BACKGROUND INFORMATION
The Texas Legislature established new requirements for student eligibility for admission to any Texas public university under the Uniform Admissions Policy (Texas Education Code §§51.803-51.809). House Bill 3826 (80th Legislature) requires that all students complete at least the Recommended High School Program (RHSP) in order to be eligible for consideration for admission to a public university. However, students applying to Texas A&M University-Commerce may qualify for admission by completing a portion of the Recommended High School Program (or the Distinguished Achievement Program), by completing high school course work that is equivalent in content or rigor, or by meeting other qualifications. These changes became effective on September 1, 2009.

The Texas Higher Education Coordinating Board (THECB) has produced two forms for applicants applying to Texas A&M University-Commerce. The form displayed below should only be used for students who entered grade 9 in the 2007-2008 school year or later.

ELIGIBILITY FOR ADMISSION TO ANY TEXAS PUBLIC UNIVERSITY
A student may be considered for admission to Texas A&M University-Commerce if the student has completed the Recommended High School Program or its equivalent, the Distinguished Achievement Program (also known as the Advanced High School Program) or its equivalent, or has achieved college readiness scores on the ACT or SAT entrance exams. Students who attend schools that do not offer the Recommended or Distinguished Program or who have completed only a portion of the Recommended or Distinguished Achievement Program because not all of the required courses are available to the student (for example, home schools, private schools and out-of-state schools), may still be eligible for admission to Texas A&M University-Commerce.

COMPLETION AND SUBMISSION INSTRUCTIONS
High school administrators should follow the steps below for each student applying to Texas A&M University-Commerce who was unable to complete the Recommended High School Program (or the Distinguished Achievement Program):
1. If the student’s exemption is based on coursework taken, complete the right-hand column of the degree plan (page 2 of this form) indicating the courses that the student will complete or has already completed.
2. Complete the certification page (page 3 of this form)
3. Submit page 2 (if needed to indicate coursework taken) and page 3 to:
   Freshman Admission Processing
   Texas A&M University-Commerce
   P O Box 3011
   Commerce, Texas 75429

   Or by fax to: 903-468-8685

Please Note: In order for a student to be considered for admission, this form is required for any student whose high school transcript does not include that he or she is on track to complete the Recommended High School Program or the Distinguished Achievement Program. This form and all other documents must be on file with our office to be considered for admissions and scholarships. Please visit http://web.tamu-commerce.edu/admissions/default.aspx.

</tbody>
</table>

Important notes:
- Courses marked as "AP" are Advanced Placement courses; those marked "IB" are International Baccalaureate courses.
- *For students who select Mathematical Models Applications, Algebra II is their fourth or final course. The student may not take Mathematical Models with Applications after taking Algebra II. Students interested in majoring in architecture, business, geosciences, science and engineering at Texas A&M University-Commerce are encouraged to take math each year of high school culminating with a higher level math course for which Algebra II is a prerequisite.
- **Integrated Physics and Chemistry (IPC) may be taken until the 2012-2013 school year. Once IPC is no longer offered, all students will select:
  - One credit from Biology, AP Biology, or IB Biology;
  - One credit from Chemistry, IB Chemistry, or AP Chemistry
  - One credit from Physics, AP Physics or IB Physics, or Principles of Technology I; and
  - A fourth credit from the courses listed in Chapter 112 of the Texas Administrative Code as approved for science credit
- ^Foundation of Physical Fitness is no longer required under the Recommended High School Program; however, it is still a requirement under the Distinguished Achievement/Advanced High School Program.
Certification for Admission to Texas A&M University –Commerce

I hereby certify of the following 4 statements for the student named above:

☐ (1) The courses taken by the student are equivalent in content and rigor to courses in the Recommended High School Program (RHSP) or Distinguished Achievement Program (DAP) outlined in Texas Education Code, §28.025, and 19 Texas Administrative Code, §§74.63 and 74.64.

☐ (2) The student completed only a portion of the RHSP or DAP and those courses are equivalent in content and rigor to the courses indicated in the table above. The student only completed a portion of the RHSP or DAP solely because courses necessary to complete the remainder of the program were unavailable to the student at the appropriate times in the student’s high school career as a result of one or more of the following (select any/all that apply):
  ○ Course scheduling;
  ○ Lack of enrollment capacity
  ○ Another cause not within the student’s control as specified below (please state):
    _______________________________________________________________________
    _______________________________________________________________________
    _______________________________________________________________________
    _______________________________________________________________________

☐ (3) The student satisfies the ACT College Readiness Benchmarks on the ACT assessment
(NOTE: Official scores must be submitted to the Office of Admissions at Texas A&M University-Commerce).

☐ (4) The student earned a score of at least a 1500 out of 2400 on the SAT assessment
(NOTE: Official scores must be submitted to the Office of Admission at Texas A&M University-Commerce).
