**Course Description:**

This course provides an in-depth seminar emphasizing the development of leadership as a discipline. It focuses primarily on the evolution of leadership thought and the application of the various models and theories associated with the various perspectives on leader behavior and subsequent follower outcomes.

**Electronic system to use during the course:**

Students will find some of the course materials in the eCollege course management program and will become familiar with the features of the program as you use them. Please read the Announcement page of the class site. **I do not use all of the features of the eCollege site and will explain my process during our first chat session. You will get the journal articles through the periodical databases (ABI Inform and Business Source Compete).** On occasion I will have various papers and slide presentations found under “doc sharing.” I will correspond with you frequently by e-mail to you’re my Leo accounts. Please make it a habit to check it daily at a minimum.

**Course Requirements**

This is a web-based course using asynchronous and synchronous communication for the delivery of course material. Students are expected to participate in all elements of the course. All assignments should be e-mailed to me at john.humphreys@tamuc.edu. Students will only be graded for their participation during the week of the scheduled instruction. The posting week
begins and ends at 8AM. While early preparation is valued, I would suggest you do not begin writing your first response until after the first chat session.

Synchronous communications (i.e., Chat Sessions) will occur Tuesday nights from 7:00 PM to 8:00 PM, Commerce, TX time. We will have our first session on 6/09/15. Students will use the Class Live Pro portion of the eCollege site to participate in these discussions. These sessions are designed to clarify course material. If for any reason you miss a scheduled chat, these sessions are archived and can be accessed by entering the Class Live Pro at a later date.
