OUR HISTORY

Texas A&M University-Commerce began as East Texas Normal College in 1889 when founder William Leonidas Mayo opened the doors to a one-building campus in Cooper. His creed, which continues today, was “ceaseless industry, fearless investigation, unfettered thought, and unselfish service to others.” The institution’s history of dynamic change began in 1894 when “Mayo’s College” moved to its present location in Commerce following a fire at the Cooper campus. When the State of Texas purchased the campus in 1917, the name was changed to East Texas State Normal College. The school was renamed East Texas State Teachers College in 1923. In recognition that the purpose of the institution had broadened from teacher education, exemplified by the addition of the graduate program in 1935, the Legislature changed the name to East Texas State College in 1957. Following the inauguration of the first doctoral program in 1962, the name was changed to East Texas State University in 1965. The institution entered The Texas A&M University System in 1996 and was given its current name Texas A&M University-Commerce. Today, on the Commerce campus, at Mesquite Metroplex Center, the Universities Center at Dallas, Navarro Partnership, Collin College, and through state-of-the-art distance learning, the University meets the undergraduate, graduate, and professional needs of the citizens of Northeast Texas and beyond. Its mission is achieved through teaching, scholarship, and service activities on its campuses, and in the community and region.

OUR VISION

Texas A&M University-Commerce, as a part of the A&M family of universities, will become the university of choice for all those seeking a higher education in the Northeast Texas region and beyond. It will provide traditional and non-traditional learning opportunities through existing and new programs that set high expectations and goals for students, faculty and staff. The University will provide a sense of community through a nurturing environment for all individuals in order to maximize learning, career and personal development. A&M-Commerce will become a place where students, faculty, staff, and community are engaged in the pursuit of excellence.

OUR MISSION

Texas A&M University-Commerce provides a personal, accessible, and affordable educational experience for a diverse community of learners. We engage in creative discovery and dissemination of knowledge and ideas for service, leadership, and innovation in an interconnected and dynamic world.
Welcome to Texas A&M University-Commerce! Whether you are a first-time freshman or a senior prepared to graduate, be prepared for a fantastic year! We are so glad that you are here.

Since the founding of the East Texas Normal College in 1889 by Professor William Leonidas Mayo, we have striven to abide by his creed: ceaseless industry, fearless investigation, unfettered thought, and unselfish service to others. Now one of the oldest public universities in Texas, A&M-Commerce offers more than 140 degree programs, Extended University locations throughout Northeast Texas, and multiple online learning opportunities. Through name changes, building projects, and new degree programs, we are always changing and working to create a better living and learning experience for you.

While academics are your main focus during your time at A&M-Commerce, your education also involves discovering more about yourself. Your university is home to more than 100 student organizations, including Greek life, honor societies, service clubs, campus service councils, and political groups. Local community organizations are always looking for volunteers. Take this special opportunity to grow both academically and as an individual.

The main Commerce campus offers a variety of services and entertainment opportunities, such as the planetarium, concerts, athletics events, guest lectures, and so much more. Please take advantage of the Writing Center and the Academic Success Center when you need help in your classes. These services were designed to help you succeed and provide you with the skills to propel you forward in your academic career. If you find yourself struggling with something other than academics, there will always be someone to lend a helping hand at the Student Health Center and the Counseling Center—as will any one of the many campus Safe Space Allies.

Upon graduation, you will join a network of lion pride spanned around the globe including entrepreneurs, artists, scientists, educators, lawyers, and public servants. Show your pride—show the world where you were forged: decorate your office, wear your gear around town, get a ring. When you graduate, it will be your turn to develop, teach, and create a better world.

As always, if you need anything, anyone on campus is only an email or phone call away.

It's a great day to be a Lion!

CASE MANAGEMENT

Nikki.Barnett@tamuc.edu  
Halladay Student Services 200B

Student Case Management supports students throughout their college career in order to best achieve their academic and co-curricular goals. Case management does not solve students’ problems for them, but rather helps the student identify issues and appropriate resources and works collaboratively with the student to develop an action plan. Once resources are identified and referrals are made, the Student Case Specialist may provide further follow up with the student as needed. Student Case Management is not counseling or therapy; rather, the Student Case Specialist has the opportunity to develop close helping relationships with students while coaching students toward appropriate self-care and self-advocacy. Students are referred to case management services by faculty, staff or other students when they have a concern regarding a student’s wellbeing. Students can also be self-referred to gain assistance. The goal is to avert more serious difficulties, focus on the safety of both the student and the TAMUC community, and help the student attain academic and personal success. Please use the link below to report a concern.

The (in)tuition plan eliminates uncertainty about future tuition increases. It allows undergraduate students, parents, and graduate students to prepare their long-term education budget and encourages on-time graduation. The length of time the (in)tuition plan is in effect will be based on whether the student is a new incoming freshman, a new undergraduate transfer, an incoming graduate, or a current undergraduate or graduate student. Student Access & Success One Stop Shop 156

The Office of First Year & Transition Programs is home for first-year and transfer students during their first year of college. The office ordnates a variety of programs and events such as: Campus Visits, New Student Orientation, Lion Camp, and Transition Programs throughout the year. These programs and events are designed to help new students, as well as their parents and family members, to become engaged and connected to the campus community.

There are several ways to visit campus and get acquainted with the facilities and student support services. Students can visit campus at 10AM & 2PM during each weekday. There are also group visit campus tours at 12PM for high schools, middle schools or community members. The Mane Event Preview Day is in the fall and spring. Mane Event showcases the campus with academic sessions presented by faculty and staff, campus tours, housing tours and free lunch in our dining hall.

New Student Orientation is an important and mandatory step in becoming a part of the A&M-Commerce family. All new undergraduate students are required to participate in New Student Orientation. Students will have the opportunity to hear from various campus resources, as well as complete the advising and registration process. The information provided at New Student Orientation is designed to assist students as they begin their journey at A&M-Commerce. Here is a snapshot of some of the things covered over the two-day program at New Student Orientation:

- Meet key University personnel and various student organizations
- Meet their Success Coach and register for classes
- Acquire their Lion Card, their student ID card
- Become familiar with the campus layout and campus resources

The next step after New Student Orientation will be to attend Lion Camp. Lion Camp is a three-day extended orientation program which occurs the week before classes begin. It is designed to help students achieve success during the first semester of their university experience. Lion Camp blends the social aspects of college life with the core academic essentials that will make a difference in the student’s university experience.

During the school year, please feel free to stop by the Office of First Year & Transition Programs if you have any questions or concerns about your college experience! We look forward to meeting each of you at various events throughout the year or as a new student leader in our office.
The Honors College is an active residential community in which students are immersed in high impact educational practices. Each year 50 incoming freshman are invited to join us. Applicants with exceptional high school records (i.e., average HS rank of top 10) and strong standardized test scores (e.g., ACT score 27 or higher, SAT scores on reading and math sections 1200 or higher) are encouraged to apply. You can visit our webpage at www.tamuc.edu/honors to view the point matrix that determines whether you are likely to earn an interview. Potential Honors Students must meet all criteria for acceptance into the University. Further, acceptance into the Honors College does not guarantee acceptance into university majors that have their own admission policies. Students accepted into the Honors College will receive substantial scholarship packages, and will be provided housing in the Honors Residence Hall. OFFICE OF ACADEMIC TECHNOLOGY

(903) 886-5511
Gee Library, Suite 173

The Office of Academic Technology’s primary focus is to assist faculty with teaching and technology. Our team works with faculty to assist with:
Lion Card Official produces the official identification card for Texas A&M University-Commerce. The card is referred to as a Lion Card and the account associated with the card is called Lion Cash. All students are required to obtain and carry their Lion Card with them at all times. Lion Cards are available to registered students, faculty and staff. Lion Cards ensure a student’s rights to use university facilities and to identify oneself when requested by university authorities or officials. Access to RLL locations for campus residents and provides students with the ability to utilize campus dining, and gives card holders Lion Cash spending options. It is also used to gain admission to certain events sponsored by the university or student organizations and to academic resources such as James Gee Library and Campus Recreation Center. The Lion Card program establishes security for the card holder as there is only one valid card per person. Participating off campus merchants accept Lion Cash which can be used to purchase food, gas and other merchandise. Check our website for a current list of merchants. The initial cost of the Lion Card is included with tuition and fee assessment each semester. Lion Cards do not expire and replacement cards are available for an additional fee if a card is lost, stolen or deemed unusable. Campus Wide Identification numbers (CWID), are unique numbers assigned to ensure that personal information given is intended for a particular student, not someone else.

