14. Jewish Americans: Quest to Maintain Identity

PART FOUR: OTHER PATTERNS OF DOMINANCE

15. Women: The Oppressed Majority
16. Beyond the U. S.: The Comparative Perspective
17. Overcoming Exclusion

IV. Course Objectives and Student Learning Outcomes

Through textbook readings and other materials, we will pursue the following course objectives.

1. To become familiar with the ideas, concepts, theories, and issues commonly associated with discourse on racial and ethnic relations in the United States.

2. To consider American minority groups in a comparative and global perspective by examining race and ethnicity in other nations in Europe, Africa, Asia, and Latin America.
3. To examine the developmental history and processes from which current ethnic minorities in the United States emerged with particular focus on immigration patterns, colonial history, economic development, and political institutions.

4. To understand how American economic and political systems and policies shaped and were shaped by racial and ethnic groups.

5. To review the impact of racial and ethnic minorities on American culture and cultural institutions in areas such as education, religion, cultural values, family life, business and government.

6. To project alternative futures for racial and ethnic relations in the United States based on current knowledge. We also expect to develop each student’s sensitivity and awareness to discrimination and exploitation of people based on their minority and gender status.

The learning outcome assessment for the goals stated above will be based on exams, topical discussions, and assignments to insure:

1. That students have adequately learned basic concepts and empirical facts relevant to the minority groups in America (examples of topics include prejudice, discrimination, harassment, as well as contributions of racial diversity in our culture);
2. That students fully understand the origin and forms or types of racism and minority groups exclusions, if any;
3. That students have developed critical thinking grasping various sociological theories explaining why certain forms of inequities exist on the basis of certain ‘disadvantaged’ minorities;
4. That students have a grasp of the political, economic, psychological, sociological, and criminology related consequences of racial inequality; and
5. That students have conceptualized preventive measures for overcoming various forms discrimination and harassment.

V. Student Responsibilities

I am confident that we will have a productive semester in learning selected issues related to the sociological perspective on race and ethnicity. Your responsibilities in completing this course are stated below.

1. It will be very important that you all read regularly the syllabus and ALL Announcements posted at the home page of this course very carefully and follow all instructions about course objectives, grading procedures, etc. Ignorance about details given in classes as well as in the course syllabus and various announcements posted on the eCollege web site cannot be accepted as excuse in any manner. I urge that you FULLY understand course requirements, grading procedures, and details on exams and assignments. That will be the key to doing well in the course.
Also, please feel free to ask me questions about the course requirements through e-mails as well.

2. **Read instructions under each week carefully.**

3. **It is important that you log into the course each day as summer term has limited time and moves on quickly.**

4. **All of your closed book exams will be based on your text book.** In addition, you may consult web sites through Google search and other suggested readings to work on your assignments. Go over guidelines about chapter objectives and other components of information.

5. In addition to being open for an open debate on issues, **you can post your questions at VIRTUAL OFFICE in the Home Page of this course.** The virtual office will serve our learning needs of being in touch with not only me but with all persons in the class whenever you have questions or comments about the course. By communicating this way, we will enhance the scope of our understanding with each other.

6. You can e-mail me whenever you have challenges or questions, particularly those that you don’t want to share with your class mates. Only use this address: 
   Raghu.Singh@tamuc.edu.

7. **I will post TWO discussion questions on two major issues on dates specified in your calendar at the end on this syllabus.** Be sure you log into discussions at the home page of the course and respond to questions during almost each week. You will be able to earn bonus points for your participation in EACH discussion as stated under each discussion depending on how meaningful you are through your reading of materials assigned that week in your comments, and how much critical thinking you demonstrate in your discussion comments based on logical arguments). That can add up and will be an opportunity to improve your grade in the course. Your score of **UPTO 10 POINTS FOR EACH DISCUSSION (A TOTAL OF 20 POINTS)** achieved in discussions will be calculated and added to your total score in the course. Your participation in discussions will enhance your chances of making higher grades. I will be giving you additional info on discussions under each discussion online.

   **REMEMBER THAT EACH DISCUSSION CAN ONLY BE RESPONDED TO BY YOU DURING SPECIFIC DATES OF EACH WEEK IN ORDER TO EARN UPTO 20 BONUS POINTS.**

   I will be able to find out through eCollege which one of you spent how much time on discussions and were meaningful and relevant in your comments. Elaborate in your discussion so that every one of you in class can understand what you are talking about. If someone in your class gives some arguments in discussions that you agree or disagree, be sure to be courteous and state your views accordingly. This is meant to be
a debate to promote critical thinking. I will give you credit for your discussions accordingly. Please take weekly discussions seriously as this will help you relate to our important issues and express views on them.

8. **Read all announcements posted at the Home Page of the course and read all e-mails sent by me at your My Leo account in the eCollege.** If you have problem with your e-mail system, please contact the Help Desk. Do follow university deadlines in schedules given at the university’s website and in the undergraduate catalog.

**COURSE REQUIREMENTS**

**Instructional / Methods / Activities Assessments**

Grading will be based upon total 300 points accumulated from **2 exams scores** out of a total of three exams (including the makeup final) and a major assignment. Details on all requirements and grading procedures are stated below:

Your grades in the course will be calculated through a normal curving of scores in exams as well as in the assignment at the end of the course.

