Welcome to Texas A&M University-Commerce

Our History
Texas A&M University-Commerce began as East Texas Normal College in 1889 when founder William Leonidas Mayo opened the doors to a one-building campus in Cooper. His creed, which continues today, was “ceaseless industry, fearless investigation, unfettered thought, and unselfish service to others.” The institution’s history of dynamic change began in 1894 when “Mayo’s College” moved to Commerce. The State of Texas took over the campus in 1917 and the name was changed to East Texas State Normal College. In 1923, the school was renamed East Texas State Teachers College. The graduate program was added in 1935, and in 1957 the Legislature, recognizing that the purpose of the institution had broadened from teacher education, changed the name to East Texas State College. Following inauguration of the first doctoral program in 1962, the name was changed to East Texas State University. In 1996, the institution entered The Texas A&M University System and became Texas A&M University-Commerce. Today, on the Commerce campus, the Mesquite Metroplex Center, the Universities Center at Dallas, Navarro College Partnership, and through state-of-the-art distance learning, the University meets the undergraduate, graduate and professional needs of the citizens of Northeast Texas and beyond. Its mission is achieved through teaching, scholarship, and service activities on its campuses, and in the community and region.

Our Vision
Texas A&M University-Commerce will be recognized as a premier regional university, distinctive for high expectations, a nurturing environment, and innovations in the enhancement of learning to produce graduates who distinguish themselves in their chosen careers and as active, contributing members of society.

By focusing on access, participation, and success of students in quality undergraduate and graduate degree programs, Texas A&M University-Commerce will become the university of choice for those seeking a higher education in the Northeast Texas area. As a result, Texas A&M University-Commerce will be recognized for the creation of partnerships and initiatives that promote intellectual, social, environmental, economic, and cultural advancement of the region and state.

Our Mission
Texas A&M University-Commerce provides a personal educational experience for a diverse community of lifelong learners. Our purpose is to discover and disseminate knowledge for leadership and service in an interconnected and dynamic world. Our challenge is to nurture partnerships for the intellectual, cultural, social, and economic vitality of Texas and beyond.

With his unshakeable faith in the power of education to transform lives and shape the future forming the bedrock of our principles, we continue to make our campus a beacon of a forward-reaching, innovative, inclusive university.

We all strive to bring our best forward, learn from our past experiences and advance in the knowledge that every day brings a new opportunity to excel and succeed. Thanks to every resource available to you on campus, you need only embrace the appropriate moment to shine because success is never far away.

Texas A&M University-Commerce is home to 14 Division II intercollegiate athletic programs, competing in the Lone Star Conference. On the men’s side, the Lions compete in football, basketball, track & field (indoor & outdoor), cross country, and golf. The women represent the Lions in basketball, soccer, track & field (indoor & outdoor), golf, and softball.

The only remaining charter member of the LSC, A&M-Commerce is one of the most tradition-rich programs in the conference, boasting 63 Lone Star Conference titles, more than 300 All-Americans and five National Championships.

Last year was the most successful year in the history of Lion Athletics. A total of six Lone Star Conference Championships were won (Football, Soccer-regular season, Soccer-Tournament, Men’s Indoor Track & Field, Men’s Outdoor Track & Field, Men’s Basketball-Tournament). Almost every sport had a better year than the year before. The soccer team hosted NCAA Regionals and made it to the Elite Eight, the Men’s Basketball team made it to the NCAA Regionals, the Men’s Track & Field teams were nationally ranked all season long, reaching the #1 ranking in the nation during the outdoor season. In its first season of competing, the Lions Softball team had the greatest year in NCAA history for a first year program, winning 29 games total and nearly making it to the NCAA Regionals.

Many facility upgrades happened in the last year. The new James Thrower Athletics Academic Center is located in the northeast corner of the Fieldhouse. The Indoor Golf Practice facility was completed along the east side of the Fieldhouse. A major renovation to the weight room in Whitley Gym was also competed. All of these upgrades have now made it possible for the Lions to be more successful.

The 2015-16 season will mark the 100th season of Lion Athletics. To celebrate this historic year, many fun and exciting events will be happening around the sporting events. The strong traditions and winning ways will continue thanks to the amazing pride of the Lions.

Halladay Student Services, 100

Life for students living on campus at Texas A&M University-Commerce has changed drastically over the years. Today’s residence halls are places where life experiences are integrated with the total university educational program in the context of a supportive and safe environment.

All single, freshmen and sophomore undergraduate students who are not commuting from the home of their parents (within 50 miles of the University) or legal guardians must reside in University housing (residence halls) and all freshmen are required to purchase an Unlimited Meal Plan or the 19 Convenience Meal Plan for the full academic year. This policy covers all beginning students who are starting college in the same year as their date of graduation from high school. Students who have been out
of high school for one year or more are exempt from this policy. Students planning to live at home are required to complete a Commuter Authorization Request form and sign it in the presence of a Notary Public or Residential Living and Learning Office staff member and return it to the Residential Living and Learning Office.

We encourage you to become involved in your community. The students on campus represent a wide array of backgrounds, cultures, lifestyles and attitudes. Our on-campus residences provide a rich and unique opportunity for you to learn more about yourself and others. We invite you to seek out experienced students, especially members of your Residential Living and Learning staff and Residence Hall Association leaders, to assist you in making your stay at A&M-Commerce a successful one.

Identification Card
Mane Card Office
Room 110 (903) 468-6022
Rayburn Student Center

The Mane Card Office produces the official identification card for Texas A&M University-Commerce. The card is referred to as a Lion Card, and the account associated with the card is called Lion Cash.

All students are required to obtain and carry their Lion Card with them at all times. Lion Cards are available to registered students, faculty and staff. Lion Cards ensure a student’s rights to use university facilities and to identify oneself when requested by university authorities or officials. It provides students with the ability to utilize campus food services, and gives card holders Lion Cash spending options. It is also used to gain admission to certain events sponsored by the university or student organizations and to academic resources such as James Gee Library and Campus Recreation Center. The Lion Card program establishes security for the card holder as there is only one valid card per person. Participating off-campus merchants accept Lion Cash which can be used to purchase food, gas and other merchandise. Check our web site for a current list of merchants. The initial cost of the Lion Card is included with tuition and fee assessment each semester. Lion Cards do not expire and replacement cards are available for an additional fee if a card is lost, stolen or deemed unusable. Campus Wide Identification numbers (CWID), are unique numbers assigned to ensure that personal information given is intended for a particular student, not someone else. The card remains the property of the university and may be reclaimed by officials if used by any person other than the person whose name and CWID appear on the Lion Card. Possession or use of a Lion Card by anyone other than the owner is in direct violation of university policy. Officials may request the card to be surrendered when the student withdraws or is dismissed from the university.
Other Campus Services

Lion Card Accounts
Lion Cash is an optional prepaid account automatically established that functions much like a debit card account. Your Lion Card allows for this functionality. To participate, simply make a deposit to your Lion Cash account. Lion Cash can be used to make purchases at University bookstores, all food service retail locations and the Student Center Dining Room, library fines, recreation checkouts, drink and snack vending machines, campus print labs, copy machines, Student Health Services and off campus locations where merchants accept Lion Cash.

Adding Lion Cash to your Lion Card Account
Web deposits can be made online through credit cards and allows parents, spouses, or others to add Lion Cash to accounts. The Mane Card Office accepts cash, check and credit cards.

There are two Account Management Centers (AMCs), and at both locations you can add value with cash or credit card and verify your Lion Cash account balance. You will find AMCs in James Gee Library and the Rayburn Student Center. Additionally, the cashiers at Financial Services also have the ability to accept deposits in the form of cash, check and credit card.

When are you eligible for the ID Card?
Visit Mane Card Office at your convenience upon successfully registering for classes.

Cardholder Agreements
Lion Cards are intended to be used the entire time an individual is associated with Texas A&M University-Commerce. It is not necessary to obtain a new card each semester or academic year. In order to receive a new Lion Card, an individual must present a valid form of photo identification (driver’s license, passport, or government issued ID) at the time of application. The card must be carried at all times while on campus and must be presented to University officials upon request. The card is non-transferable. Account balances are non-transferable. Cardholder is responsible for his or her own card. Funds are deposited at the Cardholder’s discretion. There is a $20 fee for returned checks. Once the account is activated by making a deposit, any balance on the account will carry over semester to semester, or year to year, as long as the individual remains enrolled at or employed by Texas A&M University-Commerce. Lion Cash is different than FLEX, therefore the funds cannot be transferred between the two types of accounts.

FLEX
Select students who receive FLEX associated with their meal and scholarship plans can access spending with their Lion Card as well. FLEX can only be used in Campus Dining areas, such as the RSC Lions Lair, coffee shop, sporting event concessions and any other Sodexo operated retail environments. FLEX does not transfer or carry over to the next semester.

Missing or Stolen Cards
Report missing or stolen Lion Cards immediately by:
*Calling Mane Card Office (903) 468-6022
*Freeze access to your account
*Report in person to replace your card
*Stolen cards should be reported to UPD (903) 886-5868
Cards are not free. Students are assessed a $5 fee each semester to enable them access to a card, if needed. If a card is stolen, the individual must provide official documentation of the theft (police report or public safety report) to receive a replacement card at no cost; otherwise, the card will be considered lost. There is a $10 replacement fee for each lost card reported.