The card remains the property of the university and may be reclaimed by officials if used by any person other than the person whose name and CWID appear on the Lion Card. Possession or use of a Lion Card by anyone other than the owner is in direct violation of university policy. Officials may request the card to be surrendered when the student withdraws or is dismissed from the university.

OTHER CAMPUS SERVICES

LION CARD ACCOUNTS
Lion Cash is an optional prepaid account automatically established that functions much like a debit card account. Your Lion Card allows for this functionality. To participate, simply make a deposit to your Lion Cash account. Lion Cash can be used to make purchases at University bookstores, all food service retail locations and the Student Center Dining Room, library files, recreation checkouts, drink and snack vending machines, campus print labs, copy machines, Student Health Services and off campus locations where merchants accept Lion Cash.

You will find the AMCs in James Gee Library and the Rayburn Student Center.

When are you eligible for the ID Card?
Visit the Lion Card Office at your convenience upon successfully registering for classes.

Cardholder Agreements
Lion Card’s are intended to be used the entire time an individual is associated with Texas A&M University-Commerce. It is not necessary to obtain a new card each semester or academic year. In order to receive a new Lion Card, an individual must present a valid form of photo identification (driver’s license, passport, or government issued ID) at the time of application. The card must be carried at all times while on campus and must be presented to University officials upon request. The card is non-transferable. Account balances are non-transferable. Cardholder is responsible for his or her own card. Funds are deposited at the cardholder’s discretion. There is a $30 fee for return checks. Once the account is activated by making a deposit, any balance on the account will carry over semester to semester, or year to year, as long as the individual remains enrolled at or employed by Texas A&M University-Commerce. Lion Cash is different from FLEX, therefore funds cannot be transferred between these two accounts.

FLEX
Students who receive FLEX associated with their meal or scholarship plans can access spending with their Lion Card as well. FLEX can only be used in Campus Dining areas, such as RSC Lion’s Mane Cafe, Lion’s Lair, library coffee shop, Sandella’s, sporting event concessions and any other dining operated environments. FLEX does not transfer or carry over to the next semester.

There is a $10 replacement fee for each lost card reported. Cardholder should be prepared to have their photo taken at the time of each replacement.

If a Lion Card is lost or stolen, the cardholder is liable for all transactions until the card is reported lost or stolen to the Lion Card Office (during normal business hours), University Police (24 hours a day), or by emailing LionCard@tamuc.edu. Once reported lost or stolen, staff will place a freeze on the active card and associated account. Upon proper identification, only staff of the Lion Card Office can place and release holds on accounts that are reported lost or stolen. Please note: System security will not allow staff to reactivate retired cards; therefore, an individual can hold only one valid Lion Card at anytime, the last card printed.

The University will refund the cardholder’s remaining Lion Cash balance upon graduation or withdrawal / resignation from Texas A&M University-Commerce. Refunds will be generated upon request to close the account. Refunds will be applied to any outstanding balance owed to the University, then a check will be mailed. Refunds can only be provided if you have a balance greater than $25.

A fee for replacement of a card damaged due to neglect, misuse, or improper care, is at the offi’s determination and discretion. In addition, Lion Cards now have new RFID technology which will no longer allow users to hole punch cards. Holes will be considered damage and a replacement fee will be accessed.

LIBRARY

James G. Gee Library
(903) 886-5718

Assisting patrons is our top priority at Texas A&M University-Commerce libraries. The main library in Commerce and the branch in Mesquite have a staff of nearly 40 full-time workers and a number of student workers. The University Libraries offer decades of combined experience motivated by a strong service ethic. Our friendly staff does its best to support faculty, students and staff, whether it is by providing assistance with finding or using resources, doing research, acquiring new resources, offering Interlibrary loan services, faculty reserves, keeping the collections orderly and accessible, or helping patrons borrow and return items. We also provide services to the surrounding community and the growing number of off-site programs.

The Access Services Area consists of Interlibrary Loan, Teacher Resource Center, Media, Nexus computer lab area and Customer Service. Customer Service helps with borrowing and returns of items, location of lost items, and the faculty reserve collection. The Nexus staff assists with KIC scanning, printing, photocopy services and access to more than 150 computers, including workstations, laptops, and tablets. The Teacher Resource Center houses children’s literature, curriculum materials and equipment consisting of poster maker, die cutter and laminator. A 3-D computer lab and an Assistive Technology lab are also located in this area.

Library Media serves the University community by providing equipment and educational media in non-print (audio and visual) formats. When Gee Library or the Metroplex Center library does not own a needed resource, Interlibrary Loan makes it possible for students and faculty to have access to books and journal articles from other institutions worldwide. For our students, faculty, and staff, these services are free of charge, and books and documents can be delivered to all of our campuses. Gee Library also offers free electronic document delivery of journal articles and chapters of books owned by our library, provided reproducing them is allowable under U.S. copyright law.

Our branch library at the Metroplex Center offers access to print and electronic resources, Internet, and faculty support services such as Bibliographic Instruction and course reserves to students and faculty based in the Metroplex.
Research and Instruction Services is the front line for teaching faculty and students how to utilize research tools. They offer assistance in finding and using informational resources whether in print, microforms or electronic delivery. The Research and Instruction Librarians offer expertise in various subject areas and can help researchers learn how to quickly find the most reliable and current information.

There are several units at work behind the scenes in the Technical Services Area. Acquisitions, Collection Development, Cataloging and Serials process thousands of items every year. These specialized units work together to choose, purchase and organize all resources that are added to the library collection. They are a vital part of helping to keep our information resources current, focused to campus needs, and accessible.

CIVILITY STATEMENT

Civility in the Academic Environment

Texas A&M University-Commerce is committed to creating an environment where students thrive and treat each other with respect. Texas A&M University-Commerce is a place where Faculty, Staff, and Students should strive to ensure each person is cared for and civil to each other. As such, it is fundamental to cultivate a supportive, safe, and civil environment that embraces each community member with diverse backgrounds, history, ideas, perspectives, and cultures. Language and actions that are meant to degrade, harm, or disrespect any of our Texas A&M University-Commerce community members are unacceptable. As a community we should practice such discourse and actions inside and outside of the classroom; reflecting and learning from our daily interactions with each other. It is the responsibility of all students, staff, faculty, and administration at Texas A&M University-Commerce to recognize the dedication we have to our Lion family while being courteous, respectful, and civil to one another.
GENERAL PROVISIONS

Purpose of the Code of Student Conduct

Texas A&M University-Commerce has established standards of conduct to create and foster an environment that facilitates student learning and development. Students and University student groups are expected to conduct themselves in a manner that demonstrates respect for the rights and property of others, and that is consistent with the educational goals and mission of the University. This Code of Student Conduct (“Code”) focuses on personal responsibility and accountability for students’ actions and the impact those actions may have on the greater community.

Disciplinary Authority

1. Oversight. The Division of Student Access and Success, as delegated by the President of the University, is responsible for non-academic student conduct oversight. The Dean of Campus Life and Student Development is responsible to the Vice President for Student Access and Success and the President of the University for 1) recommending policies relating to student conduct; 2) formulating and recommending rules and enforcement procedures within the framework of existing policies; 3) the disposal or referral of such individual cases as may properly come before it; and 4) recommending to the Vice President for Student Access and Success and the President of the University, changes in the administration of any aspect of the Code of Student Conduct.

2. Administration. The Dean of Campus Life and Student Development may delegate jurisdiction to University officials, offices, or hearing bodies, as necessary, to administer student conduct cases. These include, but are not limited to the following:

   Office of Student Rights & Responsibilities
   1. Associate Dean of Campus Life and Student Development
   2. Associate Director of Campus Life and Student Development
   3. Residential Living and Learning
   4. Fraternity & Sorority Life conduct boards
   5. Campus Recreation

   - The University Hearing Board ("Hearing Board") is a 3-5 member panel of faculty and staff members appointed by the President of the University, as advised by the Dean of Campus Life and Student Development. The Hearing Board has the authority to hear cases assigned to it by the Office of Student Rights & Responsibilities Affairs and/or the Dean of Campus Life and Student Development.

