Texas A&M University – Commerce  
College of Business and Entrepreneurship  
Department of Accounting  
Accounting 538  
Individual Income Tax  
Fall 2015

**Professor:** Megan Burke, Ph.D., CPA (VA)  
**Office:** This is an online course. The Virtual Office is where normal office hours will be held. In addition, you can stop by my office at the Commerce campus on Tuesdays or the UCD on Wednesdays.  
**Email:** Megan.Burke@tamuc.edu  
**Office Hours:** Online chats are scheduled for most **Thursdays at 11:00 a.m.** central time. You are **not** required to attend, but you should listen to the archived copy if you cannot attend the sessions. I will log on and be available for live chat. If no one joins after 10 minutes, I will log off. Questions can be emailed to me or posted to the online forum. Posting is the preferred method so that other students may join in answering questions. Additionally, I have office hours at Commerce on Tuesdays from 1:00 – 3:00 p.m. central time and at the UCD on Wednesdays from 4:00 – 6:00 p.m. central time.

**Course Description**

ACCT 538, Individual Income Tax, is a study of income tax laws. Emphasis is given to the impact of the federal income tax on the individual taxpayer. Various research software and tools are utilized to solve practical tax problems. The course was approved by the Texas State Board of Public Accountancy (TSBPA) for 1 hour of Accounting Research and Analysis (Accounting).

**Course Embedded Assessment Objectives**

1. Students will be able to examine the political and legal environment of income taxation, the ethical and legal obligations of tax preparers and the sources of tax law and related collection and enforcement procedures.

2. Students will be able to calculate income taxes for an individual, including gross income and deductions and losses for individuals and businesses.

3. Students will be able to apply general rules related to accounting periods, methods and reporting requirements.

**Textbooks and Materials**

**Required Textbook:** *McGraw-Hill’s Taxation of Individuals and Business Entities*. 2016 Edition. Spilker, Ayers, Robinson, Outslay, Worsham, Barrick and Weaver. ISBN 978-1-259-33487-0. The text is available in a number of formats, including an etext. You may purchase access to McGraw Hill’s Connect. However, you are not required to have this access.

**Financial Calculator:** Any type is acceptable. We have found that the HP-12C is an excellent choice.

**Computer:** High speed internet connection is suggested and recommended. Students will search various databases to gather information. Some databases or sources may charge access fees. You are required to gain familiarity with and download information from the Internal Revenue Service website ([http://www.irs.gov/](http://www.irs.gov/)), our University library ([http://www.tamuc.edu/library/](http://www.tamuc.edu/library/)), and other sources.
Student Responsibilities

Learning is every student’s responsibility. My role as your professor is to facilitate your learning process. Each student is required to:

- Read assigned material on schedule.
- Listen to published lectures, attend or listen to the archived ClassLive sessions, and review other published material each week.
- Complete assignments within the posted time frames.
- Participate in the class online forum (Student Lounge) by posting questions and answering questions posted by classmates and/or myself.
- Prepare diligently for weekly assignments.
- Respect the e-learning environment by being prepared and observing net-etiquette.

Graduate level expectations

- Writing – Graduate students should be able to demonstrate critical thinking skills. Graduate-level writing must demonstrate an ability to evaluate arguments from various perspectives, be able to formulate well-articulated conclusions based on facts and deductive reasoning, and be able to provide a well-reasoned discussion that reflects comprehension beyond an undergraduate level.

- Responsibility – Graduate students should demonstrate self-motivation, organization, time management skills, and discipline. It is your responsibility to know when assignments, exams, quizzes, etc. are due. Due dates are communicated on the syllabus. If changes are made, the changes are provided via email. I will NOT provide daily or weekly reminders for you. You are responsible for submitting the appropriate files on time and in the required format.

- Learning – Graduate studies are designed for more discipline-specific focused learning. I assume you want to learn. My goal is not to solely teach you information that is covered on my exam, but to teach you accounting concepts and the application of accounting concepts. If you only want to know what is on the exam, you are robbing yourself of the value of learning.

- Late work – Due dates are posted on our syllabus and in our eCollege course. Assignments, exams, quizzes, etc. must be submitted no later than the date outlined in our course. Absent extenuating circumstances, late work is not accepted. Extenuating circumstances do NOT include forgetting, technical difficulties or running out of time. The evaluation of an extenuating circumstance is judged on a case-by-case basis. Documentation MUST be provided in a timely manner. A 30% late penalty may apply even if an extenuating circumstance exists.

