Course Description
This course will introduce, examine, and provide students the skills with which to analyze criminal justice policies. This course will emphasize a conceptual approach rather than a statistical focus to studying the creation, implementation, and evaluation of criminal justice policies. Although this will focus more on the steps involved in the evaluation of criminal justice policies it will also address the existence of criminal justice policies and their relevance to the success of the social institution known as the criminal justice system (acknowledging the operations of each criminal justice component - law enforcement, courts, and corrections).

Prerequisites
Please note that prerequisites for this course include 501, 568, and 530. Students who are registered for this class and who do not meet the prerequisites should contact the Director and Advisor of the MS in Applied Criminology program.

Student Learning Outcomes
At the end of the course the student will be able to:

1. Describe the steps involved in implementing a policy.
2. Identify the evaluation hierarchy of a criminal justice policy.
3. Evaluate a criminal justice policy.
4. Identify research literature that addresses criminal justice policies and evaluation of those policies.
5. Demonstrate their awareness of public policy issues as they relate to the development, implementation, and evaluation of criminal justice policies.

Assessments
This course will provide a variety of activities and assessments to assist you in achieving the outcomes/objectives for the course. Each week, you will work toward achieving these outcomes through discussions/comments, readings, and papers. Below is an explanation of each course requirement including due date, assignment instructions, and other requirements.

Introduction:
Students are asked to introduce themselves to each other. This information will be entered as a threaded discussion. Each student’s presentation should cover the following information:

- Name
- Occupation/career and length of time
- How this course is expected to help or aid your career, separate from the entire degree
- Indicate whether you have had a course in criminological theory (if so describe in brief terms what you recall from that class)
- Describe how you expect this degree to enhance your career
- minimally include a statement that you have read and agree to abide by the syllabus and follow the rules of academic integrity and netiquette

This post is due by 11:59PM CST on Tuesday of Week #1 of the course.

Discussion(s):
The Discussions are directly related to the assigned readings. Upon completion of the assigned readings, you are expected to address a discussion question or prompt. Your contributions to the discussion forums will be graded for quality and a detailed analysis linking the material to a critical appraisal of theory, policy, and practice. The introduction of outside materials is highly recommended. In all cases, students MUST cite in-text and provide a full bibliography/works cited at the end of their post all citations mentioned for in the post. **Failure to provide citations and bibliography in the discussion will result in a 25-point deduction.**

Posts should be the equivalent of one page and no more than two pages in length or a minimum of 250 words. Discussions are due by 11:00PM CST of Weeks #1, 2, 4, and 5 of the course. Specific due days can be found below.

Assessment Method: Discussion Rubric (125 points)

- Assignment instructions: Student follows the assignment directions /5 (Each error is a 1 point deduction)
- Analysis: Student evaluates the issue/situation sufficiently to demonstrate an understanding of the material /50
  - Consistently does all or almost all of the following: (50 points)
    - Identifies the salient arguments (reasons and claims) pro and con.
    - Thoughtfully analyzes and evaluates major alternative points of view.
  - Does most of the above: (40 points)
  - Does some of the above: (35 points)
  - Fails to address most of the above: (30 points)

The syllabus/schedule are subject to change.
• Critical thinking: Student employs critical thinking skills /50
  o Consistently does all of the following:
    ▪ Draws warranted judicious, non-fallacious conclusions.
    ▪ Justifies key results and procedures, explains assumptions and reasons.
    ▪ Fair-mindedly follows where evidence and reasons lead.
  o Does most of the above: (40 points)
  o Does some of the above: (35 points)
  o Fails to address most of the above: (30 points)
• APA format: Student provides citations in proper APA citation format /10
  Each error is a 1 point deduction
• Grammar/Word usage: student uses proper grammar and word usage /10
  o Each error is a 1 point deduction

Response Posts:
Response posts are responses you make to the response prompt. Although you may not agree with the statement/prompt, it is your responsibility to provide support. Your opinion is valuable, but you need to find “factual” evidence to support your position. Response posts must be a minimum of 250 words each. You must provide research literature, data, charts, graphs, etc. to support your answer. Failure to cite will lead to an automatic 25-point deduction. Response posts should be meaningful. Merely agreeing or disagreeing will not be looked upon favorably and will result in a loss of points. A meaningful post is one that moves the discussion forward in some substantive way. Your response comments will be graded for quality, and relevance. Your response will also be graded based on your ability to engage in critical thinking. Students must provide one outside source for at least one comment they make.

NO LATE RESPONSES ARE ACCEPTED. All response posts are due by Saturday, 11:00PM CST on Weeks #1, 2, and 4.

Assessment Method: Response Rubric (50 points)
• Analysis: Student evaluates the issue/situation sufficiently to demonstrate an understanding of the material /20
  o Consistently does all or almost all of the following: (25 points)

A Policy Reading: A Critical Analysis:
This assignment involves students reading the identified Policy Essay for that particular week then writing a brief position paper that reflects the student’s position on that specific topic.