   - The University Appeals Board ("Appeals Board") is a 3-5 member panel of faculty and staff members that hears student appeals for sanctions of Disciplinary Probation or higher, as outlined in the “Student Conduct Procedures” section of the Code. Appeals Board members are drawn from the Hearing Board pool, with the following requirements to serve:

   1. they did not serve on the Hearing Board for the initial hearing;
   2. they were not involved in the investigation in any way; and
   3. they have been trained in appeals procedures

3. a person who has been enrolled at Texas A&M University-Commerce in a prior semester or summer session and is eligible to continue enrollment in the semester or summer session that immediately follows

Academic Integrity

Matters of academic integrity are the exclusive province of the Provost and Vice President for Academic Affairs and the Office of Graduate Studies (See Texas A&M University-Commerce Graduate Student Academic Dishonesty policy 13.99.99.R0.10; Undergraduate Academic Dishonesty policy 13.99.99.R0.03). Students engaged in acts which may constitute both academic dishonesty and violations under the Code may be subject to sanctions under any of these authorities.

Jurisdiction

This Code applies to any behaviors that take place on the campus and at University-sponsored events. This Code may also apply to actions that occur off-campus and online when the Dean of Campus Life and Student Development (or designee) determines that the conduct affects a substantial University interest. A substantial University interest is defined to include:

2. Any situation where it appears that the accused individual may present a danger or threat to the health or safety of others;

4. Any situation that breaches the peace and/or causes a substantial disruption to the University community; and/or
5. Any situation that is detrimental to the educational interests of the University

**Standard of Proof**

In all cases of alleged violations of the Code, the standard of proof is the prevalence of the information (e.g., “more likely than not”, “50% plus one”). Reasonable Belief is applied when making determinations regarding interim restrictions/actions.

**General Laws**

Students or student organizations involved in alleged violations of any federal, state, or local laws may be subject to disciplinary action. These allegations will be adjudicated using the University standard of proof and procedure. Investigations, adjudications, and, where appropriate, disciplinary action may be imposed by the University before, after, or in addition to adjudication by any non-University authority.

  - Bodily injury or death of another individual
  - That an offense will be committed against their property

- **Use of Force (physical or non-physical).** Any of the following, but not limited to, behaviors used to obtain a desired outcome or behavior from another individual and/or group: physical violence, the threat of violence, intimidation, implied threats, coercion and/or blackmail.

**STATEMENT ON CONSENT:**

Consent is knowing, voluntary and clear agreement by word or action, to engage in sexual activity. Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct.

- An individual cannot consent if he or she is unable to understand what is happening or is disoriented, helpless, asleep, or unconscious for any reason, including due to alcohol or other drugs. Engaging in sexual activity when the individual knows, or reasonably should know, that another person is physically or mentally incapacitated is prohibited. It is not an excuse that the individual respondent of sexual misconduct was intoxicated and, therefore, did not realize the incapacity of the other.
- Incapacitation is defined as a state where someone cannot make rational, reasonable decisions because they lack the capacity to give consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction). Incapacity may be the result of mental disability, involuntary physical restraint, and/or from the taking of incapacitating drugs.
- Consent to a specific sexual act (such as kissing or fondling) is not consent for other sexual activity, such as intercourse. A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced. Silence or the absence of resistance alone is not consent.

- A person can withdraw consent at any time during sexual activity by expressing in words or actions that he or she no longer wants the act to continue, and, if that happens, the other person must stop immediately. A minor below the age of consent according to state law cannot consent to sexual activity. This means that sexual contact by an adult with a person below the age of consent is a crime as well as a violation of this policy, even if the minor appeared to have wanted to engage in the act.

- **Responsible Employees (Mandatory Reporters).** Faculty, staff, and student employees (including RAs) are considered Responsible Employees. TAMUC employees who hold a professional license who are not employed by the University as a counselor, health service provider, or an ordained minister, are considered Responsible Employee (Mandatory Reporters). A Responsible Employee must report all allegations of sexual misconduct to the Civil Rights Administrator immediately.

- **Confidential Employees (Non-Mandatory Reporters).**

Students, faculty, and staff may wish to see confidential assistance in dealing with a Civil Rights violation. The University has identified specific employees who will maintain confidentiality under the professional license or professional ethics necessary for their employed role at the University. Please see e-mail student.advocate@tamuc.edu to contact a Victims Advocate. These individuals will maintain confidentiality unless there is an imminent danger to the student or to others.

**III. DISCIPLINARY PROCEDURE**

When Code of Conduct violations are alleged, students or student groups are subject to University disciplinary action.

- Where a student conduct case involves a psychological or mental concern or other unusual circumstances, such as direct threat to property or well-being of others in the University community, the Dean of Campus Life and Student Development (or designee) should refer the case to the University’s Behavior Intervention Team (BIT).

**Review of Alleged Violation.** After the Dean of Campus Life and Student Development (or designee) receives a report or information that a student or group of students may have violated the Code, the Dean (or designee) may:

A hearing will be scheduled as soon thereafter as reasonable.

b. Absent good cause, the formal hearing will be held as scheduled by the student. Should the student not respond within three (3) business days, the formal hearing will be held in the absence of the student.

c. During the formal hearing, the student will have an opportunity to respond and present witnesses on his/her behalf. Proceedings are not judicial trials and formal rules of evidence shall not apply, but evidence submitted must be material and relevant to the issue under consideration as determined by the hearing body chair.

d. After testimony is concluded, the hearing officer or members of the Hearing Board will deliberate. Determination of responsibility will be made on the basis of a preponderance of the evidence. If the respondent is not found responsible for a violation, then the hearing is concluded. If the respondent is found responsible for one or more violations of the Student Code of Conduct, then the hearing officer or Hearing Board will deliberate and determine sanctions, as appropriate. The board may be informed of the student’s conduct status/history with the University.

Note: If the student does not respond to the request for the initial meeting and formal resolution conference, the Associate Director may, in absentia, determine whether the student is responsible for the alleged policy violation, based upon a preponderance of the evidence and if so, issue appropriate sanctions. The student maintains the right to an appeal only if the sanction given reaches the level of Suspension, or Expulsion.
UNIVERSITY HEARING BOARD

- University Hearing Board members will be a group of trained faculty and staff members who serve as conduct officers during the adjudication process. Hearing Board members will listen to all of the information presented during the conduct conference and use that information to make decisions on whether the responding student is responsible for violating the Code and assigning appropriate sanctions, as appropriate.
- The Dean of Campus Life and Student Development (or designee) will appoint one board member as the Chair for the hearing.

A staff member from the Office of Student Rights & Responsibilities shall attend all hearings to ensure that disciplinary procedures are followed. This staff member may not be present during Hearing Board deliberations, but may respond to procedural questions from the Hearing Board regarding procedure.

The past sexual history or sexual character of a party will not be admitted by the other parties in hearings unless such

Procedures for Allegations of Sexual Misconduct, Discrimination, Violence, and Stalking. Allegations of sexual misconduct and non-sexual misconduct by a student will be reviewed and investigated by the University’s Civil Rights Office or other designated officials. At the conclusion of the investigation, a report will be provided to the Dean of Campus Life and Student Development (or designee) for review. After receiving a report indicating that a student or group of students may have violated sections of the Student Code of Conduct related to sexual misconduct, discrimination, violence, and/or stalking, the Dean (or designee) may take action on behalf of the University.

In addition to the procedures found above in sections, the following procedures shall apply:

1. The complainant shall not be required to attend the hearing. The complainant shall have the opportunity to submit an impact statement detailing any alleged consequences suffered by the complainant.
2. The complainant has the right to be assisted by an advisor of the complainant’s choice. However, the complainant must present his or her own information.
3. For sexual misconduct, discrimination and other complaints of a sensitive nature, alternative testimony options may be provided to the complainant, such as placing a privacy screen in the hearing room or allowing the complainant to testify from another room via audio or audio/video technology. While these options are intended to help make the complainant more comfortable, they are not intended to work to the disadvantage of the responding student.
4. The past sexual history or sexual character of a party will not be admissible by the other parties in hearings unless such
information is determined to be particularly relevant to the facts and circumstances at issue. All such information is presumed inadmissible until it is shown relevant to the case. Any such showing must be made in advance of the hearing, to hearing officer or Hearing Board Chair. Evidence of pattern, repeated, and/or predatory behavior by the responding student, in the form of previous findings in any legal or campus proceeding, (or in the form of previous good faith allegations), will always be relevant to the finding, not just the sanction. The parties will be notified in advance if any such information is deemed relevant and will be introduced in the hearing.

5. A complainant alleging sexual misconduct, other behavior falling within the coverage of Civil Rights, and/or a crime of violence will be notified in writing of the outcome of a hearing, any sanctions assigned, and the rationale for the decision.