Liability for Illegitimate Use of Accounts
If a Lion Card is lost or stolen, the cardholder is liable for all transactions until the card is reported lost or stolen to the Mane Card Office (during normal business hours) or University Police (24 hours a day). Once reported lost or stolen, staff will place a freeze on the active card and associated account. Upon proper identification, only staff of the Mane Card Office can place and release holds on accounts that are reported lost or stolen. Please note: System security will not allow staff to reactivate retired cards; therefore, an individual can hold only one valid Lion Card at any time, the last card printed.

Refunds
The University will refund the cardholder’s remaining Lion Cash balance upon graduation or withdrawal / resignation from Texas A&M University-Commerce. Refunds will be generated upon request to close the account. Refunds will first be applied to any outstanding balance owed to the University, then a check will be mailed. Request must be greater than $25.

Cardholders should contact the Mane Card Office immediately upon discovering any discrepancy related to their Lion Card account. Communication should include the cardholder’s name and Campus Wide Identification Number (CWID), a description or the nature of the discrepancy, and the dollar amount of the discrepancy. Library
James G. Gee Library
(903) 886-5718
Assisting patrons is our top priority at Texas A&M University-Commerce libraries. The main library in Commerce and the branch in Mesquite have a staff of nearly 40 full-time workers and a number of student workers. The University Libraries offer decades of combined experience motivated by a strong service ethic. Our friendly staff does its best to support faculty, students and staff, whether it is by providing assistance with finding or using resources, doing research, acquiring new resources, offering Interlibrary loan services, faculty reserves, keeping the collections orderly and accessible, or helping patrons borrow and return items. We also provide services to the surrounding community and the growing number of off-site programs.

The Access Services Area consists of Interlibrary Loan, Teacher Resource Center, Media, Nexus computer lab area and Customer Service. Customer Service helps with borrowing and returns of items, location of lost items, and the faculty reserve collection. The Nexus staff assists with KIC scanning, printing, photocopy services and access to our 88 computers. The Teacher Resource Center houses children’s literature, curriculum materials and equipment consisting of poster maker, die cutter and laminator. Library Media serves the University community by providing equipment and educational media in non-print (audio and visual) formats.

When Gee Library or the Metroplex Center library does not own a needed resource, Interlibrary Loan makes it possible for students and faculty to have access to books and journal articles from other institutions worldwide. For our students, faculty, and staff, these services are free of charge, and books and documents can be delivered to all of our campuses. Gee Library also offers free electronic document delivery of journal articles and chapters of books owned by our library, provided reproducing them is allowable under U.S. copyright law.

Our branch library at the Metroplex Center offers access to print and electronic resources, Internet, and faculty support services such as Bibliographic Instruction and course reserves to students and faculty based in the Metroplex.

Research and Instruction Services is the front line for teaching faculty and students how to utilize research tools. They offer assistance in finding and using informational resources whether in print, microforms or electronic delivery. The Research and Instruction Librarians offer expertise in various subject areas and can help researchers learn how to quickly find the most reliable and current information.

There are several units at work behind the scenes in the Technical Services Area. Acquisitions, Collection Development, Cataloging and Serials process thousands of items every year. These specialized units work together to choose, purchase and organize all resources that are added to the library collection. They are a vital part of helping to keep our information resources current, focused to campus needs, and accessible.

PREVENTING SEXUAL VIOLENCE
Project RESPECT seeks to educate and empower our campus and community to get involved with preventing sexual violence (sexual assault, domestic violence, dating violence and stalking). Campuses across the United States are implementing similar programs to combat these issues. Project RESPECT encourages all students, faculty, staff, administrators, and others to get involved to prevent sexual violence!

Resources offered by Project RESPECT:

- **Educational Outreach** – Outreach programs are offered for campus and community and include tools and strategies to prevent sexual violence. For example, bystander training can be utilized to prevent other types of violence.
- **Online and Media Sources** – Project RESPECT has educational and informative media materials available for use. Project RESPECT’s web site has online web sources, which provide additional information and links, and a Facebook page on which students can discuss issues, post comments or participate in discussions related to domestic violence and sexual assault.

Community Prevention Response (CPR) Team
This is a multidisciplinary team that works together to develop tools to prevent sexual violence. CPR includes many campus and community experts and resources, Technical Assistance Providers, Crisis Center/CAC (sexual assault); and Women In Need, Inc. (domestic violence). PREVENTION IS KEY!

Safe Spaces Ally Project
The purpose of the Safe Spaces Ally Project is to train allies on the campus in order to create a safer, freer, and more welcoming environment for all individuals regardless of sexual orientation, by working to reduce inequality, homophobia, transphobia and heterosexism. This project is a direct response to the need for increased support for gay, lesbian, bisexual and ally issues on college campuses both locally and nationally, and their surrounding communities. Ally training is conducted throughout the year in a variety of formats. For more information, as well as resources

Civility in the Academic Environment

Civility in face-to-face classrooms, online courses and in labs, internships, practicums, and all other academic settings necessitate respect for the opinions of others and is very important in all academic settings. It is likely you may not agree with everything that happens or is discussed in the academic setting; however, courteous behavior and responses are expected. To create and preserve a learning environment that optimizes teaching and learning, all participants share a responsibility in creating a civil and non-disruptive forum. Students are expected to conduct themselves at all times in a manner that does not disrupt teaching or learning. Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum, or to block access to online courses and may refer offenses to the appropriate academic department chair. More serious offenses may be referred to the University Police Department and/or the Judicial Affairs Office for disciplinary action.
Code of Student Conduct

I. GENERAL PROVISIONS

Purpose of the Code of Student Conduct

1. Texas A&M University – Commerce has established standards of conduct to create and foster an environment that facilitates student learning and development. Students and University student groups are expected to conduct themselves in a manner that demonstrates respect for the rights and property of others and that is consistent with the educational goals and mission of the University. This Code of Student Conduct (“Code”) focuses on personal responsibility and accountability for students’ actions and the impact those actions might have on the greater community.

Disciplinary Authority

1. Oversight. The Division of Student Access and Success, as delegated by the President of the University, is responsible for non-academic student conduct oversight. The Dean of Campus Life and Student Development is responsible to the Vice President for Student Access and Success and the President of the University for: 1) recommending policies relating to student conduct; 2) formulating and recommending rules and enforcement procedures within the framework of existing policies; 3) the disposal or referral of such individual cases as may properly come before it; and 4) recommending to the Vice President for Student Access and Success and the President of the University changes in the administration of any aspect of the Code of Student Conduct.

2. Administration. The Dean of Campus Life and Student Development may delegate jurisdiction to University officials, offices, or hearing bodies, as necessary, to administer student conduct cases. These include, but are not limited to, the following:
   • Office of Judicial Affairs
     1. Assistant Dean of Campus Life and Student Development
     2. Associate Director of Campus Life and Student Development
     3. Residential Living and Learning
     4. Fraternity & Sorority Life judicial boards
     5. Campus Recreation
   • The University Hearing Board (“Hearing Board”) is a 3-5 member panel of faculty and staff members appointed by the President of the University, as advised by the Dean of Campus Life and Student Development.
   • The University Appeals Board (“Appeals Board”) is a 3-5 member panel of faculty and staff members that hears student appeals for sanctions of Disciplinary Probation or higher, as outlined in the “Student Conduct Procedures” section of the Code. Appeals Board members are drawn from the Hearing Board pool, with the following requirements to serve:
     1. they did not serve on the Hearing Board for the initial hearing;
     2. they were not involved in the investigation in any way; and
     3. they have been trained in appeals procedures.

Application of the Student Code of Conduct

The following individuals are considered students for the purposes of the Code of Student Conduct:

1. a person currently enrolled at Texas A&M University-Commerce; or
2. a person who has been accepted for admission or readmission to Texas A&M University-Commerce; or
3. a person who has been enrolled at Texas A&M University-Commerce in a prior semester or summer session and is eligible to continue enrollment in the semester or summer session that immediately follows.

Academic Integrity

Matters of academic integrity are the exclusive province of the Provost and Vice President for Academic Affairs and the Office of Graduate Studies (See Texas A&M University-Commerce Graduate Student Academic Dishonesty policy 13.99.99.R0.10; Undergraduate Academic Dishonesty policy 13.99.99.R0.03). Students engaged in acts which may constitute both academic dishonesty and violations under the Code may be subject to sanctions under any of these authorities.

Jurisdiction

This Code applies to any behaviors that take place on the campus and at University-sponsored events. This Code may also apply to actions that occur off-campus and online when the Dean of Campus Life and Student
Development (or designee) determines that the conduct affects a substantial University interest. A substantial University interest is defined to include:

1. Any conduct that is a violation of federal, state, or local law;
2. Any situation where it appears that the accused individual may present a danger or threat to the health or safety of others;
3. Any situation that significantly impinges upon the rights, property or interest of self or others;
4. Any situation that breaches the peace and/or causes a substantial disruption to the University community; and/or
5. Any situation that is detrimental to the educational interests of the University.

Standard of Proof

In all cases of alleged violations of the Code, the standard of proof is the preponderance of the information (e.g., “more likely than not”, “50% plus one”). This standard is also applied when making determinations regarding interim restrictions/actions.

