Course Description
This course is designed to help students examine the developments, events and issues involved in the creation of the United States of America through the Reconstruction Era. During the course, all students will be required to identify themes and ideas fundamental to U.S. History and evaluate critically explanations of historical events through brief writing assignments and class discussions. Critical thinking is essential for any understanding of American history; therefore, students will be asked to critically evaluate not just memorize the course materials. In this class, we will work together to develop the skills necessary for all students to be successful, but your participation and preparation is required. Last, enjoy the class!
Student Learning Outcomes

1. Students will be able to form substantive and evidence-driven arguments to propose solutions to problems and explain phenomena.
2. Student communication will follow conventions of grammar and syntax appropriate to the audience, purpose and message.
3. Students will demonstrate awareness of societal and/or civic issues.
4. Students will be able to understand their role in their own education

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments
The course requires a combination of class participation, quizzes, writing assignments, and examinations. ALL ASSIGNMENTS MUST BE HANDED IN BY THE END OF THE CLASS PERIOD ON THE DAY THEY ARE DUE (NO LATE ASSIGNMENT WILL BE ACCEPTED FOR FULL CREDIT). The late assignment will be assessed a five point penalty for each day that it is late. Students are expected to read the required readings before class in order to participate fully in the discussion. I will use a variety of different methods to engage the material in the course. Lecture, group discussion, class discussion and written assignments will be used as the methods of assessment.

Exams
The exams of the course will be a combination of multiple choice, short answer, and essay questions based on the lectures, secondary and primary source readings.

Participation
The student’s participation grade will be earned through taking part in classroom discussion sessions. Each student is encouraged to participate and prepare questions for class. Class disruptions will not be tolerated. These include but are not limited to the following: ringing cell phones, phones, tardiness, laptop computers, and PDAs. Tape recorders and laptops will not be allowed except in case of a student with a disability. All cell phones, laptops, tablets and any other hand held device must be stored away during class. (Students arriving more than five minutes late will be asked to leave).

All class periods will include some form of class participation activity. These will be part of your participation grade.

Attendance
Class attendance will be a part of your participation grade. All students will begin with 40 participation points. Starting with the third unexcused absence your attendance score will drop by ten points and after the fourth missed class, there will be a five point penalty for each additional missed class. Once the student has exhausted the participation points, any additional points will be subtracted from the total grade.

Quizzes
The quiz will be scheduled during the course of the semester. There will be no make up for the quiz unless the student has made prior arrangements with the instructor.
**Discussion Board**
During the course of the semester, there will be weekly discussion board questions based on the assigned readings and Voices of Freedom. All students must post an answer to the question and respond to the responses of two different classmates. The discussion board will be 50% of your total participation grade. If you do not participate in all of the discussion board posts, you will lose 50% of your participation grade.

**Reflection Paper**
Each student will be required to complete a five to six page reflection paper based on Incidents in the Life of a Slave Girl by Harriet Jacobs. In the paper, the student will respond to specific questions posed in the reflection paper outline posted on eCollege under the docsharing tab. The paper must be in the form of an essay, not bullet points simply addressing the questions listed in the reflection paper outline. The outline should be used as a guide to help you organize your paper. Do not summarize the book! The due date is listed in the course outline.