6. The proceeding must be completed within reasonably prompt timeframes designated by the institution’s policy, including a process that allows for the extension of timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay.

The proceeding must be conducted by officials who do not have a conflict of interest or bias for or against the complainant or the respondent.

• FINDINGS

No Finding. In these cases, an investigator has made a determination that the responding student is in no way involved in a violation of policy. The responding student’s name will be cleared for purposes of third party reporting, but the record of the investigation will be retained. This finding is not subject to any appeal.

Not Responsible. In these cases, a hearing officer or Hearing Board determines that insufficient evidence exists for a finding of responsible for any of the allegations. The case is closed and a record of the “not responsible” finding(s) is retained. In cases of sexual misconduct or other violence, complainants may accept the finding or elect to appeal.

Responsible. In these cases, a hearing officer or Hearing Board determines that sufficient evidence exists for a finding of “Responsible” for any of the alleged violations. The responding student may accept both the finding and sanctions, or may elect to appeal.

Interim Actions. The University may take interim actions as necessary to protect the community from a threat to the health or safety of the community as a whole, to any particular member of the community, or in cases where there may be a reasonable belief of a substantial disruption to the normal operations of the University. In all cases, the student subject to the interim action will be given an opportunity to be heard by the of Campus Life and Student Development (or designee) on the necessity of the restriction within three (3) University business days of the issuing of the restrictions, except those involving Civil Rights.

These actions may include, but are not limited to:

1. Interim Suspension. A student (or organization) suspended on an interim basis is subject to all of the same restrictions as if they had been suspended as a final sanction.

2. Interim Restriction. A student (or organization) with interim restrictions may be denied access to campus premises (including classes), specific individuals, and/or all other University activities or privileges for which the student might otherwise be eligible. These restrictions may include, but are not limited to: restricted access to facilities, housing and/or events, no-contact orders with specific individuals, etc. or any other restrictions deemed necessary by the Dean of Campus Life and Student Development to be necessary to achieve the goals stated above. (NOTE: The University will not pay for or make any arrangements for housing for any student removed from housing on an interim basis.)

IV. SANCTIONS

One or more of the following sanctions may be imposed for a Code violation.

- Warning. The student is warned of possible consequences of continuing such behavior. Warnings can be verbal or written.

- Disciplinary Probation. A period of review and observation during which a student is under an official notice that subsequent violations of the Code, University rules, regulations, or policies are likely to result in a more severe sanction, including suspension or expulsion from the University. While on Disciplinary Probation, a student may be considered to be “not in good standing” and may face specific limitations on University privileges.

Not in good standing: A student who is not in good standing is subject to the following restrictions:

- Ineligible to hold an elected office in any student organization recognized by the University or to hold any elected or appointed office of the University.

- Ineligible to represent the University in any way, including representing the University at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the University campus.

- Ineligible for fraternity, sorority, or organization new member intake.

- Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.

Before changing any of these restrictions, a student may be required to participate in a psychological or counseling assessment, interviews, etc.
Suspension. The student is separated from the University for a definite period of time. The suspension takes effect when the appeal for the offense is exhausted, waived, or the time limit has passed. Suspensions may go into effect immediately or may be deferred for a period of time. If the student is found in violation of any University rule during the time of deferred suspension, the suspension takes effect immediately without further review.

Expulsion. The student may not return to the University.

Transcript Notation: When a sanction of suspension or expulsion is the result of a violation of the Student Code of Conduct, a notation will be made on the student’s academic transcript without exception or time limitation. The notation will differentiate between academic and conduct violations that lead to the assigned sanction.

Conditions/Restrictions. The University may limit a student’s University privileges for a period of time, or require a student to complete a specified activity. This sanction may include, but is not limited to:
- Restricted access to the campus or parts of campus;
- A no-contact order;
- Denial of the right to participate in University-sponsored activities;
- Denial of the right to represent the University in any way;
- Removal from an elected or appointed University office or position;
- Denial of campus housing or parking privileges;
- Required attendance at a workshop;
- Ineligible for fraternity, sorority, or organization new member intake;
- Participation in community service; and/or
- Any other privileges that is consistent with the violation and the development of the student.

Other Sanctions. The University reserves the right to impose other sanctions as necessary to remain consistent with the mission and vision of the University. These may include, but are not limited to: mandated psychological or counseling assessment, research projects, drug/alcohol classes, and restitution, etc.

Parental Notification. The University may contact a student’s parent, guardian, or family member, if deemed appropriate.

V. STUDENT ORGANIZATIONS

Student Organization Responsibilities. Student organizations, societies, clubs, and living learning communities, on or off campus, are responsible for conducting their affairs in a manner that reflects favorably upon the University. Such responsibilities include:
1. Compliance with University policies, rules, and regulations.
2. Taking reasonable steps, as a group, to prevent violations of law or University regulations by members of the group or the group’s guests.
3. A willingness to address individual member’s behavior with those members of the group whose behavior reflects unfavorably upon the University.
4. A group representing the student organization is defined by at least 3 members present, half the number of members needed to start a student organization at Texas A&M University - Commerce. If an event is co-sponsored between 2 or more organizations, a group is defined by any combination of 3 individuals representing the co-sponsored organizations.

Student Organization Disciplinary Procedure
1. Student organizations that fail to meet these responsibilities will be subject to disciplinary action.
2. Alleged student organization violations will follow the same procedures as alleged individual student violations, except for those related to organizational status only. If three or more members of the same student organization and/or collaborating student organizations violate the Student Code of Conduct the student organization will be subject to disciplinary action. Notification will be sent to the chief student leader of the organization and the organization’s advisor.
3. The president of the student organization (or designee) will represent the organization throughout the duration of the conduct process.
4. Any student organization, with a regional and/or national affiliation, receiving a sanction of disciplinary probation or higher will have their regional and national organization notified by the university.
5. Appeals: Any appeal from action by the hearing official that affects organizational status only (i.e., no sanctions against individuals) shall be directed to the Dean of Campus Life and Student Development (or designee).

Student Organization Sanctions. Failure to meet the responsibilities of group membership may subject that organization to, but not limited to any of the following:
1. Social Probation:
   Includes the removal of all social privileges as an organization due to violations of the Student Code of Conduct. That includes but is not limited to: not being able to participate as a student organization in intramural activities and/or in yard/step shows, holding
events/parties under the student organization’s name, new member presentations/shows, running of the hill, and/or being involved in activities that are not educational, philanthropic, or providing a service to the community.

2. Disciplinary Probation:
Includes social probation and the inability to be considered a registered student organization on campus and/or participate in council activities and/or participating in new member intake. The student organization may still hold business meetings off campus and upon getting off of probation will have to reregister as a student organization and may have to participate in a university organization reintegration to campus process.

3. Suspension:
Includes social probation, disciplinary probation, and the inability to be considered a registered student organization on campus, participate in council activities, and/or have meetings as an organization on or off campus. The student organization upon getting off of suspension will have to reregister as a student organization and may have to participate in a university organization reintegration to campus process.

4. Expulsion:
The student organization is no longer a registered organization and permanently removed from campus.

VI. APPEAL PROCEDURES

Form and Scope of Appeal Requests
1. A student receiving a sanction of Disciplinary Probation or higher may request an appeal of the decision of the hearing officer or Hearing Board. The University Appeals Board (“Appeals Board”) shall hear initial appeals from hearing officers and the Hearing Board under these circumstances.

2. Cases resulting in a sanction of Warning or lower are considered final (except for cases involving allegations of sexual misconduct).

3. Form. All appeal requests must be typed and explain why the student believes the disciplinary action should be reviewed. The request must contain: 1) full name; 2) campus-wide ID number; and 3) current email address and/or phone number. The request must include the specific grounds for appeal, listed below.

4. Grounds for Appeal. Appeals requests are limited to the following grounds:
   - A procedural error occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.);
   - To consider new evidence, unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included; Extenuating circumstances that are relevant to the incident and/or student; and/or - The sanctions imposed are substantially disproportionate to the severity of the violation or the cumulative conduct record of the responding student.
   - Effective Date of Conduct Sanction. The sanction(s) imposed by a hearing officer or Hearing Board will not take effect until the appeal process is complete.

• Considerations Upon Appeal
1. In review, the original finding and sanction are presumed to have been decided reasonably and appropriately. The burden is on the appealing party(ies) to show clear error. The Appeals Board must limit its review to the grounds presented.

2. Procedural errors that would likely result in a different outcome should be corrected, new evidence should be considered, and sanctions should be proportionate to the severity of the violation and the student’s cumulative conduct record.

