The Texas State Board of Accountancy has approved the contents of this syllabus

*Office Hours: I care very much about your success in this course. I encourage you to work with me to become as successful as you can for this course. You are welcome to make an appointment to see me in my office at the Commerce campus. Since this is an online course, ClassLive session may be scheduled by advanced request for office hours.

ClassLive sessions are designed to answer specific questions, not repeat lectures. Students must have a working headset with a microphone to attend the ClassLive session. If no students show up after 10 minutes, I will log off. For students who cannot attend the session, all ClassLive sessions will be recorded for viewing. Questions related to the course and class can be posted to the Virtual Office, so that other students may join in answering questions. I will monitor the online questions, answers, and other activities. Communication privileges may be suspended for any postings or comments regarding other students and the instructor that violate Student Conduct according to the Student Guidebook at the Texas A&M University – Commerce. Repeating offender will be reported to the Student Discipline Committee at the University for disciplinary actions.

COURSE INFORMATION

Required Texts and Other Materials:
- Spilker et al., Taxation of Individuals and Business Entities, 2015 Edition. ISBN: 9781259197789. A Connect+® access code with the textbook (for quizzes & exams) is mandatory. Used books do not come with Connect+® access code
- You make your own decision which edition of the textbook to use. **However, you are responsible for knowing the changes and differences between the 2015 edition and other editions and obtaining a Connect+® access code.**

Course Description from 2013-2014 TAMUC Graduate Catalog

ACCT 538 - Individual Income Tax (Three semester hours): A study of income tax laws. Emphasis is given to the impact of the federal income tax on the individual taxpayer. Various research software and tools are utilized to solve practical tax problems.

Course Objectives: A study of income tax laws. Emphasis is given to the impact of the federal income tax on the individual taxpayer. Various research software and tools are utilized to solve practical tax problems.

Student Learning Outcomes:

Students will be able to (1) examine the political and legal environment of income taxation, the ethical and legal obligations of tax preparers and the sources of tax law and related collection and enforcement procedures, (2) calculate income taxes for an individual, including gross income and deductions and losses for individuals and businesses, and (3) apply general rules related to accounting periods, methods and reporting requirements.
COURSE REQUIREMENTS

Activities and Assessments

Examinations – All examinations may include multiple-choice questions and problems based on textbook materials, online lectures & discussions, homework assignments, and quizzes. See Class Schedule for all exam available dates/time. No makeup exams as students will have approximately eight days to take each exam. All exams will be online with an open-book format. Each student will receive computer generated randomized questions from a large, established test bank. The probability for two students to have identical questions is highly unlikely. Students MUST study and have a true comprehension in order to do well on all exams. Cramming for an exam is strongly discouraged.

Quizzes - 9 quizzes (one for each chapter) at 5 points (45 points available in total allowing students the potential to receive the full 40 points assigned) for each chapter. The maximum points counted towards a student’s final grade are 40. The objective of the quizzes is to assist you in preparing for the exams. See Class Schedule for available date/time of quizzes. Do not wait until the last minute to take the quizzes. No makeup quizzes regardless of reasons as they are designed with the possibility that a student may miss one of the quizzes.

Research Projects – (1) One tax research CPE (Continuing Professional Education) online training certificate and (2) one tax return research project (Part I and Part II). The CPE training allows you to gain one CPE credit counted towards your CPE requirements for a business career and place you ahead of other job applicants. This credit also can be used for those who are CPAs or who wants to earn the CPA designation to fulfill the ongoing education requirements set for the by the AICPA. The purpose of the tax return is to expose you to the basics of individual tax return compliance and preparation. I divided the return in two parts to ensure that you have sufficient time to learn and also guide you to meet the deadlines set for the two parts. No late submission will be accepted and a zero point will be assigned to late submission and non-submission.

Attendance or viewing the lecture is optional. I do not take attendance. You paid for the education and you determine your own opportunity cost. The lectures are essential tools to help you organize the contents of the chapters and the emphasized learning objectives. However, students who receive Federal financial aids may need to meet certain attendance requirements to maintain aid eligibility. Please contact your financial aid institution for details.

