Electronic Gradebook:
- All grades will be recorded in the online gradebook. This allows you to see how many points each assignment was awarded and what percentage score you have earned up to that point in time, 24 hours a day, seven days a week.
- Click on the score itself to see if the instructor has made any comments such as complimenting various aspects of your work or making suggestions for improvement.

Late turn-ins:
- 5% of the points awarded for an assignment will be subtracted for each day it is submitted late. **After one week after the due date, late assignments will not be accepted.**

Written Assignments (5% subtracted per item):
- Include a header (name, date, course) on all your written assignments. **ALL ON ONE LINE.**
- Font size must not exceed 12 point. Times Roman preferred.
- Margins should be no larger than 1" on all sides.
- Double space your philosophy statement. Your discussion posts and your action research report should be single-spaced with double spacing between sections.
• College level writing is expected in terms of organization, structure, and editing. Excessive spelling, grammar, punctuation, capitalization, etc errors will result in points deducted.

• PowerPoint slides should follow the 7X7 rule, that is no more than 7 lines with 7 words each per slide. Relevant, not merely decorative, graphics should be included.

• All assignments are to be completed and uploaded by 11:59 PM on the day they are due. A hard copy of all major assignments (philosophy statements and action research proposals and reports) must also be provided at that day’s session to the instructor. If either hard copy is not turned in or the electronic copy is not uploaded, 5% will be subtracted from the total grade.

Attendance at the five face to face sessions is of critical importance. At the 1st face to face, an overview of the course requirements and website will be provided. It is our experience that those who do not attend this first session fall behind on all their assignments thereafter and do not do as well in the course as others. At all five sessions, the instructor will lecture on topics not included in the Ovando, Collier and McCombs textbook, but covered on the final exam.

The assignments for the each of the units are due once a week, on Tuesday at 11:59PM. For most units, students are to 1) read a chapter in the Ovando, Collier and McCombs textbook, 2) participate in a discussion forum focused on answering a set of questions for a topic. For some units students will take an online quiz or visit their choice of two websites and report on it. See the course calendar for details. It is recommended you keep up with the weekly due dates to keep yourself on track for the course.

Complete instructions for all written assignments are included in the unit scheduled for the date the assignment is due. Check the course calendar for this date and its associated unit. Find each Assignment link by clicking on the appropriate “Unit” link on the left navigation bar which will then reveal the Assignment link below it. The online instructions provide step by step directions for how to accomplish the assignment, links to sample papers and other resources such as report templates, and links to rubrics and checklists that will be used to assess the assignment. Please review these instructions and all associated documents carefully before beginning your assignments.

A dropbox, clearly labeled using the name of the assignment, is set up for every assignment. The boxes are found on the top toolbar in eCollege. Upload all assignments into the dropbox by midnight on the day they are due. Use Microsoft Word as your word processor and save your files.
with a .doc or .docx extension. You will need to upload multiple files into some assignment dropboxes.

The quizzes will be available online the weeks (7 days) the quiz is assigned. No credit will be given for late quizzes. You may log into the quizzes at anytime during the testing window and retake them as many times as you like. When you complete the quiz, you will receive a score, but the score may not be viewable in the gradebook until after the review date. You may log into the final exam only once and will have a time limit within which to complete and submit it. The day after the testing window is closed you will be able to return to the exam, seeing which items you got correct and which you missed.

A webliography with over 80 links of instructional websites of special interest to bilingual and ESL educators is provided. In addition to visiting five sites and reporting on them as part of your online assignments, you are invited to explore these websites to increase your knowledge of Internet resources available to you for your teaching of English learners.

COMMUNICATION AND SUPPORT

eCollege Student Technical Support
Texas A&M University-Commerce provides students technical support in the use of eCollege. The student help desk may be reached by the following means 24 hours a day, seven days a week. Do not contact me for tech support (such as uploading documents to eCollege or not being able to log onto eCollege), please contact them:

- **Chat Support**: Click on 'Live Support' on the tool bar within your course to chat with an eCollege Representative.
- **Phone**: 1-866-656-5511 (Toll Free) to speak with eCollege Technical Support Representative.
- **Email**: helpdesk@online.tamuc.org to initiate a support request with eCollege Technical Support Representative.
- **Help**: Click on the 'Help' button on the toolbar for information regarding working with eCollege (i.e. How to submit to dropbox, How to post to discussions etc…)

eCollege Announcements
When you log on to the course via your myLeo, please check to see if there are any announcements. I often pass on announcements from the university as well as make my own about events such as BESO (Bilingual/ESL Education Student Organization) meetings. I may also post here such things as changes in the schedule such as when assignments are due or provide further clarifications for specific assignments.

Email
You can easily use the “Email” tab on the top toolbar of eCollege to email me, any one individual or the whole class if you like. I will only send email to your university email addresses using this system so please check your MyLeo email frequently. Feel free to communicate with me and your classmates via email if you have any questions or concerns (other than tech support issues). If, for example, you have to miss class, although not required, I appreciate a message telling me
why you will not be with us. (You still won’t get any attendance points for the missed session, but I’ll worry about you less.)

**DO NOT, however, send me your work as an email attachment.** Send it to me via the dropbox as I have limits on my university email, and it could get blocked. Also, I am not looking for it in my email. I’m looking for it in the right dropbox, which is attached to the gradebook.

**Virtual Office**
If you have a general question and you feel that others may also have this question, please leave a post in the virtual office. Also, make sure to check the virtual office regularly to see the instructor’s responses.

**Dropbox**
Your assignments are to be uploaded, as an attachment, to the appropriate dropbox. I recommend you not wait until the last minute to upload your work to the dropbox as you may encounter technical difficulties and end up with lateness penalties. Do not type your work into the box that opens up or copy and paste text from your document into it. The box is for your comments to me about the work. I may send you comments via this box as well, so please click on the score to see my feedback to you.

**Doc Sharing and Webliography**
Often other students like to have access to your work such as your philosophy statement and your action research project. Consider (not required, optional) uploading your work into the doc sharing area, clicking on "Share with entire class." If you find a great website, consider adding it to the webliography so that others can see it as well.

**COURSE AND UNIVERSITY PROCEDURES/POLICIES**

**Professional Conduct Expected:** “All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment” (*Student’s Guide Handbook, Policies and Procedures, Conduct*).

Ø **Attendance:** Attendance at all class sessions is **required and essential** to your success in this course. You are expected to arrive on time and return from breaks promptly.

Ø **In Case of an Absence:** IT IS YOUR RESPONSIBILITY TO DETERMINE WHAT YOU MISSED. Select a buddy who will be willing to collect any materials and take notes for you if you are out.