General Laws

Students or student organizations involved in alleged violations of any federal, state, or local laws may be subject to disciplinary action. These allegations will be adjudicated using the University standard of proof and procedure. Investigations, adjudications, and, where appropriate, disciplinary action may be imposed by the University before, after, or in addition to adjudication by any non-University authority.

II. STUDENT RIGHTS AND OBLIGATIONS

1. This policy provides students, faculty, and staff with a clear message regarding the value of students as individuals and the contributions they can make when given the freedom to do so. It also recognizes that their opportunity for education is only limited by the respect which they give to fellow students, faculty, staff and others.

   • The rights of students are to be respected. These rights include respect for personal feelings, freedom from indignity of any type, freedom from control by any person except as may be in accord with published rules of the system academic institutions, and conditions allowing them to make the best use of their time and talents toward the objectives which brought them to the system academic institutions. No officer or student, regardless of position or rank, shall violate those rights; no custom, tradition or rule in conflict will be allowed to prevail.

   • Students are expected at all times to recognize constituted authority, to conform to the ordinary rules of good conduct, to be truthful, to respect the rights of others, to protect private and public property, and to make the best use of their time toward an education.

(Texas A&M University System Policy 13.02)

Such activity includes, but is not limited to, behavior in a classroom or instructional program that interferes with the instructor or presenter’s ability to conduct the class or program, or the ability of others to profit from the class or program.
  - To remain in the vicinity of activity that is disrupting normal University functions when requested to leave by a University official is prohibited. Bystanders, if their presence incites or adds to the disruption, as well as more active participants in the disruptive activity, may be in violation of this policy as well.

- **Drugs.** The unauthorized possession, use, manufacture, sale, or distribution of any counterfeit, illegal, dangerous, “designer,” or controlled drug or other substance is prohibited. This includes prescription medications. The possession of drug paraphernalia is also prohibited. Students are expected to comply with all federal, state and local laws.

- **Failure to Comply.** Students and student organizations are expected to comply with reasonable and lawful requests of University officials in the performance of their duties. University officials include, but are not limited to, faculty, staff, residential advisors (RAs), and University police officers. Students are expected to appear at conduct hearings to respond to allegations or testify as a witness upon reasonable notice. A failure to comply with or complete a sanction or obligation resulting from a conduct hearing or adjudication may constitute failure to comply.

- **False Information/Fraud/Misrepresentation.** Intentionally or knowingly providing false or incomplete information to a University official is prohibited. This includes, but is not limited to, misrepresenting the truth in a hearing or making a false statement verbally or in writing.

- **Guest Responsibility.** Students are accountable for violations their guests may commit while visiting them or the University community.

- **Harassment.**
  1. **Harassment.** Any conduct (physical, verbal, graphic, written, or electronic) that is sufficiently severe, pervasive, or persistent that it interferes with or limits a person’s ability to work, study, or participate in the University’s educational programs or activities.
  2. **Racial Harassment.** Any repeated conduct that is directed towards a person or a group of persons because of their race, color, creed, national or ethnic origin is prohibited. - **Hazing.** Any act which endangers the mental or physical health or safety of a student, or which destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in, a group or organization is prohibited. The express or implied consent of the victim is not a defense. The failure to act to prevent hazing is also prohibited. (See also, Texas Education Code, Chapter 37, Subchapter F - Hazing).

- **Misuse of Computing Resources.** Failure to comply with University regulations and policies, license agreements, and contracts governing network, software and hardware use; abuse of communal resources; use of computing resources for unauthorized commercial purposes or personal gain; failure to protect your password or use of your account; breach of computer security, harmful access, or invasion of privacy are prohibited. - **Retaliation.** Any adverse action taken against a person participating in a protected activity because of their participation in that protected activity. Retaliation against an individual for alleging harassment or discrimination, supporting a complainant or for assisting in providing information relevant to a claim of harassment or discrimination is a serious violation of University policy and will be treated as an instance of harassment or discrimination.

1. In cases of sexual misconduct, acts of alleged retaliation should be reported immediately to the Title IX Coordinator or to the Dean of Campus Life and Student Development (or designee). These will be promptly investigated. The University will take all appropriate actions to protect individuals who fear that they may be subjected to retaliation.

2. In all other cases, acts of alleged retaliation should be reported to the Dean of Campus Life and Student Development (or designee).

- **Theft.** Theft of any kind, including seizing, receiving, or concealing property with knowledge that it has been stolen, is prohibited. Sale, possession, or misappropriation of any property or services without the owner’s permission is also prohibited.

Weapons may include, but are not limited to, all firearms, air, bb, and pellet guns, tasers, stun guns, knives, martial arts devices, and clubs.

- **Sexual Misconduct**

  1. **Sexual Harassment.** Any unwelcome, sexual or gender-based verbal, written or physical conduct that is sufficiently severe, persistent or pervasive that it has the effect of unreasonably interfering with, denying or limiting employment opportunities or the ability to participate in or benefit from the university’s educational, social and/or residential program, and is based on real or reasonably perceived power differentials (quid pro quo), the creation of a hostile environment or retaliation.

  2. **Non-Consensual Sexual Intercourse.** Any sexual penetration or intercourse (anal, oral or vaginal), however slight, with any object, by a person upon another person, that is without consent and/or by force.
• Note: “Sexual penetration” includes vaginal or anal penetration by a penis, tongue, finger or object, or oral copulation by mouth to genital contact or genital to mouth contact.

• **Non-Consensual Sexual Contact.** Any intentional sexual touching, however slight, with any object, by a person upon another person that is without consent and/or by force. Note: “Sexual touching” includes any bodily contact with the breasts, groin, genitals, mouth or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

• **Sexual Exploitation.** Sexual Exploitation refers to a situation in which a person takes non-consensual or abusive sexual advantage of another, and situations in which the conduct does not fall within the definitions of Sexual Harassment, Non-Consensual Sexual Intercourse or Non-Consensual Sexual Contact. Examples of sexual exploitation include, but are not limited to:

  1. Sexual voyeurism (such as watching a person undressing, using the bathroom or engaged in sexual acts without the consent of the person observed).
  2. Taking pictures or video or audio recording another in a sexual act, or in any other private activity without the consent of all involved in the activity, or exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity, or disseminating sexual pictures without the photographed person’s consent).
  3. Prostitution.
  4. Sexual Exploitation also includes engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted disease (STD) and without informing the other person of the infection, and further includes administering alcohol or drugs (such as “date rape” drugs) to another person without his or her knowledge or consent.

In cases of sexual misconduct, acts of alleged retaliation should be reported immediately to the Title IX Coordinator or to the Dean of Campus Life and Student Development (or designee). These will be promptly investigated. The University will take all appropriate actions to protect individuals who fear that they may be subjected to retaliation.

**Statement on Consent:**

Consent is knowing, voluntary and clear agreement by word or action, to engage in sexual activity. Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct.

• An individual cannot consent if he or she is unable to understand what is happening or is disoriented, helpless, asleep, or unconscious for any reason, including due to alcohol or other drugs. Engaging in sexual activity when the individual knows, or reasonably should know, that another person is physically or mentally incapacitated is prohibited. It is not an excuse that the individual respondent of sexual misconduct was intoxicated and, therefore, did not realize the incapacity of the other.

• Incapacitation is defined as a state where someone cannot make rational, reasonable decisions because they lack the capacity to give consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction). Incapacity may be the result of mental disability, involuntary physical restraint, and/or from the taking of incapacitating drugs.

• Consent to a specific sexual act (such as kissing or fondling) is not consent for other sexual activity, such as intercourse. A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced. Silence or the absence of resistance alone is not consent.

• A person can withdraw consent at any time during sexual activity by expressing in words or actions that he or she no longer wants the act to continue, and, if that happens, the other person must stop immediately.

• A minor below the age of consent according to state law cannot consent to sexual activity. This means that sexual contact by an adult with a person below the age of consent is a crime as well as a violation of this policy, even if the minor appeared to have wanted to engage in the act.

**Medical Amnesty Policy (“MAP”)**

1. Texas A&M University-Commerce is committed to promoting a safe and healthy environment for all students. The Medical Amnesty Policy (“MAP”) is designed to encourage students to make responsible decisions and seek prompt, professional, medical assistance and treatment in serious or life-threatening situations that result from alcohol and/or other drug abuse such as alcohol poisoning or drug overdose.
MAP seeks to diminish the fear of disciplinary sanctions in such situations and encourage individuals and organizations to seek needed medical attention for students in distress from alcohol and drug use.

A student who seeks emergency assistance on behalf of him- or her- self, another student, or a friend experiencing an alcohol and/or other drug related emergency, as well as the individual in distress will not be subject to disciplinary action under the Code.

2. Procedure
   • Student(s) will be referred to the Office of Judicial Affairs.
   • Student(s) will be evaluated for amnesty by the Office of Judicial Affairs.
   • Students who qualify for amnesty will still be required to participate in an educational component and may be referred for an individual consultation; however they will not face disciplinary action.

3. Students who receive amnesty and decline or fail to attend the educational component or fail to comply with the counselor’s recommendations will become subject to disciplinary action.

