Instructional / Methods / Activities Assessments
(See syllabus tool for content suggestions)

Feedback Sessions:

In class be prepared to talk about your own writing and the writing of others in the group as we workshop papers. You will share drafts of your writing with other readers, they will respond. We will frequently workshop your papers and you should always be prepared to participate by contributing enthusiastically,
knowledgably, and productively to all discussions. The purpose for the workshop sessions is to help you develop habits of reflection and effective ways to “see” others’ work in order to help them revise it, even as you learn to revise your own work with the same strategies. You will respond regularly, respectfully, and diplomatically, to the work of other members of your group through workshopping papers.

**Journals:**

Each Friday by 5:00 p.m., you will upload a journal entry that will include points you gain in your readings for both classes. These journal entries will be uploaded using the Dropbox in eCollege.

**Conferences:**

These conferences are one-on-one conferences scheduled between the instructor and student. I will meet with you at least three times during the semester: once early in the semester, around midterm, and near the end of the semester.

**Writing Memoir: this is the common assignment for all 100 classes.**

In this class, you will read Stephen King’s memoir of his writing. For the final project of this class, you will write your own writing memoir. Obviously you will be very creative in this document while also utilizing strategies you have learned in this class and ENG 1301, but there are also some required elements of this text. You must include a section that talks about your writing process this semester and what steps you took to improve your papers for ENG 1301. You should use a lot of detail (like King does) and describe your process as thoroughly as possible. Quote the feedback you received for your ENG 1301 and 100 teachers, feedback from peers, feedback from the Writing Center, and other resources you employed to become a better writer this semester. This paper challenges you to examine your improvement as a writer this semester, but also to look back at past experiences with writing to see how those experiences shaped who you are as a writer today. Be sure to critically examine the way you are describing yourself in this memoir—Bronwyn Williams’ article will help you critically analyze the metaphors you create in this text.
