COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings:

*There is no required textbook for this class. However, every student is encouraged to secure an Introductory to Criminal Justice book which will serve as the review source for this class. Attempting to go through the class successfully without an introductory criminal justice book will not work.

Additional Required Readings (which will be given as handouts):

*ONE of the following books must be obtained and read; a date later in the semester will be set aside for discussing each book. Those students reading the same book must participate in a class presentation and discussion on that designated date:*

MacDonald, Heather. 2003. *Are Cops Racist?* Chicago, IL: Ivan R. Dee Publisher

An alternative book may be selected by any student, but it must be approved by the professor before the student begins reading it. Any individually selected book must pertain to the criminal justice system and the problem our society is facing, dealing with today. The student will have to present information on the book as will be done on the two above books.

More Supplementary Readings (if desired by any student):

**Course Description:**

An internship program demonstrates how an individual can learn by many methods. This course allows the student to enter the professional world on a consistent and organized basis. In the internship the student will spend 150 hours with a criminal justice agency which will allow the student to experience assigned tasks, and responsibilities in a criminal justice agency. The exposure of the student to the environment of the agency will assist in the professional development of the student. Besides a limited number of assignments the student will spend a large amount of class time with the agency. Time spent in the classroom will allow the student to focus on developing a useful and informative resume, letters of references, and other material helpful in obtaining professional employment.

In addition to gaining experience within a criminal justice agency, this course will be used as an exit class for the major. In other words, this course will serve as the culmination of what the student has learned across all of his/her criminal justice courses. A strategic goal of this class, not only to expose the student to the professional arena of criminal justice, but its goal is to summarize and present an overall picture of what the student has learned as he/she has matriculated here at Texas A&M University-Commerce.
Course Goals:
The goals for this course have been divided into four distinctive domains: the accumulation of information, appraisal of accomplishments, individual development, and professional growth.

1. The goal of **accumulating information.** Each student will acquire knowledge about agency(ies) they did not know before taking this course. This information will be obtained from reading various publications, class discussions where various information about students’ experiences will be shared, and from practical experiences at an agency for the enrolled semester.

2. The goal of **appraising accomplishment.** Each student will develop knowledge about a particular agency as he or she performs the assignments of field placement, and as he or she acquires professional experience while interning within the agency. While performing the internship each student is encouraged to examine patterns, distinguished motives for alliances, and evaluate the conditions in the agency. Each student should be able to determine how much professional knowledge he/she has accumulated during the internship about the agency.

3. The goal of **individual development.** Each student will assess his or her strengths and weaknesses as they relate to performing within the agency. This assessment may occur while the student is learning to work with people from diverse backgrounds. Each student will be conscious of improving his or her report writing and language (professional jargon) skills as they relate to that particular agency.

4. The goal of **professional growth.** Each student will increase his or her awareness of what a career would be like within the agency where the internship is conducted. Each student will communicate his or her aspirations as they related to the criminal justice field. Each student will become acquainted with relationship building with co-workers and peers.

Course Objectives:
1. Each student will have a “hands on” experience with a criminal justice agency/organization, becoming familiar with the operations, functions and activities of the agency.

2. Each student will have his/her knowledge base of the criminal justice system assessed.

3. Students will be exposed to information detailing a properly written resume, cover letter, and reference letter.

4. Students will have an opportunity to practice the professional jargon used within an agency based on their internship.

5. Students will practice or employ accumulated knowledge about the criminal justice field, the profession through the fulfillment of various assignment during this course.

Student Learning Outcomes:
1. Students will be able to describe in written and oral forms the function(s) of the criminal justice components.

2. Students will develop a resume appropriate for a prospective job or to carry to an interview.

3. Students will demonstrate their accumulated knowledge gained from the criminal justice curriculum by earning a successful (70% or better) grade on two survey exams over criminal justice.

4. Students will describe the internship in an oral presentation.
Instructional / Methods / Activities Assessments

While internship is an experiential learning activity, it must be remembered that its ultimate goals are academic, for example, the student should become familiar with the inter-connection between theory, research and practice or application in the field of criminal justice. CJ 470 will have the following requirements:

Internship:

Having a successful internship is most important. The internship itself will be graded. The internship grade will be cumulative. Every student must obtain 150 hours at the agency/organization. If for some reason a student cannot make a scheduled visit or be present at the agency then he/she should make sure the time is made-up, re-scheduled. Each student will maintain a timesheet which must be signed by the student’s immediate supervisor at the agency. Each student must maintain an accurate, informative and up-to-date journal. The purpose or usefulness of the journal is for the student to describe in detail what occurred each time, each day he/she served or spent at the agency. Naturally, the student must respect confidentiality and write or report on nothing that would offend the agency or those receiving service. At the end of the internship an evaluation of the student will be performed by the immediate supervisor. The score obtained from the evaluation will be reflected in the student’s grade. The points to be obtained for this assignment are as follows:

- Internship Evaluation (120 pts for questions 1-12; 30 pts for # 13 if nothing negative) 150 pts.
- Time sheet (performed all hours, 150) 150 pts.
- Journal 50 pts.

