COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

CLASS FORMAT: Every effort will be made to provide the best possible learning experience for students by blending lectures, discussions, and appropriate reading assignments. We will be discussing many current, interesting, and often controversial subjects. Thus, a mature attitude is assumed of all students. **Do NOTHING that will interfere with anyone else's opportunity to learn in this class.** **Disruptive Behavior of any kind will not be tolerated.**

EXPECTATION: This is a 300 level course and I expect 300-level work from you. If you feel you are not yet ready to tackle this level of coursework, then I advise you to enroll for this class at a later date. There will be writing assignments due throughout the semester. I expect clear writing with adequate style, correct grammar, and (when applicable) proper use of scholarly references. All submitted written assignments must be typed in 12 point, Times New Roman font, double spaced, on standard paper with one inch margins. All assignments are to be submitted via drop-box in the e-college system or via e-College discussion board as assigned. Wikipedia is not accepted as a primary source for any assignment for this class.

DISCUSSIONS: Each week/unit will require two submissions: 1) an answer to a discussion question and 2) a response to a fellow student’s discussion question. The guidelines are under the unit’s discussion; NOTICE, there are two separate dates for each submission. There are weekly unit questions worth 15 points each, a total of 100 points.

**TOTAL:** 15

**EXAMINATIONS:** There will be two major examinations worth 100 points. The exams will include multiple choice, true/false and short answer questions. The exams are scheduled in the course outline. Adjust your schedule now--do not make plans that conflict with exam dates! If you miss one of the exams for an **excused** reason, you will take the make-up exam immediately following the final exam on the same date.

**All exams will be taken and posted via e-college.**

**COURSE PROJECT:** **Annotated Bibliography** You are required to complete 1 homework assignment for this course which is an annotated bibliography. You will assume the role of a person who has been harmed as a victim of white-collar crime and who wants to develop a victim assistance program for other victims. To begin this process, research must be conducted to develop resources to be used in developing the proposal. Identifying a minimum of 10 scholarly and professional resources, you will develop an annotated bibliography. A minimum of 2.5 pages is required, and all pages must be numbered. An APA formatted title page is also required. Papers must be submitted via dropbox in week 12 to receive credit and no late papers will be accepted. The time/date stamp for eCollege is the only accepted form of verification of receipt. No late assignments will be accepted. I will submit an example of an annotated bibliography in doc sharing during the first week of classes. You will not be permitted to use any of the examples that I give as examples. The 10 resources must include a combination of refereed journal articles (3), web sources (2) newspapers/periodicals (2) and the remaining three (3) of your choice. Wikipedia is not to be used for this assignment in any form. **This assignment is due on November 17, 2015 by 11pm CST.**
Academic Honesty

Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including (but not limited to) receiving a failing grade on the assignment, the possibility of failure in the course and dismissal from the University. Since dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. In ALL instances, incidents of academic dishonesty will be reported to the Department Head. Please be aware that academic dishonesty includes (but is not limited to) cheating, plagiarism, and collusion.

Cheating is defined as:

- Copying another's test of assignment
- Communication with another during an exam or assignment (i.e. written, oral or otherwise)
- Giving or seeking aid from another when not permitted by the instructor
- Possessing or using unauthorized materials during the test
- Buying, using, stealing, transporting, or soliciting a test, draft of a test, or answer key

Plagiarism is defined as:

- Using someone else's work in your assignment without appropriate acknowledgement
- Making slight variations in the language and then failing to give credit to the source

Collusion is defined as:

- Collaborating with another, without authorization, when preparing an assignment

If you have any questions regarding academic dishonesty, ask. Otherwise, I will assume that you have full knowledge of the academic dishonesty policy and agree to the conditions as set forth in this syllabus.

Students should also reference the following link for more detailed information.
**APA Citation Format Policy:** It is very important that you learn how to cite properly. In some ways, citations are more important than the actual text of your paper. Therefore, you should take this task seriously and devote some time to understanding how to cite properly. If you take the time to understand this process up front, it will save you a significant amount of time in the long run (not to mention significant deductions in points).

In the social and behavioral sciences (including Criminal Justice), we use APA (American Psychological Association) format. As a rule of thumb, one cites whenever they are paraphrasing other people’s words or when they quote other’s words directly. You may choose to access the following websites:

**ATTENDANCE/PARTICIPATION:** It is essential to attend all classes to do well in this course. Lectures and discussions are designed to supplement the book, not repeat it. Many items will be discussed in class that is not in the book. While students can copy someone’s lecture notes, and complete reading assignments, there is no way to gain the information lost by missing class discussions. **Study guides are not provided** for any exams. Your study guides are your notes from your reading and class discussions. Attendance will be taken each class period and you can receive up to 4 points for each day you attend and participate or up to 100 points. If you miss more than one week’s worth of classes (2 class sessions or more) you may want to consider dropping the course. There will be an automatic **dropping of one letter grade** for absences in excess of four (4) without an official documented excuse.

**TARDINESS:** Late assignments are not accepted. **Please be aware of the drop and withdraw dates in the University’s academic calendar if you think you may wish to drop the course.**

**GRADES:** Final grades will be based on the two exams (100 points ea. =200 pts.); Discussion (20 points each = 200); Annotated Bibliography Project (100 pts.). The following grading scale will be used to calculate final grades:

You will find your course grades in the grade book located in eCollege. This gradebook will keep a ‘real-time’ accounting of the points you earn on assignments for this class. In this way, you may track your progress in this course throughout the course of the semester.

**All Grades will be posted on e-college**

**EXTRA CREDIT: Do not ask, there will not be any.** Two types of students usually want to do extra credit work: those who would like to make an even “higher” A; and those who are failing the course. In either case, extra credit makes no sense. Put in the time, energy, and effort on the “regular” work and you will not need any “extra” credit.