This brief position paper should be at least 300 words. It should not be anecdotal, but contain a position that has some logical or theoretical backing. Remember that one of the steps in creating a policy is that a theoretical evaluation is conducted. You may want to recall the information that you are learning in this course to assist you as you formulate this brief/short position paper. If necessary and it will be appropriate, you may include references or resource information to support your position. This does not have to be a book, but the purpose of this assignment is to allow the student an opportunity to comment on several criminal justice policies that exist, and to demonstrate his or her knowledge about how to question and build an argument for or against an existing policy.

This exercise is to be performed on the readings placed within Week Two through Week Five. It is not to be performed on the “A Policy Readings” for Week One. These assignments will be due on Saturday of each week, beginning with Week Two.

To assist you in formulating your answer, the instructor has composed a number of questions that you should consider as you formulate your answer. These questions are found in the “A Policy Readings” assignment page. The instructions state that you do not have to answer every question, but you should use most of them in your answer. The scoring for these assignments will be based on your clear answers to the questions you decide to use in your answer.

Critique of a Current Policy:
Since we are learning what is involved in developing and evaluating a criminal justice policy I think we should cultivate experience examining and evaluating a current criminal justice policy. Your task is to select one of the three current, actual (real) criminal justice policies and prepare to critique it based on what we have learned from Mears and other authors.

Select one of these below policies on which to perform this assignment
  • Deterrence and Executions

The syllabus/schedule are subject to change.
- After-School Delinquency Prevention Programs
  - Capaldi, Deborah M. 2009. “Youth after-school programs: Time to involve the parents and community.” *Criminology & Public Policy* 8:413-422.

- Problem-Oriented Policing

The professor has developed questions or is presenting ideas here based on the material covered in our textbook or other information presented in this class to serve as a guide for students evaluating a specific and current criminal justice policy.

This assignment should be written in essay form and should address the following areas or questions. In fact, it will be easier in terms of formatting the paper to develop subheadings in the paper based on these questions or areas. In other words make the presentation of the paper easy for the professor to identify the various parts or areas concentrating on key information that we have learned from this class.

1. Does the policy have a title? If so what is the title?
2. What agency created the policy and what agency’s responsibility is it to carry out the policy or perform whatever task is being described by the policy?
3. How long has this policy been in existence? Present its original date and describe any information that indicates whether it has been re-written or changed in any manner since it was commissioned or brought into effect.
4. Do you think the policy satisfies a goal and to what extent (adequately, inadequately) is that goal accomplished?
5. Can you identify or detect that any of the evaluation steps or hierarchy have been performed while reviewing the selected policy? Are any of these steps (needs, theoretical, implementation, outcome & impact, and cost-efficiency) noticeable or lack thereof in the policy?

The syllabus/schedule are subject to change.
6. Can you determine if this policy has been formally evaluated, and if so, what was the result of the evaluation? If you had to perform an evaluation on this policy, how would you do it? What would you look for or consider in your evaluation process?

As it will be necessary to use additional resources/references, please make sure to properly cite your sources.

**Design/Write a Criminal Justice Policy:**

Every student will be required to write a criminal justice policy pertaining to an area, condition, or problem associated with some aspect of criminal justice. The policy can be for a hypothetical condition, other words the condition does not necessarily have to really exist in our society. Each student will be expected to employ the knowledge gained from reading of the class textbook and other material.

Students are also encouraged to read and employ any helpful information gained from reading the class handout titled "Designing A Policy" taken from Wayne Welsh and Phillip Harris, *Criminal Justice Policy and Planning*, 4th edition.

Students are encouraged to follow the steps and present (or build into) the information deemed essential in a policy as identified by Mears’ textbook and/or from the handout of Wayne & Harris’ book – Criminal Justice Policy & Planning.

The following areas or items are expected to be included and fully developed in the policy paper. These items will also serve as a rubric for grading the policy paper.

1. Identify the name or title of the policy as well as the agency that would be responsible for implementing the policy/program (remember that policies are rules, principles, or guidelines that govern actions, while programs are social structures created to meet client needs; programs often come out of policies).

2. Identify the target population of the policy; explain how the target population is selected including any eligibility requirements.

3. Identify and explain the decision authority, or who has the authority to carry out the policy.

4. Identify and describe the provisions and procedures of the policy (make sure they are clear, specific, and consistent with the intent of the policymaker).

5. Be sure to identify and explain the goal of the policy.

6. Identify and explain the various evaluation hierarchy employed in the development of the policy (be specific and describe the various levels of evaluation hierarchy so that the reader may easily determine which one it is; all parts of the evaluation hierarchy should be used, or if not used, a rationale must be provided as to why it was not used).

7. Use references/resources where appropriate and make sure to provide proper citation.

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

This may be an ideal time to remind the student that since this course is internet based (online), and since the student will have limited contact with the professor, I encourage each of you to take your time, class work and the deadlines or due dates very seriously.

If an assignment is missed or late the professor reserves the right not to accept the assignment. No excuses will be acceptable. Students are encouraged to frequently review the syllabus and remain aware of the deadlines for all assignments.

I want to reiterate that personal computer/access problems will not be an acceptable excuse for failing to turn in assignments on time or meeting the deadlines. Again, make use of the tutorial program. You want to be familiar with any limitations you or your computer may have. If your internet access is frequently interrupted then you will want to have a backup or alternative plan so that you can make all deadlines.