In-class assignment:

The class will meet a number of times during the semester. Students are expected to be present. Being absent will impact your grade. Students are expected to read assigned readings, to perform assigned tasks, and to complete a criminal justice summary exam. Students are encouraged to secure books from previous classes that address or focused on the police, corrections and courts. Reviewing an introduction to criminal justice book may be useful. Students will be expected to show some resourcefulness, especially in reference to preparing for the summary exams.

1. Each student must participate in a graded discussion of the introductory readings.
2. Each student must participate in an oral review of the criminal justice field and prior course work.
3. All students will be administered an objective summary or survey exam covering the three components of the criminal justice system.
4. All students will be administered an essay type exam covering the three components of the criminal justice system.
5. Because of the recent (2016) race relation and police (law enforcement) events each student in the class is being required to read one of the two books identified by the professor or the student may select his/her another book, but it must be approved by the professor before reading of the book is started. On a designated date students will participate as a group in discussing their read book. A reading/discussing grading rubric sheet will be made available before hand, so each student will know what and how they will be graded on this assignment. The date(s) for this assignment is identified in the Course Calendar within this document.
6. Each student will find two positions which require a criminal justice or social behavior degree and present those to the class. A handout with more details will be provided on
this assignment.

The points to be obtained for this assignment are as follows:
Review of Introductory Textbook for Criminal Justice
   (Class discussion of the three components of cj system
    15pts per discussion for each component)  45 pts.
9 Research Articles Reading/Discussing (5 pts each)  45 pts.
Objective survey exam of criminal justice field 100 pts.
Essay survey exam of criminal justice field 100 pts.
Reading and discussing of selected assigned book 50 pts.
2 Job/Position Information Presentation 20 pts.

**Outside of class assignment:**
A number of assignments will be done outside of class and turned in on designated dates. No late assignment will be accepted.

1. Each student will write a resume, turn it in for corrections, suggestions, reviewing by the professor. The resume will be returned to the student, changes or corrections made then turned back in for a grade.
2. Each student will write a cover letter to accompany the resume. It too will be critiqued and returned for a re-write based on the noted suggestions.
3. Each student will write a letter of reference for him-/herself, although the task will be to write the letter from a second (another) person’s perspective. In the letter of reference you want to place information that you would want a potential employer to read or know.
4. Each student will write a research paper discussing some aspect of the criminal justice field. This assignment will allow students to demonstrate their skills in conceiving a thought and following through to completion. You may used whichever writing style (ASA, APA, MLA) you are most familiar with in developing the paper. This research paper must be at least five pages of content and employ at least three references. The professor will address with the class his attitude about the use of electronic sources. Further information will be shared with the class by the professor.

The points to be obtained for this assignment are as follows:
Resume (graded after the re-write) 20 pts.
Cover letter for resume 10 pts.
Letter of reference 10 pts.
Research paper 60 pts.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures:
Class attendance and participation are expected, especially for this class, senior seminar. I do not plan to build attendance into the class requirements at this point, and hope no need will arise to so. Students are expected to be present and ready to contribute when the class is in session.

Tardiness is reacted to in an unfavorably manner. Students will not be permitted to enter the class after the professor has initiated the focus for that class period. This goes for both classes, whether the professor is at Navarro or Commerce. Early departure from the classroom will be dealt with accordingly.

Telephone and pagers must be turned off unless you work for some type of emergency agency (medical or law enforcement, etc.).

This department has a strong policy and a low tolerance for cheating. Plagiarism is disliked and treated very seriously. Texas A&M University-Commerce does not tolerate plagiarism and other forms of academic dishonesty. Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty. “Academic dishonesty” includes, but is not limited to, plagiarism (the appropriation of stealing of the ideas or words of another and passing them off as one’s own), cheating on
exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material. Sites that address plagiarism and how to avoid it: http://www.plagiarism.org or http://www.unc.edu/depts/scweb/handouts/plagiarism.html.

Students should be doing everything within their power to become better equipped to secure employment within the field, and therefore should maintain a good attitude and desire to learn as much as possible as they prepare to graduate from this university.

The professor will communicate with students through using the individual email address through the MyLeo system. Students should make sure they frequently check this email address.

A student may drop a course by logging into their MyLeo account and clicking on the hyperlink labeled ‘Drop a Class’ from among those choices found under the MyLeo section of the Web page.

It is the student’s responsibility to be aware of the rules or policies relating to withdrawal or “X.” You are encouraged to follow the appropriate procedures of the university as they relate to this matter. I will be as helpful and understanding where possible, but please be aware that this professor does not like to give an incomplete as a grade.