4. Medical Amnesty only applies to violations of Student Code of Conduct, Alcohol Procedure 34.03.01.R0.01, Drug Procedure 34.02.99.R1, and SB 1331. It does not grant amnesty for criminal, civil, or legal consequences for violations of federal and state law.

IV. DISCIPLINARY PROCEDURE

When Code of Conduct violations are alleged, students or student groups are subject to University disciplinary action.

• Where a student conduct case involves a psychological or mental concern or other unusual circumstances, such as direct threat to property or well-being of others in the University community, the Dean of Campus Life and Student Development (or designee) should refer the case to the University’s Behavior Intervention Team (BIT) or CARE Team.

• Review of Alleged Violation. After the Dean of Campus Life and Student Development (or designee) receives a report or information that a student or group of students may have violated the Code, the Dean (or designee) may:
  1. Take appropriate action on behalf of the University;
  2. Make a referral to the University Hearing Board or other hearing officers/bodies (e.g. Residential Living and Learning, Campus Recreation, etc.); or
  3. In cases of clear and present danger to the well-being of the University community or other unusual circumstances, the Dean of Campus Life and Student Development (or designee) may take interim actions with respect to a student before a disciplinary hearing is held (see Code section V.C.). A hearing will be scheduled as soon thereafter as reasonable.

Notice of Allegations

1. The Dean of Campus Life and Student Development (or designee), shall notify the student or student group in writing of the allegations against the student. Notification will include whether their case will be heard administratively or by the University Hearing Board. The decision as to which cases will be heard by the University Hearing Board will be made by Dean of Campus Life and Student Development (or designee).

2. The student will be referred to the online Student Guidebook, which outlines the disciplinary and appeals procedures.

3. The accused student will be given at least three (3) University business days to prepare for a hearing, unless voluntarily waived by the student.

Hearing Procedures

1. General
   • All hearings will be closed to the public. Admission to the hearing of persons other than the parties involved will be at the discretion of the Dean of Campus Life and Student Development (or designee).
   • In hearings involving more than one responding student, individual cases may be heard jointly. However, the Dean of Campus Life and Student Development (or designee) may permit each hearing to be conducted separately. In joint hearings, separate determinations of responsibility will be made for each responding student.
   • A student may be accompanied by an advisor, but the student must represent himself or herself at the
hearing. The advisor may not make a presentation or represent the complainant or responding student during the hearing. The advisor may confer quietly with their advisee, exchange notes, clarify procedural questions with the Chair, and suggest questions to their advisee.

- The complainant, responding student, Hearing Board, and the Dean of Campus Life and Student Development (or designee) may question all present witnesses and all present parties (directly or indirectly, at the discretion of the Chair and/or the Dean of Campus Life and Student Development (or designee)). Unduly repetitive witnesses can be limited at the discretion of the Hearing Board Chair and/or the Dean of Campus Life and Student Development (or designee). (NOTE: This procedure only applies to non-sexual misconduct cases. In cases of sexual misconduct or violence, all questions between the parties must be asked through the hearing officer. See Code section IV.D.4)

- The student may present relevant information regarding the allegations, including witness information, documents, or any other information that would assist the hearing officer or Hearing Board determine student responsibility. Formal rules of evidence will not be observed. The hearing officer or Hearing Board Chair may limit the number of character witnesses presented or may accept written character statements instead.

- If the student fails to appear for the original hearing without good cause, the student forfeits the right to appeal.

2. Administrative Hearing

- A hearing officer will hold a conference with the student to: 1) review the allegations; and 2) provide an opportunity for the student to respond directly to the alleged violation(s). The administrative hearing is intended to be an educational meeting that enables the hearing officer to determine whether there has been a violation of the Code, and if so, what sanctions are appropriate. The hearing officer shall serve the best interests of any responding students by making use of appropriate University resources, including, but not limited to, University Counseling Center, Academic Success Center, etc.

- The student has the right to hear evidence supporting the allegations and ask questions of witnesses either directly or through the hearing officer.

  1. In cases of sexual misconduct or violence, all questions between the parties must be asked through the hearing officer.

- The hearing officer may seek professional assistance and advice, consult with a student’s parents or guardians, or take other measures to insure fair disposition of the case.

- After the administrative hearing, the student shall be informed in writing of the action taken by the hearing officer, including findings of responsibility and sanctions.

- If the student fails to appear for a disciplinary hearing, the case may be heard in the student’s absence.

3. University Hearing Board

- The Dean of Campus Life and Student Development (or designee) may assign a student conduct case to the University Hearing Board for adjudication. The decision as to which cases will be heard by the University Hearing Board will be made by Dean of Campus Life and Student Development (or designee).

- University Hearing Board members will be a group of trained faculty and staff members who serve as conduct officers during the adjudication process. Hearing Board members will listen to all of the information presented during the conduct conference and use that information to make decisions on whether the responding student is responsible for violating the Code and assigning appropriate sanctions, as appropriate.

- The Dean of Campus Life and Student Development (or designee) will appoint one board member as the Chair for the hearing.

- A staff member from the Office of Judicial Affairs shall attend all hearings to ensure that disciplinary procedures are followed. This staff member may not be present during Hearing Board deliberations, but may respond to procedural questions from the Hearing Board regarding procedure.

- The parties have the right to be present at the hearing; however, they do not have the right to be present during Hearing Board deliberations. If a student unable to attend the hearing, he or she must notify the Office of Judicial Affairs no less than three (3) days prior to the scheduled hearing to arrange for another date, time and location. Except in cases of grave or unforeseen circumstances, if the responding student fails to give the required minimum three (3) day notice, or if the responding student fails to appear for the hearing, the hearing may proceed as scheduled.

- After the hearing, the Hearing Board will deliberate and determine, by a preponderance of the information, if the responding student has violated the Code. A majority vote is required. If the responding student is found responsible for violating any section of the Code, the Hearing Board will determine an appropriate sanction(s). The Office of Judicial Affairs
is responsible for informing the Hearing Board of applicable precedent, any previous conduct violations, or other relevant pattern information about the responding student. The Hearing Board shall serve the best interests of any responding students by making use of appropriate University resources, including, but not limited to, University Counseling Center, Academic Success Center, etc.

- The Chair will prepare a written report and deliver it to the Dean of Campus Life and Student Life (or designee), detailing the findings, how each member voted, rationale for the Hearing Board’s decision, and any information the Hearing Board excluded from its consideration and why. This report must include any sanctions or other actions imposed. This report should not exceed two pages in length and must be submitted to the Dean of Campus Life and Student Development (or designee) within two (2) days of the end of deliberations.
- The responding student and complainant will be notified of the final determination in writing within five business days of the hearing.
- In cases of sexual misconduct and other crimes of violence, notice of the outcome will be delivered to all parties without substantial delay between the notifications to each party.
- There will be a single verbatim record, such as an audio recording, for all Hearing Board proceedings. Deliberations will not be recorded. The record will be the property of the University and maintained according to the System’s record retention policy.

4. Procedures for Allegations of Sexual Misconduct, Violence, and Stalking. Allegations of sexual misconduct by a student will be reviewed and investigated by the University’s Title IX Compliance Office or other designated officials. At the conclusion of the investigation, a report will be provided to the Dean of Campus Life and Student Development (or designee) for review. After receiving a report indicating that a student or group of students may have violated sections of the Student Code of Conduct related to sexual misconduct, violence, and/or stalking, the Dean (or designee) may take action on behalf of the University.

In addition to the procedures found above in sections IV.D.1, IV.D.2., and IV.D.3., the following procedures shall apply:

1. The complainant shall not be required to attend the hearing. The complainant shall have the opportunity to submit an impact statement detailing any alleged consequences suffered by the complainant.
2. The complainant has the right to be assisted by an advisor of the complainant’s choice. However, the complainant is must present his or her own information.

3. For sexual misconduct, discrimination and other complaints of a sensitive nature, alternative testimony options may be provided to the complainant, such as placing a privacy screen in the hearing room or allowing the complainant to testify from another room via audio or audio/video technology. While these options are intended to help make the complainant more comfortable, they are not intended to work to the disadvantage of the responding student.

4. The past sexual history or sexual character of a party will not be admissible by the other parties in hearings unless such information is determined to be particularly relevant to the facts and circumstances at issue. All such information is presumed inadmissible until it is shown relevant to the case. Any such showing must be made in advance of the hearing, to hearing officer or Hearing Board Chair. Evidence of pattern, repeated, and/or predatory behavior by the responding student, in the form of previous findings in any legal or campus proceeding, (or in the form of previous good faith allegations), will always be relevant to the finding, not just the sanction. The parties will be notified in advance if any such information is deemed relevant and will be introduced in the hearing.

5. A complainant alleging sexual misconduct, other behavior falling within the coverage of Title IX, and/or a crime of violence will be notified in writing of the outcome of a hearing, any sanctions assigned, and the rationale for the decision.

6. The proceeding must be completed within reasonably prompt timeframes designated by an institution’s policy, including a process that allows for the extension of timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay.

7. The proceeding must be conducted by officials who do not have a conflict of interest or bias for or against the complainant or the respondent.

