

# Out-of-State Resident Tuition Guide

## Out-of-State Tuition Guide for the Bachelor of Applied Arts & Sciences in Organizational Leadership

### *State Authorization of Online Programs*

Just as educational programs within the state of Texas are approved by The Texas Higher Education Coordinating Board, other states have their own specific agency, and in some instances multiple agencies that approve educational programs that will be or are being offered to the citizens of the respective states. Texas A&M University – Commerce has been approved to offer educational programs to residents of select states. Please [click here](#) to see if your state is on the list.

### **General Education**

The general education curriculum will be delivered online and will be self-paced. Students will pay a flat rate per term, which includes textbooks provided online. Each term is seven weeks and there will be six terms in the academic year. Students will register for courses, but will progress through competency-based modules and assessments. No course will be transcribed until the student has completed all competency modules and/or assessments with an 80% mastery rate.

Tuition rate for each term is \$2500. This rate includes course materials required for competencies delivered through the online learning system. Students who wish to purchase printed versions of textbooks and required course materials will need to do so at an additional cost.

### **Professional Development Electives**

The professional development electives will be delivered online through the university's learning management system. The tuition rate for each term is \$2500. Cost for textbooks is not included. Students may need to purchase course materials and/or textbooks and/or access to labs as required for each course. Please note that many students may be able to meet up to 48 hours through transfer credit.

### **Upper Level Applied Courses**

The upper level applied courses will be delivered online through the university's learning management system. The tuition rate for each term is \$2500. Cost for textbooks is not included. Students may need to purchase course materials and/or textbooks and/or access to labs as required for each course.

**Please note:** Costs for contracting with Excelsior OneTranscript, UExcel<sup>®</sup>, CLEPs, and CAEL's learning portfolios are in addition to the per term tuition rate and are the responsibility of the student.
