INSTRUCTOR: Dr. Lani Lyman-Henley  
email: Lani.Lyman-Henley@TAMUC.edu  
Cell phone: 972-571-1042 **  
Office Phone: 903-886-5372  
Office: STC 237 (McFarland Science Building)  
Home Phone: 972-722-1568*  
Course Website: at MyLeo Online  
Office Phone: 903-886-5372  
Office Hours: M-F 11-12; appointments as needed  
Message via email, text, & MyLeo Online anytime (usual response within 24 hrs.)  
*Note on phone calls: Please leave a message with your name, number, and basic reason for calling; my husband and I are both “Dr. Henley,” and both get a lot of correspondence on various topics, and I don’t answer OR call back mystery numbers.  
** Cell phone does text messaging as well (others do not). Again, please identify yourself

REQUIRED TEXTBOOKS  

I'm ok with students purchasing ebooks or renting. Do note that the organization and included papers does change with editions, so it is strongly recommended that you use the current editions of the texts as listed.

COURSE DESCRIPTION:
BSC 540 - Animal Behavior Hours: 3 An investigation of the principles of animal behavior with an emphasis on evolution and the proximate and ultimate causes of behavior. Aspects of methods of observations, physiology and development of behavior, instinct and learning, and modern cognitive ethology will be addressed.

STUDENT LEARNING OUTCOMES:
- Students will be familiar with what the study of animal behavior entails, emphasizing the field of ethology
- Students will be familiar with innate and learned aspects of animal behavior
- Students will be familiar with roles of behavior in ecology, reproduction, and evolution
- Students will be familiar with current concepts of social behavior, communication, and cognition.
- Students will be able to find and interpret scientific literature pertaining to the subject matter, and communicate in both written and oral presentation format

COURSE FORMAT: This is a “web-based” course- that is, you don’t actually attend a lecture class. Instead, you do all your work via our MyLeo Online site (“MLO”) - enter through your MyLeo page. Check the website frequently (I’d recommend daily!) for announcements, instructions, and discussion; the closest thing to a lecture or office hours you’ll get from me will be in the course discussion boards or via email. Try everything out early so you know that you can access it all. If you have difficulty with the material, talk to me as soon as you can for advice on how best to improve.

ATTENDANCE: Being an online course, attendance is measured by demonstrated time at the website. This is measured in two main ways- time spent actually logged into the site (yes, I can see that information), and participation in activities demonstrating you are engaged and participating. Minimum allowable attendance should reflect at least weekly logins- more appropriate and beneficial interaction will be rewarded in your grade (see below).
**Material and Grading:** This course is partially self-paced: there are periods in which you need to complete given portions of the work, but you can schedule your specific work times as pleases you- and don’t forget the website is still active at night, on holidays and weekends! The material for this class will be organized around content blocks. Please see the Topic folders in the Discussion Forums for guidance through specific materials. Each section will have a Commentary devoted to guiding you through the material to study- read that first, then work any assignments given as you study the material. Some of your work will be in the form of posting commentaries of your own to the Discussion boards, and responding to the postings of other students.

The bulk of the work will be papers and “take-home” style tests (all of which will be detailed in separate handouts/postings), and discussion of your readings of the assigned materials (as mentioned above). There will be 3 “take-home” style exams- one over Part 1, a second emphasizing Part 2, and the final covering Part 3 and review of previous concepts. **There are NO drop grades for exams,** so take each exam seriously! Another aspect of the course that I’ll introduce after about a week will be the written projects, exercises, and/or papers. You will be required to complete a minimum number of these items. The nature of some of these exercises/assignments will be structured based on the student group in the class (for example, some in-person lab or field exercises may be offered if enough students could meet on campus for them).

Grades will be computed based on a "10-point scale” such that a total of 90% or higher of possible points will result in a grade of A, between 80% and 89.9% a B, and so on. If your total is lower than 60% of the class points you will fail the class (yes, that’s an F). The points are planned to be as follows:

- 3 exams (100 pts. each) 300
- Book Report 150
- 2 writing assignments 200
- Short Exercises 100
- Participation, etc. 150

**Total course grade** 1000

Any changes will be announced in class- this is a maximum workload, some items may be reduced, but the total will not exceed this outline.

**Late or Make-Up Work:** Since there are no actual class meetings or sit-down exam periods, there really isn’t any use for “make-up” work. All work will have a deadline posted; assignments MAY be accepted late, but will be penalized heavily on an increasing scale (the later it is, the more points it loses). Please contact me immediately if you are “absent” long enough to miss any due dates, but in general I strongly recommend planning ahead to avoid such problems. Extreme circumstances will always be taken into consideration- TALK TO ME before you assume anything.

**A BIT ON ORGANIZATION:** Oddly enough, we are going basically in the order the main text is organized in, so you can start at the beginning. Please DO read the Preface of the text before starting the chapters - authors usually include these items for a reason! Feel free to read ahead, but do check back for specifics to review and discuss if you get ahead of the assignment postings so you don’t skip over stuff. Please DO NOT fall behind on reading- there is a lot of material to cover and it will pile up fast if you let it slide. The textbook will be the “meat” of your course reading, but not the whole meal!

Do remember that this is a GRADUATE level course, and therefore you will be expected to show appropriate levels of effort. You will be responsible for textbook readings, plus assorted
outside readings as assigned (again, visit eCollege frequently for guidance), you will be expected to take part in discussions in a mature and in-depth manner, to write in a clear and professional voice, and you should not need excessive amounts of instructor “hand-holding.”