5. Findings.

- No Finding. In these cases, an investigator has made a determination that the responding student is in no way involved in a violation of policy. The responding student’s name will be cleared for purposes of third party reporting, but the record of the investigation will be retained. This finding is not subject to any appeal.
- Not Responsible. In these cases, a hearing officer or Hearing Board determines that insufficient evidence exists for a finding of responsible for any of the allegations. The case is closed and a record of the “not responsible” finding(s) is retained. In cases of sexual misconduct or other violence, complainants
may accept the finding or elect to appeal.

- **Responsible.** In these cases, a hearing officer or Hearing Board determines that sufficient evidence exists for a finding of “Responsible” for any of the alleged violations. The responding student may accept both the finding and sanctions, or may elect to appeal.

V. SANCTIONS

One or more of the following sanctions may be imposed for a Code violation.

- **Warning.** The student is warned of possible consequences of continuing such behavior. Warnings can be verbal or written.

- **Disciplinary Probation.** A period of review and observation during which a student is under an official notice that subsequent violations of the Code, University rules, regulations, or policies are likely to result in a more severe sanction, including suspension or expulsion from the University. While on Disciplinary Probation, a student may be considered to be “not in good standing” and may face specific limitations on University privileges.

1. **Not in good standing:** A student who is not in good standing is subject to the following restrictions:
   - Ineligible to hold an elected office in any student organization recognized by the University or to hold any elected or appointed office of the University.
   - Ineligible to represent the University in any way, including representing the University at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the University campus.
   - Ineligible for fraternity, sorority, or organization new member intake.
   - Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.

- **Interim Actions.** The University may take interim actions as necessary to protect the community from a threat to the health or safety of the community as a whole, to any particular member of the community, or in cases where there may be a risk of a substantial disruption to the normal operations of the University. In all cases, the student subject to the interim action will be given an opportunity to be heard by the Dean of Campus Life and Student Development (or designee) on the necessity of the restriction within three (3) business days of the issuing of the restrictions. These actions may include, but are not limited to:

1. **Interim Suspension.** A student (or organization) suspended on an interim basis is subject to all of the same restrictions as if they had been suspended as a final sanction.

2. **Interim Restriction.** A student (or organization) with interim restrictions may be denied access to campus premises (including classes), specific individuals, and/or all other University activities or privileges for which the student might otherwise be eligible. These restrictions may include, but are not limited to: restricted access to facilities, housing and/or events, no-contact orders with specific individuals, etc. or any other restrictions deemed necessary by the Dean of Campus Life and Student Development to be necessary to achieve the goals stated above. (NOTE: The University will not pay for or make any arrangements for housing for any student removed from housing on an interim basis.)

Before changing any of these restrictions, a student may be required to participate in a psychological or counseling assessment, interviews, etc. at the discretion of the Dean of Campus Life and Student Development (or designee).

- **Suspension.** The student is separated from the University for a definite period of time. The suspension takes effect when the appeal for the offense is
exhausted, waived, or the time limit has passed. Suspensions may go into effect immediately or may be deferred for a period of time. If the student is found in violation of any University rule during the time of deferred suspension, the suspension takes effect immediately without further review.

- **Expulsion.** The student may not return to the University.

- **Conditions/Restrictions.** The University may limit a student’s University privileges for a period of time, or require a student to complete a specified activity. This sanction may include, but is not limited to:
  1. Restricted access to the campus or parts of campus;
  2. A no-contact order;
  3. Denial of the right to participate in University-sponsored activities;
  4. Denial of the right to represent the University in any way;
  5. Removal from an elected or appointed University office or position;
  6. Denial of campus housing or parking privileges;
  7. Required attendance at a workshop;
  8. Ineligible for fraternity, sorority, or organization new member intake;
  9. Participation in community service; and/or
  10. Any other privileges that are consistent with the violation and the development of the student.

- **Other Sanctions.** The University reserves the right to impose other sanctions as necessary to remain consistent with the mission and vision of the University. These may include, but are not limited to: mandated psychological or counseling assessment, research projects, drug/alcohol classes, etc.

- **Parental Notification.** The University may contact a student’s parent, guardian, or family member, if deemed appropriate.

### VI. STUDENT ORGANIZATIONS

- **Student Organization Responsibilities.** Student organizations, societies, clubs, and living learning communities, on or off campus, are responsible for conducting their affairs in a manner that reflects favorably upon the University. Such responsibilities include:
  1. Compliance with University policies, rules, and regulations.
  2. Taking reasonable steps, as a group, to prevent violations of law or University regulations by members of the group or the group’s guests.
  3. A willingness to address individual member’s behavior with those members of the group whose behavior reflects unfavorably upon the University.
  4. Student Organization Disciplinary Procedure
    1. Student organizations that fail to meet these responsibilities will be subject to disciplinary action.
    2. Alleged student organization violations will follow the same procedures as alleged individual student violations, except for those related to organizational status only. Notification will be sent to the chief student leader of the organization and the organization’s advisor.
    3. Appeals. Any appeal from action by the hearing official that affects organizational status only (i.e., no sanctions against individuals) shall be directed to the Dean of Campus Life and Student Development (or designee).

- **Student Organization Sanctions.** Failure to meet the responsibilities of group membership may subject that organization to any of the following:
  1. Withdrawal of University recognition and/ or financial support;
  2. Permanent or temporary suspension of all chapter activities
  3. Recommendation to the national/international organization to temporarily suspend or revoke the chapter’s charter
  4. Social probation
  5. Denial of use of University facilities
  6. Other appropriate University action

### VII. APPEAL PROCEDURES

- **Form and Scope of Appeal Requests**
  1. A student receiving a sanction of Disciplinary Probation or higher may request an appeal of the decision of the hearing officer or Hearing Board. The University Appeals Board (“Appeals Board”) shall hear initial appeals from hearing officers and the Hearing Board under these circumstances.
  2. Cases resulting in a sanction of Warning or lower are considered final (except for cases involving allegations of sexual misconduct – see section VII.D.)
  3. Form. All appeal requests must be typed and explain why the student believes the disciplinary action should be reviewed. The request must contain: 1) full name; 2) campus-wide ID number; and 3) current email address and/or phone number. The request must include the specific grounds for appeal, listed below.
  4. Grounds for Appeal. Appeals requests are limited to the following grounds:
    - A procedural error occurred that significantly
impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.);
• To consider new evidence, unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included;
• Extenuating circumstances that are relevant to the incident and/or student; and/or
• The sanctions imposed are substantially disproportionate to the severity of the violation or the cumulative conduct record of the responding student.
• Effective Date of Conduct Sanction. The sanction(s) imposed by a hearing officer or Hearing Board will not take effect until the appeal process is complete.

• Considerations Upon Appeal
1. In review, the original finding and sanction are presumed to have been decided reasonably and appropriately. The burden is on the appealing party(ies) to show clear error. The Appeals Board must limit its review to the grounds presented.
2. Procedural errors that would likely result in a different outcome should be corrected, new evidence should be considered, and sanctions should be proportionate to the severity of the violation and the student’s cumulative conduct record.

• Appeal Guidelines for Cases Resulting in Disciplinary Probation or Higher Sanctions (except for cases involving sexual misconduct)
• Students seeking to appeal a sanction of Disciplinary Probation or higher shall submit a typed request for appeal to the Office of Judicial Affairs within three (3) days from the date they receive notification of disciplinary action (see Sections VII.A.3. and VII.A.4. for additional instructions). If the appeal request is granted, the Office of Judicial Affairs shall refer the appeal to the University Appeals Board. If the appeal request is not timely or does not meet the required grounds for appeal, the original finding and sanction will stand and the decision is final.

1. University Appeals Board
• A 3-5 member Appeals Board is drawn from the hearing panel pool, with the following requirements to serve:
  1. they did not serve on the Hearing Board for the initial hearing
  2. they were not involved in the investigation in any way
  3. they have been trained in appeals procedures
• On reconsideration, the Appeals Board may:
  1. uphold the original decision;
  2. modify the decision;
  3. dismiss the charges; or
  4. remand the case for further consideration.
• Where an appeal results in a sanction of Disciplinary Probation or lower, the decision is considered final.

If the Appeals Board decision results in a sanction of Suspension or Expulsion, the student may submit an appeal request to the Dean of Campus Life and Student Development. Students shall submit a typed request for appeal to the Dean of Campus Life and Student Development within three (3) days of receiving notification of the Appeals Board’s decision (see Sections VII.A.3. and VII.A.4. for additional instructions).

• On reconsideration, the Dean of Campus Life and Student Development may:
  1. uphold the original decision;
  2. reduce or modify the decision;
  3. dismiss the charges; or
  4. remand the case for further consideration.

Following an appeal to the Dean of Campus Life and Student Development, the matter is considered final.