- Exams/ quizzes – The content and format of the exam/quiz will vary, but may include any of the following: multiple choice questions, problems, matching, or essays. The exam/quiz will be administered on the date outlined in our course. You must plan to take the exam/quiz on or before its due date. Make-up exams/quizzes are given ONLY under extenuating conditions. The following are considered extenuating conditions: hospitalization, medical emergency, physical injury, or death of an immediate family member. You MUST bring proof of the extenuating circumstance in order to facilitate an exam/quiz make-up. Proof of the extenuating circumstance must be received in a timely manner. For extenuating conditions make-up exams/quizzes must be taken within three days of release or recovery. A 30% late penalty may apply even if an extenuating circumstance exists. Students attending university sponsored events must provide necessary documentation in order to accommodate any make-up exam/quiz.
• Cheating, plagiarism, academic dishonesty – Academic integrity is a serious issue. If any portion of your work (exam, quiz, research assignment, homework, etc.) is copied, plagiarized, purchased, stolen or lacks authenticity, the ENTIRE body of work will receive a zero. The Dean will be notified of any breach in academic integrity. Additional academic sanctions may include failure of the course, dismissal from the program and/or dismissal from the university.

• Graded work – There are several issues regarding grading/scoring: 1) I do NOT re-grade work. Once an assignment is returned with a grade/score it cannot be resubmitted. 2) If you disagree with the posted grade/score on an assignment, you must email me with the specific discrepancy no more than three (3) days after the grade/score is posted. 3) You are NOT permitted to submit an assignment used in a previous course.

**Evaluation**

Grades are based upon total points received.

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exam I</td>
<td>100</td>
</tr>
<tr>
<td>Research Project</td>
<td>150</td>
</tr>
<tr>
<td>1040 Project</td>
<td>100</td>
</tr>
<tr>
<td>Final Exam</td>
<td>100</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>450</strong></td>
</tr>
</tbody>
</table>

Expect exams to be difficult. I prefer to test students at their upper limits so that those who study vigilantly have the opportunity to shine. Final grades may be adjusted upwards on a class curve. Students should strive for mastery of the objectives and content and not worry about competing against each other.

The levels of mastery are:

<table>
<thead>
<tr>
<th>Percentage</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90 – 100%</td>
<td>A</td>
</tr>
<tr>
<td>80 – 89%</td>
<td>B</td>
</tr>
<tr>
<td>70 – 79%</td>
<td>C</td>
</tr>
<tr>
<td>60 – 69%</td>
<td>D</td>
</tr>
<tr>
<td>&lt;60%</td>
<td>F</td>
</tr>
</tbody>
</table>

Any grading discrepancies should be brought to the instructor’s attention no more than three days after the grade is posted. Grading discrepancies noted after this time will not be evaluated.

**Exam Rubric**

4 – The student’s answers show a mastery level of understanding of the concept(s).
3 – The student’s answers show proficient understanding of the concept(s).
2 – The student’s answers show a basic understanding of the concept(s).
1 – The student’s answers show minimal understanding of the concept(s).

**Tax Return Project Rubric**

4 – The student’s tax returns have the correct entries and final results which show a masterly level of understanding of the concept(s).
3 – The student’s tax returns have most of the correct entries and the final results show a proficient understanding of the concept(s).
2 – The student’s tax returns have some correct entries and the final results show a basic level of understanding of the concept(s).
1 – The student’s tax returns have few correct entries and the final results show a minimal understanding of the concept(s).
**Research Project Rubric**

4 – The student’s project shows a mastery level of understanding of the concept(s).
3 – The student’s project shows a proficient understanding of the concept(s).
2 – The student’s project shows a basic understanding of the concept(s).
1 – The student’s project shows a minimal understanding of the concept(s).

**Assignments**

All reading assignments should be completed before logging in and completing the online course content. We will be covering a lot of material this semester and it is important to stay caught up so that you will be prepared for your assignments. Assignments will be given deadlines, which must be adhered to. Late assignments will not be accepted. Students are required to take all examinations within the posted timeframe. **There are no make-up exams.** Exams will be online. You will log in during the timeframe that the exam is open to be taken and complete the exam in one sitting.