**Closed-Book Exams (a total of 300 points):**

There will be three major exams. **You will be required to take two out of the three exams.** If you take all three of them, I will drop the lowest score. Each exam will constitute 150 points for the final grade. There will be no other make-up exam.

Dates for the three exams are given below (each exam will be available on-line starting past midnight each day and it closes at midnight on the same day it is scheduled):

- **Exam 1** consisting of 75 objective questions worth 150 points based on Chapters 1 to 8 available on-line on Monday, June 22, 2015. YOU WILL HAVE 90 MINUTES TO COMPLETE THE EXAM. YOU WILL BE LOGGED OUT OF THE EXAM AFTER 90 MINUTES. SO TIME YOURSELF CAREFULLY.

- **Exam 2** consisting of 75 objective questions worth 150 points based on chapters 9 to 17 on Monday, July 6, 2015. YOU WILL HAVE 90 MINUTES TO COMPLETE THE EXAM ON-LINE. YOU WILL BE LOGGED OUT OF THE EXAM AFTER 90 MINUTES. SO TIME YOURSELF CAREFULLY.

- **Final Exam (not required and is only for making up for a missed or poorly done exam)** consisting of 75 objective questions worth 150 points based on all chapters (1 to 17) available on Thursday, July 9, 2015. YOU WILL HAVE 90 MINUTES TO COMPLETE THE EXAM. YOU WILL BE LOGGED OUT OF THE EXAM AFTER 100 MINUTES. SO TIME YOURSELF CAREFULLY.
If you have already taken the first two exams, you do not have to take the comprehensive final. However, if you are taking it to improve your bad score in one of the first two exams, it can only help you and will not bring your grade down even if you fail it.

**The final exam will be required if you have missed one of the first two exams.** If you missed both of the first two exams, you must have dropped the course by the university deadline for dropping to avoid receiving a failing grade in the course.

- *All exams will be closed-book.*

- You must write dates for exams on your calendar. I will not be able to change dates for any students. Since I have already allowed flexibility to you of dropping one exam, you should do fine.

- You will be logged out of each exam after the maximum allowed time. Do not take any break. Once you start the exam, you must complete it in one sitting. It will be a good idea if you take the exam at one of the computer centers on Commerce, Metroplex, Eastfield, or Navarro campuses particularly if your computer is older or if you might get disrupted at home. We cannot control circumstances if your personal computer freezes or has other technical problems. So time yourself carefully and make sure that no one will distract you while taking the exam.

- It is your responsibility if you log out of the exam unless you are taking it in one of computer labs in Commerce or other campuses stated above and the person supervising the computer lab can certify that the technical problem was unavoidable. Please e-mail me immediately if that happens giving the name, phone #, and/or e-mail address of the person in-charge of the computer lab. I will then let you know what needs done.

**HOW TO DO WELL IN TWO bonus points WEEKLY DISCUSSIONS:**

Monday, 6/8 to Saturday, 6/20: discussion 1

I want you to do well in answering essay questions in weekly discussions to earn bonus points that will help you improve your grades. The essay questions may not only help you to improve your scores but they represent critical thinking on your part on serious questions. I encourage all of you to do your best in essay questions.

If you lose some points in any essay, reasons for that could include:

- you may not have answered a question correctly;
- you may not have answered all parts of each question;
➢ you may have been too brief in your answer and might not have elaborated on your answer demonstrating your understanding;

➢ you may have included irrelevant materials in your answers;

➢ you may have lacked clarity; or

➢ you may not have provided examples illustrating your points, where needed.

COMMUNICATION AND SUPPORT

Interaction with Instructor Statement:

You can e-mail me whenever you have challenges or questions. Only use this address: Raghu.Singh@tamuc.edu

My goal is to guide each of you in every possible way to succeed in the learning process in this course. Please remember that your success in the course will also determine my success in teaching it. Develop a positive attitude toward learning basics in minority/ethnic relations. I will do my best in being objective, reasonable, encouraging, and fair. I will reward to the maximum those of you who will do their best in following the guidelines given in the syllabus.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

1. “All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.” (See Student’s Guide Handbook, Policies and Procedures, Conduct). Please make sure you use professional language in discussions, even when disagreeing with each other.

2. A Note on Academic Honesty: Academic honesty is fundamental to the activities and principles of a university. All members of the academic community must work to provide an environment in which each student has the opportunity to be evaluated fairly on the basis of his/her own performance. University regulations regarding academic dishonesty will be strictly enforced. At a minimum, any student found to be in violation of university rules will receive a failing grade on the exam or assignment involved. ALL instances of academic dishonesty will be reported to both the Department Head as well as the Dean of the College of Arts and Sciences. These offices may also wish to evaluate the case and decide punishment independent of this professor’s actions. I will use the technology to scan your answers and discussions to determine if anyone has copied contents from other students, on-line sources, and from published works. No credit will be given to anyone for giving or taking help toward any form of plagiarism beside punitive action in serious cases. While I trust my students, precautions are needed to protect those who genuinely work on the course.
As an example of academic honesty and professionalism, I will trust you but a few students who are unethical spoil reputation of all of us. It is my experience that students who cheat do not succeed in doing well in school and in developing meaningful careers.

3. **Special Needs: ADA Statement**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