• Appeal Guidelines for All Cases Involving Allegations of Sexual Misconduct, Violence, and/or Stalking In addition to the appeals procedures contained in Section VII of this Code, the following procedures will apply to cases involving allegations of sexual misconduct, violence, and/or stalking:
1. Where a case involves any allegations of sexual misconduct, violence, or stalking, any party (responding student(s) or complainant) may request an appeal of the decision of the hearing officer or Hearing Board by filing a written request to the Office of Judicial Affairs, subject to the procedures outlined above.
2. The Office of Judicial Affairs must disclose the appeal by one party with the other party when appropriate under procedure or law (e.g., if the responding student appeals, the appeal is shared with the complainant, who may wish to file a response, request an appeal on the same grounds or different grounds).
3. All parties should be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision.
Statement on Prevention of Alcohol Abuse and Drug Use

Texas A&M University-Commerce is committed to a campus-wide plan to educate students and employees about alcohol and drug issues, discourage the irresponsible use of alcoholic beverages, and prohibit the unlawful use, possession or distribution of controlled substances. The University will act to ensure compliance with all local, state, and federal laws, System policies and University rules and procedures dealing with controlled substances, illicit drugs, and the use of alcohol. The Student Guidebook and Code of Conduct provides information on alcohol and drug rules and university sanctions. To review the Student Code of Conduct online, go to http://web.tamuc.edu/studentLife/campusServices/judicialAffairs/default.aspx

Alcohol and Drug Rules

The University prohibits the use or possession of alcoholic beverages on campus by any individual under the age of 21. Failure to comply with this rule violates state law and the rules governing student conduct and will subject the individual to disciplinary action. Students of lawful age under Texas Statutes may possess and/or consume alcoholic beverages in the privacy of their rooms or apartments in campus residence facilities; however, residence hall occupants and their guests must comply with state and local statutes concerning possession, sale, and consumption of alcoholic beverages. Any use of alcoholic beverages should be in moderation. Therefore, bulk quantities of alcohol (kegs, cases, party balls, etc.) are not allowed on campus or in residence facilities. Loud or disruptive behavior, interference with the cleanliness of residence facilities, or drinking habits that are harmful to the health or education of an individual or those around him/her are reasons for appropriate disciplinary action by the University. Although students of lawful age may possess and consume alcoholic beverages in the privacy of their rooms or apartments, all alcoholic beverages transported through public areas on the University grounds and in residence facilities must be unopened and concealed. All members of the University community are expected to abide by state and federal laws pertaining to controlled substances and illicit drugs. Standards of conduct strictly prohibit the unlawful manufacture, distribution, possession or use of controlled substances, illicit drugs or drug paraphernalia on University property, at University-sponsored activities, and/or while on active duty. Individuals may use prescription medications that are medically necessary and prescribed by a licensed physician.

Alcohol and Drug Use Prevention Program

To implement an effective drug and alcohol abuse prevention plan, the University will use both formal and informal channels of communication to: 1) disseminate information describing patterns of addiction and the physical, mental, and emotional consequences that result from the abuse of alcohol and controlled/illegal substances; 2) distribute information that describes and encourages the use of counseling and treatment modalities available to both students and employees in the local and regional area; and 3) make available to the campus population referrals to local treatment centers and counseling programs. These referrals for students will be made within a supportive, confidential, and non-punitive environment under the auspices of the University Counseling Center. Employees are encouraged to review http://policies.tamus.edu/34-02-01.pdf.

Texas A&M University-Commerce’s Medical Amnesty Policy (MAP)

Free service to currently enrolled A&M-Commerce students

The University recognizes that the fear of potential disciplinary action by the University might create a barrier to or inhibit students from seeking emergency medical assistance for themselves or others when an alcohol or other drug overdose is apparent or suspected. In order to remove that barrier, the University has instituted the Medical Amnesty Policy (MAP).

In accordance with MAP, students who have sought emergency assistance for others (at the time of the incident, stay on scene, and cooperate with authorities) will not face disciplinary action from Judicial Affairs. Here’s how it works:

Student(s) call 911 or (903) 886-5111 when alcohol or drug overdose is present or suspected. Student(s) stays with the person and cooperates with all emergency personnel.

- Student(s) will be referred to Judicial Affairs.
- Student(s) will be evaluated for amnesty by Judicial Affairs.
- Students who qualify for amnesty will still be required to participate in an educational component and may be referred for an individual consultation; however they will not face disciplinary action.
- Students who receive amnesty and decline or fail to attend the educational component or fail to comply with the counselor’s recommendations will become subject to disciplinary action.

There are limitations to Medical Amnesty and inclusion in the program is not automatic.

What is the purpose of MAP?

MAP is intended to promote safety and responsibility throughout the University community. The policy is also intended to promote education/treatment for individuals who receive emergency medical attention to reduce the likelihood of future occurrences. In alcohol or drug related incidents, the primary concern of the University is the well-being, health, and safety of students.

A Medical Amnesty Policy (MAP) seeks to decrease the likelihood that a student will hesitate to seek help in an alcohol or drug related emergency by granting amnesty from sanctioned judicial policies to those involved in seeking help. The potential for student disciplinary action by the University against the student in need of medical
attention and/or the student reporting the incident may act as a barrier to students getting immediate medical attention. In order to alleviate the behavioral consequences associated with alcohol or drug related emergencies, and increase the likelihood that students will get appropriate medical attention, the University has developed a Medical Amnesty Program.

**How does MAP work?**

An initial report seeking assistance for a student in need of medical treatment in an alcohol or drug related situation will be granted amnesty from University sanctions. Other educational consequences, such as education or treatment, may be required. This will allow students who may also have been drinking or using drugs to care for their friends without facing the consequences of judicial process for themselves if they qualify for Medical Amnesty.

Medical Amnesty only applies to violations of Student Code of Conduct, Alcohol Procedure 34.03.01.R0.01, Drug Procedure 34.02.99.R1, and SB 1331. It does not grant amnesty for criminal, civil, or legal consequences for violations of federal and state law.

In order to qualify for medical amnesty, students must use the policy proactively. This means that students must take the initiative to get assistance at the time of the incident. Asking for medical amnesty after being confronted for possible policy violations will not result in application of MAP.

Students will not be granted amnesty from punitive sanctions resulting from other policies that they violate while under the influence of alcohol or drugs. For example, if a student is intoxicated and injured himself because he punches a hole in a university window (or damaged any university property), a qualified (i.e. one for whom MA has been granted) student will not be subject to disciplinary action for being intoxicated, but he will still be held responsible for any criminal charges such as criminal mischief or destruction of university property.

Follow-up evaluations and counseling are fundamental components of MAP. Amnesty is only applied when students complete appropriate counseling and treatment (when recommended). Failure to complete recommended evaluation, counseling, or treatment will disqualify the student for MA and will result in the imposition of punitive sanctions under the Student Code of Conduct.

**What are the signs of a person in need of medical attention?**

- Unresponsive
- Unable to stop vomiting
- Seizure-like activity
- Exhibiting slow, shallow, or irregular breathing
- Incoherent and unable to make rational responses

**What should I do until the medical service arrives?**

- WAKE – Wake the person
- TURN – Turn them on their side to prevent choking or aspiration
- CALL – Call for emergency medical assistance (911)
- STAY – Stay with the person until medical personnel arrives

**What does medical amnesty mean for me?**

Medical amnesty is meant to protect the health and well-being of the Texas A&M University-Commerce community by encouraging them to receive appropriate medical attention in an alcohol or drug related emergency without fear of disciplinary action.

In order to qualify for medical amnesty, the student should, whenever appropriate, remain with the allegedly intoxicated student until law enforcement and medical personnel arrive, medical attention is administered, and the caller must cooperate with law enforcement and medical personnel. The student seeking Medical Amnesty must meet with a representative from Judicial Affairs and agree to comply with any conditions set forth by the representative. If conditions are met the student will be granted medical amnesty. There will be no conduct case and the incident will not become part of the student’s record.

If the student fails to comply the required stipulations, he does not qualify for medical amnesty and is subject to the conduct process as provided by the Student Code of Conduct located in the Student Guidebook.

1. Violations of the Code of Student Conduct related to the incident (e.g., property damage, physical violence, disorderly conduct, being in possession of false identification, or illicit drugs), or

2. Being required to meet with a member of the Counseling Center professional staff and to complete the LEAP: (Lion Education Assessment Prevention) program and/or other appropriate administrative referral.

A student cited for an alcohol or drug violation OR transported by Emergency Medical Services (EMS) for an alcohol or drug related emergency will be required to meet with a Counseling Center professional and must complete the LEAP program and/or other appropriate administrative referral.

Failure to meet with a member of the Counseling Center professional staff and/or complete the LEAP program will result in a through referral to the disciplinary process. Other penalties, including but not limited to blocked registration, and/or parental notification, may be levied until the student completes all requirements.

If additional follow up is required by a Counseling Center professional, the student must also complete those requirements in order to be in compliance. Student will have a required time frame by which to complete the program or referral. The LEAP program screening is FREE to students.
What if a student attempts to abuse MAP?
Texas A&M University-Commerce’s Medical Amnesty Policy’s definition of abuse will be at the discretion of Campus Life and Student Development. A student may abuse MAP if it is determined that the primary purpose of the report was not to protect the health and safety of others, but was to avoid the consequences of Code of Student Conduct violations.

What does this mean for the student reporter?
A student who makes a good faith report seeking medical assistance on behalf of someone else will not be subject to student conduct sanctions for the following Code of Student Conduct violations in relation to the incident:

- Possession, consumption, sale, or manufacture or furnishing of alcoholic beverages on University property is prohibited, except in those areas of University housing where possession and consumption is allowed.
- Possession, use, manufacture, sale, or distribution of any illegal drugs, controlled substance, or drug paraphernalia; misuse or illegal possession of prescription, over-the-counter, or other dangerous drugs.

