Please note that prerequisites for this course include CJ 501, CJ 530, CJ 531, and CJ 568. Students who are registered for this class and who do not meet the prerequisites should contact Dr. David Hurley, the Director and Advisor of the MS in Applied Criminology program.

Student Learning Outcomes
At the end of the course students will be able to:
1. Identify the origins of and reasons behind offender reentry
2. Explain the origins of and reasons behind offender reentry
3. Identify the dimensions of offender reentry
4. Discuss the dimensions of offender reentry
5. Contextualize the dimensions of offender reentry within various paradigms

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments
This course will provide a variety of activities and assessments to assist you in achieving the outcomes/objectives for the course. You will work toward achieving these outcomes through discussions/comments, papers, assignments, and tests. Below is an explanation of each course requirement including due date, assignment instructions, and other requirements.

Introduction/Discussion/Comments Posts (SLOs 1-5)
The Introduction is a chance for you to ‘meet’ your colleagues (although most of you likely know each other by now) in the class and an opportunity to introduce yourself, using VoiceThread, to your professor. There are tutorial handouts for using VoiceThread located in Doc Sharing, under the VoiceThread handout categories. You will also be required to answer a course-related question. Specific instructions on what to post are available when you click on Introduction in Week #1. The Introductory post is due on Wednesday of Week #1 of the course.

The Discussions are directly related to the assigned readings. Upon completion of the assigned readings, you are expected to engage in an ongoing discussion/debate with your classmates. Your contributions to the discussion forums will be graded for quality and a detailed analysis linking the material to a critical appraisal of theory, policy, and practice. The introduction of outside materials in not mandatory (unless otherwise noted in the discussion topic assignment), but is highly recommended. In all cases, students must cite in-text and provide a full bibliography/works cited at the end of their post for all citations mentioned in the post (See information later in the syllabus for more information on citing utilizing APA citation format. Also see the ‘How to Cite’ Factsheet).

These posts should be the equivalent of 1 page in length or a minimum of 250 words. The specific discussion assignment is located in each unit Week by clicking on the Discussion link.

Posts are due by 11:00PM CST on Thursdays.

The Comment posts are responses you make to the discussion posts that you and your classmates post each week. You are required to make a minimum of five comments each week. I would strongly encourage you to
engage your colleagues well past the five-comment minimum in order to maximize your opportunity for meaningful discussion and learning.

Comment posts should be meaningful. Merely agreeing or disagreeing with a classmate will not be looked upon favorably and will result in a loss of points. A meaningful post is one that moves the discussion forward in some substantive way through providing one’s perspective, additional information through research, or reframing the discussion in some new way. You are expected to engage in an ongoing discussion/debate with your classmates. Your comments will be graded for quality, and relevance. Your comments will also be graded based on your ability to engage in critical thinking. Students must provide one outside source for at least one comment that they make.

**NO LATE COMMENTS ARE ACCEPTED.** All comment posts are due by **11:00PM CST on Saturdays.**

**Assessment Method:** Discussion and Comment posts will be graded using the Discussion Post Grading Rubric located in Document Sharing. The discussion and comments for each week will be graded together and posted as one grade up to 150 points a week.

- 1 Introduction Post @ 50 Points;
- 4 Discussion Posts @100 points each = 400 course points
- 20 Comments @ 10 points each = 200 course points

**Offender Reentry Assignment (SLOs 1-5)**

Students are required to complete one major assignment for this course. This assignment contains multiple parts and so you should be very careful to ensure that you complete and turn in the various components of the assignment on time. The assignment sheet is located under Assignments in Week 1.

This assignment requires that you evaluate a reentry issue in some depth and apply it to what you have learned from your text. The assignment will represent students’ observations of their readings and outside source materials, a critical evaluation of their topic of choice, and thoughts on how best to address problems/issues/policies inherent in their topic. In addition to material contained in the text, students MUST utilize a minimum of eight outside sources to inform their paper. These sources MUST be peer-reviewed publications or governmental reports—some popular sources (NY Times, other periodicals) are acceptable, but no Wikipedia.

Keep in mind that the paper will require extensive research as you may have to hunt for laws/agency policies/practices, etc. I would highly recommend that you all start on this paper as soon as the course begins and to use each other as resources for locating information that you might need. Many of you work 'in the field' and are rich sources of information. Please note, however, that in all instances the assignment is an individual and original contribution and not a group project and will be graded accordingly.

You will create a PowerPoint presentation using VoiceThread. You will need a microphone to record your narrations of your slides. Students will also record comments on 10 of their colleagues’ PowerPoint presentations using the rubric as template.

