COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Textbook(s) Required:

- Thesis and Dissertation Services (2019). Contents are available without charge from the Graduate School at Texas A&M University-Commerce.

Software Required: None

Optional Texts and/or Materials: None
Course Description

This course is a forum for understanding the principles of new knowledge discovery through research and for acquiring the knowledge and competency to develop and write a doctoral dissertation proposal (Chapters 1 and 3).

Student Learning Outcomes

Outcome No. 1: Demonstrate knowledge and understanding of research methodologies and the mechanics or processes of writing a dissertation proposal. Specifically, the student will be able to

- Understand research methodologies (qualitative, quantitative, mixed methods), their strengths and weaknesses, and appropriate uses.
- Understand all the sub-components of research methodologies, which include sampling or case selection, data gathering mechanisms, validity, reliability, data trustworthiness, credibility, confirmability, and data analytic procedures.
- Ability to evaluate completed student dissertations and other forms of research publications.

Outcome No. 2: Complete Chapter 1 of a dissertation proposal. Specifically, the student will

- Provide the proper introduction and context of a particular topic, complete with a brief literature.
- Discuss the importance and significance of the chosen research topic.
- Provide a detailed description of the major issues and complexities involved.
- Write a clear statement of purpose. Begin by writing “The purpose of this study is . . .”. The purpose should not be a surprise since it is a logical progression from points or discussion already made.
- If necessary, break down the purpose into smaller research questions, themes, or hypotheses as appropriate.
- Formulate and explain the methodology that will be used to research the topic or to get answers to the posed research question(s) in the study.
- Explain assumptions and limitations of the study.

The syllabus/schedule are subject to change.
Outcome No. 3: Complete Chapter 3 of a dissertation proposal. Specifically, the student will

- Expand upon the research methodology section from Chapter 1.
- Explain in detail the methodology that will be employed (qualitative, quantitative, or mixed methods), how the methodology will be implemented, including information about proposed dimensions, topics, or variables that will be studied; targeted population; sampling or case selection procedures; data collection techniques and procedures; and data analytical procedures (statistics or qualitative analytical traditions).
- Address all issues related to internal validity, data trustworthiness, data triangulation, confirmability, and credibility of potential findings.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students must familiarize with the use of D2L and Microsoft Word.

Instructional Methods

The course is conducted completely on line. You will get feedback on your papers via the tracked feature of MS Word.

Student Responsibilities or Tips for Success in the Course

It is your responsibility to log in the course website regularly (several times each week), to compile with all the course requirements, and to engage actively in all required class activities.

ASSESSMENT AND GRADING

1. 10 points on the research methodology exam
2. 10 points on dissertation review
3. 10 points on participation in threaded discussions
4. 10 points on statement of purpose
5. 50 points on Chapter 1
6. 50 points on Chapter 3
Total Points: 140 points

The syllabus/schedule are subject to change.
The final grade will be based on the following ranges:

- A=126 to 140 points
- B=112 to 125 points
- C=98 to 111 points
- D=84 to 96 points
- F=83 points or lower

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

  - Adobe Shockwave Player  https://get.adobe.com/shockwave/

- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

**ACCESS AND NAVIGATION**

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

*The syllabus/schedule are subject to change.*
Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT

Please note that on the 4th Sunday of each month there will be System Maintenance which means the system will not be available 12 pm-6 am CST.

Interaction with Instructor Statement

Email me at david.tan@tamuc.edu. I will reply to email messages within 48 hours, except on the weekends and holidays. Use your TAMUC email only with an appropriate message title when communicating with me. I can also be reached on my office phone at (903) 886-5619 or you can visit me in my office on the TAMUC campus.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Late Assignments

There will be a 10% penalty for written assignments turned in late. In some instances, failure to turn in an assignment has a rippling effect on other components of the class, such as timely threaded discussions or collaborative exercises. In such cases, you will be assigned an "F" for the class.

The syllabus/schedule are subject to change.
Respect Differing Views

As with all graduate courses, this course deals with ideas and opinions. It is important to be courteous and respectful of individuals who have expressed opinions and beliefs that are different from your own. In a disagreement, please ask for an explanation and rationale for their beliefs or opinions. Often, matters are more complicated than they seem. Only civil, sincere, and even-tempered written discussions will be permitted in this course.

Academic Honesty

Academic integrity is a critical part of scholarly experience. Acts of academic misconduct and plagiarism are very serious matters and will severely jeopardize your career as a student here at this institution. Plagiarism within an assignment will result in a failing grade for that assignment. I expect all assignments for this course to be honest and original scholarship produced specifically for this course. At the instructor’s discretion, if plagiarism is accidental, an assignment may be rewritten and resubmitted for a maximum grade of 70% of the original total. Work produced, whether in part or in whole, from assignments for other courses will not be accepted for credit and will be considered a form of plagiarism. All acts of academic misconduct will be formally charged.

You are strongly suggested to visit two of these sites for additional information:

- https://static.lib.ou.edu/academicintegrity/player.html

Writing Center

- Students are encouraged to visit the A&M-Commerce Writing Center and other locations for writing assistance. Graduate students, especially at the doctoral level, are expected to have a high level of writing ability and skills. Also, the instructor is available to help with the writing process by appointment.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

The syllabus/schedule are subject to change.
University Specific Procedures

Student Conduct
All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook. http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: Netiquette http://www.albion.com/netiquette/corerules.html