However, medical amnesty does not preclude the caller from being charged with other violations of the Code of Student Conduct related to the incident (e.g., property damage, physical violence, disorderly conduct, being in possession of false identification).

FAQs about Medical Amnesty: What is an alcohol or drug emergency?
An alcohol or drug related emergency exists when an alcohol or other drug overdose is apparent or suspected. Some possible signs and symptoms include:

- Unresponsiveness
- Constant or continuous vomiting
- Seizure-like activity
- Incoherence or the inability to communicate understandable or rational response

Does this mean that Texas A&M University-Commerce encourages students to drink or take drugs?
No. Texas A&M University-Commerce recognizes a student’s safety and well-being can be compromised due to excessive use of alcohol and other drugs. The Medical Amnesty Program was put into place so students can receive the appropriate medical attention without fear of “getting in trouble” or the incident appearing on the student’s conduct record.

MAP does not “legalize” alcohol on campus under the age of 21 or permit any illegal behavior. The policy only changes the manner in which the university addresses certain alcohol or drug related incidents for student safety.

Will my parents find out?
As a general rule, your parents will not be notified. However, your parents may be notified if your alcohol or drug related use is life threatening or if it is deemed necessary to protect the health and safety of the student or other individuals.

Will incidents involving MAP be on my academic record?
No. MAP incidents will not be entered on the student’s official academic record. Non-MAP related incidents may become part of the student’s academic record.

What is LEAP?
Lion: Education Assessment and Prevention (LEAP) is a risk reduction approach to alcohol consumption that ultimately focuses on reducing the risky behaviors and harmful consequences associated with drinking alcohol. LEAP was specifically designed for college students who violate the University’s alcohol policy and is non-confrontational and non-judgmental. LEAP consists of two sessions with a trained professional staff member. In the initial session, students in this program will be required to research alcohol related articles and submit an assignment. This may take place with a small group and will be an opportunity for the student to meet the LEAP facilitator. Two weeks later the student will return to meet individually with the facilitator during which time they will discuss the assignment the student submitted, examine their current alcohol use and have the opportunity to create personal goals for the future.

Is Texas A&M University-Commerce the first to enact a Medical Amnesty Policy?
No. Many colleges already have Medical Amnesty Policies or Good Samaritan policies, including: University of Texas at Austin, Texas Christian University, Texas Wesleyan University, American University, Binghamton University, Brown University, Cornell University, Dartmouth College, Duke University, Emory University, Harvard University, Massachusetts Institute of Technology, New Mexico State University, New York University, Ohio State University, Princeton University, Vanderbilt University, and Yale University.

Can MAP really save lives?
Yes. In their study of Cornell University’s Medical Amnesty Policy, Deborah K. Lewis and Timothy C. Marchell found that, “…following initiation of the MAP, students were less likely to report fear of getting an intoxicated person in trouble as a barrier to calling for help. Furthermore, the percentage of students seen by health center staff for a brief psycho-educational intervention after an alcohol-related emergency more than doubled (from 22% to 52%) by the end of the second year” (Lewis & Marchell, 2006).

Why is this important?
MAP only works if students know about it. In an emergency situation, students face difficult decisions on whether or not to call for help. Your well-being, health and safety are most important. Help us help you with MAP.
University Sanctions

Students suspected or found in violation of the Student Code of Conduct for alcohol or drug violation’s will be notified to appear for a hearing with the Assistant Dean of Campus Life or designee. Procedures for hearings are outlined in the Student Code of Conduct.

A student found responsible for violating the code of conduct will be subject to sanctions appropriate with the offenses and any aggravating and mitigating circumstances. Disciplinary actions in cases involving alcohol and drug-related violations result in sanctions up to and including suspension or expulsion from the University and referral for prosecution. Any disciplinary action imposed by the University may precede and be in addition to any penalty imposed by an off-campus authority. Students will be advised of available alcohol and drug counseling at the Counseling Center and/or referred to a community organization. The Counseling Center can provide assistance and referral to appropriate community agencies. Advisors and faculty members have the responsibility to supervise student activities on all trips. Faculty members should inform students that actions violating state laws, local regulations, and University rules regarding alcohol and drugs will not be permitted on any University trip. Students who violate these guidelines regarding alcohol and drug use on field trips will be subject to disciplinary action.

Health Risks

Alcohol abuse can cause many health-related problems. Approximately 150,000 deaths annually are directly related to alcohol abuse and/or alcoholism. Alcohol abuse can lead to alcoholism, premature death through overdose, and complications involving the brain, heart, liver, and many other body organs. Alcohol abuse is a prime contributor to suicide, homicide, motor vehicle deaths, and other accidental causes of death. Alcohol abuse also causes liver disease, gastritis, and anemia.

Alcohol abuse interferes with psychological functions, causes interpersonal difficulties, and is involved in many cases of child abuse. Alcohol abuse also disrupts occupational effectiveness and causes legal and financial problems. Alcohol used in any amount by a pregnant woman can cause birth defects. The abuse of illicit drugs can result in a wide range of health problems. In general, illicit drug use can result in drug addiction, death by overdose, death from withdrawal, seizures, heart problems, infections (i.e., HIV/AIDS, hepatitis), liver disease, and chronic brain dysfunctions. Other problems associated with illicit drug use include psychological dysfunctions such as memory loss, thought disorders (i.e., hallucinations, paranoia, psychosis), and psychological dependency. Additional effects include occupational, social, and family problems as well as a reduction in motivation. Drug use by a pregnant woman may cause addiction or health complications in her unborn child.

We encourage you to report. In the event of possible alcohol poisoning, a person under 21 calling for help for himself or another WILL NOT BE HELD VIOLATION for consuming or possessing alcohol. The immunity for minors is limited to the first person who calls for assistance, only if he or she stays on the scene and cooperates with the University Police Department, Residential Living and Learning staff, and medical personnel. This immunity doesn’t protect a person from being cited for any other violations.

Residential Living and Learning Requirement – The Residential Living and Learning program is part of the overall educational purpose of this institution. Texas A&M University-Commerce requires that all beginning single, undergraduate students who are not commuting from the home of their parent or legal guardian must reside in university residence halls and are required to purchase an unlimited meal plan per semester. A parent or legal guardian home must be within a 50 mile radius of the main campus or no more than one hour travel time from campus. This policy covers all beginning students who are starting college the same year as their date of graduation. Students who have been out of high school for one year or more are exempt from this policy.
Meal Plan Requirements – All single, beginning undergraduate students living on campus are required to purchase the Unlimited Meal Plan or 19 Convenience Meal Plan for the full academic year. Meal plans are optional for other classifications. Meal plans are sold for the entire academic year. Plans are not transferable to another student. Students may change to a meal plan offering more meals at any time. Students may change to a meal plan with fewer meals in between semesters and during the first five class days of either semester.

Commuter Forms – All beginning students who wish to commute rather than live in on-campus housing must submit a Commuting Authorization Request form for approval. Once a student is enrolled at the University, housing and meal plan charges will be added to their student account. Upon approval of the Commuting Authorization Request, these charges will be removed. Approved commuters who would like to spend the night on campus occasionally may contact Residential Living and Learning to inquire about the availability of guest housing. Falsification of records will result in disciplinary action.

Room and Meal Plan Contracts – Charges for these areas will vary according to the hall/room assignment and meal plan of choice. All rooms and meal plans are contracted for the entire school year. Moving off campus before the end of the academic year constitutes breaking the housing contract and requires approval.

Departmental Rules

Administrative Inspections—Administrators have the right to make regular administrative inspections of university residences as set out in housing contracts. These are not searches; however, illegal drugs, weapons or other contraband in plain view may be confiscated during these inspections and used in subsequent administrative hearings.

Warrantless Searches—University officials may enter into and search student residences without notice and without search warrants when the search is based on a reasonable suspicion that illegal weapons or illegal drugs are in the premises, or that other serious illegal activity is being conducted therein.

a. The determination of whether or not there is “reasonable suspicion” to justify a warrantless search should be made by either the Director of Residential Living and Learning, or the Dean of Students.

b. The evidence to support “reasonable suspicion” can be less than would be required to establish “probable cause,” but must be more than a rumor. Hearsay can be used, but the administrator must be satisfied that the information he/she has received is reliable, and that a search is justified. The facts and rationale for the administrative decision to search must be documented and preserved.

c. University Police officers may participate in residence searches if and to the extent requested by the Director of Residential Living and Learning, or the Dean of Campus Life. University Police officers will participate in searches only as necessary to protect the safety of personnel, students and the public. Contraband or illegal items shall be turned over to University Police officers.

d. Any residence searched under this policy shall be left in the same condition as it was when entered.

Search Warrants—Nothing in this policy shall hinder University Police officers or other police officers from obtaining and executing a valid search warrant in University Residence Halls.

Fund Raising Projects—Permission to conduct such projects in the residence halls is granted to residence hall associations. Permission must be secured from the Director of Residential Living and Learning at least one week in advance. Recognized campus organization may apply for special permission to sell in the residence halls through the Dean of the Campus Life and the Director of Residential Living and Learning. Solicitation is not allowed door to door.

