The assignments for the each of the units are due once a week, on Monday at 11:59PM. For most units, students are to 1) read a chapter in the Ovando, Collier and McCombs textbook, 2) participate in a discussion forum focused on answering a set of questions for a topic, 3) take an online quiz or visit their choice of two websites and report on one of the websites. See the course
calendar for details. It is recommended you keep up with the weekly due dates to keep yourself on track for the course.

Complete instructions for all written assignments are included in the unit scheduled for the date the assignment is due. Check the course calendar for this date and its associated unit. Find each Assignment link by clicking on the appropriate “Unit” link on the left navigation bar which will then reveal the Assignment link below it. The online instructions provide step by step directions for how to accomplish the assignment, links to sample papers and other resources such as report templates, and links to rubrics and checklists that will be used to assess the assignment. Please review these instructions and all associated documents carefully before beginning your assignments.

A dropbox, clearly labeled using the name of the assignment, is set up for every assignment. The boxes are found on the top toolbar in eCollege. Upload all assignments into the dropbox by midnight on the day they are due. Use Microsoft Word as your word processor and save your files with a .doc or .docx extension. You will need to upload multiple files into some assignment dropboxes.

The quizzes will be available online the weeks (7 days) the quiz is assigned. No credit will be given for late quizzes. You may log into the quizzes at anytime during the testing window and retake them as many times as you like. When you complete the quiz, you will receive a score, but the score may not be viewable in the gradebook until after the review date. You may log into the final exam only once and will have a time limit within which to complete and submit it. The day after the testing window is closed you will be able to return to the exam, seeing which items you got correct and which you missed.

A webliography with over 80 links of instructional websites of special interest to bilingual and ESL educators is provided. In addition to visiting five sites and reporting on them as part of your online assignments, you are invited to explore these websites to increase your knowledge of Internet resources available to you for your teaching of English learners.

COMMUNICATION AND SUPPORT

eCollege Student Technical Support
Texas A&M University-Commerce provides students technical support in the use of eCollege. The student help desk may be reached by the following means 24 hours a day, seven days a week. Do not contact me for tech support (such as uploading documents to eCollege or not being able to log onto eCollege), please contact them:

- **Chat Support:** Click on ‘Live Support’ on the tool bar within your course to chat with an eCollege Representative.
- **Phone:** 1-866-656-5511 (Toll Free) to speak with eCollege Technical Support Representative.
- **Email:** helpdesk@online.tamuc.org to initiate a support request with eCollege Technical Support Representative.
• **Help:** Click on the 'Help' button on the toolbar for information regarding working with eCollege (i.e. How to submit to dropbox, How to post to discussions etc…)

**eCollege Announcements**

When you log on to the course via your myLeo, please check to see if there are any announcements. I often pass on announcements from the university as well as make my own about events such as BESO (Bilingual/ESL Education Student Organization) meetings. I may also post here such things as changes in the schedule such as when assignments are due or provide further clarifications for specific assignments.

**Email**

You can easily use the “Email” tab on the top toolbar of eCollege to email me, any one individual or the whole class if you like. I will only send email to your university email addresses using this system so please check your MyLeo email frequently. Feel free to communicate with me and your classmates via email if you have any questions or concerns (other than tech support issues). If, for example, you have to miss class, although not required, I appreciate a message telling me why you will not be with us. (You still won’t get any attendance points for the missed session, but I’ll worry about you less.)

**DO NOT, however, send me your work as an email attachment.** Send it to me via the dropbox as I have limits on my university email, and it could get blocked. Also, I am not looking for it in my email. I’m looking for it in the right dropbox, which is attached to the gradebook.

**Virtual Office**

If you have a general question and you feel that others may also have this question, please leave a post in the virtual office. Also, make sure to check the virtual office regularly to see the instructor’s responses.

**Dropbox**

Your assignments are to be uploaded, as an attachment, to the appropriate dropbox. I recommend you not wait until the last minute to upload your work to the dropbox as you may encounter technical difficulties and end up with lateness penalties. Do not type your work into the box that opens up or copy and paste text from your document into it. The box is for your comments to me about the work. I may send you comments via this box as well, so please click on the score to see my feedback to you.

**Doc Sharing and Webliography**

Often other students like to have access to your work such as your action research project. Consider (not required, optional) uploading your work into the doc sharing area, clicking on “Share with entire class.” If you find a great website, consider adding it to the webliography so that others can see it as well.

**COURSE AND UNIVERSITY PROCEDURES/POLICIES**

**Professional Conduct Expected:** “All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment” *(Student’s Guide Handbook, Policies and Procedures, Conduct)*.
A&M-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

**Plagiarism:** Plagiarism will result in a grade of F for the assignment and possibly the course. Further infractions could result in dismissal from the teacher education program. Plagiarism consists of copying directly from a source without properly citing the source. It is also using someone else’s work and claiming it as your own. For more information see [http://www.plagiarism.org/](http://www.plagiarism.org/) or [http://www.mydistancecourses.org/owl/course/view.php?id=29](http://www.mydistancecourses.org/owl/course/view.php?id=29).

**STUDENTS WITH DISABILITIES**
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
