Course Description
HIED 658: Administration of Student Affairs in Higher Education - Three semester hours
Examines organizational structures, leadership, and management processes associated with college and university student affairs administration. Special emphasis is given to institutional policies, planning, and coordination to support enrollment management, housing and dining, recreation services, and career services, and how these key processes contribute to the mission of public and private 2- and 4-year institutions.

Student Learning Outcomes:
- Identify professional foundations and principles of the student affairs field.
- Understand the theoretical foundations of the field.
- Understand the essential competencies required of a student affairs practitioner.
- Plan and then demonstrate a university level program.
- Apply research findings to a student affairs related content area.
- Format papers according to the APA 6th Edition.
- Begin to view the world and process information as social scientists.
- Begin to use theory-based reasoning to organize student affairs programming.

COURSE REQUIREMENTS

Instructional / Methods / Activities Assessments

Discussion Facilitation: Chapter Discussion Question
Each student will choose a chapter from the course outline to present. Please email me your top 2 chapter preferences. Chapters will be assigned on a first come first served basis and I will assign chapters accordingly. After you have been assigned a chapter, you are responsible for providing 2 discussion questions that are related to your assigned chapter as well as PPT on a brief chapter overview. The discussion questions and a brief chapter overview PPT are to be emailed to me the Sunday (by midnight) before the Module that your assigned chapters are covered. For example, if you are facilitating the group discussion on Module 4, you will email me your discussion questions and a brief chapter overview ppt by Sunday of Module 3. I will post the discussion questions and PPT in the discussion section by noon on Monday. You as the discussion question developer will be responsible for leading the discussion through the discussion section. I will provide you guidance and directions for discussion facilitations at students’ turns. I will review all information for accuracy. Assigned chapters will begin with chapter 10 (see your course outline) in Module 2.

Reading Commentary and Reflection on Discussion Facilitation
Students will write a double spaced 2-page journal, about 500 words, for their assigned chapter (in the first page) and personal reflections (in the second page) on their own discussion facilitation experience. Reflections may be on any topic addressed in the

[Type here]
reading, and personal reactions about discussion facilitation experience can be any reflections about your own personal experiences on discussion facilitation. Journal is due by the Module after your facilitation (e.g., if you facilitate the discussion during Module 3, you need to submit your journal on reading and discussion facilitation by the end of Module 4).

**Student Affairs Program**

Each student will identify a competency within the Part Five: Essential Competencies found in Schuh et al. (2010). Each student will then identify a Student Affairs Program. The program may be an event, training, or informational session that a student affairs administrator may conceivably offer within a college setting. Programs may cover: housing, academic advising, student activities, financial aid, dining services, health services, disability services, legal services, or disciplinary committees. Each student will then submit a 2-page paper outing the competency and the essential role of the competency in the identified student affairs program of choice. This assignment will be completed from Module 1 to Module 4, and detailed instructions will be provided during each Module.

**Research Paper**

A list of theories are found in Schuh et al. (2010), on pages 138-148. Students will write a 10 or 15-page research paper of any (instructor approved) student affairs related topic. The paper length will vary by degree: 10-pages for master’s student and 15-pages for doctoral students. This assignment will be completed from Module 5 to Module 8, and detailed instructions will be provided during each Module.

**Masters students.** Paper format will be a description of one theory followed by an application of the specific points of that theory to practice. The focus of this paper is to begin to understand a theory and then apply the points of theory to a real or theoretical college or university-based student affairs context. The focus may be on program implementation, changing environmental factors, student integration within the campus, instructional practices, organization of programs or departments, or some other issue. The main point of this paper is to learn to create a program with activities that are theory based and are created to bring about a specific outcome as predicted by the theory. (The paper will fall between 10 to 12-pages or content.)

**Doctoral students.** The paper format for doctoral students will be a description of a theory, a literature review of research examples that used the theory, followed by an application of the theory to practice. The focus of this paper is to identify a student affairs related theory (student development or organization theory) and then apply the theory to a real or theoretical college or university-based student affairs context. The focus may be on program implementation, changing environmental factors, student integration within the campus, instructional practices, organization of programs or departments, or some other issue. The findings will be presented in a seven-minute presentation at the end of the semester. (The paper will fall between 12 to 15-pages or content.)

