Dear Dr. Jones:

Due to recent restructuring within the administrative staff of SACS Commission on Colleges and a redistribution of the workload, I have reassigned Commission staff to a number of institutions. I have asked Dr. Barry Goldstein, Vice President of the Commission, to assume responsibility for working with you and your colleagues through your institution's reaffirmation. This reassignment is effective immediately. Please feel free to contact Dr. Goldstein if you have any questions concerning the reaffirmation process.

Thank you for your patience while we work through these changes. Best wishes to you and your staff.

Sincerely,

Belle S. Wheelan, Ph.D.
President