**Attendance/Participation**

One advantage of an online course is that you do not have to be in a certain place at a certain time. You can study when convenient and log into the course and review course content when convenient. I will have an online class each **Thursday at 11:00 a.m.** central time at which time you may log in and join in the class questions and discussions. I will use this time to review answers to assigned problems and review for exams. You are not required to attend the weekly chat session. If you cannot attend the sessions, you should review the archived copies. These sessions will be recorded and you can log on anytime to review the chat session. Be sure to post your answers to questions posed by me or your peers. Also, use of the forum to ask questions will benefit all of the class. We have a lot of smart students who can often answer questions quicker than I may be able to. I will review discussions on the forum and offer corrections and/or additional explanations when needed.

**Technology Requirements**

The following information has been provided to assist you in preparing to use technology successfully in this course.

- Internet access/connection – high speed recommended (not dial-up)
- Headset/microphone (if required for synchronous sessions in an online course)
- Word Processor (i.e. MS Word or Word Perfect)

Additionally, the following hardware and software are necessary to use eCollege:

Our campus is optimized to work in a Microsoft Windows environment. This means our courses work best if you are using a Windows operating system (XP or newer) and a recent version of Microsoft Internet Explorer (8.0 or higher).

Your courses will also work with Macintosh OS X along with a recent version of Safari 2.0 or better. Along with Internet Explorer and Safari, eCollege also supports the Firefox browser (3.0) on both Windows and Mac operating systems.

It is strongly recommended that you perform a “Browser Test” prior to the start of your course. To launch a browser test, login to eCollege, click on the “myCourses” tab and then select the “Browser Test” link under Support Services.
Communication and Support

Texas A&M University – Commerce provides students technical support in the use of eCollege. The student help desk may be reached by the following means 24 hours a day, seven days a week.

- Chat Support: Click on “Live Support” on the tool bar within your course to chat with an eCollege Representative.
- Phone: 1-866-656-5511 to speak with an eCollege Technical Support Representative
- Help: Click on the “Help” button on the toolbar for information regarding working with eCollege.

Ethics

Integrity is the hallmark of the accounting profession and will be stressed throughout the course. Any type of student breach of ethics, including, but not limited to: illegal activity, dishonest conduct, cheating, plagiarism or collusion will result in failure on the assignment and/or further academic sanctions (i.e. failure of the course, dismissal from class and/or referral to the Dean of the College of Business and Entrepreneurship). You will be required to sign the Academic Honesty Policy and submit it within the first two weeks of class. Failure to submit a signed Academic Honesty Policy will cause a 50 point deduction from your overall score for the class.

Academic Honesty Policy

The College of Business and Entrepreneurship at Texas A & M University-Commerce will strive to be recognized as a community with legal, ethical, and moral principles and to practice professionalism in all that we do. Failure to abide by these principles will result in sanctions up to and including dismissal. Five different types of activities that will bring sanctions are as follows:

- **Illegal activity** – Violation of any local, state, or federal laws that prohibit the offender from performance of his or her duty.
- **Dishonest Conduct**: Seeking or obtaining unfair advantage by stealing or receiving copies of tests or intentionally preventing others from completing their work. In addition, falsifying of records to enter or complete a program will also be considered dishonest conduct.
- **Cheating**: The unauthorized use of another’s work and reporting it as your own.
- **Plagiarism**: Using someone else’s ideas and not giving proper credit.
- **Collusion**: Acting with others to perpetrate any of the above actions regardless of personal gain.

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See Code of Student Conduct from Student Guide Handbook).
**Students with Disabilities**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

**Office of Student Disability Resources and Services**  
Texas A&M University – Commerce  
Gee Library  
Room 132  
Phone (903) 886-5150 or (903) 886-5835  
Fax (903) 468-8148  
StudentDisabilityServices@tamuc.edu

**Email**

Emails are typically the best way to contact me. I will try to respond to all emails within 24 hours during the week. Emails received during the weekend may not receive a response until Monday. If you do not receive a response in that timeframe, please re-send the email.

**Other**

University policy will be followed in regards to withdrawals during the semester. *It is the student’s responsibility to conform with the university rules relating to dropping or withdrawing from the course.*

The content of this course is included in the comprehensive exam. You must pass the exam in order to graduate.

**NOTE:** This syllabus is subject to change as needed to meet the objectives or administration of the course at the discretion of the professor. *It is not anticipated that there will be any substantive changes.*