Useful items to succeed in this course are as follows:

- **Preparing for lectures:** Reading assigned chapter material, completing homework, etc.
- **Check the announcements daily in LearningStudio:** The information in this syllabus is tentative and subject to change. I will announce changes in Pearson LearningStudio as early as possible. It is your responsibility to maintain your schedule and make the changes as necessary. Daily checking of announcement is mandatory. Failure to check for changes and announcements is not an excuse for not keeping your schedule updated.
- **Refrain from complaining** or whining about projects, workload, and due dates. All students will be treated and graded equally and fairly. Your performance determines your final grade. YOUR FINAL GRADE HAS NOTHING TO DO WITH ALL OTHER CIRCUMSTANCES (e.g., scholarship eligibility, pending employment offers, etc.), BUT POINTS EARNED IN THE SEMESTER.
- **Engaging in ethical behavior**: which means you do not ask the professor to make "special exceptions" (i.e., bend the course and university rules) for you.

- **Respect others' time**: Please avoid asking questions which are readily answerable via the course syllabus; it is disrespectful of other students’ time. Most students have carefully read the syllabus and do not want to review materials they already know. However, if you have a question about an item on the syllabus, please make an appointment to see me.

- **Meaningful class participation in the Virtual Office and ClassLive**: Be prepared to participate by asking specific questions on which you have worked. It will not be fair to others and does not benefit students’ learning if one student just wants the answers given to the student. I do not remember all questions. If possible, email me the entire question via email. Please make sure you reference the chapter and question number for which you need help. Thus, saving our valuable time together.

- **Courteous ClassLive behavior**: Please make sure cell phones are in a “quiet” mode and use is restricted to emergencies only. If you have to answer a call or answer a text message, please log off and log back on when you are done.

- **Email etiquette**: when corresponding with me via email regarding any questions you may have, it is imperative that you use proper email etiquette. Remember you are preparing yourself for a business career. The earlier you become proficient in business communication etiquette, the better for you to have advantages over other job applicants and future colleagues at work.

- **Netiquette: Communication Courtesy Code**: Students are expected to follow rules of common courtesy in all email messages, threaded discussions and chats. The same rules apply online as they do in person. Be respectful of other students. Foul discourse will not be tolerated. Please take a moment and read the following link concerning "netiquette". [http://www.albion.com/netiquette/](http://www.albion.com/netiquette/)

### GRADING

**Evaluation**: Total points available are as follows

<table>
<thead>
<tr>
<th>Course Requirement</th>
<th>Points</th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Examinations (3 @ 100 points each)</td>
<td>300</td>
<td>60%</td>
</tr>
<tr>
<td>Research Projects</td>
<td>150</td>
<td>30%</td>
</tr>
<tr>
<td>Quizzes (9 @ 5 points each)</td>
<td>40</td>
<td>8%</td>
</tr>
<tr>
<td>Professor’s discretionary</td>
<td>10</td>
<td>2%</td>
</tr>
<tr>
<td><strong>Total points available</strong></td>
<td>500</td>
<td>100%</td>
</tr>
</tbody>
</table>

**Scale**: The following represents the general grading policy for this class. However, I will closely monitor how well you perform relative to the rest of the class. The top performers in the class receive the highest grades (As) and the lowest performers receive the lowest grades. For all graduate courses, a grade of B and above is required to pass.