Discipline Process—Infractions of residence hall rules and regulations may be dealt with by the Community Director, Area Coordinator, Assistant Director of Residential Living and Learning, Director of Residential Living and Learning, or the Dean for Campus Life and Student Development and/or designee. Sanctions will vary according to the infraction and could lead to removal from University Housing by the Director of Residential Living and Learning. Appeals may be made through the Dean for Campus Life and Student Development.

Smoke, Vapor & Tobacco-Free Environment—All residence halls and apartments, including public seating areas outside and adjacent, will be smoke, vapor and tobacco-free.

Residence Life Handbooks—Please refer to the Residence Life Handbooks for additional information related to rules and regulations associated with Department of Residential Living and Learning facilities.

Peer-to-Peer File Sharing/Copyright Statement

File sharing is making files available for others to download. Downloading, copying and sharing material, such as music, movies, games, and applications, for which the copyright holder has not given you rights is against both the law and Texas A&M University-Commerce Student Code of Conduct. Students are subject to disciplinary sanctions under the code “Failure to comply with laws, license agreements, and contracts governing network, software and hardware use. Misuse of computing resources. Abuse of communal resources. Use of computing resources for unauthorized commercial purposes or personal gain.”
The Higher Education Opportunity Act (HEOA) of 2008, also referred to as H.R. 4137, was signed into law on August 14. The HEOA primarily addresses obstacles that make it difficult for qualified students to obtain a college education, but it also includes specific statements requiring colleges and universities to comply with digital copyright laws.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

Plan To Effectively Combat Copyright Infringement

Students are notified when the university receives a DMCA notice that can be traced back to the student’s connection. This notice comes via email from Information Technology. A will also be placed in the student’s MYLeo account. The notice informs the student that a copyright holder or authorized agent has sent the university a notice of alleged infringement. The notice will identify the student’s public IP address and internal IP address at the time of the alleged infringement. The student is requested to respond to the notice and agree to take all appropriate actions to ensure that copyright infringement of the specified work does not occur. If the student ignores the notice or receives subsequent notices, then other actions may occur, including disabling of that student’s network access, or a referral to the Dean of Students, who may take additional actions regarding the status of that student at the University.

Texas A&M University-Commerce uses a combination of technological and procedural deterrents. Traffic-shaping devices (e.g. Packeteer) are used on the core Academic network, wireless networks, and the Residence Life networks to limit the amount of bandwidth that can be used by certain protocols, programs, and users. Texas A&M University-Commerce has a program of responding to Digital Millennium Copyright Act (DMCA) Notices.

Sexual Assault/Sex Offense Policy Statement

Definitions:

Sexual Assault—generally defined as attempted or actual unwanted sexual activity.

Forcible and Non-Forcible Sex Offenses—A forcible sex offense is “any sexual act directed against another person, forcible and or against that person’s will where the victim is incapable of giving consent,” and includes forcible rape, forcible sodomy, sexual assault with an object and forcible fondling. Non-forcible sex offenses are acts of unlawful, non-forcible sexual intercourse such as incest and statutory rape.

Pursuant to the Sexual Assault Victim’s bill of Rights, it becomes important to promote the reporting of all sex crime violations as well as to outline the procedures to facilitate the reporting of all alleged violations. Therefore, students are hereby informed of the following programs and options.

Educational Programs—Various programs addressing sexual assault, date rape, and related issues are presented throughout each academic year. Primarily the Counseling Center, Residential Living and Learning, Fraternity & Sorority Life, Project Respect, University Police Department, and other departments agencies sponsor these programs.

Procedures for Reporting Offenses—In those instances which sexual assault is alleged, the victim is strongly encouraged to report the incident to the University Police Department at (903) 886-5868. The victim will be given information as to how to go about bringing formal charges against the accused. The victim will also be informed of the University Disciplinary Action that may be taken against the accused. Victims may choose to merely report a sex offense for statistical purposes only by filling out a form and mailing it to the University Police Department. The form can be found at www/tamuc.edu/upd/reports/primereportingfrm.pdf

The importance of preserving physical evidence—If you, or someone you know, is a victim of a sexual assault, it is imperative that the victim be aware of methods to preserve physical evidence, even if they think they don’t want to file charges.

• Don’t destroy evidence by bathing, douching, washing hands, brushing teeth, changing clothes or linens, eating or drinking.

• DO notify someone immediately. It may help you if a friend or neighbor goes with you to the hospital and police.

• DO seek medical attention in the ER of a local hospital. You need to have a rape exam even if you decide not to press charges. The exam is used to collect evidence (which will be needed if you later decide to prosecute) as well as assure you that you did not sustain injuries, which may not be visible yet (i.e., internal injuries, bruises).

• DO call police as soon as possible. Even if you don’t want to file any charges, you can file an informational report that may help police locate your attacker and protect others. Most rapists are repeat offenders!

• DO take a change of clothes with you to the hospital.

• DO write down the details about the rapist and the circumstances of the rape as soon as possible.

• DO call the Counseling Center in the Student Service Building if you need someone to talk to or answer questions or if you want someone from the center to accompany you to the hospital, police station, or courthouse. They can be reached at (903) 886-5145. A counselor is automatically called 24 hours a day, 7 days a week if a sexual assault is reported to the UPD.

Changing Academic and or Living Arrangements—When appropriate, academic, and/or on-campus living arrangements may be modified as the direct result of a sexual assault. This action may be taken when requested by the victim and if such modifications are reasonable and available. These arrangements would be coordinated through the Dean of Campus Life.

Counseling Services—Those students who have become victims of a sex crime are eligible for and encouraged to take advantage of the counseling services offered by the Counseling Center located on the second floor of the Student Services Building. Professional Mental Health Counselors encourage victims of sexual assault to report the incident to the police department, even if it’s anonymous, and merely for statistical purposes. Those wishing to report a crime for statistical purposes only should contact the Crime Information Officer at (903) 886-5868. Counseling services are also extended to those accused of a sex crime.

Campus Disciplinary Procedures—When a student or groups of students stand in violation of the University Code of Conduct or State or Federal civil or criminal law, they may be subject to University disciplinary action. Violations of law and of the standards of student conduct may be reported to the Office of Judicial Affairs for consideration or referral. This does not preclude direct referral of such matters to appropriate disciplinary or judicial agencies by faculty, staff or students. The Office for Judicial Affairs shall insure that the best interests of any offending students are served by making use of appropriate University counseling, professional services, and judicial agencies. In cases of alleged sex offenses, the complainant and the respondent are entitled to the same opportunities to have others present during a disciplinary proceeding;
both the complainant and the respondent will be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense.

For more information on disciplinary procedures, consult the Dean of Campus Life and Student Development.

Possible Sanctions - Depending on the severity of the crime, those found guilty of a sex crime may face criminal charges, suspension or expulsion from the university.

University Police Department

Vehicle Registration

All vehicles, as defined by state laws, operated on university premises must be registered with the University Police Department and a permit must be displayed. The person who owns or registers a vehicle on campus is responsible for that vehicle and all parking violation citations issued thereto. If the person operating the vehicle when the violation is committed is not the registrant, both the driver and the registrant may be cited.

Operating motor vehicles on the premises of Texas A&M University-Commerce will be restricted to campus drives and parking lots, unless special permission is granted by the University Police Department of Texas A&M University-Commerce for a specified purpose.

Registration lasts for one school year beginning with the first official class day of the fall semester. Vehicles may be registered during regular class registration, during pre-registration, or at the One Stop Shop and cashier’s window. A copy of the University Motor Vehicle Regulations brochure will be available to all students. Students are responsible for acquainting themselves with these regulations.

A. Registration fees

An annual fee of $40 is charged for each motor vehicle registration.

A fee of $32 is charged for each motor vehicle registration for the spring and summer semesters.

A fee of $24 is charged for each motor vehicle registration for the summer semester only.

All of the above are valid through the remainder of the registration year unless otherwise specified.

B. Penalties for traffic violations

First through fourth offense: Fee depending on violation.

Fifth offense: Fee depending on violation. Any vehicle with five or more outstanding violations may be booted. The boot will not be removed until all fees have been paid. If the fees are not paid, the vehicle may be removed from campus at the owner’s expense.

C. Failure to clear violations

All outstanding and overdue traffic and parking regulation violations are entered into the University tagging system and must be paid in full as a condition to re-enter the University or to receive any permanent academic records.

D. Towing of vehicles

Vehicles parked on University premises are subject to be towed away at owner’s expense (See Article XV Section A of the traffic and parking rules and regulations).

Ticket Appeals

Traffic appeals must be made within five days beginning with the day of the infraction to the Traffic Safety Appeal Board. Students and faculty/staff will follow the procedures indicated:

1. Appear at the cashier’s window within five days of the receipt of the citation. The original fine will be assessed and a date set for the appeal.

2. Appear at the Traffic Safety Appeal Board at the appointed time and place where the case will be heard.

3. If the appeal is denied, the assessed fine will stand. If the appeal is sustained, the student will be issued a refund by mail from Financial Services. Failure to appear before the Appeal Board will result in the original fine standing.

Emergency Messages

Parents needing emergency messages given to students should contact the University Police Department only in the event of serious illness or death within the students family.
