Office Phone: 870-307-4038
University Email Address: Mary.Webb@tamuc.edu

COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Required Textbook

Supplementary Texts

Course Description

This course focuses on the development of a designing curriculum for facilitating continuous improvement in the instructional program. Sound research-based practices related to planning, supervision, curriculum development and delivery, program evaluation, and change management for diverse learners in multicultural settings are incorporated.

Student Learning Outcomes

1. The learner will know how to apply organizational, decision-making, and problem-solving skills to ensure an effective learning environment (Principal Competency 7).
2. The learner will know how to facilitate the design and implementation of curricula and strategic plans that enhance teaching and learning; ensure alignment of curriculum,
instruction, resources, and assessment; and promote the use of varied assessments to measure student performance ( Principal Competency 4).

3. The learner will know how to advocate, nurture, and sustain an instructional program and a campus culture that are conducive to student learning and staff professional growth (Principal Competency 5).

4. The learner will know how to implement a staff evaluation and development system to improve the performance of all staff members, select and implement appropriate models for supervision and staff development, and apply the legal requirements for personnel management (Principal Competency 6).

5. The learner will be an active and engaged team member within the cohort learning community by analyzing, constructing, creating, and evaluating information presented within the textbooks, selected readings, and resources

**COURSE REQUIREMENTS**

**Instructional Methods / Activities / Assessments**
This web-based course relies heavily on written responses, interaction, and discussion. It is problem-based and inquiry oriented. Learning in this course will take place as a result of online discussion boards, lectures/power-point presentations, readings and concentrated study, and participation in intensive group learning exercises in online venues.

Assignments include a series of written responses to readings and online discussions. The readings cannot be neglected. It is important that you set aside time to read and digest the readings before you write or participate in discussion boards.

A wide variety of instructional methods will be used to provide students with meaningful learning experiences. Some of these may include focused discussions, written reflections, problem-solving activities, case-studies, independent research, and the direct teaching model.

**Projects**

*Student Learning Outcomes: 1-4*

*Assessment Method: Assignments will be in different formats and will include individual and group projects.*

**Discussions**

Each student is expected to participate through E-College, complete all reading and written assignments on time, and actively engage in class by closely connecting class topics and discussions to textbook and other readings. Participate online at least two **weekdays** each week by responding to prompts and responding to the answers of others. Participate in endeavors with the goal of contributing meaningfully and implementing higher order thinking skills. You cannot receive participations points if you are not contributing to the class discussion. To earn participation points, you must discuss and apply knowledge of the readings.

You should read, analyze, and respond to the issues of the week/questions and comments from me and the other members of the class. You are required to actively participate in our classroom discussions and online. You must do more than complete assignments; you must demonstrate
your regular reading of others’ responses. I am looking for evidence that you are an active participant in the learning experience. This can be done by relating real world experiences to the discussions or summaries, building on other’s comments with alternative solutions, and pointing out problems or adding another dimension to the discussion. Stating your agreement or providing a one sentence response does not fall within these parameters. Responses should be substantial. The discussion forums are related to the readings, external resources, and activities. Upon completion or near completion of the assigned readings and activities, you are expected to engage in an ongoing discussion/debate with your learning community peers. Your contributions to the discussion forums will be graded for quality and timeliness of your contributions.

**Student Learning Outcomes: 1-4**
*Assessment Method:* Class participation will be determined by the professor. Each online forum will be graded using the Discussion Forum Rubric.

**Reflections**

**Student Learning Outcomes: 1-4**
*Assessment Method:* reflections will be based on reading assignments and will be graded using the Reflections Rubric.

**Exams**

**Student Learning Outcomes: 1-4**
*Assessment Method:* The examination will be comprised of essay questions that indicate your application of the knowledge you gain from the course.

**GRADING**

Grades will be determined on a total point basis as follows:

<table>
<thead>
<tr>
<th>Component</th>
<th>Weight (Points)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Projects</td>
<td>4 @ 10 points each</td>
</tr>
<tr>
<td>Discussion Forums</td>
<td>5 weeks @ 4 points each</td>
</tr>
<tr>
<td>Reflections</td>
<td>5 weeks @ 2 points each</td>
</tr>
<tr>
<td>Mid-term Exam</td>
<td>10 points</td>
</tr>
<tr>
<td>Final Exam</td>
<td>20 points</td>
</tr>
<tr>
<td>Total</td>
<td>100 points</td>
</tr>
</tbody>
</table>

The grading scale listed below is a guide. The Instructor reserves the right to evaluate and assign the final course grade.

- 90% - 100% A
- 80% - 89% B
- 70% - 79% C
- 60% - 69% D
- Below 60% F

**NOTE:** This syllabus represents a relationship between the Professors and the Students regarding the evaluative measures and the content included in EDAD 619. We reserve the right to amend, revise, or change the content of the syllabus as deemed necessary.
TECHNOLOGY REQUIREMENTS

• To fully participate in online courses, you will need to use a current, Flash enabled browser. For PC users, the suggested browser is Internet Explorer 9.0 or 10. For Mac users, the most current update of Firefox is suggested.

• You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  o 512 MB of RAM, 1 GB or more preferred
  o Broadband connection required courses are heavily video intensive
  o Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

• You must have a:
  o sound card, which is usually integrated into your desktop or laptop computer
  o speakers or headphones.

• Depending on your course, you might also need a:
  o webcam
  o microphone

For courses where interactive tools are used, like VoiceThread or ClassLive Pro, headphones are suggested for use with recording and playback. We recommend a webcam with an integrated microphone, such as the Microsoft LifeCam Cinema. All devices should be installed and configured before class begins.

• Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. Java can be downloaded at:

• Current anti-virus software must be installed and kept up to date.

• You will need some additional free software for enhanced web browsing. Ensure that you download the free versions of the following software:
  o Adobe Reader
  o Adobe Flash Player

• At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet
software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

- For additional information about system requirements, please see: https://secure.ecollege.com/tamuc/index.learn?action=technical

**ACCESS AND NAVIGATION**

**Pearson LearningStudio (eCollege) Access and Log in Information**

This course will be facilitated using Pearson LearningStudio, the learning management system used by Texas A&M University-Commerce. To get started with the course, go to: http://www.tamuc.edu/myleo.aspx.

You will need your CWID and password to log in to the course. If you do not know your CWID or have forgotten your password, contact Technology Services at 903.468.6000 or helpdesk@tamuc.edu. It is strongly recommended that you perform a “Browser Test” prior to the start of your course. To launch a browser test, login to Pearson LearningStudio, click on the ‘myCourses’ tab, and then select the “Browser Test” link under Support Services.

**Pearson LearningStudio Student Technical Support**

Texas A&M University-Commerce provides students technical support in the use of Pearson LearningStudio.

Technical assistance is available 24 hours a day/ 7 days a week.

If at any time you experience technical problems (e.g., you can't log in to the course, you can’t see certain material, etc.) please contact the Pearson LearningStudio Help Desk, available 24 hours a day, seven days a week.

The student help desk may be reached by the following means 24 hours a day, seven days a week.

- **Chat Support:** Click on 'Live Support' on the tool bar within your course to chat with a Pearson LearningStudio Representative.

- **Phone:** 1-866-656-5511 (Toll Free) to speak with Pearson LearningStudio Technical Support Representative.
Email: helpdesk@online.tamuc.org to initiate a support request with Pearson LearningStudio Technical Support Representative.

Accessing Help from within Your Course: Click on the 'Tech Support' icon on the upper left side of the screen inside the course. You will then be able to get assistance via online chat, email or by phone by calling the Help Desk number noted below.

Note: Personal computer problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, an Internet cafe, or a bookstore, such as Barnes & Noble, etc.

Policy for Reporting Problems with Pearson LearningStudio

Should students encounter Pearson LearningStudio based problems while submitting assignments/discussions/comments/exams, the following procedure MUST be followed?

1. Students must report the problem to the help desk. You may reach the helpdesk at helpdesk@online.tamuc.org or 1-866-656-5511
2. Students MUST file their problem with the helpdesk and obtain a helpdesk ticket number
3. Once a helpdesk ticket number is in your possession, students should email me to advise me of the problem and to provide me with the helpdesk ticket number
4. At that time, I will call the helpdesk to confirm your problem and follow up with you

PLEASE NOTE: Your personal computer/access problems are not a legitimate excuse for filing a ticket with the Pearson LearningStudio Help Desk. You are strongly encouraged to check for compatibility of your browser BEFORE the course begins and to take the Pearson LearningStudio tutorial offered for students who may require some extra assistance in navigating the Pearson LearningStudio platform. ONLY Pearson LearningStudio based problems are legitimate.

Internet Access
An Internet connection is necessary to participate in discussions and assignments, access readings, transfer course work, and receive feedback from your professor. View the requirements as outlined in Technology Requirements above for more information.
myLeo Support
Your myLeo email address is required to send and receive all student correspondence. Please email helpdesk@tamuc.edu or call us at 903-468-6000 with any questions about setting up your myLeo email account. You may also access information at https://leo.tamuc.edu.

Learner Support
Go to the following link One Stop Shop- created to serve you by attempting to provide as many resources as possible in one location.
Go to the following link Academic Success Center- focused on providing academic resources to help you achieve academic success.

COMMUNICATION AND SUPPORT

E-mail is the best method of contacting me. TAMU Commerce eCollege provides an efficient system of email for communication for class work and individual communication. I will check my e-mail each day. Please reserve the use of cell phone calls for emergencies. If you would like to meet, please email a request for an appointment. We will be happy to provide any reasonable support to help you succeed. We can make an appointment to talk any time during the day and you may text my cell phone.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures

Examination Policy
Questions will require analysis and synthesis requiring the student to formulate answers demonstrating their ability to apply knowledge.

Assignment Policy
Project due dates are posted in eCollege along with instructions for each project. All projects should be submitted to the Dropbox and saved as a doc file unless specified otherwise.

Late Work
Late work will not be accepted in the course.

Incompletes
An incomplete will not be available for this course.

Graduate Online Course Attendance Policy
A major component of this course is on line interaction with peers and the instructor. Each class member is expected to participate fully in online discussions, projects, journaling etc. each week of the course. Expectations for attendance online will be posted. Learning will be segmented
into weeks or units. Presentations and assignments will be available to students and then close on established dates. It is important to stay on schedule with the class agenda.

**University Specific Procedures**

**ADA Statement**

**Students with Disabilities**
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

**Office of Student Disability Resources and Services**
Texas A&M University-Commerce
Gee Library- Room 132
Phone (903) 886-5150 or (903) 886-5835
Fax (903) 468-8148
StudentDisabilityServices@tamuc.edu

**Student Conduct**
All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See **Code of Student Conduct from Student Guide Handbook**). Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: [http://www.albion.com/netiquette/corerules.html](http://www.albion.com/netiquette/corerules.html)

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

**COURSE OUTLINE / CALENDAR**

The course is divided into 5 modules. Successful completion will require participation and submission of assignments in each module. A course outline detailing the class schedule and assignment deadlines will be posted as a separate document under the syllabus tab. Please check it regularly for updates. Any changes in the course outline and due dates will also be posted under the announcements.