- **A** = 90% & above (450 points & above)
- **B** = 80% to 89.9% (400-449)
- **C** = 70% to 79.9% (350-399)
- **D** = 60% to 69.9% (300-349)
- **F** = 59.9% & below (299 & below)

**Graded Works**: 1) The instructor does NOT re-grade assignments. Once an assignment is returned with points assigned, it cannot be resubmitted. 2) If a student disagrees with the posted grade/points on an assignment, quiz, and exam, the student must email the instructor with the specific discrepancy within three (3) days after the grade/points are posted. All grades/points are final after three (3) days they are posted. 3) Students are NOT permitted to submit an assignment used in a previous course.
TECHNOLOGY REQUIREMENTS

- To fully participate in online courses, you will need to use a current, Flash enabled browser. For PC users, the suggested browser is Internet Explorer 9.0 or 10. For Mac users, the most current update of Firefox is suggested.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  - 512 MB of RAM, 1 GB or more preferred
  - Broadband connection required courses are heavily video intensive
  - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

- You must have a:
  - sound card, which is usually integrated into your desktop or laptop computer
  - speakers or headphones.

- Depending on your course, you might also need a:
  - webcam
  - microphone

For courses where interactive tools are used, like VoiceThread or Class Live Pro, headphones are suggested for use with recording and playback. We recommend a webcam with an integrated microphone, such as the Microsoft LifeCam Cinema. All devices should be installed and configured before class begins.

- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. Java can be downloaded at: [http://www.java.com/en/download/manual.jsp](http://www.java.com/en/download/manual.jsp)

- Current anti-virus software must be installed and kept up to date.

- You will need some additional free software for enhanced web browsing. Ensure that you download the free versions of the following software:
  - Adobe Reader
  - Adobe Flash Player

- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

- For additional information about system requirements, please see: [https://secure.ecollege.com/tamuc/index.learn?action=technical](https://secure.ecollege.com/tamuc/index.learn?action=technical)

ACCESS AND NAVIGATION

Pearson LearningStudio Access and Log in Information

This course will be facilitated using Pearson LearningStudio, the learning management system used by Texas A&M University-Commerce. To get started with the course, go to: [http://www.tamuc.edu/myleo.aspx](http://www.tamuc.edu/myleo.aspx)
You will need your CWID and password to log in to the course. If you do not know your CWID or have forgotten your password, contact Technology Services at 903.468.6000 or helpdesk@tamuc.edu.

It is strongly recommended that you perform a “Browser Test” prior to the start of your course. To launch a browser test, login to Pearson LearningStudio, click on the ‘myCourses’ tab, and then select the “Browser Test” link under Support Services.

**Pearson LearningStudio Student Technical Support**

Texas A&M University-Commerce provides students technical support in the use of Pearson LearningStudio.

**Technical assistance is available 24 hours a day/7 days a week.**

If at any time you experience technical problems (e.g., you can't log in to the course, you can't see certain material, etc.) please contact the Pearson LearningStudio Help Desk, available 24 hours a day, seven days a week.

The student help desk may be reached by the following means 24 hours a day, seven days a week.

- **Chat Support**: Click on ‘Live Support’ on the tool bar within your course to chat with an Pearson LearningStudio Representative.
- **Phone**: 1-866-656-5511 (Toll Free) to speak with Pearson LearningStudio Technical Support Representative.
- **Email**: helpdesk@online.tamuc.org to initiate a support request with Pearson LearningStudio Technical Support Representative.

**Accessing Help from within Your Course**: Click on the ‘Tech Support’ icon on the upper left side of the screen inside the course. You will then be able to get assistance via online chat, email or by phone by calling the Help Desk number noted below.

**Note**: Personal computer problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend’s home, the local library, Office Services such as Kinko’s, an Internet cafe, or a bookstore such as Barnes & Noble, etc.

**Policy for Reporting Problems with Pearson LearningStudio**

Should students encounter Pearson LearningStudio based problems while submitting assignments/discussions/comments/exams, the following procedure **MUST** be followed?