• Appeal Guidelines for Cases Resulting in Disciplinary Probation or Higher Sanctions (except for cases involving sexual misconduct).

Students seeking to appeal a sanction of Disciplinary Probation or higher shall submit a typed request for appeal to the Office of Student Rights & Responsibilities within three (3) University business days from the date they receive notification of disciplinary action. If the appeal request is granted, the Office of Student Rights & Responsibilities shall refer the appeal to the University Appeals Board. If the appeal request is not timely or does not meet the required grounds for appeal, the original finding and sanction will stand and the decision is final.

UNIVERSITY APPEALS BOARD

A 3-5 member Appeals Board is drawn from the hearing panel pool, with the following requirements to serve:

1. they did not serve on the Hearing Board for the initial hearing
2. they were not involved in the investigation in anyway
3. they have been trained in appeals procedures

On reconsideration, the Appeals Board may:

1. uphold the original decision;
2. modify the decision;
3. dismiss the charges; or
4. remand the case for further consideration.

Where an appeal results in a sanction of disciplinary probation or lower, the decision is considered final.

If the Appeals Board decision results in a sanction of Suspension or Expulsion, the student may submit an appeal request to the Dean of Campus Life and Student Development. Students shall submit a typed request for appeal to the Dean of Campus Life and Student Development within three (3) University business days of receiving notification of the Appeals Board’s decision.

On reconsideration, the Dean of Campus Life and Student Development may:

1. uphold the original decision;
2. reduce or modify the decision;
3. dismiss the charges; or
4. remand the case for further consideration.

Following an appeal to the Dean of Campus Life and Student Development, the matter is considered final.

Appeal Guidelines for All Cases Involving Allegations of Civil Rights (see 08.0101.R2.02 Civil Rights Process for Students).
VII. DISCIPLINARY RECORDS

All conduct records are maintained pursuant to the Texas A&M University System Records Retention Schedule. Records of cases that result in Expulsion and those that fall within the scope of Civil Rights of the Educational Amendments of 1972 (“Civil Rights”) are maintained indefinitely.

STATEMENT ON PREVENTION OF ALCOHOL ABUSE AND DRUG USE

Texas A&M University-Commerce is committed to a campus-wide plan to educate students and employees about alcohol and drug issues, discourage the irresponsible use of alcoholic beverages, and prohibit the unlawful use, possession or distribution of controlled substances. The University will act to ensure compliance with all local, state, and federal laws, System policies and University rules and procedures dealing with controlled substances, illicit drugs, and the use of alcohol. The Student Guidebook and Code of Conduct provide information on alcohol and drug rules and university sanctions. To review the Student Code of Conduct online, go to http://www.tamuc.edu/campuslife/campusServices/studentRights/default.aspx

ALCOHOL AND DRUG RULES

The University prohibits the use or possession of alcoholic beverages on campus by any individual under the age of 21. Failure to comply with this rule violates state law and the rules governing student conduct and will subject the individual to disciplinary action. Students of lawful age under Texas Statutes may possess and/or consume alcoholic beverages in the privacy of their rooms or apartments in campus residence facilities; however, residence hall occupants and their guests must comply with state and local statutes concerning possession, sale, and consumption of alcoholic beverages. Any use of alcoholic beverages should be in moderation. Therefore, bulk quantities of alcohol (kegs, cases, party balls, etc.) are not allowed on campus or within residence facilities. Loud or disruptive behavior, interference with the cleanliness of residence facilities, or drinking habits that are harmful to the health or education of an individual or those around him/her is reason for appropriate disciplinary action by the University. Although students of lawful age may possess and consume alcoholic beverages in the privacy of their rooms or apartments, all alcoholic beverages transported through public areas on the University grounds and in residence facilities must be unopened and concealed. All members of the University community are expected to abide by state and federal laws pertaining to controlled substances and illicit drugs. Standards of conduct strictly prohibit the unlawful manufacture, distribution, possession or use of controlled substances, illicit drugs or drug paraphernalia on University property, at University-sponsored activities, and/or while on active duty. Individuals may use prescription medications that are medically necessary and prescribed by a licensed physician.

ALCOHOL AND DRUG USE PREVENTION PROGRAM

To implement an effective drug and alcohol abuse prevention plan, the University will use both formal and informal channels of communication to: 1) disseminate information describing patterns of addiction and the physical, mental, and emotional consequences that result from the abuse of alcohol and controlled/illegal substances; 2) distribute information that describes and encourages the use of counseling and treatment modalities available to both students and employees in the local and regional area; and 3) make available to the campus population referrals to local treatment centers and counseling programs. These referrals for students will be made within a supportive, confidential, and non-punitive environment. Employees are encouraged to review http://policies.tamus.edu/34-02-01.pdf.

TEXAS A&M UNIVERSITY-COMMERCE’S MEDICAL AMNESTY POLICY (MAP)

The University recognizes that the fear of potential disciplinary action by the University might create a barrier to or inhibit students from seeking emergency medical assistance for themselves or others when an alcohol or drug overdose is apparent or suspected. In order to remove that barrier, the University has instituted the Medical Amnesty Policy (MAP).

In accordance with MAP, students who have sought emergency assistance for others (at the time of the incident, stay on scene, and cooperate with authorities) will not face disciplinary action from Student Rights & Responsibilities. Here’s how it works:

Student(s) call 911 or (903) 886-5111 when alcohol or drug overdose is present or suspected. Student(s) stays with the person and cooperates with all emergency personnel.

- Student(s) will be referred to Student Rights & Responsibilities.
- Student(s) will be evaluated for amnesty by Student Rights & Responsibilities.
- Students who qualify for amnesty will still be required to participate in an educational component and may be referred for an individual consultation; however they will not face disciplinary action.
- Students who receive amnesty and decline or fail to attend the educational component or fail to comply with the counselor’s recommendations will become subject to disciplinary action.
There are limitations to Medical Amnesty and inclusion in the program is not automatic.

**How does MAP work?**

An initial report seeking assistance for a student in need of medical treatment in an alcohol or drug related situation will be granted amnesty from University sanctions. Other educational consequences, such as education or treatment, may be required. This will allow students who may also have been drinking or using drugs to care for their friends without facing the consequences of the conduct process for themselves if they qualify for Medical Amnesty. Medical Amnesty only applies to violations of Student Code of Conduct, Alcohol Procedure 34.03.01.R0.01, Drug Procedure 34.02.99.R1, and SB 1331. It does not grant amnesty for criminal, civil, or legal consequences for violations of federal and state law.

In order to qualify for medical amnesty, students must use the policy proactively. This means that students must take the initiative to get assistance at the time of the incident. Asking for medical amnesty after being confronted for possible policy violations will not result in application of MAP.

Students will not be granted amnesty from punitive sanctions resulting from other policies that they violate while under the influence of alcohol or drugs. For example, if a student is intoxicated and injured himself because he punches a hole in a university window (or damaged any university property), a qualified (i.e., one for whom MA has been granted) student will not be subject to disciplinary action for being intoxicated, but he will still be held responsible for any criminal charges such as criminal mischief or destruction of university property.

Follow-up evaluations and counseling are fundamental components of MAP. Amnesty is only applied when students complete appropriate counseling and treatment (when recommended). Failure to complete recommended evaluation, counseling, or treatment will disqualify the student for MA and will result in the imposition of punitive sanctions under the Student Code of Conduct.

What are the signs of a person in need of medical attention?

- Unresponsive
- Unable to stop vomiting
- Seizure-like activity
- Exhibiting slow, shallow, or irregular breathing
- Incoherent and unable to make rational responses

**What should I do until the medical service arrives?**

- **WAKE** – Wake the person
- **TURN** – Turn them on their side to prevent choking or aspiration
- **CALL** – Call for emergency medical assistance (911)
- **STAY** – Stay with the person until medical personnel arrives

**What does medical amnesty mean for me?**

Medical amnesty is meant to protect the health and well-being of the Texas A&M University-Commerce community by encouraging them to receive appropriate medical attention in an alcohol or drug related emergency without fear of disciplinary action.

In order to qualify for medical amnesty, the student should, whenever appropriate, remain with the allegedly intoxicated student until law enforcement and medical personnel arrive, medical attention is administered, and the caller must cooperate with law enforcement and medical personnel. The student seeking Medical Amnesty must meet with a representative from Student Rights & Responsibilities and agree to comply with any conditions set forth by the representative. If conditions are met the student will be granted medical amnesty. There will be no conduct case and the incident will not become part of the student’s record.

