- 1.2k the implications of students' developmental characteristics for planning appropriate instruction;
- 1.3k the characteristics and instructional needs of students with varied backgrounds, skills, interests, and learning needs;
- 1.4k different approaches to learning that students may exhibit and what motivates students to become active, engaged learners;
- 1.5k cultural and socioeconomic differences and the significance of these differences for instructional planning; and
- 1.6k appropriate strategies for instructing English language learners.
- 1.7k the importance of the state content and performance standards as outlined in the Texas Essential Knowledge and Skills (TEKS);
- 1.8k relevant content of the discipline being taught, including concepts, principle relationships, methods of inquiry, and key issues;
- 1.9k the significance of the vertical alignment of content, including prerequisite knowledge and skills;

1.10k how lesson content and skills connect with other disciplines and within the discipline;

1.11k current research on best pedagogical practices.

1.12k the importance of developing instructional goals and objectives that are clear, relevant, meaningful, and age-appropriate;

1.13k the importance of developing instructional goals and objectives that can be assessed

1.14k the importance of developing instructional goals and objectives that are suitable for students with varied learning needs; and

1.15k the importance of aligning instructional goals with campus and district goals.

1.16k the use of appropriate materials and resources for preparing instruction, presenting lessons, and assessing learning;

1.17k the importance of knowing when to integrate technology into instruction and assessment; and

1.18k the use of resources beyond the campus to help students meet academic and nonacademic needs.

1.9k the importance of designing instruction that reflects the TEKS;

1.20k features of instruction that maximize students' thinking skills;

1.21k the importance of planning lessons and structuring units so that activities progress in a logical sequence;

1.22k know materials, technology, and other resources may be used to support instructional goals and objectives and engage students in meaningful learning;

1.23k the benefits of designing instruction that integrates content across disciplines; and

1.24k the importance of engaging in continuous monitoring and self-assessment of instructional effectiveness.

1.25k the role of assessment in guiding instructional planning;

1.26k the importance of creating assessments that are congruent with instructional goals and objectives;

1.27k the characteristics, uses, advantages, and limitations of various assessment method and strategies;

1.28k the role of technology in assessing student learning;

1.29k the benefits of and strategies for promoting student self-assessment;

1.30k the connection between the Texas statewide assessment program, the TEKS, and instruction; and

1.31k how to analyze data from local, state, and other assessments using common statistical measures.

1.1s plan lessons that reflect an understanding of students' development characteristics and needs;

1.2s adapt lessons to address students' varied backgrounds, skills, interest, and learning needs, including the needs of English language learners,

1.3s use effective approaches to address varied student learning needs and preferences;

1.4s plan instruction that motivates students to want to learn and achieve; and

Student Learning Outcomes in direct correlation with the PPR competencies:

By the conclusion of the course, the student will demonstrate the following competencies at the **Application** level:

1. Human developmental processes (TExES PPR Competency 1)
2. Student diversity and the design of learning experiences and assessments that are responsive to the differences among students and that promote all students' learning. Understanding of design procedures for effective, coherent instruction and assessment based on appropriate learning goals and objectives (PPR 2).
3. Instructional design, delivery, and assessment aligned with the Texas statewide assessment program (PPR 3).
4. Learning processes and factors (i.e., learning theory, developmental stages, higher-order thinking skills, etc.) that impact student learning (PPR 4).
5. A classroom climate that fosters learning, equity, and excellence; a physical and emotional environment that is safe and productive (PPR 5).
6. Strategies for creating an organized and productive learning environment and for managing student behavior (PPR 6).
7. Principles and strategies for communicating effectively in varied teaching and learning contexts (PPR 7).
8. Appropriate instructional techniques and strategies that actively engage students in the learning process (PPR 8).
9. Technology for planning, organizing, delivering, and evaluating instruction for all students (PPR 9).
10. How to monitor student performance and achievement, provide timely, high-quality feedback to students, and flexibly respond in order to promote learning for all students (PPR 10).
11. Professional knowledge and skills (including legal and ethical requirements for educators) gained through effective interactions with others in the educational community including parents and through participation in professional activities in university and public school classrooms (PPR 11, 12, and 13).