**TENTATIVE SCHEDULE OF EVENTS***

**PART 1:** Ch. 1-6. Principles of Animal Behavior, evolution, biology, learning & transmission.
- Weeks 1-5 (Aug. 27-Sept. 30)
- Exam 1

**PART 2:** Ch. 7-12. Reproduction, cooperation, feeding & surviving.
- Weeks 6 – 10 (Oct. 1-Nov. 4)
- Exam 2

**PART 3:** Ch. 13-17. Communication, location, & interactions.
- Weeks 11-15 (Nov. 5 – Dec. 7).
- Exam 3 (Finals Period)

*This schedule is a general outline for your reference and is subject to change. Note that only the main textbook chapters have been listed; additional readings WILL be required (check website for specifics). Note that precise times of topics and reading assignments or any changes will be updated regularly at the MLO page- you are responsible for keeping up with them.

**RESOURCES:**
Hopefully you no longer need the types of services provided by the **Academic Success Center** services, which include tutoring and workshops (including such topics as “Managing Test Anxiety”), but here’s the link: [http://www.tamuc.edu/CampusLife/CampusServices/AcademicSuccessCenter/default.aspx](http://www.tamuc.edu/CampusLife/CampusServices/AcademicSuccessCenter/default.aspx). Those of you who are GAT’s may want to point your own students this way!

And of course the Academic Calendar, which does include information regarding University holidays, deadlines to add, drop, withdraw, and other such activities. This page also includes the link to each semester’s Final Exam schedule (which may also be useful for your other courses): [http://www.tamuc.edu/admissions/registrar/academicCalendars/](http://www.tamuc.edu/admissions/registrar/academicCalendars/)

As many of you are (or plan to be) teachers and academics, you may find the following discussion about plagiarism interesting and/or helpful: [http://wpacouncil.org/node/9](http://wpacouncil.org/node/9)

**OTHER NOTES (INCLUDING OFFICIAL UNIVERSITY STATEMENTS/AKA: THE FINE PRINT)**
It is the responsibility of the student to inform me of any problems you may have affecting your performance in class, be it due to professionally diagnosed disability, personal or work-related problems, or anything else that comes up, so that appropriate adjustments can be made.

**TECHNOLOGY REQUIREMENTS**

**Browser support**
D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as
expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  - 512 MB of RAM, 1 GB or more preferred
  - Broadband connection required courses are heavily video intensive
Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

- You must have a:
  - Sound card, which is usually integrated into your desktop or laptop computer
  - Speakers or headphones.
  - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.

- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: JAVA web site  [http://www.java.com/en/download/manual.jsp](http://www.java.com/en/download/manual.jsp)

- Current anti-virus software must be installed and kept up to date.

Running the browser check will ensure your internet browser is supported.
  - Pop-ups are allowed.
  - JavaScript is enabled.
  - Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
  - Adobe Flash Player (version 17 or later)  [https://get.adobe.com/flashplayer/](https://get.adobe.com/flashplayer/)
  - Adobe Shockwave Player  [https://get.adobe.com/shockwave/](https://get.adobe.com/shockwave/)

- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION
You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT

Brightspace Support
Student Support

If you have any questions or are having difficulties with the course material, please contact your Instructor.

Technical Support
If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778 or click on the Live Chat or click on the words “click here” to submit an issue via email.

**System Maintenance**

Please note that on the 4th Sunday of each month there will be System Maintenance which means the system will not be available 12 pm-6 am CST.

**UNIVERSITY SPECIFIC PROCEDURES**

**Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook, [http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx](http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx).

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: [Netiquette](http://www.albion.com/netiquette/corerules.html).

**TAMUC Attendance**

For more information about the attendance policy please visit the Attendance webpage and Procedure 13.99.99.R0.01, [http://www.tamuc.edu/admissions/Registrar/generalInformation/attendance.aspx](http://www.tamuc.edu/admissions/Registrar/generalInformation/attendance.aspx).

http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/academic/13.99.99.R0.01.pdf

**Academic Integrity**

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

“**Plagiarism** is a criminal activity. You must cite all sources of information. Unreferenced copying of material, whether parts of sentences, whole sentences, paragraphs or entire articles, will result in a score of zero for your essay and can result in further disciplinary action.” Note that this is true throughout the University and we do have plagiarism-detecting software in place. Of special note in an online environment- “cut and paste” from websites without appropriate citation IS plagiarism, yet putting everything in quotation marks is not an acceptable alternative. You must learn to construct your own sentences with information you find (and changing a couple of words in a sentence or reordering sentences in a paragraph are not enough). If you have any questions about what is considered plagiarism or wish advice on avoiding it, please contact your instructor.
ADA Statement

Students with Disabilities
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services
Texas A&M University-Commerce
Gee Library- Room 162
Phone (903) 886-5150 or (903) 886-5835
Fax (903) 468-8148
Email: studentdisabilityservices@tamuc.edu
Website: Office of Student Disability Resources and Services
http://www.tamuc.edu/campusLife/campusServices/studentDisabilityResourcesAndServices/

Nondiscrimination Notice
Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement
Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the Carrying Concealed Handguns On Campus document and/or consult your event organizer.

Web url:
http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

FINAL NOTE:
I make efforts to conserve resources (and cost) in providing materials for class. All materials provided in class are to be found at the MLO website. I will not provide hard-copy handouts of anything that you can access there- you may print what you need, when you need it; or just download a copy to have handy. Clearly computer access is assumed of all students. If you do not have one of your own (or your online access is limited), there are computer labs available all around campus- Gee Library most notably, and more locally Science building room 210. There are even kiosks for checking out a laptop. You may need to provide your own paper for printing, or pay a charge. Also, places like Staples and OfficeDepot will print materials for a reasonable fee if you bring your flash-drive. Last bit of advice: Get a Calendar. Learn how to use it. 😊