If the student fails to comply with the required stipulations, he does not qualify for medical amnesty and is subject to the conduct process as provided by the Student Code of Conduct located in the Student Guidebook.

1. Violations of the Code of Student Conduct related to the incident (e.g., property damage, physical violence, disorderly conduct, being in possession of false identification, or illicit drugs), or
2. Being required to meet with a member of the Counseling Center professional staff and to complete the LEAP: (Lion Education Assessment Prevention) program and/or other appropriate administrative referral.

A student cited for an alcohol or drug violation OR transported by Emergency Medical Services (EMS) for an alcohol or drug related emergency will be required to meet with a Counseling Center professional and must complete the LEAP program and/or other appropriate administrative referral.

Failure to meet with a member of the Counseling Center professional staff and/or complete the LEAP program will result in another referral to the disciplinary process. Other penalties, including but not limited to blocked registration and/or parental notification, may be levied until the student completes all requirements.

If additional follow up is required by a Counseling Center professional, the student must also complete those requirements in order to be in compliance. Student will have a required time frame by which to complete the program or referral. The LEAP program screening is FREE to students.

**What if a student attempts to abuse MAP?**

Texas A&M University-Commerce’s Medical Amnesty Policy’s definition of abuse will be at the discretion of Campus Life and Student Development. A student may abuse MAP if it is determined that the primary purpose of the report was not to protect the health and safety of others but was to avoid the consequences of Code of Student Conduct violations.
What does this mean for the student reporter?
A student who makes a good faith report seeking medical assistance on behalf of someone else will not be subject to student conduct sanctions for the following Code of Student Conduct violations in relation to the incident:

- Possession, consumption, sale, or manufacture or furnishing of alcoholic beverages on University property is prohibited, except in those areas of University housing where possession and consumption is allowed.
- Possession, use, manufactures, sale, or distribution of any illegal drugs, controlled substance, or drug paraphernalia; misuse or illegal possession of prescription, over-the-counter, or other dangerous drugs.

However, medical amnesty does not preclude the caller from being charged with other violations of the Code of Student Conduct related to the incident (e.g., property damage, physical violence, disorderly conduct, being in possession of false identification).

FAQs about Medical Amnesty: What is an alcohol or drug emergency?
An alcohol or drug related emergency exists when an alcohol or other drug overdose is apparent or suspected. Some possible signs and symptoms include:

- Unresponsiveness
- Constant or continuous vomiting
- Seizure-like activity
- Incoherence or the inability to communicate understandable or rational response

Does this mean that Texas A&M University-Commerce encourages students to drink or take drugs?
No. Texas A&M University-Commerce recognizes a student’s safety and well-being can be compromised due to excessive use of alcohol and other drugs. The Medical Amnesty Program was put into place so students can receive the appropriate medical attention without fear of “getting in trouble” or the incident appearing on the student’s conduct record. MAP does not “legalize” alcohol on campus under the age of 21 or permit any illegal behavior. The policy only changes the manner in which the university addresses certain alcohol or drug related incidents for student safety.

Will my parents find out?
As a general rule, your parents will not be notified. However, your parents may be notified if your alcohol or drug related use is life threatening or if it is deemed necessary to protect the health and safety of the student or other individuals.

Will incidents involving MAP appear on my academic record?
No. MAP incidents will not be entered on the student’s official academic record. Non-MAP related incidents may become part of the student’s academic record.

Is Texas A&M University-Commerce the first to enact a Medical Amnesty Policy?
No. Many colleges already have Medical Amnesty Policies or Good Samaritan policies, including: University of Texas at Austin, Texas Christian University, Texas Wesleyan University, American University, Binghamton University, Brown University, Cornell University, Dartmouth College, Duke University, Emory University, Harvard University, Massachusetts Institute of Technology, New Mexico State University, New York University, Ohio State University, Princeton University, Vanderbilt University, and Yale University.

Can MAP really save lives?
Yes. In their study of Cornell University’s Medical Amnesty Policy, Deborah K. Lewis and Timothy C. Marchell found that, “…following initiation of the MAP, students were less likely to report fear of getting an intoxicated person in trouble as a barrier to calling for help. Furthermore, the percentage of students seen by health center staff for a brief psycho-educational intervention after an alcohol-related emergency more than doubled (from 22% to 52%) by the end of the second year” (Lewis & Marchell, 2006).

Why is this important?
MAP only works if students know about it. In an emergency situation, students face difficult decisions on whether or not to call for help. Your well-being, health and safety are most important. Help us help you with MAP.

What is LEAP?
Lion: Education Assessment and Prevention (LEAP) is a risk reduction approach to alcohol consumption that ultimately focuses on reducing the risky behaviors and harmful consequences associated with drinking alcohol. LEAP was specifically designed for college students who violate the University’s alcohol policy and is non-confrontational and non-judgmental. LEAP consists of two sessions with a trained professional staff member. In the initial session, students in this program will be required to research alcohol related articles and submit an assignment. This may take place with a small group and will be an opportunity for the student to meet the LEAP facilitator. Two weeks later the student will return to meet individually with the facilitator during which time they will discuss the assignment the student submitted, examine their current alcohol use and have the opportunity to create personal goals for the future.
UNIVERSITY SANCTIONS

Students suspected or found in violation of the Student Code of Conduct for alcohol or drug violations will be notified to appear for a hearing with the Dean of Campus Life (or designee). Procedures for hearings are outlined in the Student Code of Conduct. A student found responsible for violating the code of conduct will be subject to sanctions appropriate with the offenses and any aggravating and mitigating circumstances. Disciplinary actions in cases involving alcohol and drug-related violations result in sanctions up to, and including, suspension or expulsion from the University and referral for prosecution. Any disciplinary action imposed by the University may precede and be an addition to any penalty imposed by an off-campus authority. Students will be advised of available alcohol and drug counseling at the Counseling Center and/or referred to a community organization. The Counseling Center can provide assistance and referral to appropriate community agencies. Advisors and faculty members have the responsibility to supervise student activities on all trips. Faculty members should inform students that actions violating state laws, local regulations, and University rules regarding alcohol and drugs will not be permitted on any University trip. Students who violate these guidelines regarding alcohol and drug use on field trips will be subject to disciplinary action.

HEALTH RISKS

Alcohol abuse can cause many health-related problems. Approximately 150,000 deaths annually are directly related to alcohol abuse and/or alcoholism. Alcohol abuse can lead to alcoholism, premature death through overdose, and complications involving the brain, heart, liver, and many other body organs. Alcohol abuse is a prime contributor to suicide, homicide, motor vehicle deaths, and other accidental causes of death. Alcohol abuse also causes liver disease, gastritis, and anemia. Alcohol abuse interferes with psychological functions, causes interpersonal difficulties, and is involved in many cases of child abuse. Alcohol abuse also disrupts occupational effectiveness and causes legal and financial problems. Alcohol used in any amount by a pregnant woman can cause birth defects. The abuse of illicit drugs can result in a wide range of health problems. In general, illicit drug use can result in drug addiction, death by overdose, death from withdrawal, seizures, heart problems, infections (i.e., HIV/AIDS, hepatitis), liver disease, and chronic brain dysfunctions. Other problems associated with illicit drug use include psychological dysfunctions such as memory loss, thought disorders (i.e., hallucinations, paranoia, psychosis), and psychological dependency. Additional effects include occupational, social, and family problems as well as a reduction in motivation. Drug use by a pregnant woman may cause addiction or health complications in her unborn child. We encourage you to report. In the event of possible alcohol poisoning, a person under 21 calling for help for himself or another will not be held in violation for consuming or possessing alcohol. The immunity for minors is limited to the first person who calls for assistance, only if he or she stays on the scene and cooperates with the University Police Department, Residential Living and Learning staff, and medical personnel. This immunity doesn’t protect a person from being cited for any other violations.

The personnel of all campus departments should contact the Dean of Campus Life and Student Development, or designee, to refer any student who displays dangerous or disruptive behaviors that may be caused by manifestations of a serious psychological problem. The Dean, or designee, will coordinate the response with appropriate University officials.

