonesty" includes, but is not limited to, plagiarism (the appropriation or taking of the ideas or words of another and passing them off as one's own), cheating on exams or other course assignments, using electronic gadgets during a test, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material.
I _______________________, hereby recognize that I have read and understand the syllabus for BSC 2401 Spring 2015 and agree with the terms and outline of the class.