A one-page draft proposal of the topic will be submitted for instructor approval. Include at least five research article references with the write-up.

The final paper will have a literature review of 10 articles for doctoral students.
The outline of the paper for Masters students:

Title

- Setting Description (3-pages)
- Theory Description (3 to 4-pages)
- Application
- Application of Theory to Setting (3 to 4-pages)
- Conclusion
- References

The outline of the paper for Doctoral students:

Title

- Theory Description (3-pages)
- Literature Review of Theory Application (4-pages)
- Application
- Setting Description (3-pages)
- Application of Specific Theory Details to Setting (5-pages)
- Application of Research Findings to Setting (2-pages)
- Conclusion
- References

Assignment Requirements

**Late assignment will not be accepted. If you have any extenuating situations to ask for an extension (e.g., medical issues), you need to provide a request with supporting document before the deadline. Late assignment will be deducted 10% of grade in by one day after the due date.**

Discussion post

- For each posted discussion questions, please answer to the discussion questions by Thursday of the second week of the module, then please respond to at least three peers by Saturday of the second week of the module. The purpose of on-line discussion posts is to help facilitate the understanding of the material during class. Discussion posts will add to the depth of discussions during the course.

Writing Requirements

All papers are to follow APA format guidelines. Begin papers with an APA title page. Font is to be 12 point, New Times Roman, double-spaced. Normal margins: one inch left, right, top, and bottom. Secure the paper with one staple in the top left corner. No folders please. Written assignments are generally graded according to the following criteria:

- Completeness of response to the assignment: 25% of grade
- Organization and coherence: 25% of grade
- Appropriate grammar, punctuation, spelling: 25% of grade

[Type here] The syllabus/schedule are subject to change at the instructor’s discretion.
• Use of disciplinary format and citation style: Paper displays correct use of student’s disciplinary format and citation style (APA, 6th Edition) for papers submitted for presentation or publication. Non-cited statements within a paper will result in a loss of points in accordance with the 5% earned for APA format and citation: 25% of grade.

Grading

- Discussion Forum 40 (5 points X 8 Modules)
- Discussion Facilitation 10
- Journal on Reading and Facilitation 10
- Research Paper 20 (5 Points X 4 Modules)
- Student Affairs Program 20 (5 Points X 4 Modules)

A = 4.0 = 90-100%
B = 3.0 = 80-89%
C = 2.0 = 70-79%
D = 1.0 = 65-69%
F = 0.0 = <65%

COURSE REQUIREMENTS

Minimal Technical Skills Needed
Using the learning management system: D 2 L system, using Microsoft Word and PowerPoint, using presentation and graphics programs, etc.

Instructional Methods
The learning process will be conducted via weekly modules with course contents, PPT lectures, course discussions, assignments and assignment feedback, and peer review works. Additionally, one on one faculty-student meeting is available when required.

Student Responsibilities or Tips for Success in the Course
- Log into the course website regularly (preferably every other day).
- Expected amount of weekly study and participation time is 12 to 15 hours per week.
- Be prepared to be an active learner and participant for the class.
- Feel free to contact the instructor when you need help.
- Please submit all assignments on time. Late assignments are not accepted.
- Assignments that you complete for this course should not have been used in other courses.

**COVID-19 RELATED INSTRUCTIONS**

“A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply can be reported to the Office of Students’ Rights and Responsibilities as a violation of the student Code of Conduct.

“Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments.”
TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  - 512 MB of RAM, 1 GB or more preferred
  - Broadband connection required courses are heavily video intensive
  - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

- You must have a:
  - Sound card, which is usually integrated into your desktop or laptop computer
  - Speakers or headphones.
  - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.

- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: [JAVA web site](http://www.java.com/en/download/manual.jsp)

- Current anti-virus software must be installed and kept up to date.

Running the browser check will ensure your internet browser is supported.
Pop-ups are allowed.
JavaScript is enabled.
Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
  - Adobe Reader https://get.adobe.com/reader/
  - Adobe Flash Player (version 17 or later) https://get.adobe.com/flashplayer/
  - Adobe Shockwave Player https://get.adobe.com/shockwave/

- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

**ACCESS AND NAVIGATION**

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend’s home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

**Interaction with Instructor Statement**

Please periodically review (1) updated announcements within the HIED 695 eCollege course homepage for updated information pertaining to this course and (2) your MyLeo email account in case I need to send you a confidential message. Although I will reply to emails from non-university email accounts, I will only send original messages to MyLeo email accounts. Thank you for
understanding my request, as I have no control over firewalls from your home or work.