Dangerous or disruptive behaviors may include, but are not limited to the following:
• a student engages in, or threatens to engage in inappropriate behavior which (1) poses a danger of causing physical harm to self or others, or (2) demonstrates an inability to care for self;
• inappropriate behavior resulting in a student (1) causing significant property damage, (2) directly impeding the lawful activities of others, or (3) interfering with the educational experience, the educational process, or the orderly operation of the University;
• a student engages in inappropriate behavior in which a contributing factor is failure to follow a prescribed medical or psychological treatment plan; or

  (1) contacted by the Dean of Campus Life and Student Development, or designee, (2) required to present to the Counseling Center for evaluation, referral, or appropriate treatment, or (3) suspended from the University. The Dean of Campus Life and Student Development, or designee, is responsible for the University disciplinary process. A student who is suspended from the University under the provisions of this procedure has the opportunity for an appeal.

**DRUG PROCEDURE**

(Procedure 34.02.99.R1 at www.tamuc.edu/administration/president/procedures/34.02.99.R1.htm). Residential Living and Learning Requirement

The Department of Residential Living and Learning at Texas A&M University-Commerce has a two-year living requirement. All incoming freshmen, who are not commuting from the home of their parent or legal guardian, must reside in University residence halls and are required to purchase a meal plan per semester their first and second year. A parent or legal guardian home must be within a 50-mile radius of the main campus or no more than one hour travel time from campus. This policy covers all beginning students who are starting college the same year as their date of graduation. Students who have been out of high school for one year or more are exempt from this policy.

Meal Plan Requirements

All single, first and second-year undergraduate students living on campus are required to purchase the Unlimited Meal Plan, 19-Convenience Meal Plan, or 14-Meal Plan (second year only) for the full academic year. Meal plans are optional for other classifications. Meal plans are sold for the entire academic year. Plans are not transferable to another student. Students may change to a meal plan offering more meals at any time. Students may change to a meal plan with fewer meals in between semesters and during the first five class days of either semester.

Commuter Forms

All beginning students who wish to commute rather than live in on-campus housing must submit a Commuting Authorization Request form for approval. Once a student is enrolled at the University, housing and meal plan charges will be added to their student account.

Upon approval of the Commuting Authorization Request, these charges will be removed. Approved commuters who would like to spend the night on campus occasionally may contact Residential Living and Learning to inquire about the availability of guest housing. Falsification of records will result in disciplinary action.

Room and Meal Plan Contracts

Charges for these areas will vary according to the hall/room assignment and meal plan of choice. All rooms and meal plans are contracted for the entire school year. Moving off campus before the end of the academic year constitutes breaking the housing contract and requires approval.

DEPARTMENTAL RULES

Administrative Inspections

Administrators have the right to make regular administrative inspections of university residences as set out in housing contracts. These are not searches; however, illegal drugs, weapons or other contraband in plain view may be confiscated during these inspections and used in subsequent administrative hearings.

Warrantless Searches

University officials may enter into and search student residences without notice and without search warrants when the search is based on a reasonable suspicion that illegal weapons or illegal drugs are in the premises, or if other serious illegal activity is being conducted therein.

a. The determination of whether or not there is “reasonable suspicion” to justify a warrantless search should be made by either the Director of Residential Living and Learning, or the Dean of Students.

b. The evidence to support “reasonable suspicion” can be less than would be required to establish “probable cause,” but must be more than a rumor. Hearsay can be used, but the administrator must be satisfied that the information he/she has received is reliable, and that
a search is justified. The facts and rationale for the administrative decision to search must be documented and preserved.

c. University Police officers may participate in residence searches if and to the extent requested by the Director of Residential Living and Learning, or the Dean of Campus Life. University Police officers will participate in searches only as necessary to protect the safety of personnel, students and the public. Contraband or illegal items shall be turned over to University Police officers.

d. Any residence searched under this policy shall be left in the same condition as it was when entered.

**Search Warrants**—Nothing in this policy shall hinder University Police officers or other police officers from obtaining and executing a valid search warrant in University Residence Halls.

**Fund Raising Projects**—Permission to conduct such projects in the residence halls is granted to residence hall associations. Permission must be secured from the Director of Residential Living and Learning at least one week in advance. Recognized campus organization may apply for special permission to sell in the residence halls through the Dean of the Campus Life and the Director of Residential Living and Learning. Solicitation is not allowed door to door.

**Discipline Process**—Infractions of residence hall rules and regulations may be dealt with by the Community Director, Area Coordinator, Assistant Director of Residential Living and Learning, Director of Residential Living and Learning, or the Dean for Campus Life and Student Development and/or designee. Sanctions will vary according to the infraction and could lead to removal from University Housing by the Director of Residential Living and Learning. Appeals may be made through the Dean for Campus Life and Student Development.

**Smoke, Vapor, & Tobacco-Free Environment**—All residence halls and apartments, including public seating areas outside and adjacent, will be smoke, vapor, and tobacco-free.

**Residence Life Handbooks**—Please refer to the Residence Life Handbooks for additional information related to rules and regulations associated with Department of Residential Living and Learning facilities.

**PEER-TO-PEER FILE SHARING**

/COPYRIGHT STATEMENT

File sharing is making files available for others to download. Downloading, copying, and sharing material, such as music, movies, games, and applications, for which the copyright holder has not given you rights is against the law and Texas A&M University-Commerce Student Code of Conduct. Students are subject to disciplinary sanctions under the code “Failure to comply with laws, license agreements, and contracts governing network, software and hardware use. Misuse of computing resources. Abuse of communal resources. Use of computing resources for unauthorized commercial purposes or personal gain.”

The Higher Education Opportunity Act (HEOA) of 2008, also referred to as H.R. 4137, was signed into law on August 14. The HEOA primarily addresses obstacles that make it difficult for qualified students to obtain a college education, but it also includes specific statements requiring colleges and universities to comply with digital copyright laws.

**Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws**

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorney’s fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

**Plan to Effectively Combat Copyright Infringement**

Students are notified when the university receives a DMCA notice that can be traced back to the student’s connection. This notice comes via email from Information Technology. A hold will also be placed in the student’s MYLeo account. The notice informs the student that a copyright holder or authorized agent has sent the university a notice of alleged infringement. The notice will identify the student’s public IP address and internal IP address at the time of the alleged infringement. The student is requested to respond to the notice and agree to take all appropriate actions to ensure that copyright infringement of the specified work does not occur. If the student ignores the notice or receives subsequent notices, other actions may occur, including disabling of that student’s network access, or a referral to the Dean of Students, who may take additional actions regarding the status of that student at the University.

Texas A&M University-Commerce uses a combination of technological and procedural deterrents. Traffic-shaping devices (e.g. Packeteer) are used on the core Academic network, wireless networks, and the Residence Life networks to limit the amount of bandwidth that can be used by certain protocols, programs, and users. Texas A&M University-Commerce has a program of responding to Digital Millennium Copyright Act (DMCA) Notices.

**SEXUAL ASSAULT/SEX OFFENSE POLICY STATEMENT**

**Definitions:**

**Sexual Assault**—generally defined as attempted or actual unwanted sexual activity.

**Forcible and Non-Forcible Sex Offenses**—A forcible sex offense is “any sexual act directed against another person, forcible and or against that person’s will where the victim is incapable of giving consent,” and includes forcible rape, forcible sodomy, sexual assault with an object, and forcible fondling. Non-forcible sex offenses are acts of unlawful, non-forcible sexual intercourse such as incest and statutory rape.

Pursuant to the Sexual Assault Victim’s bill of Rights, it becomes important to promote the reporting of all sex crime violations as well as to outline the procedures to facilitate the reporting of all alleged violations. Therefore, students are hereby informed of the following programs and options.

**Educational Programs**—Various programs addressing sexual assault, date rape, and related issues are presented throughout each academic year. Primarily the Counseling Center, Residential Living and Learning, Fraternity & Sorority Life, Project Respect, University Police Department, and other departments agencies sponsor these programs.

**Procedures for Reporting Offenses**—In instances where sexual assault is alleged, the victim is strongly encouraged to report the incident to the University Police Department at (903) 886-5868. The victim will be given information as to how to go about bringing formal charges against the accused. The victim will also be informed of the University Disciplinary Action that may be taken against the accused. Victims may choose to merely report a sex offense for statistical purposes only by filling out a form and mailing it to the University Police Department. The form can be found at http://www/tamuc.edu/upd/reports/ crimereportingfrm.pdf

**The Importance of Preserving Physical Evidence**—

If you or someone you know is a victim of a sexual assault, it is imperative that the victim be aware of methods to preserve physical evidence, even if they think they don’t want to file charges.