Other Learning Outcomes tied directly to assessment and evaluation of interns/residents:

1. The student will construct, implement, and assess developmentally appropriate lessons that meet the state mandated Texas Essential Knowledge and Skills.
2. The students will associate appropriate TExES PPR competencies with the course content.
3. The student will be an active and engaged participant in class discussions by analyzing, constructing/creating, and evaluating information presented within external readings/resources, field experiences, and class discussion.
4. The student will utilize technology in the preparation and delivery of lessons, communication, and assessment. Actively engage students' in the application of technology.
5. The student will understand the need for a variety of instructional strategies and demonstrates the ability to model and deliver effective teaching and learning appropriately.
6. The student will design and implement instruction and assessment to promote student learning in a least restrictive environment. (i.e., IEP's, Gifted and Talented, ELL's, etc.)
7. The student will demonstrate the ability to be a reflective teacher.
9. The student demonstrates an understanding of legal and ethical requirements for educators.

COURSE REQUIREMENTS

Required Residency Seminar Courses: Eled. 447, Eled. 452, Sped. 480

1. Attendance—**on time**-- at **all** scheduled seminars, campus assigned days, and school/university meetings. Residents must be on time to seminar and on their assigned campus. ALL absences are expected to be made up.
2. Professionalism at the highest level to be demonstrated at all school and seminar activities. An educator demonstrates his/her professionalism in ways such as being on time, participating in and contributing to class activities, showing respect to all in seminar, accepting responsibility, and showing pride in one's work; demonstrate Net Etiquette.
3. Prepared for all campus assignments, university assignments and university seminars.
4. Written assignments will be typed and corrected for grammar, spelling and punctuation
5. All assignments will be in a format that is easy to read, attractive, and turned into your liaison/field-supervisor on time.
6. Assignments will be completed on your time not in the field.
7. Register for the required TExES Exams in a timely manner.
8. Certification – all students should meet with their advisor to be sure all requirements are met.
9. Check Degree Works for accuracy

Instructional / Methods / Activities Assessments

This course consists of a series of activities, experiences/observations in the field, and assessments to assist you in achieving the outcomes/objectives for the course and instructional units. The student will consistently work on various combinations of assignments, activities, field experiences/observations, discussions, readings, research, etc.

Lesson Plans and Evaluation:

Student Learning Outcomes: #1-9 See above

PPR Standards/Competencies: 1.1k-1.31k, 1.1s-1.23s, 2.1k-2.23k, 2.1s-2.21s, 3.1k-3.16k, 3.1s-3.20s, 4.1k-4.18k, 4.1s-4.19s

Assessment Method: Documentation through Formal lesson plans and evaluations (Mentor/Liaison), formal Mid-Term and Final evaluations (Liaison/Mentor)

Observations and Anecdotal notes (Mentor/Liaison), Journals by resident and feedback by Liaison, Debriefing with Mentor and Liaison-weekly

- o Demonstrate your knowledge of the typical stages of cognitive, social, physical and emotional development of your students by developing lessons appropriate for the children you are teaching.
- o Demonstrate your knowledge of student diversity by planning learning experiences and assessments that are responsive to difference among students.
- o Design effective and coherent instruction and assessment based on appropriate learning goals and objectives.
- o Plan effective, engaging instruction and assessment based on learning processes and factors that impact student learning.
- o Establish a classroom climate that fosters learning, equity, and excellence.
- o Manage student behavior through organized strategies.
- o Communicate effectively in varied teaching and learning contexts. .
- o Actively engages students in all teaching and learning contexts. .
- o Use effective technology to plan, organize, deliver and evaluate instruction for all students.
- o Provide timely, high quality feedback to students through written and oral means.
- o Build up to Full-time teach) taught by the resident in each placement. The students will teach all content and perform the duties of their assigned mentor teacher. This will be done under the supervision of the mentor teacher with feedback and reflection.

- o Seven formal evaluations must be completed this semester. Two formal evaluations from the school (mentor teachers) and three by your university liaison must be completed. At each evaluation you MUST have prepared for the evaluator the following items: your lesson plan, a lesson evaluation form, a seating chart, all handouts to be used during your lesson, and your pre-lesson reflections. Your university liaison will expect it to be ready and in the location where you would like her/him to sit during your lesson. Plan and organize your time wisely.
- o Midterm Evaluation
- o Final Evaluation covering experiences in the field and seminar.