1. Students must report the problem to the help desk. You may reach the helpdesk at helpdesk@online.tamuc.org or 1-866-656-5511
2. Students **MUST** file their problem with the helpdesk and obtain a helpdesk ticket number
3. Once a helpdesk ticket number is in your possession, students should email me to advise me of the problem and to provide me with the helpdesk ticket number
4. At that time, I will call the helpdesk to confirm your problem and follow up with you

**PLEASE NOTE**: Your personal computer/access problems are not a legitimate excuse for filing a ticket with the help desk. You are strongly encouraged to check for compatibility of your browser **BEFORE** the course begins and to take the Pearson LearningStudio tutorial offered for students who may require some extra assistance in navigating the Pearson LearningStudio platform. **ONLY** Pearson LearningStudio based problems are legitimate.
Internet Access
An Internet connection is necessary to participate in discussions and assignments, access readings, transfer course work, and receive feedback from your professor. View the requirements as outlined in Technology Requirements above for more information.

myLeo Support
Your myLeo email address is required to send and receive all student correspondence. Please email helpdesk@tamuc.edu or call us at 903-468-6000 with any questions about setting up your myLeo email account. You may also access information at https://leo.tamuc.edu.

COMMUNICATION AND SUPPORT

I care very much about your success in this course. I encourage you to work with me to become as successful as you can in this course. This is an online course. You are welcome to make an appointment to see me in my office at the Commerce campus.

Email: Email is appropriate for questions that are personal in nature. Do Not post any confidential questions on the public class website for all students to view.

Virtual Office: Students should post all general questions pertaining to the course to the Virtual Office located under Course Home menu. This is a public area.

In the Virtual Office all students have access to all posted questions and answers. Students are welcome to answer other students’ questions.

Many of you will have the same questions, and this will reduce the number of times the same answer will have to be given. You should always check the Virtual Office postings to see if your question has already been asked and answered before you post a question.

Schedule Changes
The information in this syllabus is tentative and subject to change. I will announce changes in Pearson LearningStudio as early as possible. It is your responsibility to maintain your schedule and make the changes as necessary. Daily checking of announcement is mandatory. Failure to check for changes and announcements is not an excuse for not keeping your schedule updated.

COMMUNICATIONS
1. I strive to respond to students’ questions in a timely manner.
2. It may take up to 48 hours to respond to students’ emails and questions.
3. If you receive an automatic response email indicating I am out of the office, I will get back to you when I return, as the Internet accessibility may be limited.
4. I work on weekends for research related assignments by the university. Therefore, it is unlikely that I will check emails on weekends.

LEARNER SUPPORT

Learner Support
Go to the following link One Stop Shop- created to serve you by attempting to provide as many resources as possible in one location.
Go to the following link Academic Success Center- focused on providing academic resources to help you achieve academic success.

Library Database Assistance
The library offers a web-based access. You can access this site under Course Home in Pearson Learning Studio or directly at the following address: http://www.tamuc.edu/library/
Please take a look – you can access these resources and learn about using basic search skills, selecting the best databases for your needs, and accessing the databases both on-campus and off-campus.

If you have any questions or would like to offer some feedback, please contact:
Sarah Northam (Sarah.Northam@tamuc.edu)
Head of Research and Instruction Services
Subject Specialist for the College of Business & Entrepreneurship
Phone: 903/886-5714

COURSE POLICIES

Attendance or viewing the lecture is optional. I do not take attendance. The lectures are essential tools to help you organize the chapter contents and emphasized student learning outcomes. However, students who receive Federal financial aids may need to meet certain attendance requirements to maintain aid eligibility. Please contact your financial aid institution for details.

UNIVERSITY POLICIES AND PROCEDURES

ADA Statement
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services
Texas A&M University-Commerce
Gee Library, Room 132
Phone (903) 886-5150 or (903) 886-5835
Fax (903) 468-8148
StudentDisabilityServices@tamuc.edu

Student Conduct: “All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.” (See Student's Guide Handbook, Policies and Procedures, Conduct)

Texas A&M University - Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Dropping or Withdrawal from the course: University policy will be followed in regards to all drops and withdrawals during the semester. Emailing me your intention to drop does not complete the drop requirement. Your professor cannot drop any students from a course. You have to initiate and complete the drop process. To initiate a course drop, log into your MyLeo account and then select the “Drop a Class” link.

I wish you great success in all your endeavors and look forward to working with you!