- Don’t destroy evidence by bathing, douching, washing hands, brushing teeth, changing clothes or linens, eating or drinking.
- Do notify someone immediately. It may help you if a friend or neighbor goes with you to the hospital and police.
- Do seek medical attention in the ER of a local hospital. You need to have a rape exam even if you decide not to press charges. The exam is used to collect evidence (which will be needed if you later decide to prosecute) as well as assure you that you did not sustain injuries, which may not be visible yet (i.e., internal injuries, bruises).
- Do call police as soon as possible. Even if you don’t want to file any charges, you can file an informational report that may help police locate your attacker and protect others. Most rapists are repeat offenders!
- Do take a change of clothes with you to the hospital.
- Do write down the details about the rapist and the circumstances of the rape as soon as possible.
• DO call the Counseling Center in the Student Service Building if you need someone to talk to or answer questions or if you want someone from the center to accompany you to the hospital, police station, or courthouse. They can be reached at (903) 886-5145. A counselor is automatically called 24 hours a day, 7 days a week if a sexual assault is reported to the UPD.

Changing Academic and or Living Arrangements—

When appropriate, academic, and/or on-campus living arrangements may be modified as the direct result of a sexual assault. This action may be taken when requested by the victim and if such modifications are reasonable and available. These arrangements would be coordinated through the Dean of Campus Life.

Counseling Services—Those students who have become victims of a sex crime are eligible for and encouraged to take advantage of the counseling services offered by the Counseling Center located on the second floor of the Student Services Building. Professional Mental Health Counselors encourage victims of sexual assault to report the incident to the police department, even if it’s anonymous, and merely for statistical purposes. Those wishing to report a crime for statistical purposes only should contact the Crime Information Officer at (903) 886-5868. Counseling services are also extended to those accused of a sex crime.

Campus Disciplinary Procedures—When a student or groups of students stand in violation of the University Code of Conduct or State or Federal civil or criminal law, they may be subject to University disciplinary action. Violations of law and of the standards of student conduct may be reported to the Office of Student Rights & Responsibilities for consideration or referral. This does not preclude direct referral of such matters to appropriate disciplinary or conduct agencies by faculty, staff or students. The Office for Student Rights & Responsibilities shall insure that the best interests of any offending students are served by making use of appropriate University counseling, professional services, and conduct agencies. In cases of alleged Civil Rights offenses, the complainant and the respondent are entitled to the same opportunities to have others present during a disciplinary proceeding; both the complainant and the respondent will be informed of the outcome of any institutional disciplinary proceeding.

WEATHER RELATED CLOSING

Procedure 34.99.99.R0.01 at www.tamuc.edu/administration/president/procedures/34.99.99.R0.01.htm

The University has an obligation to provide a safe and secure environment to its students, faculty, and staff as well as to visitors. During inclement weather, the SSC Facilities Manager, Director of Safety, and the University Chief of Police will advise the President of physical conditions of the Commerce campus and surrounding walkways and roads. The President makes the decision as to the need to close the University.

For those who commute to the campus, there are occasions when road conditions make it dangerous to travel on the highways. Under such hazardous circumstances, the University recommends that commuting students not endanger their safety but remain at home until the highways are safe to travel. A specific recommendation to this effect will be made by the Pride alert warning system and disseminated to the following news media:

Radio:  
KETR-TM 88.9 (Commerce)  
KRLD-AM 1080 (Dallas)  
KIKT-FM/KGVL-AM (Greenville)  
KSST-AM 1230 (Sulphur Springs)  
KFYN-AM/KFYZ-FM (Bonham)  
DERA-FM 90.1 (Dallas)  
KSCH-FM 95.9 (Sulphur Springs)  
WBAP-AM 820 (Fort Worth)

Television:  
KXAS Ch. 5  
KDFW Ch. 4  
WFAA Ch. 8  
KTVT Ch. 11  
KDFW Ch. 4  
KLTV Ch. 7  
KXII Ch. 12  
KTN Ch. 10

If there is ever doubt as to whether a specific recommendation has been made, students should contact the University Weather Line for information and verification, (903) 886-5005, or visit the A&M-Commerce web-site. Information can also be obtained from KETR newsline, (903)-886 5333.

PAWS (Pride Alert Warning System)  
PAWS is the university’s mass notification system used to inform students, faculty and staff of emergencies and school closings. During inclement weather, the SSC Facilities Manager, Director of Safety and the University Chief of Police will advise the President of physical conditions of the Commerce campus and surrounding walkways and roads. Students who wish to participate in PAWS can sign up using their MYLeo account- click on “option” then PAWS settings. For further information visit http://www.tamuc.edu/campuslife/campusServices/universityPoliciesDepartment/campusSafety/prideAlertWarningsSystem.aspx

TORNADO EMERGENCY

Texas A&M University - Commerce has an outdoor warning system that was installed throughout the city to alert citizens of Commerce and the campus community when a severe weather warning such as Tornado, 70Mph or greater winds, or golf ball sized hail is issued. It is manually activated by either the University Police or Commerce Police. Its warning sound is a loud siren that sounds for up to three minutes. Click here for a sample. The outdoor warning system does not have an all clear signal. It is very important to note that this is an outdoor warning system only. It is recommended that everyone purchase a NOAA Weather Radio for monitoring indoors. If you are outdoors, seek shelter inside if possible. Otherwise, lie flat in the nearest ditch or ravine with your hands shielding your head. If you are in a building, go to an interior part of the lowest level (closet, bathroom or interior hall). Most buildings on campus have signs identifying severe weather locations. During tornado season, listen to the University radio station KETR, FM 88.9, for weather information.

LIGHTNING

The university has a system in place called ThorGuard. ThorGuard is a lightning detection system that will sound through a series of air horns in the event that weather conditions are conducive to a lightning strike. If such conditions exist, the system will sound a Red Alert’, which is an air horn blast that is 15 seconds in length. The air horns are located throughout campus. Click here to listen to a sample. If ThorGuard goes into red alert, you should proceed immediately to an indoor location until an all clear signal is sounded. The All Clear’ blast consists of 3 air horn blasts of 5 second lengths. Click here to listen to a sample. For additional information on severe weather visit http://www.tamuc.edu/campuslife/campusServices/universityPoliciesDepartment/campusSafety/severeweather.aspx.
VEHICLE REGISTRATION

All vehicles, as defined by state laws, operated on university premises must be registered with the University Police Department and a permit must be displayed. The person who owns or registers a vehicle on campus is responsible for that vehicle and all parking violation citations issued thereto. If the person operating the vehicle when the violation is committed is not the registrant, both the driver and the registrant may be cited.

Operating motor vehicles on the premises of Texas A&M University-Commerce will be restricted to campus drives and parking lots, unless special permission is granted by the University Police Department of Texas A&M University-Commerce for a specified purpose.

Registration lasts for one school year beginning with the first official class day of the fall semester. Vehicles may be registered during regular class registration, during pre-registration, or at the One Stop Shop and cashier's window. A copy of the University Motor Vehicle Regulations brochure will be available to all students. Students are responsible for acquainting themselves with these regulations.

A. Registration fees
   An annual fee of $60 is charged for each motor vehicle registration.
   A fee of $50 is charged for each motor vehicle registration for the spring and summer semesters.
   A fee of $40 is charged for each motor vehicle registration for the summer semester only.
   All of the above are valid through the remainder of the registration year unless otherwise specified.

B. Penalties for traffic violations

First through fourth offense: Fee depending on violation.

Fifth offense: Fee depending on violation. Any vehicle with five or more outstanding violations may be booted. The boot will not be removed until all fees have been paid. If the fees are not paid, the vehicle may be removed from campus at the owner's expense.

C. Failure to clear violations
   All outstanding and overdue traffic and parking regulation violations are entered into the University tagging system and must be paid in full as a condition to re-enter the University or to receive any permanent academic records.

D. Towing of vehicles
   Vehicles found in violation on University premises are subject to be towed away at owner's expense (See Article XV Section A of the traffic and parking rules and regulations).

Ticket Appeals

Traffic appeals must be made within five days beginning with the day of the infraction to the Traffic Safety Appeal Board. Students and faculty/staff will follow the procedures indicated:

1. Appear at the cashier's window within five days of the receipt of the citation. The original fine will be assessed and a date set for the appeal.
2. Appear at the Traffic Safety Appeal Board at the appointed time and place where the case will be heard.
3. If the appeal is denied, the assessed fine will stand. If the appeal is sustained, the student will be issued a refund by mail from Financial Services. Failure to appear before the Appeal Board will result in the original fine standing.

Emergency Messages

Parents needing emergency messages given to students should contact the University Police Department only in the event of serious illness or death within the students family.