The Reflective Teacher:

Student Learning Outcomes: #2,3,5,7-9 See above

Assessment Method: Weekly reflections & discussions with field-supervisor/seminar team

TEXAS A&M UNIVERSITY-COMMERCE FIELD BASED PROGRAM

ASSESSMENT AND EVALUATION OF RESIDENTS

In terms of EC-6 certification, the purpose of the second (residency) semester of the field-based program is twofold:

- (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and
- (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner.

Grading (Determined by criteria shared below)

1. Professional growth as demonstrated by:
 - a. Professional growth – per discussions with ILT
 - b. Anecdotal records kept by the mentor teachers, university liaisons/field supervisors and seminar instructors
 - d. Lesson Evaluations by mentor teachers (2 each) and university liaison/field supervisor (3- total)
 - e. Professionalism (major component) (self-reflection)
2. Written assignments
3. Attendance at school and university seminars (Mandatory every scheduled day)
4. Midterm and final conferences
5. All paperwork submitted in Tk20 in a timely manner

This includes completing all course requirements with a grade of a "C" or better in SPED 480 and ELED 447. The resident must also successfully complete the requirements with a "C" or better for ELED 452 - Student Teaching, have satisfactory ILT summative evaluations, and be recommended for certification by the Instructional Leadership Team to be awarded credit for the above course requirements.

Final Grading

Grading will reflect a combination of seminar and field work derived from the **Instructional Leadership Team (ILT)**. The following holistic scoring will be utilized:

A= Commendable. Well above average in initiative, thought, organization, reflection, and implementing professional choices. Evidences extensive control of own decision-making and learning progresses. Monitors, adjusts, and manages independently. Excellent attitude, attendance, participation and completion of assignments completed by due date

B = Developing. Functional--but in need of instruction--in initiative, thought, organization, reflection, and implementing professional choices. Evidences some control of own decision-making and learning processes. Monitors, adjusts, and manages--but requires intervention. Good attitude, attendance, participation and completion of assignments completed by due date

C/D = Needs Improvement. Significant lack of initiative, thought, organization, reflection, and responsibility. Evidences little to no control of own decision-making and learning processes. Does not adequately monitor, adjust, and manage even with significant intervention. Poor attitude, attendance, participation and completion of assignments completed by due date

TECHNOLOGY REQUIREMENTS

The following technology is required to be successful in this **face-to-face** course: Dropbox is used to house documents
Internet connection – high speed recommended for research and communicating
Word Processor (Microsoft Office Word – 2003 or 2007)
Access to University Library site
Access to an Email Account

COMMUNICATION AND SUPPORT

Interaction with Instructor Statement:

Additional contact information will be given in seminar.

UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures:

Student Conduct. All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. (See *Code of Student Conduct from Student Guide Handbook*).

Withdrawal Policy. Every student has the right to drop the course without penalty until the drop-date. Students dropping the course during this period will be given a DP (drop while passing). A grade of DP is GPA neutral, but a grade of DF counts as an F on your transcript. If you choose to stop attending class, you may be dropped from the course due to excessive absences. If you are not satisfied with your grade in the course and wish you to drop, it is YOUR responsibility to drop the course. Once a grade of DP or DF has been registered, I will not be able to change it. A student may drop a course by logging into their myLEO account and clicking on the hyperlink labeled 'Drop A Class' from among the choices found under the myLEO section of the Web page.

Academic Integrity is the pursuit of scholarly work free from fraud and deception and is an educational objective of this institution. Texas A&M University-Commerce has explicit rules and regulations governing academic dishonesty and academic misconduct. The minimum penalty for an act of academic dishonesty will be the assignment grade of 0 on the examination or homework assignment. The maximum penalty is expulsion from the University. *Academic dishonesty* includes, but is not limited to, plagiarism (the appropriation or stealing of the ideas or words of another and passing them off as one's own), cheating on exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments), and abuse (destruction, defacing, or removal) of resource material.