Participation & Communication: I expect each of you to be active and thoughtful participants within the learning environment and your learning community. You are to expect the same of me. This includes completing the extensive readings related to course topics, team and/or individual research plan topics and participation in research plan revision activities (submission of individual draft sections and evaluation of draft sections from other class members).

- Email is the best way to reach me as I check it daily. A reply will be sent within 48 hours during week days, depending upon the time your message was received.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

**Assignments that you complete for this course should not have been used in other courses.

Late assignment is not accepted. However, if you have a reasonable issue on the late submission, your late module assignments will lose one letter grade (10%) per day

Respect Differing Views

As with all graduate courses, this course deals with ideas. Please be respectful of individuals with ideas and beliefs that differ from your own. People can have complex reasoning for what is seen as, on the surface, a simple idea. Only civil and even-tempered discussions will be permitted in class.

Scholarly Expectations:

All works submitted for credit must be original works created by the scholar uniquely for the class. It is considered inappropriate and unethical, particularly at the graduate level, to make duplicate submissions of a single work for credit in multiple classes, unless specifically requested by the
instructor. Work submitted at the graduate level is expected to demonstrate higher-order thinking skills and be of significantly higher quality than work produced at the undergraduate level. Please note that recycling your previous paper submitted to other courses for this class is considered as a plagiarism.

Writing Requirements

All papers are to follow APA format guidelines. Begin papers with an APA title page. Font is to be 12 point, New Times Roman, double-spaced. Normal margins: one inch left, right, top, and bottom. Secure the paper with one staple in the top left corner. No folders please.

Written assignments are generally graded according to the following criteria:

- Completeness of response to the assignment: 55% of grade
- Organization and coherence: 30% of grade
- Appropriate grammar, punctuation, spelling: 10% of grade
- Use of disciplinary format and citation style: Paper displays correct use of student’s disciplinary format and citation style (APA, 6th Edition) for papers submitted for presentation or publication. Non-cited statements within a paper will result in a loss of points in accordance with the 5% earned for APA format and citation: 5% of grade

Dropping the Class

At times, we become overloaded or have unplanned events that demand our attention. If you need to adjust your schedule by dropping this course, please follow university procedures to officially drop the class. Please do not just disappear. If you fail to officially drop the class, a grade must be assigned at the end of the course.

Incomplete Grades

Per university policy, you must visit with the instructor, develop, and sign "A Plan for Completing the Grade of X" before you may receive an incomplete for the course. The reason for such requests is limited to "circumstances beyond student’s control which prevented student from attending classes during Finals Week or the preceding three weeks.” You are notified that the deadline date for all plans is not to exceed one semester. Failure to fulfill plan requirements within the specified time will result in a course grade of F.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook.

The syllabus/schedule are subject to change at the instructor’s discretion.
Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: Netiquette http://www.albion.com/netiquette/corerules.html

Academic Integrity

Academic Honesty:

Please see the TAMU-C Graduate Catalog and the Publication Manual of the American Psychological Association (2010) for the discussion of academic honesty. Academic honesty is especially important when it comes to citing/quoting sources in research papers and assignments. Students are responsible for reading this material and becoming familiar with the conventions for acknowledging sources of information. Consequences for academic dishonesty range from failing a specific assignment to expulsion from the University. "Conduct that violates generally accepted standards of academic honesty is defined as academic dishonesty, which includes, but is not limited to plagiarism (the appropriation or stealing of ideas or words of another and passing them off as one’s own), cheating on exams or other course assignments, collusion (the unauthorized collaboration with others in preparing course assignments) and abuse (destruction, defacing, or removal) of resource material."

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

Undergraduate Academic Dishonesty 13.99.99.R0.03

Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the Carrying Concealed Handguns On Campus document and/or consult your event organizer.
Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

**Late assignment is not accepted. However, if you have a reasonable issue on the late submission, your late module assignments will lose one letter grade (10%) per day late.** The measurement of days ends at 11:59 pm the following day of class. A new day begins at Midnight (12 am) and continues to 11:59 pm. Late assignments may be turned in via email.