**Assessment Method:** Students will receive constructive feedback via the discussion board from their colleagues and in the grade book from their professor. Students will be assessed using the Paper Assignment Grading Rubric and using the PowerPoint Grading Rubric.
- 1 assignment with five parts = 350 course points
  - Part I: Paper Topic = 25 points
  - Part II: 5 Constructive Comments to 5 different colleagues = 25 points
  - Part III: Paper = 100 points
  - Part IV: PowerPoint Presentation using VoiceThread = 100 points
  - Part V: Peer Evaluation of PowerPoint Presentation using VoiceThread = 100 Points

**Course Pre/Post-test (not graded)**
Pre and post-tests allow the professor to assess your baseline (foundation) knowledge of a particular subject at the time that you enter a course and the degree of increase in knowledge at the end of the course. This pre/post-test is comprised of no more than 10 questions that will assess your knowledge. You will be asked to complete the pre-test by Friday of Week #1 and the post-test by Friday of Week #5. These tests will not be graded (they are used for assessment purposes only).

**Grading**
Assignments for this course will be scored using a points system. Below is an explanation of how each assignment type will be scored.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures

Academic Honesty

Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including (but not limited to) receiving a failing grade on the assignment, the possibility of failure in the course and
dismissal from the University. Since dishonesty harms the individual, all students, and the integrity of the University, policies on scholastic dishonesty will be strictly enforced. In ALL instances, incidents of academic dishonesty will be reported to the Department Head. Please be aware that academic dishonesty includes (but is not limited to) cheating, plagiarism, and collusion.

**Cheating** is defined as:
- Copying another's test or assignment
- Communication with another during an exam or assignment (i.e. written, oral or otherwise)
- Giving or seeking aid from another when not permitted by the instructor
- Possessing or using unauthorized materials during the test
- Buying, using, stealing, transporting, or soliciting a test, draft of a test, or answer key

**Plagiarism** is defined as:
- Using someone else’s work in your assignment without appropriate acknowledgement
- Making slight variations in the language and then failing to give credit to the source

**Collusion** is defined as:
- Collaborating with another, without authorization, when preparing an assignment. If you have any questions regarding academic dishonesty, ask. Otherwise, I will assume that you have full knowledge of the academic dishonesty policy and agree to the conditions as set forth in this syllabus.

Students should also reference the following link [Criminal Justice web site](http://www.criminaljustice.com) for more information.

**Attendance Policy**
While this is an online course, students are expected to ‘attend class’ and actively participate. Student participation/activity will be monitored by the professor. Students should plan to dedicate approximately 15-20 hours/week of time to this course, of which approximately 1 hour/week should be spent in the discussion board (reading posts and comments and conversing with others).

**APA Citation Format Policy**
It is very important that you learn how to cite properly. In some ways, citations are more important than the actual text of your paper/assignment. Therefore, you should take this task seriously and devote some time to understanding how to cite properly. If you take the time to understand this process up front, it will save you a significant amount of time in the long run (not to mention significant deductions in points).

In the social and behavioral sciences (including Criminal Justice), we use APA (American Psychological Association) format. As a rule of thumb, one cites whenever they are paraphrasing other people’s words or when they quote other’s words directly. You may learn to cite from a variety of different sources including the APA Tutorial and the sources listed below and in the Getting Started section of your course.

- [www.apastyle.org](http://www.apastyle.org)
- [http://owl.english.purdue.edu/owl/resource/560/02/](http://owl.english.purdue.edu/owl/resource/560/02/)
- [www.library.cornell.edu/resrch/citmanage/apa](http://www.library.cornell.edu/resrch/citmanage/apa)

It is the student’s responsibility to understand how to cite properly. If you have questions, feel free to ask.

**Late Work**
In principle, I do not accept late work and do not believe in allowing students to turn in work after the due
date. My position is that everyone knows the rules of engagement at the beginning of the term and that it is the student’s responsibility to ensure that they plan accordingly to submit their assignments in a timely manner. However, I also do understand that sometimes there are circumstances outside one’s control that may impact timely submission of assignments. To that end, I have developed a policy on late work. Please note that this policy applies **ONLY** to your discussions, paper, and PowerPoint presentations, **not** your comments, paper topic submissions, or peer evaluations.

Late assignments will be accepted after the due date and time up to 1 day (24 hours) late. Twenty (20) points will be deducted from all late assignments. Assignments turned in more than one day late **will not** be accepted/graded.

**Drop Course Policy**

Students should take responsibility for dropping themselves from the course according to University policy should this become necessary.

**University Specific Procedures**

**ADA Statement**

**Students with Disabilities**
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities.

If you have a disability requiring an accommodation, please contact:

Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.
