CORE COMPETENCIES

Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Students to achieve programmatic goals listed above through demonstration the following ten competencies for generalist- level practice.

Additional Readings Suggested: Other readings may be assigned throughout this course.

Overview of Course Assignments

POLICY ON DUE DATES:

All assignments are due AT THE BEGINNING OF CLASS. No Late work will be accepted. If you are not in class the day an assignment is due, you will need to submit it electronically, before or at the beginning of the class time in which they are due. You will also need to bring a hard copy to class with you the next time you are in class.

There will be NO MAKE-UP exams offered. You will need to be in class on the day of examinations.

OVERVIEW OF ASSIGNMENTS:

Assignment #1: Students will write a Literature Review using a minimum of 3 Social Work journal articles related to working with groups on a social problem.

See course schedule for due dates.

Students will:

Identify the group's social need/issue

Identify the group population (age, race, gender, etc.)

Identify type of group utilized

Identify intervention theory implemented.

Evaluate the effectiveness of the interventions.

Include a short assessment/opinion of the journal articles.

Attach the social work articles with information used in the paper.
The paper should be at least five pages long, APA style, typed and double-spaced.

Assignment #2 – Working in your assigned groups, prepare a class presentation on a selected group work method from assignment 1. The presentation will describe the ideology and application of the method of group work selected. You will lead the class in a simulated group activity that demonstrates the method of group work on which you have reported. Each presentation must include a handout and/or PowerPoint that outlines the basic ideology of this particular group. See the course schedule for due dates.

In Class processing – Students will discuss weekly personal understanding of learned skills occurring during group activities, and students are expected to keep a record of their responses and learned skills while leading as well as participating as members of these groups. These interactions are designed to create an atmosphere of group work which will enable students to personally experience group relationships and behaviors. Theory, knowledge, and skills gained through the class experience will better enable students to relate to future client's challenges. Students will demonstrate acquisition of this knowledge and skills through their discussions, as well as demonstrate the ability to analyze, critique and synthesize that knowledge and skills during group interaction. Consider addressing issues of diversity such as age, gender, race, sexual orientation, or disability. This is NOT a time for summarizing readings, but an opportunity to demonstrate growth through the application of theory, knowledge and skills. Student Rights and Responsibilities

"Civility in face-to-face classrooms, online courses and in labs, internships, practicum and all other academic settings necessitate respect for the opinions of others and is very important in all academic settings. It is likely you may not agree with everything that happens or discussed in the academic setting; however, courteous behavior and responses are expected. To create a civil and preserve learning environment that optimizes teaching and learning, all participants share a responsibility in creating a civil and non-disruptive forum" (Student Guide Book, p 35). To create an optimum learning environment, students have rights and responsibilities.

Student Rights

As set forth in Texas A&M University System Policy 13.02

The rights of students are to be respected. These rights include respect for personal feelings; freedom from indignity of any type, freedom from control by any person except as may be in accord with published rules of the system academic institutions, and conditions allowing them to make the best use of their time and talents toward the objectives, which brought them to the system academic institutions. No officer [university faculty, employee] or student, regardless of position in rank, shall violate those rights, any custom, tradition or rule.

Students are expected at all times to recognize constituted authority, to conform to the ordinary rules of good conduct, to be truthful, to respect the rights of others, to protect private and public property, and to make the best use of their time toward an education.

Students with Disabilities

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a

learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Students Responsibilities

Class Attendance and Participation Policy

- Class participation has three components: (1) appropriate interactions with classmates; (2) active involvement in class activities and (3) attentiveness
- Students will attend class, reflecting responsibility, inherent in the development as a social work professional. Being on time and prepared when class begins and remaining present throughout the entire class meeting demonstrates emerging professional behavior expected in social work graduates. Roll is taken in each class to document students' attendance.
- Classroom exercises, discussions, role-plays, guest speakers and other in-class experimental exercises are essential for a student's professional learning and continued development of self-awareness. Tardiness (or early departure) of more than 15 minutes will count as one-half absence and two (2) times being late to class or two (2) early departures culminating into one absence.
- A student is absent if he/she arrives more than 30 minutes late to class, leaves 30 minutes early or does not come to class.
- The following penalties for absences (unexcused, or excused, according to university policy) will be administered:

<u>Weekly</u> <u>(class meets</u> <u>1X week)</u>	<u>Up to 2</u> <u>absences: No</u> <u>Penalty</u>	<u>3 absences: 1</u> <u>letter grade</u> <u>drop</u>	<u>4 absences: Class grade of</u> <u>"F"</u>
<i>Bi-Weekly</i> <i>(class meets</i> <i>2X week)</i>	<i>Up to 3</i> <i>absences: No</i> <i>Penalty</i>	<i>4 absences: 1</i> <i>Letter grade</i> <i>drop</i>	<i>5 absences: 1</i> <i>6 absences:</i> <i>Letter grade</i> <i>Class grade</i> <i>drop</i> <i>of "F"</i>
<i>Summer 10-week</i>	<i>Up to 1</i>	<i>2 Absences: 1</i>	<i>3 absences: Class grade of</i>

absence: No Letter grade "F"
Penalty drop

Online, Blended and Web Enhanced Classes: Just as students are required to attend face-to-face classes, students are required to log in and participate in online venues. To receive credit for attendance online via eCollege, students must log in and complete assignments as required in the course. Not logging onto eCollege (monitored by the instructor) and completing assignments online during the required time is the equivalent of an absence for each week this occurs.

Final Evaluation and Grade Depends on both Classroom attendance and Participation
Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code of Conduct, Department Code of Conduct and National Association of Social Workers' (NASW) Code of Ethics*.

University Code of Conduct located in the *Student Guide Book* at

<http://www.tamuc.edu/campuslife/documents/studentGuidebook.pdf> (pp 34- 66). On

the University Website under Campus Life Documents

To become aware of University policies related to student academic and behavioral expectations for students refer to the Guidebook.

Department Code of Conduct

"Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum or to block access to online courses and may refer offenses to the [Academic and Professional Issues Committee (API)] or to the Department Head. More serious offences by be referred to the University Police

Department and/or the Judicial Affairs Office for disciplinary action" (Student Guidebook p 35)

Social Work students conduct themselves in an ethical and professional manner. Closely linked with professional recognition is the social worker's compliance with the profession's ethical standards. It is imperative for professional social workers to be competent and ethical in practice if the profession is to maintain the public trust. It is essential that each social work student gain a thorough understanding of the ethical principles that guide practice and actively demonstrate in behavior, both in and out of the classroom. Student conduct is to reflect the tenets of *NASW Code of Ethics* (located at <https://www.socialworkers.org/pubs/code/code.asp>) on the NASW website: <https://www.socialworkers.org>
